Jan. 5, 1983

A regularly scheduled meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 1:10 P. M.

The audience arose for the National Anthem.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, James, Martinez, Tucker, Villani, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council; Edward Johnson, Sergeant-at-Arms, Rosalind Bressler, Assistant Corporation Counsel.

(Councilman Rice arrived 1:40 P. M.)

(Councilman Payne arrived 2:25 P. M.)

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 1, 1982, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the agenda was similarly disseminated on December 28, 1982 at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

The above speakers addressed the Municipal Council pointing out that they were tired of receiving "lip service" on a host of complaints, including unsanitary conditions and lack of security and services. They noted that during the municipal elections they were promised that things would be different. They noted that some of the Council Members are doing the best they can. The tenants also called for the dismissal of Executive Director Buck, Newark Redevelopment Housing Authority because he does not care.

January 5, 1983

Newark Tenants Council President, Oscar Miles urged the Council to adopt a resolution which is going to be proposed by Councilman Tucker, calling for the separation of the Newark Redevelopment and Housing Authority into two autonomous agencies - housing and redevelopment.

Messrs. Wright and Miles indicated that the proposed lease by Newark Redevelopment and Housing Authority is totally unacceptable. They pointed out that the Housing officials are not living up to the current lease.

Councilman Carrino said the people in public housing in the City of Newark, if everybody knows anything about politics, where the people responsible for the Administration sitting in Newark right now, to be re-elected for a fourth time. He thinks the people in public housing, if you look at the larger housing projects in the City of Newark, they were directly responsible when they told the Mayor that they were happy with Mr. Buck, making \$55,000. You told the Mayor it was okay to pay a secretary making \$12,000. in the City to be Mr. Buck's Assistant, making \$49,000. and she is running the Housing Authority and not Mr. Buck. What he is saying is very clear. Everybody tells them to stay out of politics of the Board of Education and the Housing Authority because the Mayor picks the 9 Members to the Board of Education and the Mayor chooses the 9 Housing Commissioners, all 9 of which he has never met, they don't come to meetings, they don't pick up the phone calls from them and the Mayor has the authority to pick the Assistant Executive Director, Mr. Blue. Mr. Blue, Ms. Falgiani and Mr. Buck are making over \$160,000. a year and they don't even want to talk to the tenants. Maybe they are the blame also, he doesn't know but the point is he doesn't see all of the tenants of public housing going to the source of the person who is the most responsible person in the City and that is the Mayor.

Councilman Carrino concluded by saying they are here every day and every two weeks and they know what is wrong with public housing. He has been to Columbus Homes on numerous times and wouldn't want anybody to live in those buildings but he also knows they do what they have to. They went out and got \$24 million to renovate them and even before they finished the place was worse than before they started. He doesn't know what is going on every day but he does know the places are not fit for people to live under the present conditions. When he sees maintenance men making \$12,000. and being laid off and then sees Ms. Falgiani receiving a \$17,000. raise, something is wrong in the Housing Authority. The only person who can make that change is the Mayor. Last winter when they were having problems with the pipes and they had a meeting with Mr. Blue and the tenants and they promised the Council the world and the moon and they got nothing. They are going to court now because they can't get a copy of their minutes from their meeting.

Councilman Carrino said he felt that it wasn't fair that they should bear the brunt of the problem. 57 Sussex Avenue should be notified that there is a problem and not with the number of tenants present today but a larger number. He also didn't see anyone going down to the second floor, the Mayor's Office. He felt that a meeting with people who are responsible and indicate to everyone what they intend to do.

Councilman James concurred with remarks made by Councilman Carrino and would go further to say that they do have a greater responsibility by the Mayor, regardless of the inactivity of Mr. Buck, Mr. Blue and the Housing Commissioners themselves. They as elected officials go to public housing this election year and asked for their votes and those who signed a letter of intent. They have a responsibility whether they do that with the Mayor, or with Mr. Buck, the problem of public housing is joined with them. He said he will be happy to hear Councilman Tucker's proposal because he has no obligation to anyone and can vote his conscience. They can no longer sit here and make false promises. They cannot tell them what they are going to do because the tenants have been here before. They know the problems wherein Housing Authority indicated they were spending \$400,000. to study the problem. Now they are talking about a new lease, a rent increase, etc. They have in the past invited Mr. Buck and Mr. Blue to meet with the Council in special conference, which Mr. Buck didn't attend several of those meetings. They have had officials from HUD, from Washington, Trenton and the Regional Office, etc. He hoped in recognizing the seriousness of the problem, rather than give out false promises, that they decide what they can do, how best they can

achieve those goals, develop some plan and follow up on that, then monitor the implementation, continue to meet with the tenants on an on-going basis. Rhetoric will not solve the problem that exists in public housing. They need our help now, they need action now and he is ready to support that action.

Councilman Martinez concurred with remarks made by both of his colleagues. People are here because they have indicated that the Housing Authority has no concern for the tenants. The Newark Housing Authority hasn't shown any concern to anybody. The Newark Housing Authority owes \$6 million in water and sewerage bills to the City of Newark. If they paid their \$6 million and the people that pay the high rates, they could cut the water and sewerage bills in half. It was this Council that adopted a resolution and funded the dollars so that high rise housing complexes would have three garbage pick-ups a week instead of two. There are many vacancies in all those housing projects and perhaps many of them are not aware, that when there is a vacancy, Washington still sends money to the City of Newark. Where does that money go? He referred to the Kretchmer Homes pointing out they are very bad wherein the City of Elizabeth wanted to build a wall between Elizabeth and Newark because they didn't want people coming into Elizabeth and didn't want to look at that building. Congressman Rinaldo sponsored a resolution in Washington, D.C. saying the Kretchmer Homes were a disgrace to housing. They recently had Mr. Pierce brought here by President Grant to do a tour of some of the housing projects and when he visited Columbus Homes he indicated they were the worst in the nation. Last month he sponsored a resolution calling upon the Newark Area Office of United States Department of Housing calling for a comprehensive study. Councilman Martinez read the resolution. (7-R-cs (A.S.), November 23, 1982. This resolution was forwarded to HUD and they responded. "We have received your letters of December 1, 1982. Please be advised that the Newark Housing Authority has recently requested proposals to do an understudy to which you refer." He thinks the Newark Housing Authority is going to do a study on themselves and he is ready to join Councilman Tucker in the separation of the Housing Authority and Redevelopment Agency and it appears to be the only area to go, it can't get any worse because nothing can get worse than the conditions the tenants are living under.

Councilman Tucker said he would like to reaffirm the declaration of commitment that he signed as a candidate, running for office in May of this year and in the June election. If you will note, one of the paragraphs in there is the separation of the Housing Authority. When he signed that declaration of commitment he meant it and he will move affirmatively to take care of business in that regard. He knows they as Members of the Council have had a relationship with the Newark Housing Authority, all of which has not been good and most of them are frank enough to say that and they have heard concerns raised about the Housing Authority that in some cases have validity, from his standpoint, in most cases do not. He wanted to share a couple of these points with them. The Housing Authority, and more specifically, Mr. Buck, keeps telling them that the reason they are having most of the problems is that the projects are old and they are so old that they are breaking down. He looks at that and doesn't quite understand that. He looks at the Prudential Apartments, which are located on Barclay Street which was built around the time he was born, which is still functioning. He finds it hard when they say to him that the main reason they are having problems is the money, they don't have the money and then all of a sudden he looks at the audit report and finds out that Mr. Buck pays his dues to the National Bar Association out of Housing Authority funds. He finds it very difficult to deal with that situation or if he demands a copy of their minutes and finds out Ms. Falgiani gets a \$17,000. raise and Mr. Buck's contract was extended. He remembers during the election campaign and they were very much concerned about what was going to happen to the tenants and remembers what the Mayor said and he is not dealing with interpretations. He is dealing with what came out of his mouth on that occasion and he thinks that Reverend Short along with the other tenants were saying "what was going to happen in regard to inept Administration that existed within public housing". At that time the Mayor said there are going to be changes at the top level and he thinks that they have been in receipt of changes. They saw Mr. Buck's contract extended to a five year term, rather than letting it run out. They saw the City Administration go out and give a bill to Senator Lipman and try to get Mr. Blue and Ms. Falgiani and all the other unfunctional incompetents, get them permanent Civil Service by the passing of New Jersey State Statute, that was accomplished. They saw that change. They saw a change where instead of repairing housing, the units, which currently exist in every single unit of the housing projects, they have not seen any repairs. What they have seen in effect is welding up the doors saying "they are not going to repair that", allow the junkies to go in and break the pipes

January 5, 1983

and let the water run down the stairs, and they talk about changes. They have seen changes in many other ways but he thinks the point that is being made is that they can no longer sit down and say to the Board of Commissioners of the Housing Authority which has not had the dignity of coming to meet with the Governing Body since they have been appointed. They cannot no longer say it is a matter of communication between the tenants and Mr. Buck. There is an old expression that people use to utilize in the bureaucracy in the past and they would say the best way to get rid of a problem was to ignore its existence. The second best way is to try to straighten out the mess, try to turn the blame around. Now we see the Housing Authority coming out with another change, since they haven't been providing the services, they develop a lease now which says they don't have to provide the basic services. They are going to blame the tenants for their own ineptness. They have talked to the managers who indicated they can't do anything and some of them are present today and asked to say what is happening in their units. They in turn informed him that they were ordered by Mr. Buck and Mr. Blue to be here but not to say anything. They are seeing a deplorable situation and it is getting worse and the important point which must be known is that people can tolerate a lot of things when there is hope that something is going to change. What Mr. Buck has done is basically take all hope of possible change. They need not study the Housing Authority. If you need to study something, then you don't know what it is. They know what the problem is, they don't need a grant from the Federal Government to study that. He knows the efforts Mr. Pierce's office put forth is a realistic approach but the difference is you can't have the makers of the problem be charged with the responsibility of studying themselves. As he stated in the past, he intends to follow through on that and intend to try to make sure the Housing Board of Commissioners becomes more sensitive. He can promise them now he is not going to vote on any of the Commissioners coming before the Council unless the tenants in themselves expressed a desire to be there. He is also not going to vote for one dime to be transferred to the Housing Authority. He thinks the Members of the Council are well aware of the problems and he thinks they accept the responsibility that they are placing in their hands and make no mistake that they are going to "carry the ball" and are not going to drop it and take care of business the way they want them to take care of.

Councilman Branch said they are greatly concerned in regards to where they live, especially the lease, which they just received from the tenants. He hoped they would review the lease and make some recommendations. He is committed to the residents of the Central Ward and particularly those who voted for him. He is committed in doing the right things for them who need assistance and they cannot shrug their responsibilities. There are changes that have to be made in regard to improving public housing. He is not sitting here and promising them a "pot of gold" because he can't give that but he can give them his strength and all the energy that he has given in the past. He is ready to support what is right and what is ready and what is needed to improve the conditions of public housing. One thing that he strongly stresses and he believes Mr. Buck and Mr. Blue were present, that there be a live communication across this entire City with every agency. He will ask again that President Grant request Mr. Buck to meet with the Council because the Housing Authority has the responsibility of sharing of what is taking place, what their plans are, etc.

Councilman Payne said even though the South Ward doesn't have public housing, he stands committed to work for the tenants in public housing. He feels it is important that all of them become involved in this problem, 10% live in public housing. He thinks they are losing part of their young people who are afraid to go outside to play because it is too dangerous and tired of staying inside because it is too dismal, senior citizens are prisoners in their own homes, and when that happens we are in a sad way. He thinks they have to take a look at what they have. It doesn't make sense for people to be looking for apartments when the Housing Authority has 10% or 15% that are vacant. They are getting calls from people at Columbus Homes that are being put out and the Housing Authority says call them in May because they are taking applications. If they took all the money from the Housing Authority and put it into housing itself, it could probably solve all the problems. They would probably do better running without all of those Administrative heads because they are not doing anything. He thinks there will be tough times. There is no more Section 8 money. They are going to have to look at

and deal with how to make it better. There is no money. \$30 billion has been cut out of domestic spending, so there isn't going to be a lot of money coming in. He thinks what they need to do is make the Housing Authority become sensitive. He stands 100% behind his colleagues and the tenants of housing.

Councilman Rice said he has been told the Administration of the Housing Authority is doing a terrific job. Mr. Buck has managed to balance the budget but finds it very disturbing because it doesn't make any difference if the budget is balanced, if people cannot live like people, the money in the accounts are not spent to maintain public housing. He doesn't think they are here today to talk about public housing, the issue is much greater than that. He is a firm believer that those in the City, not only public housing, have been short-changed too many years by the same people that they manage to surface to leadership roles. He stands ready with his Council colleagues to help bring out that separation in public housing in order that they may be better served. He pointed out that he doesn't have to be reminded about the commitment he made prior to getting elected. He doesn't need a reminder of the fact that he is not here only to represent people but to do what he was raised as a Christian to do God's work and he thinks the problems they are having are humanity problems and he thinks those who have become complacent in their bourgeoisie people. Once again, they need to look back at our past and rekindle the things we used to do. Although the numbers here are few and he thinks overnight they can rapidly increase that number and he says today and he will echo it over and over until they can have the type of service in the City of Newark that they deserve. They need to once again do what they did in the 60's, to march. If those that are here today and those who are not cannot live in public housing as people, if they cannot live here and get the services they should be getting, he thinks it is time to stop the rhetoric, time to challenge them as people, check their sincerity about what they are saying they want and organize the march on 57 Sussex Avenue and close down the administration office. They recognize the problems they are having in public housing. He is ready to take the battle to the battle fields. He doesn't like writing reports, he doesn't like talking a lot of talk, but if they are willing to march, he will take the flag down up front with them.

Councilwoman Villani said it is most fitting that they are here today at their very first meeting of the new year. They have been in office six months now and they know what is going on because they certainly have campaigned in every housing unit in the City of Newark. They have listened to the dignitaries of public housing speak to them today and as one of the speakers stated, they are beholden to them because they elected them and this is why they are listening to them. They could say the problem is not theirs but since it is their problem it is also the Council's. When she was campaigning she found the way they are forced to live is a disgrace to their dignity, no one wants to live under those conditions. When they took office they asked the Council to sign a commitment to them, and they did. She questioned whether they asked the Mayor to sign a commitment. He must also answer to them. Before she came to this meeting today, she called Housing and spoke to Mr. Buck and Mr. Blue and they made a commitment that they will sit with the residents, the Board of Commissioners together with Mr. Buck and Mr. Blue. Councilwoman Villani requested President Grant to form a committee, that when that meeting takes place which he assured her it would, and sit and monitor it.

Councilman James said the citizens will leave today and he thinks the only avenue of hope they have given them is the word of split or separation and he certainly wants to make sure they lead them in the right direction. First of all, once the call was for two members of public housing to serve as Commissioners and they felt that would solve the problem. They know now today it did not solve the problem. There has also been a hue and cry to replace Mr. Buck and Mr. Blue and no Members of this Council have that power. It is strictly a responsibility of the Commissioners who in turn are appointed by Mayor Gibson. There is also a belief by some who will not tell you, that some believe that those in the Housing Authority do not want to deal with perhaps one of the most critical problems of rent increase. He agrees with the tenants that the present relocation plan of moving from bad conditions to bad conditions is no solution to the problem and he thinks they are hearing clear that tenants do understand and accept responsibility that if they improve services, security, etc., rent increase with increased services is a possibility. He referred to a play called "Shenandoah" when the young black youth was released at the end of the movie and told "to go down the road, he was free" he turned around and said "what is freedom." They are

January 5, 1983

now telling everyone to leave here today with split and separation as the hope from the Council. He would hope that those who have his support would break down and explain to everyone what will the separation accomplish so down the road they will offer the tenants something more than a name, split and separation because emotionalism, grandstanding, playing to the crowd, is not going to solve the problem of public housing.

Councilman Martinez said he thinks they have heard most of the Members of the Council respond. He can recall they had a meeting in August of 1982, with Mr. Buck and representatives of the East Ward housing complexes and they all recognize the fact that there are some tenants that are not worthy of any kind of housing, they also recognize the fact that some tenants, that should not be in certain public areas. He recalls being in Kretchmer Elderly with Mr. John Smith and a tenant put a gun to someones' head and tried to have that tenant evicted and they refused. That same tenant did it again. He has received calls from tenants there were people dealing with drugs, tenants breaking into other tenants apartments, etc. He thinks also the proposal that was made by the East Ward, where the tenants themselves would be the screening committee for those tenants coming in and the tenants would take the responsibility to evict those tenants from those projects, to make it a better place to live.

Councilman Tucker said rather than go into details now of the separation of the Newark Redevelopment and Housing Authority, in talking with President Grant who suggested that this item be placed on the next special conference but he thinks it is important to note that when they start to look at this that they understand that they have received a legal opinion from the Law Department indicating that it is the Council's prerogative to split that authority. The Council must in its wisdom in moving affirmatively to separate the Housing Authority designate another redevelopment entity within the City of Newark to handle that responsibility. That responsibility can be turned over to a municipal agency, such as MPDO, it can be turned over to a non-profit agency, NEDC, or Newark Housing Rehabilitation Corporation or the Council can designate a non-profit tax-exempt municipal entity or create a new corporation. The point they are dealing with right now is the Council on Tuesday has to decide where do they want the Redevelopment Authority to go. Once that decision has been made then they can move affirmatively on splitting the Housing Authority.

Councilman Rice said as he looks around the audience, the short time he has been on the Council, he has noticed in the daytime that the number of people that support the issue, such as housing, police, sanitation, etc. are not filling the room and he recognizes in the City of Newark those of them who are trying to exist, trying to raise families, will do everything they can to maintain the few jobs they have. Because of the concern and because of those separate entities, people are not that much concerned, because you can count the numbers. He informed the audience that he is going to ask the City Clerk that they hold all their Council meetings at night to give everyone an opportunity to be heard and will ask his colleagues to support that.

Councilwoman Villani said if the march on Sussex Avenue takes place as Councilman Rice suggested, she would like to ask every Member of this Council to support and march with the residents of the City of Newark.

Councilman James said due to the seriousness of Hearings of Citizens they have had on the question of public housing, for the Director of public housing, Mr. Buck to write a press release before the meeting, before the hearing, for the very same people he refused to give a hearing, to have a press release, is grossly insensitive, irresponsible and testimony of his failure to assess the issue. How can you, without even hearing the people tell the Council what they are going to say. For him to be in support of a study and he writes "as long as the funding is inadequate." If the funding is inadequate, suppose the study, we are paying \$400,000. and comes back and says "paint every building", what are we going to do? The second one is an indictment of the tenants. "Of course we wish we had the resources from the Federal Government and the residents" which means they are not paying their rent. For a man to have a press release written before the meeting is an insult and he hoped that under Motions they would forward a letter to him. For a man to write a letter before the people have spoken is disrespectful to this Body and every tenant in public housing in the City of Newark.

Councilman Tucker said Councilman James indicated something he was going to say. To him he has had opportunities the same as the other Members of the Council requesting meetings with Mr. Buck and then to be informed that he is not available and works on Friday at the State on High Education or he is out of town somewhere. He thinks it is blatant inconsistency and blatant insensitivity. The press release, all it does is crystalize the inevitability. He thinks the other point is that when Mr. Buck says to them, that they as the Governing Body are going to get information about the Housing Authority. Councilman Tucker referred to the last paragraph of the press release "It is also our intention to provide the Mayor with full information on this subject, and through him, the City Council". To him that doesn't even deal with the whole question of what the City Council is. In this particular press release, he has made the Newark City Council, the Governing Body, an advisory committee, subject to the determination of the Mayor. All he is saying, that this is disgraceful.

6-HC-n.

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council requesting interpretation on the Rent Control Ordinance adopted by the Municipal Council. In the ordinance, Council listed exempt agencies or persons from the Rent Control. One of those exempt is the City of Newark and questioned if that was correct.

President Grant replied that was correct.

Mr. Hurtz further questioned if that was law and the City is exempt.

President Grant replied that each Member of the Council could give him what they might call a quasi or intellectual response. Perhaps they can rely on legal counsel and requested Assistant Corporation Counsel Bressler to approach the podium.

Assistant Corporation Counsel said that rent control is not one of her areas and she has to look into it and get back to the Council with an answer.

President Grant requested Assistant Corporation Counsel Bressler to respond to Mr. Hurtz in writing.

President Grant said not only is the City of Newark exempt from rent control but there are other governmental institutions within the City of Newark, such as federal buildings, county buildings, etc.

Mr. Hurtz requested the Council to look at that legislation.

Mr. Hurtz also referred to Annual Reports of various Departments and Agencies and noted that the Board of Education has not submitted an Annual Report to this Body since 1969. His organization, Coalition Six, supports the Members of the Council with respect to the Housing Authority and will join with them in their fight for rights and justice.

(Councilman Payne arrived 2:15 P. M.)

President Grant said he thinks Mr. Hurtz's specific question was whether or not the City is allowed to charge the alleged percentage. In his opinion and it is not the legal opinion, the City is not under the same mandates as Rent Control to be guided by.

A motion to permit Mr. Lou Holzer to be heard on "Hearings of Citizens" was made by Councilman Rice, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilman Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

MR. LOU HOLZER, 160 TUXEDO PARKWAY, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to Resolution 7-R-a on this agenda. The speaker noted this resolution was awarded without competitive bidding. He doesn't challenge the legality but challenges the wisdom. To his knowledge Lehman Brothers Kuhn Loeb Incorporated doesn't contribute anything to the City of Newark, pay taxes, or

January 5, 1983

rent or contribute to the payroll tax. The speaker questioned how come no firms from the City of Newark were considered and said that he could name a few firms that would be able to handle this. He has no monetary or personal interest in any of the business firms and is appearing before the Council as a taxpayer and a concerned citizen. The speaker suggested the Council invite firms from the City of Newark before they make a decision.

Councilman Martinez said he sincerely respects the speaker for appearing before the Council as a citizen and expressing his words of wisdom. If they had more people like him, it would sort of keep a lid on them. He went to see Donald Manns, the President of Public Relations, Prudential and asked him that question. He asked whether Prudential would want to sit down with the City of Newark because of what they have done in the past, they certainly have been in the financial market and have done very well and they told him they would not be interested because they have their own people to take care of it. They would not come and work with the City of Newark. He then told Mr. Mann that they had a company by the name of Lehman Brothers Kuhn Loeb Incorporated and he informed him that they were reputable in the financial market and hearing Director Jones, and they know of the conditions of most of the schools, and he indicated that if they had a financial consultant on board, and he believes he would be paid only if he sold the bonds based upon his performance. He said he would certainly want to see a person from Newark to get that kind of selected business but he thinks going by direction of Director Jones, it is sort of imperative that this be acted upon as quickly as possible.

4-A-1.

The City Clerk read APPLICATION OF CELESTINO GARCIA, APPLICANT AND OWNER, UNDER CONTRACT, FOR VARIANCE TO THE ZONING ORDINANCE OF THE CITY OF NEWARK, TO PERMIT IN A 2ND INDUSTRIAL DISTRICT THE ESTABLISHMENT OF A JUNK YARD FOR THE DISMANTLING, STORAGE AND SALE OF USED AUTO PARTS ON PREMISES 145-161 PENNINGTON STREET.

The Board of Adjustment at its regular meeting November 9, 1982, approved the application by a vote of 7 Ayes.

An appeal in the matter was filed in the Office of the City Clerk on November 10, 1982. The transcript in connection with this matter was received December 27, 1982 and each Member of the Council was furnished with a copy of the transcript.

On December 27, 1982, the City Clerk notified the applicant and the appellant and objectors that an appeal in this matter will be heard by the Municipal Council at their regular meeting January 5, 1983 at 1:00 P. M., in the Council Chamber, second floor, City Hall, Newark.

On December 30, 1982, the City Clerk notified the applicant and the appellant and objectors that the appeal scheduled for January 5, 1983 at 1:00 P. M., in the Council Chamber, second floor, City Hall, Newark, had been rescheduled to Wednesday, February 2, 1983, at 1:00 P.M., as the minimum 10 day notice required under N.J.S.A. 40:55D-17 was not given, pursuant to a memorandum received from the Law Department.

By direction of the Municipal Council on January 4, 1983, the City Clerk notified the applicant and the appellant and the objectors that the appeal in this matter had been changed to January 19, 1983, at 8:00 P. M., in the Council Chamber, City Hall, Newark.

A motion to defer action on this appeal until January 19, 1983 at 8:00 P. M. was made by Councilman Tucker.

Mr. Turco requested to be heard at this time.

President Grant stated we have received a letter from the Law Department suggesting this matter not be heard today.

Councilman Martinez said he knows Councilman Tucker has made a motion and it has not been seconded. For the purpose of discussion only, he will second his motion.

A motion for a discussion to be held at this time was made by Councilman Tucker, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.

Absent During Roll Call: Councilman Rice.

Councilman Martinez said what occurred here on this particular appeal, is that the applicant, Mr. Celestino Garcia, from his understanding received a letter from the City of Newark indicating that the appeal was postponed until February 2, 1983. Upon receipt of that communication, he left for Florida and questioned whether this matter can be heard before the Governing Body on January 19th, 1983 without the applicant being present.

Assistant Corporation Counsel Bressler replied the matter can be heard, although it is usually scheduled on the date and time, the courtesy is given to provide oral argument because an applicant is entitled to have oral argument. She knows one of the questions before this Council is the matter of a 95 day limitation. She has a suggestion to make, if it will resolve the problem. As it now stands the 95 days is up February 15th and that would make February 2nd the last possible meeting which a decision can be made. There is a provision in the Land Use Law that permits an extension of a 95 days, if the applicant waives the 95 day rule or permits extension for a certain period of time. Her suggestion would be to give the applicant the right to speak before the Body and at the same time not come up against the running of the 95 days is to request the applicant, the property owner, that he waive the 95 days or extend the 95 days by one more meeting and that way there would be no loss of time or added time pressure.

President Grant read the following memorandum from Assistant Corporation Counsel Bressler as follows:

RE: Appeal of variance granted to permit
establishment of a junk yard on pre-
mises 145-161 Pennington Street

This will confirm our recent conversation in which I advised you to postpone the hearing before the Municipal Council in the above matter, which had been scheduled for January 5, 1982, as the minimum 10 day notice required under N.J.S.A. 40:55D-17 was not given.

ROSALIND L. BRESSLER
Assistant Corporation Counsel

RLB/bjl

President Grant asked whether he was hearing correctly, that this matter can be heard today.

Assistant Corporation Counsel Bressler replied the Council is not going to hear this matter today because of the 10 day notice. The question Councilman Martinez had asked was can they go on with the appeal on January 19th as presently planned if the applicant is not here. It is usual and in fact the law gives an opportunity for the applicant to have an opportunity to give oral argument and/or to submit a brief on this matter. It is up to this Council, if the Council wishes to defer it until February 2, 1983.

Councilman Martinez said the question is that we gave the applicant a letter indicating that the date for the appeal is set for February 2, 1982 at 1:00 P. M. He is assuming now that he has not received the other letter that it has been changed to January 19th. If they went ahead with the hearing, wouldn't he have the right to take them to court indicating that he received a letter indicating the appeal was scheduled for another day and didn't receive another letter because he was in Florida.

Assistant Corporation Counsel Bressler replied if the applicant requests a postponement until February 2nd because he is in Florida and not able to appear, and this Council refuses to postpone the hearing he then could make an argument which may be successful in court that the Council has abused discretion by refusing to postpone the meeting. At the same time, however, this Council has a problem because they are mandated under the Land Use Law to hear it within 95 days and they do have the right to request of the applicant an extension of the 95 day period and her suggestion to resolve both issues is to grant the postponement until February 2, 1983 on condition that the applicant extends the 95 day period, so this Council will still then have a good opportunity to consider and hear this matter.

Councilman Tucker said he believes the applicant has contacted Councilman Martinez on this matter. He thinks they are basically dealing with the Land Use Law and his concern is a very simple one and that is if the applicant cannot make the 19th meeting then the applicant should officially notify this Body that they cannot make the 19th. Any kind of verbal communication dealing with that 95 day situation has no relevancy at all. He would like to remind his colleagues of the situation that took place he believes in the West Ward, where the Council felt they wanted to defer the matter and once they deferred the matter, did not act on the matter and did not make a decision on the matter, based on Land Use Law, the decision of the Board of Adjustment was automatically confirmed based on the time constraints of the meeting. He has made the motion to basically have the hearing on January 19th and he thinks it is formal and proper that the applicant make an official notification that says that he or she cannot be here on the 19th and then indicate whether or not the applicant wants to waive. What they are doing now is that they are dealing with verbal representation, there is nothing at this point in time in writing. They also have the member of the appeal, who was here earlier and he thinks Councilman Martinez and himself met with her and she indicated if the applicant cannot be here on the 19th that she would prefer to have the meeting held on a night meeting in February. All he is saying that is another verbal representation. The net result is that they have nothing in writing at this point in time, all they have is verbal representation from the person who is appealing it and verbal representation from the person who in effect is the applicant. That is the reason why he feels they move affirmatively to schedule the date of the 19th, if either party cannot make it, either the applicant or the person who filed the appeal, they can notify the Council in writing, they can ask for legal representation on that and find out whether the period of time can be extended.

Councilman Martinez said he would like to ask Mr. Turco a question. In conversation with Mr. Turco earlier, he informed him that the applicant was in Florida and when he received the original notice from the City, he went on his vacation and he also told him that he did not know where in Florida and would not be able to contact him and asked him whether he would want to elaborate.

MR. LOUIS M. TURCO, 237 ADAMS STREET, NEWARK, NEW JERSEY, owner of the property which is the subject of this. The transcript arrived approximately 10 or 11 days ago

upon repeated requests by him and his communication with the Court Reporter who transcribed the minutes, as to why it was taking so long. It was then scheduled for today's meeting. He then received a letter indicating that this matter would not be heard today because the Law Department indicated that 9 days notice was given instead of 10. He then telephoned the Law Department and spoke to Roz Bressler and asked if this matter of State Law could not be waived. Subsequent to that date, letters went out to everyone, myself, the objectors, the applicant that the matter would be heard on February 2, 1982, at 1:00 P. M. The applicant then went to Florida. Based on the desire of some of the Members of the Council to move it from February 2nd to January 19th. This poses a great hardship upon the applicant, who has now gone to Florida and causes untold problems. When he inquired upon some Members of the Council, why this is being done, there were two problems that presented themselves. 1) There was an opinion perhaps I, or other members seeking to have this variance approved sought to put forth this date as far back as possible and he assured that, Councilman, that this date was not selected by him. The second problem that was presented, if the Council was not able to make a decision on February 2nd, he believes they would have approximately 14 or 15 days thereafter, within the 95 days. First of all, legally, he cannot waive the 95 day requirement, only Mr. Garcia can do that. He indicates, however, that if they have a hearing here on February 2nd and they are not able to make a decision and they ask the applicant if he will waive the 95 days, he sure as heck would have to be a fool to say he will not waive that because in all probability he would be rejected. He thinks that problem can be addressed on February 2nd. The second part he wants to state is that he thinks there is an attempt by some people to try to make this a political controversy. He has been approached by people who say what is happening and are being fed misinformation and the purpose of making it a night meeting is to have a lot of people here to perhaps voice their objections, one way or another. He thinks this Council should go beyond the point where they look to create controversy. He thinks we have to understand that an appeal of a zoning board matter is based solely on the record and the people who objected below can come and summarize their opinions. There can be no more people in favor, no people opposed.

Councilman Tucker said they have informed the people who were notified to be here today that this matter would not be discussed today. Mr. Turco, who has made his representation indicates he cannot speak for the applicant. The issue he is raising is a simple one. They notify people that this matter would not be discussed today, the people who appealed it are not here, the applicant is not here, and he would like to know what they are discussing at this point in time.

President Grant stated that Councilman Martinez posed a question to Mr. Turco. He asked Councilman Martinez if he feels his question has been sufficiently answered?

Councilman Martinez said his question is answered but in all due respect to the applicant, he feels, if the applicant is not here on January 19th, and they are going to have a lot of people here, he is going to ask for deferment until February 2nd. If they don't have the applicant present, he doesn't think it is fair that they are going to discuss something and not having the applicant having the opportunity to respond. He will, ask for an adjournment, deferment, until February 2, 1983 and he also agrees with what Mr. Turco said. On February 2, 1983 at the start of the meeting they can say to the person if there is no resolution of the issue, prior to hearing it, request an extension of the 95 day period.

Councilman Branch said he has one concern, suppose the applicant does not show February 2, 1983, what position does that place in terms of waiving his rights.

Assistant Corporation Counsel Bressler replied that if the applicant does not show on February 2nd, then he waives his rights to oral argument. She would add that to be on the safe side in case this does end up in court as a legal issue, that prior to postponing the meeting then, that there be something in writing from the applicant requesting the postponement and indicating that the applicant waives, at least extends the 95 day period by two weeks in order to permit it to go to the following meeting, if necessary. She would suggest that this be obtained in writing from the applicant.

January 5, 1983

Councilman Martinez asked Mr. Turco whether he would be able to reach the applicant.

Councilman Tucker said we are discussing verbal representation. They told the people who appealed that they would not discuss this matter today. He thinks that is right. She was in my office and we told her it would not be discussed today and based on that she left and went home. Now we are sitting here and discussing this matter. All he is saying is one very simple point, again, he reiterated, the applicant is not here, the people who appealed are not here. Mr. Turco is indicating to the Council, with no representation, above and beyond accepting his word, that the applicant can't be here on the 19th. They have no way of substantiating the statement. All he is saying in effect is that they shouldn't get into the merits or the demerits of this particular appeal until people are present.

Councilman Martinez said he does not know the applicant and does not know where he is at and he is just asking, he assumes Mr. Turco knows the applicant because he is selling the property. If he is able to contact him, Councilman Tucker has a request that the person send a letter stating that on January 19th he cannot be here because he is away and he would waive that 95 day period and would like the hearing held on when he was originally notified by February 2.

Councilman Tucker said all he is saying in effect is that they have nothing but verbal representation. Yesterday when he raised a point in the pre-meeting conference meeting as to why February 2 was established, needless for him to say, whether the logic of why it was established for February 2nd was acceptable or not, there was a determination to establish the hearing on January 19th. The people were notified and if the applicant cannot make it, what have you, all he is saying that they should have that in writing and to act on something with verbal representation from individuals who obviously have vested interests is questionable.

President Grant informed Mr. Turco what is being suggested to him is that once that information is received in writing, direct that person who is the applicant, make such a response to this Body and then this Body would be governed accordingly and make a decision at that point.

Mr. Turco said he concurs with remarks made by Councilman Tucker.

Councilman Tucker said he thinks Mr. Turco who has been a former Council President, a Member of this Body, is well aware of Council procedures and he thinks they have given him all the latitude possibly given to a person. He doesn't believe they should consistently allow general discussion on this matter since the people who are appealing this have been informed this would not be discussed.

Mr. Turco said he has waited a long time to be heard and thinks what is being done is unfair.

President Grant said they are not under "Hearings of Citizens". If he wanted to speak under "Hearings of Citizens" someone would have placed his name in motion and it would have been acted on accordingly, he is sure. No one would have denied him an opportunity to speak. They have a motion on the floor, seconded and properly moved for discussion. They are discussing it. The matter before them now is an indication that the applicant is not present, he is in Florida. The applicant is presently scheduled for January 19th. The question now is do they go with the 19th, or go with the 2nd, how are they going to work that out with the applicant. He thinks the first thing that has to happen is that they have to contact the applicant. If the applicant has not been contacted, then they are nowhere. He thinks this is what Councilman Tucker is saying and what Councilman Martinez is saying. They have to get hold of the applicant and until that happens, they are nowhere.

A motion to defer action on this matter until January 19, 1983 was made by Councilman Tucker.

Councilman Martinez said he would like to put an addendum to that, if the applicant is not here that there will be no hearing until February 2.

January 5, 1983

Councilman Tucker said if the applicant is not here, as Assistant Corporation Counsel Bressler indicated, then they will defer it. All he is saying that they set the date on the 19th. If the applicant can make it fine, if he or she cannot make it, then they defer it.

A motion to defer action on this matter until January 19, 1982 was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

ORDINANCES FOR RECONSIDERATION.

The City Clerk read AN ORDINANCE PROVIDING FOR THE DISCLOSURE OF CERTAIN INFORMATION IN ALL SALARY ORDINANCES HEREAFTER ADOPTED.

(Copy of ordinance and correspondence submitted to each Member of the Council)
(Ordinance rejected by the Mayor December 17, 1982)

The City Clerk stated the question before the Council is "Shall the Municipal Council override the Mayor's veto of "An ordinance providing for the disclosure of certain information in all salary ordinances hereafter adopted."

The City Clerk read the following veto message from Mayor Gibson:

KENNETH A. GIBSON
MAYOR
NEWARK, NEW JERSEY

December 17, 1982

Mr. Frank D'Ascensio
City Clerk - City of Newark
City Hall - 920 Broad Street
Newark, New Jersey 07102

Dear Mr. D'Ascensio:

I am rejecting and returning to you Ordinance 6S&Fi (12/08/82) which provides for the disclosure of certain information in all salary ordinances. I am vetoing this legislation because of its questionable legality and validity in light of the fact that the Corporation Counsel, John Teare, did not approve this ordinance. Judge Teare did not attest to the form and legality of this ordinance.

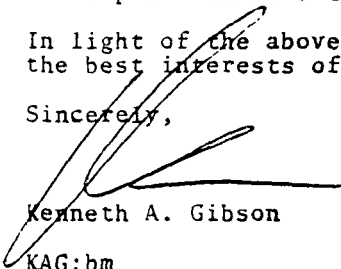

January 5, 1983

In addition to its legal flaws, I have also rejected this ordinance because of the inordinate burden it would place on the Administration in respect to the compilation of the necessary data. In fact, this data is maintained by the Administration, and to the extent that it is a public record, it remains available for public inspection. Whereas the names, salaries and residences of our employees are available for public scrutiny, I doubt whether the repeated public advertisement of this information will serve the public, and may in fact, be a breach of the Privacy Act of 1974.

Since some of the requested data impinges upon my prerogative as Mayor of the City of Newark in which the ultimate responsibility for personnel management is vested in me, I question the Municipal Council's intent in adopting this ordinance.

In light of the above, I do not believe this ordinance to be in the best interests of both the citizens of Newark and its employees.

Sincerely,

Kenneth A. Gibson

RE: AN ORDINANCE AMENDING AND SUPPLEMENTING
SECTION 18, OF CHAPTER 2, LICENSES, OF
TITLE 4, ALCOHOLIC BEVERAGES OF THE CITY
OF NEWARK, N.J. (1966) AS AMENDED AND
SUPPLEMENTED

Dear Mr. D'Ascensio:

I have carefully reviewed the above referenced ordinance and have conferred with Mr. Maurice Jefferson, Assistant Corporation Counsel, with respect to the pros and cons of this Ordinance should it be signed into law.

I also spoke to Councilman Carrino who has moved this particular Ordinance, and ascertained that the particular evil he was attempting to address was the loitering of minors in liquor stores with Coin-Operated Amusement Devices on the premises.

It is my opinion that the Ordinance as drafted should not be put into effect.

My reasons are as follows:

1. The proposed Ordinance Amendment is too broad in scope. It would possibly have a negative effect and cause financial hardship to a number of responsible licensees. I feel that the particular problem of loitering minors should be more directly addressed by enactment as suggested by Mr. Robert Pinard, Deputy Director, State A.B.C. (Please see attached Memo.)

More particularly the Ordinance should prohibit licensees of a Distribution License establishment from allowing minors, i.e., those under 21 age, from operating coin-operated amusement devices located in the license premises. This ordinance would serve to directly eliminate the evil by the Council without penalizing responsible licensees who may actually depend upon receipts from this type of machine to sustain their business operation within the City of Newark.

January 5, 1983

2. The proposed Ordinance Amendment is vague. Though it is my opinion that this proposed amendment was designed to eliminate the coin-operated amusement devices in a distribution licensed premise, the vague wording of the proposed amendment allows the argument that such devices must not be on the premises only during the time a license is issued or transferred. There is nothing in the proposed amendment which clearly indicates that such devices are absolutely barred from use in distribution licensed premises.

I hereby recommend that this Ordinance not be signed.

Sincerely,

Kenneth A. Gibson

Councilman Carrino said the Mayor's explanation of the veto, he thinks was justified since he stated they are going to come up with an alternative so the whole program so it doesn't hurt certain people which they did not anticipate hurting in this ordinance. He would like to have the veto upheld.

A motion to override the Mayor's veto of this ordinance was made by Councilman Martinez, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilman Martinez.

No: Councilmen Branch, Carrino, James, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk: The Mayor's veto of this ordinance is not overridden.

RESOLUTION AUTHORIZING DIRECTOR OF FINANCE TO ENTER INTO CONTRACT WITH LEHMAN BROTHERS KUHN LOEB INCORPORATED OF NEW YORK, FOR FINANCIAL ADVICE TO ASSIST IN SALE OF BONDS AND/OR NOTES RELATED TO DEBT AND FINANCIAL POLICIES OF THE CITY; COST OF SERVICES TO BE PAID FROM CAPITAL PROJECTS; COMPENSATION FOR PROCEEDS OF BONDS SOLD ON PER BOND BASIS NOT EXCEEDING \$75,000. FOR SERVICES; OUT OF POCKET EXPENSES INCURRED BY FIRM WILL BE REIMBURSED BY CITY TO A MAXIMUM OF \$6,000. (CONTRACT AWARDED WITHOUT COMPETITIVE BIDDING AS A "PROFESSIONAL SERVICE" PURSUANT TO LOCAL PUBLIC CONTRACTS LAW N.J.S.A. 40A:11-5 (1) (a)).

(Copy of resolution and correspondence submitted to each Member of the Council)
(Business Administrator Hill, Director of Finance Jones and Mr. Milton Goodman, representing the Law Department met with the Council December 21, 1982)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Martinez and failed of adoption by the following votes:

Yes: Councilmen Branch, Martinez, Tucker, President Grant.

No: Councilmen James, Payne, Rice.

Not Voting: Councilmen Carrino, Villani.

President Grant stated at their pre-meeting conference yesterday, when they requested Director of Finance and also representatives of the company in question be present, he thinks there was an overriding statement made by the Director of Finance about the repository. They have rested the City's financial obligation and indicated that school bonds will be affected and capital expenditures can not be moved unless they move on this item.

Councilman Rice said he recognizes that statement made and recognizes the urgency and the one question he neglected to ask Director Jones and hoped the City Clerk would extend direction to him to make it clear that they don't have anyone in the City of Newark, hopefully competitive in the State of New Jersey, who could be considered also. He thinks it is the expression of the taxpayers from his community, is that they would like to start doing things, if possible from home and he thinks if locally, he can clear up his mind and his conscience can be put to rest that there was an effort rather than move to one particular company.

Councilman Payne said he has the same problem with a consultant firm from New York City. It is a fair company but the fees they are paying for this service are very high and there are companies more qualified to do this work who have not been considered. If there were no firms in Newark, he would also be willing to vote in the affirmative. He looks at the need for people in Newark to have an opportunity to do business.

President Grant strongly suggested that yesterday they spent between 2½ and 3 hours with Director Jones and representatives from the New York Firm. If his memory serves him correctly, Director Jones on more than one occasion indicated to them that they previously used a Newark firm and that this year they sought the services of that firm and the particular firm was not in favor of doing business with the City. Therefore, they went elsewhere to secure this consultant service. As a result they invited them back for a second time. What he would like to do, even though the matter has been concluded, is to ask a representative from the Finance Office to approach the podium and address the critical issue, how critical is it to the school bonds, that is what he is concerned about. Persons from the community came to them a few months ago and indicated that Quitman Street School, Ann Street School, had leaking roofs, possibly fall in at any moment and that presently there is not an appropriation in the Board of Education's capital Budget to make that expenditure but the consultant working with this, making the bonds available to the market, could possibly help to alleviate that matter.

Councilman James concurred with President Grant's remarks of the seriousness of the issue and they should explore it and he would be one that would be even flexible with his vote. He voted in the negative out of respect to Councilman Rice who has been very concerned about the issue. However, the presentation made yesterday and if he draws attention to the way the resolution is written before them, to assist has always bothered him because when he listened yesterday, he assumed our Finance Office did most, much of the work and their job was to assist. He recalled more specifically, in his response they advised them what bonds they should honor or be in receipt of. If the bids were 11.5, 12 AA, what have you. He would like to believe and stands to be corrected. He would hope and maybe it can be explained, when they say to assist, the complete function might not be lost, they might be more critically needed upon receipt of the bids as to interpretation on their value to the City.

MR. MARK EPPS, ASSISTANT TO THE DIRECTOR OF FINANCE, stated the critical point of this is that the Chapter 74 Schools have already been authorized and have already been started, one in the Central Ward and one in the North Ward. They are already spending the money. At this time they are borrowing the money against the schools maintenance account to fund the Capital Program. With respect to assisting, they assist us from the beginning, they rely on them to find out which people in the

investment community will buy bonds as they make their brochures, who they should focus on their brochures, the right timing to go out. They really don't know when other towns, states are going out in the finance market, they need their expertise to help in that area, which they don't have.

Councilman James said it was a point of information because he thinks their concern was not a detailed explanation on the crisis which they all recognize. The more specific question posed was the statement to assist. Did that mean they can do it in-house and then at a more critical point they could advise us or do we need them to assist us to get it to a point that they will advise us.

Councilman Tucker said he remembers the presentation yesterday and what they were saying is that they assist and he thinks Councilman Carrino raised another point, that the person who is supposed to advise us is really our Bond Counsel. They only basically deal with the preparation of putting all the municipal figures, what have you, into a brochure and where to put it in the market. They really don't advise them whether they should accept it, a Bond Counsel is supposed to advise them but in effect the preparation of it, that is what they are supposed to do.

Councilman Rice said his colleague is correct and his understanding is that they do the pretty work, they do nothing but advertise, to make sure the pictures in the brochure are properly drawn and the right colors are used to make it effective. If you talk to people in the bond market and he understands they too are sophisticated people. When they receive all of this information they are aware of the companies that have to do the window dressing, they look beyond the window dressing. He would like to be assured also that they are starting to move in back in the right direction as a Council and in some kind of way, at least in the State of New Jersey, identifying people in organizations and industries that can really assist them so that they can maintain, if not in the City of Newark, at least enough of the revenues in the State of New Jersey that can help alleviate some of the financial burdens they are having in the State. He doesn't think Director Jones' office actually went and scrutinized the companies. He personally thinks he went and made up his mind this time to give it to one company. If he can send him a list of the companies that were reviewed and talked to about the situation in the State of New Jersey, not even the City of Newark and can assure me they rejected the opportunity to participate or they were not qualified as the New York firm. He can remember the Wagner situation, the New York firm that moved agencies from Cedar Street and the Bradley Brothers got a bad deal as far as he is concerned in the City of Newark.

Mr. Epps said that they assist them through the whole process. Bond Counsel only assists them as far as the law is concerned. They take legal liability because citizens buy these bonds and they make sure the citizens throughout the world buy these bonds have legal rights against the City. As far as every other aspect, they are their financial advisors. This will personally be the fourth bond sale and all of these processes without a doubt that they couldn't go through without a financial advisor.

Councilman James said is he hearing him correctly in stating that there is a possibility that they will involve themselves with their Bond Counsel once they approve the contract.

Mr. Epps replied they work together.

Councilman James said it is more important that they defer this until they deal with the question of a Bond Counsel because they have no intention of keeping the present Bond Counsel.

Mr. Epps said as far as he knows the Bond Counsel they have now are still the Bond Counsels. He reiterated that they are still building on these schools.

Councilman James said they appreciated Mr. Epps' remarks and information but he thinks it should be clear and he thinks Councilmen Payne and Rice said it earlier, there is no reason knowing that a contractual obligation is going to expire at the end of the year and in view of the fact Director Jones advised this Body

he was not satisfied with the previous group doing the job, there is no reason to wait until the last day of the year and tell them "Rome is Burning" and must pass this at the next meeting. This could have been brought to them during the month of August, September, October or November and they wouldn't have to be in a crisis situation. What they have learned on this Council, this City cannot function on crisis basis.

President Grant informed Mr. Epps he can relate to the Finance Director that the Council in its wisdom saw not to approve this resolution.

7-R-c.

RESOLUTION AUTHORIZING MAYOR AND DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING TO ENTER INTO CONTRACT WITH JEWISH COMMUNITY FEDERATION OF METROPOLITAN NEW JERSEY FOR AN ENGLISH AS A SECOND LANGUAGE/EASTERN EUROPEAN PROGRAM, FOR PERIOD JANUARY 17, 1983 TO SEPTEMBER 30, 1983; PARTICIPANTS ALLOWANCES/WAGES FOR A MAINTENANCE LEVEL OF 25 PARTICIPANTS AT A RATE OF \$3.35 PER HOUR FOR 37 WEEKS, NOT EXCEEDING \$33,467.; SOURCE OF FUNDS - COMPREHENSIVE EMPLOYMENT AND TRAINING ACT AMENDMENTS OF 1978.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant.

Councilman Payne questioned if there is a need for a program of this magnitude for non-english eastern European speaking people?

Councilman Martinez said these are proposals submitted by the Office of Manpower and Training and apparently they felt the proposal had some merit to it and that is where the contract comes in.

Councilman Payne said what he would like to see done with this \$33,000. is for students of Weequahic, Shabazz and University High to learn how to use English more proficiently as a first language. He can't understand in his opinion at this time, with the shortage of money, he is not opposed to any group coming in, that they would spend \$33,000. Most of the people that are coming from Eastern Europe are sponsored by affluent people, they are guaranteed jobs and it is not a critical issue at a time when funds are being reduced.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Martinez, Rice, Tucker, Villani, President Grant.

No: Councilmen Branch, Carrino, James, Payne.

President Grant said for information for persons who perhaps are not that familiar with the old CETA program, what they have done was authorized that Office to go out for bids. They have done that, a successful bidder is here, they can vote no all they want, the successful bidder can take them to court. English as the second is part of the CETA Program that has been going on ever since 1967 when CETA under the former name TEAM came to the City. This is just another

January 5, 1983

proposal that has been funded. They had it in the East Ward, North Ward and other places that continue to have this program.

Councilman Carrino said he doesn't think that is really the whole crux of the problem. The crux of the problem is there is less money for training purposes in the City of Newark than it has been in the past. The City did not go out and solicit this program, somebody submitted a proposal to conduct this program. The City in its wisdom decided to put aside other programs where kids would learn how to type, data processing or keypunching, whatever, in lieu of somebody teaching English as a second language, Eastern European. He knows for a fact that three community organizations in the North Ward who submitted packages for training programs of things he deemed would be more necessary than teaching somebody a second language. The reason why he voted in the negative is that not that this may necessarily be needed but there are other things he feels are more important because of lack of funds.

Councilman Payne said he too is familiar with the way contracts are submitted from organizations to the CETA office. He thinks that at a critical time in this City where young people are not afforded an adequate education and he doesn't want his remarks to sound bias or racist because they are not. He is with familiar with the European system and the program and before a person can come here, they need a sponsor and it takes years for them to have the papers processed and these people are not only going to be afforded a place to live, they are almost guaranteed a job because they have sponsors and to see a program like this is in his opinion is really a misemphasis and hoped in the future they would have more wisdom of the type of programs they have.

Councilman Branch requested to change his vote from the negative to the affirmative.

Councilman James requested to change his vote from the negative to the affirmative.

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Rice, Tucker, Villani, President Grant.

No: Councilmen Carrino, Payne.

Councilman Payne said he understands there was only one responsible bidder for this equipment. He thinks they need to take a look at only responsible bidder. He doesn't think there is anything in the State of New Jersey that can't be done by more than one person and he is just not going to place an affirmative vote for something that comes back with only one bidder. He would like to have some kind of clarification when these types of contracts come up in the future.

RESOLUTION AUTHORIZING DIRECTOR OF FINANCE TO REFUND \$750. ON DEPOSIT TO MR. ARTHUR HOOPER, 620 SPRINGFIELD AVENUE, NEWARK, NEW JERSEY, REQUIRED BY ORDINANCE 6-S & F-1, DATED FEBRUARY 18, 1981, AS AMENDED. (ORDINANCE REGULATING THE POSTING OF POLITICAL CAMPAIGN SIGNS)
 (Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Rice, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:
 Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Carrino said he only sees money going back to people who run in the City of Newark. Mr. Shapiro, Mr. D'Alessio never deposited money with the City with respect to posting of political campaign signs. He questioned why Director Toma and the Law Department who is ordered, to go the City Clerk's Office during the time of all of the other elections to find out who took out petitions or filed to be a candidate and then tell those people they have to pay \$750. The law was not made for just the City officials to deposit the money but everyone who runs for elected office in the City of Newark.

Councilman Carrino requested the City Clerk to communicate with Director Toma to find out why he is not monitoring when an election is taking place.

Councilman James said he recalled when he took out petitions, or filed them he was told it was the responsibility of the City Clerk.

City Clerk D'Ascensio replied it was the responsibility of Director Toma.

President Grant said he assumed the City Clerk's Office forwards that information to the Director of General Services.

Councilman Carrino said that is not true. The City Clerk's Office only knows who is running for Municipal Election. The County Clerk's Office are the ones that get petitions for other elections. The whole idea of the ordinance was for the Director of General Services to find out who is running when a specific election is coming up and send them a letter that it is a requirement to post \$750. before they post political campaign signs in the City of Newark.

Councilman James said what he would like to see is somewhere, they will hear hardship on the part of Director Toma, everyone has a job. It means that on a Presidential Election he has to look to see who is running there. He thinks they ought to sit down with Director Toma and see what happens when it is not a municipal election, does he really have the staff to do that.

A motion to adopt the resolution was made by Councilman James, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Payne said he would like to commend the Mayor's Office in reducing the number of added starters on this agenda and hoped that this trend would be continued. This is certainly a step in the right direction and to start off the New Year.

Councilman Martinez informed the Council that on Monday, January 10th, at 11:00 A.M. there is going to be a Press Announcement to be held in the Council Chamber, re: Police Federal Grant coming into the City of Newark. United States Attorney General French, Governor Kean, and other officials will be in attendance.

MOTIONS.

7-M-a.

Councilman Martinez said that he would like Tax Assessor Frisina, Corporation Counsel Teare and the Business Administrator to be invited to meet with the Council at their special conference, Tuesday, January 11, 1983 to discuss tax appeals and tax abated properties. What is happening when Council grants a tax abatement to buildings, or commercial or residential and at the conclusion of said abatement they file tax appeals with the County therein reducing their taxes instead of going on the regular tax rolls.

There was no roll call taken.

7-M-b.

Councilman Martinez said he would like Business Administrator Hill, Director of Engineering Zach, Secretary of Alcoholic Beverage Control Zidziunas and Mr. Douglas Vance, representative from Glass-Cycle Systems, Inc. to be invited to meet with the Council at their special conference, Tuesday January 11, 1983 to discuss glass recycling and recent amendments to refuse collection.

He has made contact with Glass-Cycle Systems, Inc. wherein they have a machine that they would install in bars free which takes bottles and crushes them into a small can. That can is pumped into a large fifty-five gallon drum which is placed outside of the tavern and at the end of the second or third day said company would come and pick this up, which helps reduce the tremendous cost to a person that owns a tavern or bar restaurant. There are several of these machines installed in the East Ward and thought perhaps that some Members of the Council were not aware. He has requested the owner of said company to come before the Council and demonstrate said machine.

There was no roll call taken.

7-M-c.

Councilman Martinez said he would like Business Administrator Hill and representatives of Public Service Electric and Gas Company to be invited to meet with the Council at their special conference, Tuesday, January 11, 1983 to discuss the recent article in the newspaper relative to financial assistance to low-income residents to pay utility bills.

There was no roll call taken.

7-M-d.

President Grant requested the City Clerk to communicate with Assistant Business Administrator Banker requesting him to check through the Police Department to find out if his License Plate No. MG 160T is registered in two other cities.

There was no roll call taken.

January 5, 1983

Councilman Rice said he would like a motion to have this Council consider an Ordinance adopting an amendment to the present laws to make City Council meetings presently scheduled at 1:00 P. M. to be changed to 8:00 P.M. in order to give citizens of Newark, the working people, to have an opportunity to participate in the process and urges his colleagues to support this, seconded by Councilman Tucker.

Councilman Carrino questioned to eliminate the day meetings?

Councilman Rice said that is correct.

Councilman Martinez said what happens to the people that work nights and what happens to the people that come to day meetings now because of fear of coming to night meetings. Are they discriminating now against those people who prefer to come to day meetings.

Councilman Rice said he would think they are not discriminating. He recognizes what he is saying but he thinks what they are doing is looking at the majority and it seems to him the majority of the working class people. Organizations in the West Ward community have expressed that desire and thinks they are going to hear more and more. He doesn't think anyone has to vote on it if they are against it but it is something he would like to put in motion to at least let his constituents know that request has been put before this Body and he is inclined to agree with them.

President Grant said if his memory serves him correctly and those persons who have been on the Council longer than he has, understand that at one time all of the City Council meetings were held during the night and that this Body voted to make sure the community was represented by moving one of those meetings to a day meeting.

Councilman Tucker said he would like to speak in support of making all the Council meetings at night. To him most of them know full well that the largest participation they get from the citizenry is at night.

Councilman Carrino said he can't vote for it basically because he thinks it is going to put added pressure not because of people working at night, senior citizens situations that involve their kind of dilemma, have already expressed to him they would not come down to Council meetings at night and they have had to change their schedule depending on certain types of information they wanted to have at meetings purposely put on day meetings so the senior citizens and other people from public housing could come down. He certainly knows the people that were here today from Walsh Homes are not going to start walking down Grafton Avenue to come to a night meeting, so the situation that happened today might not have taken place at night, if it were a night meeting.

Councilman Rice said they have seniors in the West Ward also and he doesn't want Councilman Carrino to think they are predominantly restricted tot he North Ward because they respond in the day time and they don't see their seniors. Their seniors are usually bussed like his and protected in that manner. Many of the serious issues that affect the lives of people in our City are placed on the agenda during the day time in terms of maneuver or strategy or a scheme and our citizens are not given an opportunity to address and unless they can find a mechanism to make sure that the hard-core issues are placed on the night agenda, so the majority of the people have an opportunity to respond and voice their choices. It is no different than the Planning Board, etc. that meet in the evening.

Councilman Payne said he supports Councilman Rice's position and thinks that the accessibility of evening meetings would be more accessible than day meetings. They all debate if there is a concern about people coming out at night, the meetings could start at 7:00 P. M., that way people could slip out while it is still light out, get home before it gets too dark. He feels that there is a perspection and sometimes perspection is bad as reality. Day meetings do get less attention and things can be passed on through the day when you don't have people that are accessible to their meetings. All of their meetings in the South Ward are held at night. He feels if they are going to take government and have it under glass because he feels in the future they are going to have to be more accountable and he would vote in the affirmative.

Councilwoman Villani stated she has supported Councilman Rice on many issues but finds the way the meetings are set up now, work out very well because some people will not come to a night meeting. She thinks the way the meetings are set up are very fair because they have covered both, one day and one night meeting and meets the demands of all of the citizens of the City and for that reason will go along with the present schedule.

Councilman Martinez said he has two questions, one is there a State Law governing alternate meetings and whether overtime costs would be involved in the Office of the City Clerk.

City Clerk D'Ascensio replied there is no State Law governing Council meetings and the girls receive overtime and not the Staff. He called attention that the Council Digests have the times of the meetings.

Councilman Branch asked if there was an ordinance on the books with respect to Council meetings and now we want to change it. He thought it was for the purpose of people working during the day to come to the night meetings and the ones working at night could come to their day meetings. To him he thought it was kind of fair. He is wondering how much impact it is going to have to change it back to night meetings. In the Central Ward they have a lot of senior citizens that like to come during the day but some won't come at night. He doesn't know the best way to resolve the issue.

President Grant said he has permitted a discussion but it is an item that perhaps this is not the forum to address to develop the merits or the demerits on a Motion. He is sure they are going to discuss it more at their special conference and make a determination.

Councilman James said it certainly warrants discussion and that is the reason Councilman Rice has asked to have it prepared to afford the Council an opportunity during their pre-meeting conference to discuss it. One strength though may be some of the City employees that sit through our meetings would be able to devote more time to work.

Councilman Tucker said can't they have the Motion and discuss the item at their special conference on Tuesday, January 11th. He doesn't see a great difference of participation in regards to people being afraid to come out at night. He thinks to a great degree when they see people come to these meetings, usually they come because they are concerned about a particular issue. The tragedy of the matter is that after the issue is resolved they leave.

Councilman Carrino said he would like to suggest if Councilman Rice agrees, not to put this to a vote and put it on the calendar on Tuesday and then come out with a policy statement. He is against it but hates to vote no on a Motion by a colleague.

Councilman Rice indicated this is not a Ron Rice Motion per se, it is a people Motion and wants to make that very clear and he will bring those people down here that have requested this.

Councilman Payne said it does sometimes add to confusion when the night meeting is going to be held and when a day meeting is going to be held. Insofar as the City Clerk's Office overtime is concerned, they can probably work that out.

Councilman Rice withdrew his Motion.

Councilman Tucker withdrew his second to the Motion.

7-M-e.

Councilman James said he would like a letter written to Mr. Buck. Before any remarks were voiced by this Body under "Hearings of Citizens", he already had issued a press release, without any knowledge of what they were going to say. He was grossly insensitive, irresponsible and testimonial of a lack of concern to really address the problems which exist in public housing. He requested

January 5, 1983

the City Clerk to draft the letter in the name of the Council and also a copy be forwarded to the press.

Councilman Payne said he would really like to see a letter from Mr. Buck who continually talks about the lack of funds and he doesn't think all the problems of public housing need to be solved by funds. He thinks there are a lot of other kinds of initiatives that could be taken that doesn't cost any money, takes interest on the part of the person who is supposed to be in charge of the organization. If a person really finds the clientele distasteful, then perhaps he is the wrong person in the wrong job. There may be other people willing to take the job. He agrees with Councilman James that a letter or reason be prepared. He would like to see Mr. Buck, the Housing Authority, start the year off as he has before, as to what they can do, maybe there is something they can do but they always get the statement as to why not and it could be an interesting exercise just to think positively for a minute and maybe they could find something.

Councilman James said Councilman Payne brought up something, that maybe they could have work meetings, not part of the letter, because he wouldn't be able to get it passed by this Body. Where you can give a secretary \$17,000. raise and then tell the people you don't have any money for an elevator, maintenance, for cutting the grass, etc., it becomes ludicrous. He took a secretary who was making \$12,000. or \$14,000. a year in the City and now making \$42,000. They did not take a public stand when they learned she went to \$32,000., \$38,000. and soon she will be up to \$60,000. He thinks to tell the people they can't have maintenance people while he gives a secretary a \$17,000. raise is an insult to all of them and they should be guided by that in their action.

Councilman Branch said he would like to request that a letter be sent to Mr. Buck requesting him to be at their meeting and giving them an update on what is taking place, particularly the lease which was brought out by the speakers today.

Councilman Tucker said he thinks it is important and will make a motion dealing with the auditing. They have to take a few minutes to read those audit reports. He read the audit report that told him that Mr. Buck paid his dues to the National Bar Association out of Housing Authority funds and have the tenants see that. There is no way they are going to believe in any kind of fiscal crisis is going to take place. Him being a lawyer, obviously they would assume it would be an asset to him doing his particular job. The amount of dues he pays is small but the net result is that sets the tool. The tenants know that he is paying his dues and then when he says there is no money, then it becomes the question whether or not they are going to believe him.

A MOTION STRONGLY CRITICIZING THE INSENSITIVE AND IRRESPONSIBLE LACK OF CONCERN BY THE NEWARK HOUSING AUTHORITY IN ADDRESSING THE PROBLEMS WHICH EXIST WITHIN NEWARK'S PUBLIC HOUSING AND DIRECTING THE CITY CLERK TO INVITE BUSINESS ADMINISTRATOR HILL, CORPORATION COUNSEL TEARE, ASSISTANT CORPORATION COUNSEL BRESSLER, EXECUTIVE DIRECTOR BUCK, NEWARK HOUSING AUTHORITY AND ASSISTANT EXECUTIVE DIRECTOR BLUE, NEWARK HOUSING AUTHORITY TO MEET WITH THE COUNCIL AT THEIR SPECIAL CONFERENCE, JANUARY 11, 1983, was made by Councilman James, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Tucker said just as a matter of clarity, he would like to make a motion again directing the Corporation Counsel to immediately go into Superior Court with a suit demanding that they be in receipt of a full and complete copy of the Board of Commissioners of the Housing Authority's minutes which would include but not limited to every piece of resolution material that is voted on at the general meeting.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THE CORPORATION COUNSEL TO INITIATE LEGAL PROCEEDINGS AGAINST THE NEWARK HOUSING AUTHORITY FOR FAILURE TO SUBMIT COMPLETE AND DETAILED COPIES OF THE MINUTES OF ITS MEETINGS, INCLUDING SUPPORTING DOCUMENT

January 5, 1983

924

ACCOMPANYING ALL RESOLUTIONS, TO THE MUNICIPAL COUNCIL ON A REGULAR AND TIMELY BASIS, was made by Councilman Tucker, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Payne said he would like the City Clerk to send a letter to the President of the United States indicating their indignation of the proposed budget of cutting \$30 billion out of the domestic budget. Poor people have been suffering for the past two or three years, and they have \$30 billion coming out of domestic, with the \$20 billion increase in defense spending and he wants the Council to express that additional cuts in domestic spending because people in the cities, starts at the federal level, reduced to the State and when it finally gets to the North or the South Wards, will have to make a decision on whether they will eat or they will have heat, where they have a war in the street and they are defending themselves against an enemy overseas, people who are unemployed who are robbing to eat and they have a soup line on Mulberry Street. They see a budget, persons from his own party and this is not a partisan statement, appealing to him, close personal friends to amend the budget. They could not exist with a \$30 billion decrease in domestic spending.

President Grant said if his memory serves him correctly, he thinks this Body had a similar letter, sponsored by Councilman Tucker, sent and would like to add an addendum to that, that it not only goes to the President but the Senate and to the Congress because Ronald Reagan only proposes and its the Congress and Senate that disposes and if they don't vote for it, it does not become law.

Councilman Tucker questioned whether this ordinance was for Ron Jean or Jewel Daniels. He doesn't believe this ordinance was ever before the Council.

Councilman Carrino said this person is currently on the City payroll and is just a 5% increase in salary.

Chief Accountant Fitzsimons replied there was an error made when the original salary ordinance was passed. This is just to adjust for that error. The person is on the H.C.D.A. Budget.

Councilman Carrino said this is not a newly created position in the City Budget and will move it.

Councilman Rice questioned what was the error, less money or more money.

Chief Accountant Fitzsimons replied less money.

APPROVED:

Frank D'Ascensio
City Clerk

Ralph T. Grant, Jr.
President

Newark, New Jersey, January 19, 1983

931

A regularly scheduled meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 8:30 P.M.

The audience arose for the National Anthem.

The prayer was offered by Councilman Ronald L. Rice.

President Grant called the meeting to order and asked for roll call.

Present: Councilman Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council; Captain Donald Blyenburgh, Sergeant-at-Arms, Lucille Cammarata, Assistant Corporation Counsel.

(Councilman Carrino arrived 8:50 P.M.)

President Grant stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 1, 1982, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the agenda was similarly disseminated on January 12, 1983, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

A motion to consider Resolution 7-R-ba and Resolution 7-R-bb at this time was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-ba.

RESOLUTION RECOGNIZING AND COMMENDING THE FRONTIER INTERNATIONAL LODGE FOR ITS SPONSORSHIP OF THE NEWTON STREET SCHOOL.

President Grant read the following resolution;

WHEREAS, the Newark Chapter of Frontiers International, one of the City's most prominent Fraternal Organizations, has, due to its deep concerns for the future of Newark and its children, adopted the youngsters of Newark's Newton Street School; and

WHEREAS, due to the Club's deep commitment to these youths, the children of Newton Street School have a brighter outlook on their own future, and the realization that there are interested adults in the public and private sectors who care about them and their achievements; and

WHEREAS, the Newark Municipal Council wishes to publicly acknowledge the fine work of the Members of this Fraternal Organization, and endorse the concept of strong relationships between local schools and community organizations, which can dramatically enhance the quality of life in a given neighborhood;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize the Newark Chapter of Frontiers International for its outstanding sponsorship of Newton Street School, wishing it continued success in the future and commends the school administration for the meritorious efforts it continually puts forth in providing a quality education for these fine young men and women.

Jan. 19, 1983

BE IT FURTHER RESOLVED that a copy of this resolution be presented to the Officers of this Organization and the School Administrators in commemoration of this occasion.

President Grant presented Mr. George Alford of the Frontier International Lodge and Mr. Willie Thomas, Principal of Newton Street School with a suitably inscribed resolution on behalf of the Members of the Municipal Council.

Mr. Alford thanked the Members of the Council for this resolution and accepted it with great pleasure.

Mr. Willie Thomas thanked the Municipal Council for this resolution and said they would not let the citizens of Newark down.

A motion to adopt the resolution was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-bb.

RESOLUTION DECLARING JANUARY 22-31, 1983, TO BE MARCH OF DIMES WEEK IN THE CITY OF NEWARK, NEW JERSEY.

President Grant read the following resolution:

WHEREAS, birth defects cost many lives every year, and cause permanent disfigurement and lifetimes of untold physical and emotional suffering, and the United States has lagged behind other nations, and New Jersey has lagged behind other states in lowering the rates of infant deaths and disablement; and

WHEREAS, the March of Dimes, which was in the forefront of the long and finally successful struggle against polio, now devotes its resources to birth defects, and sponsors many of the major research projects to safeguard the health and safety of the newborn; and

WHEREAS, the City of Newark has made major strides in lowering the infant mortality rate, but still faces serious problems with adolescent pregnancies and the lack of prenatal care for many mothers, particularly those who are victims of poverty, discrimination or inadequate education; and

WHEREAS, Councilwoman Marie L. Villani has been appointed Chairperson of the 1983 Mothers' March of Dimes in Newark, and is giving freely of her time and talents to help Newark set an example for other communities in the battle against birth defects;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby designate the period of January 22 to 31, 1983, to be March of Dimes Week in the City of Newark, and does urge all citizens to support this most worthy effort to overcome the scourge of birth defects, and does commend all who take part in this campaign.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to the Essex County March of Dimes in warm appreciation of its invaluable service to humanity.

President Grant presented Ms. Carol Valentine with a suitably inscribed resolution on behalf of the Members of the Municipal Council.

Ms. Valentine thanked Councilwoman Villani for leading this appeal and Newark's Chairperson for the Mother's March of Dimes. Ms. Valentine noted the money collected is used in the fight against birth defects and that everyone's support is needed. She again thanked Councilwoman Villani and all of the Members of the Council for this presentation and asked for their continued support in this campaign.

Councilwoman Villani said the first words you want to hear from the Doctor when your baby is born is that the baby is healthy. Councilwoman Villani appealed to every employee of the City of Newark to contribute at least \$1.00 to help reach the goal set.

A motion to adopt the resolution was made by Councilwoman Villani, seconded by President Grant and declared adopted by President Grant by the following votes:
Yes: Councilman Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

BOARD OF ADJUSTMENT - APPEAL.

4-A-1.

The City Clerk read IN THE MATTER OF APPLICATION OF CELESTINO GARCIA, APPLICANT AND OWNER, UNDER CONTRACT, FOR VARIANCE TO THE ZONING ORDINANCE OF THE CITY OF NEWARK, TO PERMIT IN A 2ND INDUSTRIAL DISTRICT THE ESTABLISHMENT OF A JUNK YARD FOR THE DISMANTLING, STORAGE AND SALE OF USED AUTO PARTS ON PREMISES 145-161 PENNINGTON STREET.

The Board of Adjustment at its regular meeting November 9, 1982, approved the application by a vote of 7 Ayes and 2 Not Voting.

An appeal in the matter was filed in the Office of the City Clerk on November 10, 1982. The transcript in connection with this matter was received December 27, 1982 and each Member of the Council was furnished with a copy of the transcript.

On December 27, 1982, the City Clerk notified the applicant and the appellant and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting January 5, 1983 at 1:00 P.M., in the Council Chamber, second floor, City Hall, Newark,

On December 30, 1982, the City Clerk notified the applicant and the appellant and objectors that the appeal scheduled for January 5, 1983 at 1:00 P.M., in the Council Chamber, second floor, City Hall, Newark, had been rescheduled to Wednesday, February 2, 1983, at 1:00 P.M., as the minimum 10 day notice required under N.J.S.A. 40:55D-17 was not given, pursuant to a memorandum received from the Law Department.

By direction of the Municipal Council on January 5, 1983, the City Clerk notified the applicant and the appellant and the objectors that the appeal in this matter had been changed to January 19, 1983, at 8:00 P.M., in the Council Chamber, City Hall, Newark.

Re: Appeal from Board of Adjustment
145-161 Pennington Street

Dear Mr. D'Ascensio:

I am writing to request a postponement of the hearing in the above matter which is scheduled for January 19, 1983.

It is our understanding that the applicant is still in Florida; and, therefore, we would respectfully request that the hearing be adjourned to the originally scheduled date of February 2, 1983 at 1:00 p.m.

Further, if after hearing testimony the City Council wishes to defer their decision, my client will waive the 95 day jurisdictional limit until the subsequent meeting of the Council.

We greatly appreciate your courtesy in this matter; and we would appreciate your advising as to the Council's decision with respect to this request.

Very truly yours,

Donald M. Karp

DMK/gd
HAND CARRIED
cc: Mr. Garcia

MR. DANIEL WEBSTER, 106 TICHENOR STREET, NEWARK, NEW JERSEY, submitted a list of the names of 31 objectors and requested the Municipal Council to notify these people when this hearing would be held. He also requested that this hearing be held at a night meeting.

Councilman Martinez indicated that a letter had been sent requesting meeting be held February 16, 1983. A letter was sent to Mr. Karp, Attorney for the Applicant, informing him the meeting would be held February 2, 1982. A letter from Mr. Karp indicated they would waive the 95 days limit.

January 19, 1983

Councilman Martinez continued that a letter should be sent to Mr. Karp requesting that the hearing be held on February 16, 1983 and also requesting the applicant to indicate that he would waive the 95 day limit.

Councilman Tucker cautioned that it is important to point out that the City can not request the waiver of 95 days. Only the applicant can waive the 95 days. He also stated the applicant has no obligation to do this. Councilman Tucker also stated when he received the letter from Mr. Karp he was under the impression the applicant had waived the 95 days, but after speaking with the Law Department he was informed the applicant had not pinpointed this.

Councilman Martinez said this was a matter that needed clarification. He requested the City Clerk to contact Mr. Karp and request him to send a letter indicating that the 95 days would be waived and if the applicant so desires not to waive the 95 days then when he appears February 2, 1983, request the matter be appealed in person for the waiver of 95 days.

Mr. Webster questioned where this leaves the community in bringing the case before the Council if the Community does not know before February 2nd that the applicant is not waiving the 95 days.

Councilman Martinez responded the Council should be aware of this by next week.

Mr. Webster questioned if Councilman Martinez was saying the Community would know from the Council, one way or the other, that they should attend the meeting of February 2nd.

Councilman James said everything that we are saying tonight was said at the last Council meeting. He said at the last meeting the objectors were told the hearing would be held tonight. Now they are being told it will be the next meeting. If this Council does not receive a letter stating the applicant will waiver, then once we leave here the hearing will be held on February 2nd. No one can predict anyone is going to waive rights.

Councilman Tucker said for all purposes it should be understood that if this matter is not heard adjunctly by Council on February 2nd, it is questionable whether or not individuals will prefer this matter to be heard. It is important to know that Council can only defer to February 2nd if individual waives his right and we take into consideration it can be postponed until February 19th. Councilman Tucker indicated the letter did not indicate a waiver.

Councilman Martinez noted this Council can only vote on what is contained in the transcript. He noted the Council and City Clerk did not receive the transcript in the necessary ten days. The original date of January 5th was invalid. Councilman Martinez requested the City Clerk to call Mr. Karp and request a letter from the applicant with reference to the waiver.

Councilman Tucker stated it is clear and he had raised this at the last Council meeting the letter that came in did not waive the days. He thinks even though it was reported to this Council that the letter would come in and waive the 95 days. The issue that is being played here is that when you write a letter and it says "further, if after hearing testimony the City Council wishes to defer their decision my client will waive the 95 days," based on Mrs. Bressler's interpretation of that, she is saying that is not a waiver. The net result is that Ms. Bressler also apprised him of the fact that this matter can only be postponed or deferred until February 2nd and that is the reality they are dealing with right now. He said last week the individual who made representation to the Council indicated that his client or the applicant would waive, he thinks it is clear, based on the Attorney's submission to the City Clerk, that he did not waive. He said what we are faced with at present, based on Ms. Bressler's indication to him, this matter can only be heard until February 2nd and if the Council does not act at that point in time then the matter will be approved. He noted the Council has until February 2nd to hear this matter and make a determination on it and that is the legal requirements this Council has right now.

Mr. Webster questioned that this case could not be heard tonight because the applicant was not present.

937

Councilman Martinez stated the matter could be heard but he thinks the applicant could take the Council to Court and win the case overwhelmingly without any problem. He said to clarify the case the hearing date is February 2nd at present. A letter is going out to the applicant requesting a letter that the applicant waives the 95 day hearing date. If this Council receives this letter they will set a hearing date of February 16th. If Council does not receive the letter from the applicant the hearing date will be February 2nd.

Mr. Webster wanted to make it clear they were being played into a trap because of the fact that the applicant is not here and if you proceed with the situation then most likely it would be overturned by the Court so then it can not be heard tonight because they would lose automatically.

President Grant suggested that any matter of this magnitude which involves a viable community such as the community represented here, that this body would be derelict in their duties if they did not notify the public properly and to insure every ounce of safety that the matter is heard in a public forum, that every person who wanted an opportunity who wanted to address this matter had that opportunity. He assured Mr. Webster, that as President of this body, they would not permit any kind of action to take place that is not totally within the law.

Councilman Martinez noted that whether the objectors' names are listed or not, the only information this body can weigh is what is in the transcript.

A motion to defer action on this matter until February 2nd, 1983 and directing the City Clerk to communicate with the applicant and his attorney requesting the applicant to waive the 95 days and when it is presented in the letter waiving the 95 days, notice will be given to the community of the proper hearing day, was made by Councilman Martinez, seconded by President Grant.

Councilman James questioned why this Council is going to ask the applicant to waive the 95 days when he has already responded that he is not going to. He noted the Members of this Council and the City Clerk are in receipt of this letter.

Councilman Tucker clarified the point that the hearing will be held on February 2nd.

The motion to defer action on this matter until February 2nd, 1983, was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. MURRAY EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY stated at the meeting of December 15 1983, he inquired if Resolution 7-R-q, adopted November 3, 1982, concerning the expansion of Lincoln Park was a Section 8 Housing Project. At that time he was told that Section 8 was dead. He again questioned if this ordinance was Section 8 Housing.

President Grant responded that at that time there were Section 8 housing in the hopper and whatever Section 8 allocations were already in the hopper would be continued until they were finished. According to the HUD officials there would be no additional Section 8 Housing coming to the City of Newark.

Councilman Martinez said this will be a project that has 98 units of low and moderate income housing. The project will involve the rehabilitation of two existing buildings and the construction of 17 row houses which are one family homes, up and down. The cost of development is \$5,520,000.12 including the land acquisition, construction cost, architect and legal fees. This will be the last Section 8 housing to come to the City of Newark. This project will consist of 19-two bedroom units, 19-one bedroom units and 68-two bedroom units and 11-three bedroom units. The anticipated monthly rent ranging from \$680. to \$1,020. a month.

Mr. Edson asked what fraction of the gross rentals would be service fees?

Councilman Martinez responded 7½% or \$70,434. He noted that presently they are currently receiving "zero" from that area. He also stated he would welcome any developer who would like to come into Newark who wants to put up one family homes for \$15,000. or \$20,000. and who wants to pay the \$10. tax rate in that community.

Councilman Tucker said although the gross rentals will be those amounts because it will be Section 8, 30% of the income of individuals who would possibly move into that housing, is what they would be paying for rent. If you are dealing with other municipal services they will pay, that development will pay the same water and sewerage rates as any person within the City of Newark with the exception of the Housing Authority. He said it is not an issue of whether it is 30% they pay or the amount of taxes they pay. He noted he has been working with community groups throughout the City trying to get them to develop module housing. The reason for module houses is to try to decrease the actual development cost which would in turn make those houses pay less taxes. He noted also they have not met with any great success.

Councilman Tucker stated the Council would gladly accept developers who would want to build. He said the realities are that people at this point in time are not necessarily willing to build one family homes in the City of Newark based on the tax rate.

Councilman Tucker noted that the City of Newark has a critical housing shortage. He said this development will to a certain degree diminish the number of people who are looking for safe, decent and sanitary housing. If we look at it from the standpoint of the land currently being vacant and paying no taxes to the City and look at the fact we have people in the City of Newark who are in dire need of housing and also at the fact that any person who wants to come into Newark and build subsidized income they would gladly welcome it.

Councilman Carrino said this ordinance deals with the sale of 20 city-owned properties to the Housing Authority for building houses. He noted that in the North Ward there is approximately 3/4 of an acre of land that the Housing Authority will not turn over to a developer who is ready to put up housing. He requested that the City Clerk send a letter in the name of the Council telling the Housing Authority that we are selling them 20 pieces of property and we respectfully request the same kind of cooperation from them to turn over that piece of property to us so that we can have more housing put up. He said the developer is ready to go and the Housing Authority will not turn that land back.

MRS. MILDRED KAYSER, 53 1/2 SPRUCE STREET, NEWARK, NEW JERSEY, stated when renovations or changes are being made the people who reside in that area should be consulted. She noted the taxpayers had to be considered and when building is taking place the artistic and aesthetic value of the area and the preservation of heritage should be of vital importance.

MR. H. LEE WARING, 69 LINCOLN PARK, NEWARK, NEW JERSEY said many of the residents have lived in that area for many years and have gone through a period of transition. These residents have stabilized that area and made it attractive for the investors who are presently coming in. He noted perhaps there would not have been as much objections if the community had input with the developer. He said nothing has been told to the residents. He requested the Council to defer the matter and the community should be consulted.

Councilman Payne stated the people in the neighborhood should have the opportunity to discuss what is being built.

Councilman Tucker said the City of Newark has a site plan ordinance which allows community participation in the design of buildings. He said the questions raised by the concerned residents this evening should be raised at the site plan hearing. He noted there are two hearings. There is a preliminary site plan approval and a final site plan approval, both of which are public hearings where the community can raise their concerns. The concerns raised this evening would be better raised with the Central Planning Board. The Council's concern is whether or not to obligate the Section 8.

President Grant stated for the record that the City Government owns over 5,000 pieces of property in this City. The City owns in excess of 635 blocks of vacant land. The tax rate is confiscatory. He said if we could get private developers to build new housing that we would be doing the citizens who pay taxes a service by helping to reduce the tax rate and moving toward, hopefully, a viable city once again.

MR. JOHN LEE, 521-23 WASHINGTON STREET, NEWARK, NEW JERSEY, said the residents of the Lincoln Park area would have liked to have input in the plans for the area. They have made great effort and strides to bring the area to the community it is at present.

Councilman Martinez said the ordinance before this Council this evening is for the sale of 20 properties to the Housing Authority for the purpose of expediting the sale to the developer. This is the last Section 8 to come into the City. If this project becomes dead it means the apartments that are there will not be rehabilitated and will remain abandoned. This ordinance has nothing to do with a tax abatement or with a site plan. He said the developer will lose the Section 8 if it does not go through in 10 days.

January 19, 1983

Councilman Carrino questioned why when we have so much empty land in the City we try to shove something down people's throat in an area where they are surviving on their own, paying taxes and hopefully they will, sometime in the future, be able to draw people into the area.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage and directing the City Clerk to forward to Ms. Charlotte Adams, Executive Secretary of the Central Planning Board a list of the objectors and request these people be notified when the Site Plan Review will be heard was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

A motion that "Hearings of Citizens" be heard at this time was made by Councilman James, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

HEARINGS OF CITIZENS.

6-HC-a. REVEREND GEORGE RYDER, 151 WASHINGTON STREET, NEWARK, NEW JERSEY addressed the Municipal Council with reference to the inadequacies of the City of Newark's Public Schools and requested that Council prepare a directive that the Educational and Political leadership of this community convene immediately with the State Board of Higher Education to move diligently to improve the quality of education in the City of Newark.

6-HC-b. MS. SHIRLEY M. WRIGHT, 75-79 CLINTON AVENUE, APARTMENT 12-8, NEWARK, NEW JERSEY.

6-HC-c. MS. CHARMING ABDOL, 16 N. 9TH STREET, EAST ORANGE, NEW JERSEY.

6-HC-d. MR. JAMES ORANGE, 49 MONTROSE STREET, NEWARK, NEW JERSEY.

6-HC-e. MR. WILLIE CHESTNUT, 52 DODD STREET, EAST ORANGE, NEW JERSEY.

The above speakers addressed the Municipal Council requesting the Council's support in opposing an admission policy that would adversely affect the prospective students in this City. The speakers requested the Council to help them save the open admissions policy at Essex County College.

Councilman Rice said he was confused at the position taken by Dr. Yamba. He said up to this point he felt Dr. Yamba was doing a fine job. He noted that it was the open door process that allowed him the opportunity to be where he is today.

Councilman James said the speakers have given this Council a hue and cry to bring about an improvement in the quality of education in the Newark School System. He said on the question of open enrollment versus closed enrollment at Essex County College he said no member of this body has received anything in writing that would give them the opportunity to review the proposal. He said if such a document exists they would like to be in receipt of it. He stated this body has never lacked the courage to act on any matter that could bring about a significant improvement in the quality of education for our young people.

January 19, 1983

Councilman Branch suggested a meeting be held to resolve this issue. He opined that this matter could be resolved at that time. He noted it was important to meet and go over all the facts to find out what the total impact is on open enrollment versus closed enrollment.

Councilman Payne said there is a need for this Council to have more information on this matter. He said there is a dilemma going on in the crisis of education. He said this City has a responsibility to educate the young people and this Council has the responsibility to get tough with Administration and the Board of Education. He said every youngster should have the opportunity to enter an institution of higher learning, but it should be the responsibility of that institution to make that youngster up to the standards so that when they graduate they are on the level of any student graduating college. He said the Board of Education is a political football and you do not play football with the lives of students. He said they are going to have to come to some agreement. We have to meet with the Board of Education and the County College people and give these youngsters the opportunity they are not getting in the Newark school system.

Councilman Tucker said he is for open door enrollment. He said he was for it before Dr. Yamba got there and before the college got there and he is not going to change on that position. He said he is not going to say it is the Newark Board of Education's problem. He said he knows if Dr. Yamba institutes the policies, no matter what the motivation is, he will prevent people from going to college who would have normally gone directly to college. He said Dr. Yamba is not just making this decision on his own. He said we should also meet with the County Executive. He stated it should be clear in their minds that they are for open enrollment. He believes in freedom of opportunity. He said open enrollment is a major issue to the minority community.

President Grant said Dr. Yamba has a Board of Trustees politically appointed and Dr. Yamba is merely carrying out the dictates of that body. He said you have to look at the whole table of organization.

Councilman James said he had the results of a telephone call made by Ms. Goldstein who has learned that the Board of Trustees of Essex County College took no action this evening. They indicated they are in receipt of a proposal to change the open enrollment policy and this proposal as indicated will be publicly discussed on February 16, 1983 at 3:00 P.M. at the College. He said there will be a public debate on the proposal at that time.

6-HC-f.

MR. FRANK HURTZ, 103 - 16TH AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to receiving a legal opinion from the Corporation Counsel on whether the City is exempt from the Rent Control Ordinance.

Assistant Corporation Counsel Cammarata stated the Corporation Counsel would not issue a legal opinion to a citizen. She noted the Corporation Counsel's opinion is the City is exempt under an ordinance which was passed by this Council.

Mr. Hurtz stated that his next step would be to contest it in Court since the ordinance does not clearly state the City of Newark is exempt. He further commented the ordinance specifies the only agency or tenants exempt are the Local Housing Authority, owners of 1, 2, 3 family homes and hotels.

Councilman Payne requested that if the Law states that there is a reason for it. He requested that the City Clerk request the Corporation Counsel to render an opinion to this Council. He said he does not know if City properties are exempt and he does not see why they should be. He noted that it is not always necessary to be in an adversary position. The first step might be to sit down and discuss. He then requested the Corporation Counsel be requested to submit a legal opinion.

January 19, 1983

Mr. Hurtz stated at the last Council meeting he had brought to the attention of the Council that the Board of Education has failed to submit an annual report to this body since 1969. He asked if Council was going to request this report from the Board of Education.

Councilman James responded that there is no annual report that the Board of Education is obligated to submit to this body. He said we get an audit report and if we were still considering an appointed Board of Education, the Board of School Estimate would still be in receipt of the annual budget. He further stated that is subject to change with the elected versus the appointed. He remarked that other than a school audit, which has always been made available to the Council and the budget which is submitted to the School of Board Estimate he does not know of any statutory obligation requiring the Board of Education to tell us what they are doing.

Councilman Tucker said there is a myriad of eight reports developed by the Board of Education that are required by State Statute. He noted that State Statute does not dictate that those reports would go directly to the Local Governing Body. If the Local Governing Body wants to be in receipt of those reports must petition the Commissioner of Education of the State of New Jersey. He said there is not a requirement that we get those reports.

Councilman James said the Board of Education is an autonomous body. It has no obligation to this body. We do not set or recommend policy. We do not approve policy. All the Members of the Board of Education are appointed by the Mayor according to State Statute. We do not have any powers over them. As we indicated earlier we receive from them an annual budget and that is our relationship. He said by way of the Board of School Estimate who passes on the budget and their recommendation is then submitted to this Council and the full Council will then accept or reject the recommendation of the Board of School Estimate on the implementation of a school budget for the year which is then passed on to the Commissioner of Education.

Councilman Carrino said the report Mr. Hurtz might be referring to is when Mr. Wexler was assigned to the Board of Education with the Auditor General and they were required to submit a report every year as to the financial stability and the amount of money being spent by the Board of Education.

Mr. Hurtz responded that was not the report and he appreciated Council's comments.

Councilman Payne requested the City Clerk request the Corporation Counsel to meet with them regarding Rent Control.

A motion to permit Mr. Al Ebenoff to be heard under "Hearings of Citizens" was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President

6-HC-g.

MR. AL EBENOFF, 31 CENTRAL AVENUE, NEWARK, NEW JERSEY addressed the Municipal Council with respect to "Jobs for Peace" a National Organization. He said the basic commitment they have is they want to demand that the United States Government Congress make more federal funds available for local jobs and programs and quality education, public transportation, energy efficiency, low and moderate income housing, improved health care and other essentials services by reducing the amount of our tax dollars devoted to military spending. He requested a resolution be adopted at the February meeting in regard to the effort they are making for Jobs with Peace.

Councilman Tucker said this Council adopted two resolutions last year for Jobs for Peace and we approved another resolution urging the Assembly approve the Jobs for Peace resolution which was approved by the Assembly in the State of New Jersey and the Senate. Councilman Tucker requested those resolutions be sent to Mr. Ebenoff.

President Grant said the information being requested has been done over a year and the Council did in fact endorse it. He noted the President of the United States was written last week by this body advocating the same information.

ORDINANCES ON SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on second reading and final passage.

6-S & F-d.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. It is now before you on second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE CREATING PERMANENT POSITIONS IN THE DEPARTMENT OF FINANCE AND ESTABLISHING SALARIES THEREFOR" (6-S & F-h) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR CHIEF AUDITOR IN THE DEPARTMENT OF FINANCE)

(Transfer from HCDA to City Budget with 5% increase - Not covered by Civil Service Contract - Essex Council #1)
 (Chief Auditor (35 Hours) 1/1/82 \$20,881.17 - \$25,380.97)
 (Copy of ordinance and correspondence submitted to each Member of the Council)
 (Ordinance tabled September 1, 1982)
 (Ordinance removed from the table October 26, 1982)
 (Public Hearing Closed)

A motion to defer action on this ordinance was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.
 Not Voting: Councilman Branch.

6-S & F-e.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. It is now before you on second reading and final passage:

AN ORDINANCE AMENDING TITLE 11A, CHAPTER 1, SECTION 10 OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, SO AS TO PROHIBIT THE SELLING AS WELL AS USE OF PORTABLE LIQUID FUEL BURNING APPLIANCES FOR COOKING AND HEATING PURPOSES.

(Copy of ordinance and correspondence submitted to each Member of the Council)
 (Public Hearing Closed)

A motion to adopt the ordinance on second reading and final passage was made by Councilman Rice, seconded by Councilman Tucker.

Councilman James said he understands the sentiment behind this ordinance is to save lives. He said he indicated previously he is concerned about businesses in the City of Newark being competitive and also about merchants who already have stock and by this Council's action tonight would be denied a fair profit. He said he is concerned that during these times of economic crisis the faulty operation of gas, electric, coal and even wood stoves could cost a life. He said what they are really talking about is the faulty use of equipment. He noted though this is a good ordinance the end result is to penalize the business community in Newark and he opined that he believes this ordinance is not enforceable.

Councilman Rice noted the ordinance is a good ordinance since we are protecting the health of the people. He said the Council should be concerned with the rights of the tenants and insure that the landlords provide the tenants with enough heat in their homes thereby eliminating the need for the purchase of illegal kerosene heaters and continue to work together collectively to insure that unnecessary or obsolete laws are taken off the books.

Councilman James said the effort should not be to ban but to set standards to improve them.

January 19, 1983

Councilman Martinez said he had given a magazine article to Councilman Rice and Senator Caufield. This article indicates the dangers of kerosene heaters and mentioned there are no kerosene heaters that were proven really safe and that all heaters be banned in the entire United States of America. He had hoped this article would become part of the public record.

Councilman Tucker said none of the kerosene heaters have been proven to be fail safe. The report indicates that with today's cost of fuel people are insulating their homes extremely well and it deals with the amount of oxygen available within a room. In the past homes were not insulated as well and when a kerosene heater used up all the air within a room there was enough ventilation within the room to put oxygen back into it. He stated this ordinance may be questionable as to its enforcement but it says to the citizens of Newark that there is danger in those kerosene heaters and if it is a law on the books it has a better way of being enforced.

Councilman Rice said he is going to move this ordinance and the Council Members should let their consciences be their guides.

Councilman Carrino said he voted for the ordinance that prohibits the use of kerosene heaters in the City of Newark. He said in the ordinance being considered tonight we are telling commercial people they cannot sell them. He said, in his mind, this ordinance is not going to save a life. That will be accomplished by the enforcement of the ordinance that prohibits the use of kerosene heaters.

Councilman Payne said there should be a better way to inform the public of the laws. He stated there probably is a large majority of people who have purchased kerosene heaters who are unaware they are illegal.

The motion to adopt the ordinance on second reading and final passage was made by Councilman Rice, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilmen Martinez, Rice, Tucker.

No: Councilman James.

Not Voting: Councilmen Branch, Carrino, Payne, Villani, President Grant.

ORDINANCES FOR RECONSIDERATION.

6-S & F-f.

(A.S.)RESOLUTION RECOGNIZING AND COMMENDING CARL "DOC" SEVERINSEN, DISTINGUISHED
TRUMPET PLAYER, AND WELCOMING HIM TO NEWARK FOR A CONCERT WITH THE NEW JERSEY
SYMPHONY ORCHESTRA.

President Grant said he attended this affair and after "Doc" Severinsen gave, in President Grant's opinion, a tremendous performance, for him, in a jocular vein to refer in negative terms to the City of Newark and the State of New Jersey was unnecessary. He continued that while we recognize "Doc" Severinsen's great talent and given the fact his daughter is a lawyer in Morristown and his son-in-law in the same City he ought to find out that New Jersey is a place where people grow and Newark is a place where there is safety. President Grant opined that "Doc" Severinsen's remarks were completely out of order.

RESOLUTION RECOGNIZING AND COMMENDING ANTHONY AND MARIA CABELO FOR SAVING AND REBUILDING AN ABANDONED LANDMARK CHURCH STRUCTURE, AND TURNING IT INTO AN ATTRACTIVE ASSET FOR NEWARK'S EAST WARD.

Before reading the following resolution Councilman Martinez asked Mr. and Mrs. Cabelo to come up to the podium.

Councilman Martinez read the following resolution:

WHEREAS, the former Christ Episcopal Church at 76 Prospect Street, built in 1849-50 and considered an outstanding example of Gothic brownstone architecture, had been placed on the National Register of Historic Places but had ceased to function as a church in the early 1970's; and

WHEREAS, this venerable building had been abandoned, burned and vandalized until it was barely a shell, and had become a major eyesore and nuisance in the neighborhood, until its potential for rebirth was seen by Anthony Cabelo and his wife, Maria Cavadas Cabelo; and

WHEREAS, Anthony Cabelo, a native of Newark and a lawyer, and Maria Cabelo, a native of Portugal and a mortgage consultant, bought this unwanted derelict in 1978, and in three years completely rebuilt it into a modern and handsome three-story building known as the Chancery Professional Center, which houses the Cabelos' own suite of offices, an eye clinic relocated from downtown Newark, and a unique loft apartment; and

WHEREAS, the Cabelos have carried out this bold project on their own initiative, with much help from family and friends but no government assistance, and have freely invested their concern, their imagination and their funds in the resurrection of this once-doomed landmark, so that it now enhances the community, provides important services, and pays taxes to the City of Newark;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and commend Anthony and Maria Cabelo for saving and rebuilding an abandoned landmark church structure, and turning it into an attractive asset for Newark's East Ward, and does hope their venture will prove a great success and an inspiration to others to save and adapt the many fine old buildings in our city.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Mr. and Mrs. Cabelo in warm appreciation of their creative enrichment of our City's physical and economic fabric.

February 2, 1983

Councilman Martinez presented Mr. and Mrs. Anthony Cabelo with a suitably inscribed resolution on behalf of the Members of the Newark Municipal Council. He mentioned the building was an abandoned church since the Year 1978. Over the years the building was burned, vandalized and almost destroyed. He praised the Cabelo's for their work in the rehabilitation of the structure. He added that the structure was converted into a professional building.

Mr. Cabelo extended his sincere gratitude to the Members of the Council for commending him with the resolution. He said the work that was entered into was one debt that gave them great satisfaction. He mentioned that property could be rehabilitated in the City of Newark if people took the time to revitalize it. He stated that no Federal funds were sought for the work they had done. The Council helped in their endeavor. He mentioned his father-in-law had done the building with his love and great skill of the craft. He said people should apply themselves to do more for the City so that a dream could be achieved of revitalizing the City.

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

BOARD OF ADJUSTMENT - APPEAL.

4-A-1. The City Clerk read IN THE MATTER OF APPLICATION OF CELESTINO GARCIA, APPLICANT AND OWNER, UNDER CONTRACT, FOR VARIANCE TO THE ZONING ORDINANCE OF THE CITY OF NEWARK, TO PERMIT IN A 2ND INDUSTRIAL DISTRICT THE ESTABLISHMENT OF A JUNK YARD FOR THE DISMANTLING, STORAGE AND SALE OF USED AUTO PARTS ON PREMISES 145-161 PENNINGTON STREET.

The Board of Adjustment at its regular meeting November 9, 1982, approved the application by a vote of 7 Ayes and 2 Not Voting.

An appeal in the matter was filed in the Office of the City Clerk on November 10, 1982. The transcript in connection with this matter was received December 27, 1982 and each Member of the Council was furnished with a copy of the transcript.

On December 27, 1982, the City Clerk notified the applicant and the appellant and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting January 5, 1983 at 1:00 P.M., in the Council Chamber, second floor, City Hall, Newark,

On December 30, 1982, the City Clerk notified the applicant and the appellant and objectors that the appeal scheduled for January 5, 1983 at 1:00 P.M., in the Council Chamber, second floor, City Hall, Newark, had been rescheduled to Wednesday, February 2, 1983, at 1:00 P.M., as the minimum 10 day notice required under N.J.S.A. 40:55D-17 was not given, pursuant to a memorandum received from the Law Department.

By direction of the Municipal Council on January 5, 1983, the City Clerk notified the applicant and the appellant and the objectors that the appeal in this matter had been changed to January 19, 1983, at 8:00 P.M., in the Council Chamber, City Hall, Newark.

By direction of the Municipal Council on January 19, 1983, on January 21, 1983, the City Clerk notified the applicant and the appellant and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting February 2, 1983, at 1:00 P.M., in the Council Chamber, second floor, City Hall, Newark.

This is the time and place for the appeal to commence.

February 2, 1983

973

President Grant stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment granting a variance to Celestino Garcia, Applicant and owner, under contract, for variance to the Zoning Ordinance of the City of Newark, to permit in a 2nd industrial district the establishment of a junk yard for the dismantling, storage and sale of used auto parts on premises 145-161 Pennington Street. We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of an appellant or appellants who are not represented by an attorney, that means that they may state the reasons for their objections to the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

Councilman Tucker said the stipulation that the City Clerk read into the record did not include the postponement letter of the (sic) January 19, 1983 (January 18, 1983). The letter of January 7, 1983 that the Council was in receipt of should also be included indicating Mr. Garcia would not be available for the January 19, 1983 meeting. He said there was also another (January 18, 1983) which followed up the letter to the Council from the applicant indicating that if in effect the Council was not in deliberation or in a position to make a determination at that particular time then maybe the applicant would consider the possibility of waiving. He stated that all of that information should be included in the record and not just a portion of it. He stressed the importance of it. This meant the Council made an attempt to call the meeting earlier and at the request of the applicant it was postponed until this date. This should be stipulated into the record. Based on current Land Use Law, if Council did not make a decision on the matter at this time then the variance would automatically be approved.

President Grant directed the City Clerk to include Councilman Tucker's stipulation into the record.

City Clerk D'Ascensio stated that the minutes of the meeting of January 19, 1983 indicated the letter was received and part of the record.

Re: Appeal from Board of Adjustment
145-161 Pennington Street

Dear Mr. D'Ascensio:

Please be advised that I represent Mr. Celestino Garcia the applicant in the above captioned matter.

February 2, 1983

I am informed that the applicant is presently in Florida. He has been notified by certified mail that the hearing is scheduled for February 2, 1983 at 1:00 p.m. and he will be prepared to proceed at that time.

Furthermore, if after hearing testimony the City Counsel wishes to defer their decision, my client will have the 95 day jurisdictional limit until the subsequent meeting.

Thank you for your attention to the above.

Very truly yours,

Re: Appeal from Board of Adjustment
148-161 Pennington Street

Dear Mr. D'Ascensio:

I am writing to request a postponement of the hearing in the above matter which is scheduled for January 19, 1983.

It is our understanding that the applicant is still in Florida; and, therefore, we would respectfully request that the hearing be adjourned to the originally scheduled date of February 2, 1983 at 1:00 p.m.

Further, if after hearing testimony the City Council wishes to defer their decision, my client will waive the 93 day jurisdictional limit until the subsequent meeting of the Council.

This will confirm our recent conversation in which I advised
you to postpone the hearing before the Municipal Council in
the above matter, which had been scheduled for January 5,
1982, as the minimum 10 day notice required under N.J.S.A.

Assistant Corporation Counsel

RLB/bj1

February 2, 1983

976

Councilman Martinez asked Assistant Corporation Counsel Rosalind Bressler to come up to the podium to establish the ground rules.

Assistant Corporation Counsel Bressler said she would address the letter first, a letter from Mr. Donald Karp representing Mr. Garcia which indicated Mr. Garcia requested that the hearing in this matter be postponed until February 2, 1983, and after the hearing if the Council was not ready to make a determination on the matter that Mr. Garcia would waive the 95 day limitation placed on the Council. The 95 day limit within which it must make a decision on the matter. Mrs. Bressler added she read that to mean that after the hearing if no determination was made Mr. Garcia would waive his 95 day limitation so that the Council would be able to render a decision and if not then at the next Council meeting of February 16, 1983.

Councilman Tucker said his only concern was the record of the January 19, 1983 meeting which another representative from the Law Department gave a different opinion than the one previously given. The question was whether or not the applicant would waive.

Assistant Corporation Counsel Bressler said the letter indicated that Mr. Garcia would waive if the decision was not made on February 2, 1983. She said the applicant was present and he may choose to withdraw his decision.

Councilman Martinez wanted Mrs. Bressler to go on further to establish the ground rules for the appeal procedure.

Assistant Corporation Counsel Bressler explained that the parties to the appeal may argue orally, submit oral or written arguments on the matter. The parties to the appeal are the appellants on the one hand whom I believe is Mrs. Ella James. She may argue herself or have a representative, such as a lawyer argue on her behalf. The other party to the appeal is the applicant, Mr. Garcia. He may argue himself or he may have an attorney represent him. She believed there was some discretion within the Council in the event Mr. Garcia was not represented by an attorney. She understood his command of English was not very good. She believed there would be a discretion within the Council to permit another person to argue on his behalf as long as there was one person representing the applicant and one person representing the appellant. The purpose of the hearing at this time was not to hear new testimony. It was not a public hearing. In effect, the Council was sitting here as an appellant court and as an appellant court they were there to listen to one side and the other side and a person representing the applicant may argue on the one hand and a person representing the appellant may argue on the other hand.

President Grant wanted to know what validation was needed for the Governing Body legally that would give them the right to hear an individual who represented themselves as arguing for the applicant in their absence.

Assistant Corporation Counsel Bressler said she didn't believe she said "in their absence," she said the Council may exercise their discretion to hear a person representing the applicant even if the applicant was present.

Councilman Carrino wanted to know if the applicant was present.

President Grant asked if Mr. Celestino Garcia was present. (He ascertained that Mr. Garcia was present)

Councilman Tucker brought the January 5, 1983 minutes of the regular Council meeting to the attention of the Council. He said based on the existing Land Use Law, Mrs. Bressler had indicated that the testimony people put forth to the Council dealing with an appeal that their testimony could only be related directly to the transcripts which were submitted to the Council. He asked the Assistant Corporation Counsel to read the underlined portions of the representation made by Mr. Louis Turco at the January 5th meeting and let him know whether or not the statements made were directly related to the transcript.

Assistant Corporation Counsel Bressler said the underlined portions were a part of a larger paragraph related to the question of whether or not Mr. Garcia would waive the 95 day limit. That whole paragraph and that whole area of conversation on Mr. Turco's part was not part of the transcript because it dealt with a procedural matter before the Council. As far as she saw the procedure could have not been before the Board of Adjustment. Therefore, the entire statement that Mr. Turco dealt with was the procedural question of waiving the 95 day limit and the entire statement of Mr. Turco had nothing to do with what was part of the transcript, but it also had nothing to do with the merit of the appeal. When one talks about the merit of the appeal the reasons to support granting or denying it those reasons could only be reasons which were testified to and stated in the record. The record in that matter consisted of the transcript, the board resolution, photographs which were introduced as evidence, photographs of the area, a block plan and diagram showing the uses of the area within 200 feet.

Councilman Tucker wanted to know if it was possible for the City Clerk to read the underlined portions so everyone could be knowledgeable. He said he appreciated the opinion of Mrs. Bressler but laymen's language speaks for itself. He said that was a copy of the January 5, 1983 meeting. On the third page there were certain portions which were underlined.

President Grant directed the City Clerk to read the underlined portions which Councilman Tucker had requested.

City Clerk D'Ascensio indicated the first sentence which was underlined read as follows: "The second part he wants to state is that he thinks there is an attempt by some people to try to make this a political controversy." The second underlined sentence read as follows: "He thinks this Council should go beyond the point where they look to create controversy. He thinks we have to understand that an appeal of a zoning." City Clerk D'Ascensio said the underlining stopped at that point.

Councilman Tucker said they were the only portions. There were other comments by Council persons. He stated that it was alright with him if the other portions were also read into the record.

President Grant indicated it was time to hear from the appellant and the applicant.

MS. ELLA JAMES, 108 PENNINGTON STREET, NEWARK, NEW JERSEY: (Appellant)
She said she was very sorry that she was back to the Council with the same problem as she was previously. She stated she was before the Council on account of a junk yard which was going to be placed in her neighborhood. At a 1978 meeting legislation was passed that there would be no more junk yards in her neighborhood. She said people made applications for variances but they were denied because of that legislation. The people have come to a point where they feel that the Board of Adjustment did not, at their meeting, grant them the sensitivity of their request. That was why they were there at that time. She mentioned when the people went before the Board of Adjustment there were 19 objectors present and only 3 were allowed to speak. If there was more time the objectors would have come to a better understanding about that question. She felt that now that the Board of Adjustment has granted the zoning variance there was no valid zoning reason given, either to the Board of Adjustment or in the transcript for the change of use of that property.

President Grant interjected by saying that in light of information of statements which were given earlier, sometimes it was difficult to focus in on just what one wants to say. That meant that only information could be heard on what was previously presented to the Board of Adjustment.

Ms. James continued to update on what they have been going through. On the 6th of January the meeting was postponed. They said the time element was wrong. On the 19th of January the objectors were told to appear, it was again postponed. She said the people feel this was a place of politics. She mentioned she had asked for the meeting to be held in the evening so that the objectors could be present. They were not present because of the fact that they were working. She asked the Council to realize they were dealing with human lives. They were not clones. They were dealing with 271 names, which were on a petition and which the Council was in receipt of, out of the 271 names, 115 people were from Pennington Court.

President Grant again stated that Ms. James' remarks had to be in her best interest. He said the Council read the transcript and that they were familiar with it. That particular appeal was to amplify her reasons for objecting to the proposed site. He asked Ms. James to confine her remarks to that. The only information which could be heard was the information which was heard before the Board of Adjustment.

Ms. James went on to say there were 2 junk yards next to her and there were all kinds of promises given to her that they would only be dismantling cars and selling them. They were only there 2 days before they were dismantling and junking cars, selling parts and debris were all over the sidewalk. There were fires in the yard. There was vandalism and people were jumping fences to get into the junk yard to steal. She said the people finally had to go to court to have them removed. She said the same condition was present in both of the lots in question. She said the people were in a 3rd residential section. She wanted to know why that issue was such a "political plum?" Why should people have something they do not want. She said if the transcript was read then it would be noted that Mr. Garcia wanted to dismantle cars, use torches and store junk, which creates rats and filth, oil running all around the streets. She said those people already had experienced that sort of thing, they knew what they were up against. She added that Mr. Turco had brought pictures in of the location but he didn't say he got the building from the City and that he did not erect a fence. He took pictures of lots that were adjoining his 2 lots. The question was a junk yard on his property. She said the people have been trying to get those 2 lots cleaned up. In the meantime, the people were open to all sorts of obscenities. If the fences were put up there would be no junk that Mr. Turco had taken pictures of which he used as evidence. She said the people were asking the Council not to open a "Pandora's Box." Once again she said there was no valid reason for the change of use on that property. She asked the Council to please consider their petition.

Councilman Carrino wanted clarification on whether or not the application was for a 3rd residential district or a 2nd industrial district.

City Clerk D'Ascensio indicated the application read for permission of a 2nd industrial district.

Councilman Carrino wanted to know why testimony was given that Ms. James lived in a 3rd residential district.

Ms. James cited she lived in a 3rd residential district. The district stopped at Hermon Street. Diagonally from her was where the junk yard was.

Councilman Carrino was relieved that there was no conflict.

President Grant stated that the Council should not question either the appellant or the applicant to where they would suggest further leading away from what they were focusing in on.

Councilman Carrino said his only effort was to find out if there was a conflict of the written report and what was previously stated.

Councilman Tucker wanted to know who had made the decision not to allow all of the objectors to speak at the hearing.

Ms. James replied she did not know the name of the person who presided at the hearing. She said he was a young man.

Councilman Tucker declared that in the transcript a reason was not given for not allowing the objectors to speak. He asked Ms. James if she was given a reason.

Ms. James said that the man told her that only 3 people would be allowed to speak on the objection.

Councilman Tucker again asked Ms. James if she was given a reason as to why he had made that decision.

Ms. James replied she did not remember. She hoped that Mr. Garcia would be allowed to state his reasons of intention for the use of that junk yard.

President Grant asked the applicant if he wished to be heard.

MR. CELESTINO GARCIA, 697 McCARTER HIGHWAY, NEWARK, NEW JERSEY: (Applicant)
He asked the Council if Mr. Louis Turco, the property owner, could speak on behalf of his application.

President Grant asked Assistant Corporation Counsel Bressler if she would indicate the validity of that request.

Assistant Corporation Counsel Bressler said in her opinion it was at the discretion of the Council to determine whether or not to grant Mr. Garcia's request.

President Grant said relative to the request of Mr. Garcia he wanted to know if there was a motion and a second for a roll call to grant Mr. Turco to speak on behalf of Mr. Garcia.

Councilman Carrino indicated he would move it.

Councilwoman Villani indicated she would second it.

A motion to allow Mr. Louis Turco to speak on behalf of Mr. Celestino Garcia was made by Councilman Carrino, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Martinez wanted to know if there was any reason why those objectors were not allowed to speak at that hearing. He wanted this clarified.

Assistant Corporation Counsel Bressler believed that it was a rule made by the Board of Adjustment which limits the testimony to 3 objectors. In her opinion that rule was not valid. If people within 200 feet received notice of a meeting then it would be obvious that the intent of the personal notice would be to permit those people an opportunity to come to the Board of Adjustment and state their piece. If someone came down to the meeting pursuant to the notice and denied an opportunity to speak then it would be, in her opinion, a faulty procedure on the Board's part.

Councilman Martinez wanted this opinion related in writing to the Governing Body.

Assistant Corporation Counsel Bressler said she would be glad to do so.

MR. LOUIS M. TURCO, 237 ADAMS STREET, NEWARK, NEW JERSEY: Mr. Turco stated he was the owner of the premises at 145-161 Pennington Street and that he was appearing on behalf of the applicant, Mr. Celestino Garcia. He said this was an appeal to the Governing Body from a unanimous decision made by the Board of Adjustment which allowed the applicant in a 2nd industrial district to dismantle and store used auto parts for his personal use. He added that the Board of Adjustment after an inspection of the premises, after listening to the testimony given, after reviewing the evidence and photographs which were submitted determined by a 7 to 0 vote that "The proposed use would serve to better the neighborhood by reversing the trend of garbage thrown lots." He added that the Board of Adjustment imposed the following conditions: 1) Premises to be kept clean at all times; 2) No dismantled auto parts are to be placed outside the property; 3) Sidewalks are to be kept clear of vehicles; 4) An 8 foot high non see-through fence is to be erected; 5) Hours of operation to be 8:00 A.M. to 5:00 P.M. on Mondays through Fridays and 8:00 A.M. to 12:00 Noon on Saturdays; 6) There is to be no sale of parts to the public. He said that Council affirmation or reversal of the decision made by the Board of Adjustment must be made solely on the information which was presented to the Board, namely, a transcript comprising of 40 pages in length and the various documents and photos which were also submitted. New testimony could not be presented or considered. Therefore, he wanted to highlight some of the testimony which was already presented. He said he has owned the premises in question for several years. Taxes had been unpaid. On December 31, 1980, he said he borrowed the sum of \$52,500. and wrote a check to the City in that amount to bring the taxes current. These documents were introduced as evidence. He added that he hired counsel and a developer to attempt to bring housing to the area. He also engaged an architectural firm who surveyed the property at a cost of \$7,800. He proposed to build a three-story garden apartment at that site. He said an application was then made to the New Jersey Housing Finance Agency for subsidized housing. An inspection of that site resulted in a disapproval by that agency citing that area deteriorated

and unsuitable. He noted on October 23, 1981, he was notified by Mr. Alvin Zach, Director of the Department of Engineering, that the structures across the street from that site in question had been vandalized and required demolition. On October 30, 1981, one week later, he wrote a letter to the City consenting to the demolition and he agreed to pay the City the cost of same. Bids were obtained and a demolition contract was awarded to Urban Demolition Company for \$49,000. He said that 2 years had expired with another 2 years of taxes which were due, thus, it could easily be determined that his desire to bring housing into the area had resulted in a considerable expenditure on his part with no income derived whatsoever. He noted he had proposed a sale of a portion of his property to Mr. Garcia, who has been a businessman in that area for many years. He sought to use that piece to dismantle and store auto parts to be used in conjunction with the G & M Auto Body Shop and Marino Auto Sale, since he owned both companies.

He said Mr. Garcia would clean up that lot and had already expended \$900. in the cleaning up of that lot. He also proposes an 8 foot non see-through fence around it and would further establish an office within it for his use. This usage would not be a detriment to the neighborhood. It would enhance it. He said this was an opinion not only shared by him but by an adjacent property owner, Frank Somodi, whose family had been living there for 39 years. He said Mr. Somodi had appeared before the Board of Adjustment and spoke in favor of the application. He indicated that Mr. Somodi said "I can't see where it would bother the community at all." At the Board of Adjustment hearing, at the close of testimony and after the documents had been inspected and exhibits were submitted, Commissioner Leonardis stated "I saw the photographs which depict the way the property looks right now. It is my honest feeling that no matter what use they put it to it has to be an improvement." Commissioner Stoia stated "Today I rode past that area. It would be my opinion this would enhance the neighborhood." Commissioner Benitez stated "I believe that it is going to be better than it is now." Commissioner Smith stated "I would like to agree with everyone in reference to cleaning up the area. In looking at the pictures, if Mr. Garcia could clean up the area and put a fence up then I am for it." He said a motion for an approval was then made and it was approved unanimously with the 6 conditions previously stated. He asked the Members of the Council to affirm the unanimous decision of the Board of Adjustment. He said this was not a matter to be decided by a show of hands for or against from the audience, that method would reduce the Municipal Council to a role of poll takers and not as the Governing Body of the City seeking to make the right decision. By ordinance of the Municipal Council approved on January 19, 1977, the Board of Adjustment was given the power to grant variances upon an affirmative vote with at least two-thirds of the full authorized membership of that board, which would be 5 members. He said that board voted unanimously on that application. Now there was an appeal for that decision to the Governing Body by an individual, although well meaning, who did not live within the 200 feet of that proposed site and that was why she was in a different residential zone, and was not paid the statutory cost of appeal which heretofore required that all appellants who did not live within the 200 feet, the State Statute governing that appeal was New Jersey Statutes Annotated 40:55D-17, which allowed any interested parties to appeal any final decision of the Board of Adjustment to the Governing Body. He said that case held "Such appeals should be decided by the Governing Body only upon the record established for the Planning Board or the Board of Adjustment."

President Grant cautioned Mr. Turco that any additional information was not being considered. The information which was presented to the Board of Adjustment was the argument that the Governing Body was prepared to hear. He asked Mr. Turco to make his concluding statement.

Assistant Corporation Counsel Bressler stated that a party arguing or a representative could bring in legal argument or references to cases under statutory law. He may not bring in new factual matter but legal arguments are not only permitted but it was one of the purposes for the argument before the Council.

Councilman Rice indicated he was confused with the language. He said he thought he understood Mr. Garcia saying that he wanted Mr. Turco to speak on his behalf. He believed that Mr. Turco was speaking on things that he attempted to do. He wanted it clarified.

President Grant said the transcript should be re-examined. The information given did bear testimony by Mr. Turco relative to the matter.

Councilman Rice said he did not understand the relationship of the conversation. He asked Mr. Turco if he was speaking for himself or for Mr. Garcia.

Mr. Turco replied that he was speaking on behalf of the applicant, Mr. Garcia. The information given to the Board was material for showing the extent that he and others had made in an attempt to bring more suitable use to the area in question.

Councilman Rice noted he did not hear anything in the conversation of what Mr. Garcia wanted to do.

Mr. Turco explained that in order to obtain a variance below before the Board of Adjustment various reasons have to be shown why the variance should be granted. He said they have attempted to show reasons by the testimony which was previously read. Time, effort and money have been spent to bring housing in.

Councilman Rice said he understood. He just wanted to get it clear in his mind.

Mr. Turco continued to cite case citations. He went on to say that such appeals should be decided by the Governing Body only upon the record established for the Planning Board or the Board of Adjustment. He quoted that case as Esham Township Zoning Board of Adjustment vs. Esham Town Council. He added that on an appeal the Appellant Court could modify the decision. He said it upheld the quote in which he just quoted but it stated that the Council did have the authority to base their decision on the record below and also have the authority to reverse or approve as long as the decision was reasonable and not arbitrary. Therefore, the Governing Body did not have to demonstrate a clear abuse of discretion as perhaps he had indicated previously in his presentation. He said he was modifying his presentation to note that accordingly. He apologized to the Governing Body for any misinformation which could have been given. He indicated that he was asking the Council to affirm the decision made by the Board of Adjustment. He brought out the fact that at the hearing no more than 3 speakers approached and asked to be heard. The policy which was not established by his particular case was one where every speaker was redundant and even though every speaker was asked and forewarned not to add.

Councilman Tucker pointed out that Mr. Turco could not speak for the Board of Adjustment.

President Grant told Mr. Turco that he could cite legal cases if he would confine his statements to that area.

Mr. Turco said he wanted to close his presentation by stating that no objector had more concern than himself to preserve and improve the neighborhood. He said he had been active in the public service of the community for over 30 years. He added that no objector had a greater interest than himself in seeing that the restrictions posed by the Board of Adjustment would be adhered to. He is the owner of a much larger tract and if the premises were not kept clean, he would be the first person to object. He assured the Body, not only as a former colleague, but as an interested citizen, that there would never be any cause to regret having affirmed the Board's decision. He thanked the Council for their attention.

Councilman Tucker said it was important to receive legal clarification from the Law Department. He asked Assistant Corporation Counsel Bressler to clarify the Land Use Law. He thought the Board was required to at least state in any variance that they approved that there was a special reason for the granting of the variance. His concern was not the representation made by the appellant or the applicant but based on the transcript and in the resolution from the Board of Adjustment he did not see a special reason. He asked Mrs. Bressler if she identified a special reason that documented that the special reason had been given by the Board of Adjustment.

February 2, 1983

Assistant Corporation Counsel Bressler asserted that nowhere in the transcript did it state that the Board found any particular special reason. However, this was a matter of discretion. She added that it could be argued that the area was so horrendous and deteriorated that the property owner was not able to use the property for the normal permitted uses. If that were the case one might be able to argue that it would constitute a special reason. She said the Council did not have to be bound by whether or not the Board found a special reason. After reviewing the transcript and other items could determine, on their own, that a special reason did exist or that a special reason did not exist. Or the Council could remand it back to the Board of Adjustment for additional testimony on the question whether special reasons exist. Those were the options the Council had.

Councilman Tucker said he was basically dealing with the actions taken by the Board of Adjustment. His concern was that the Board of Adjustment in their resolution and transcript did not give a special reason which was required by law. He stated if the Council wanted to give their special reason then he would be glad to listen. It was important to know that the transcript did not indicate a special reason for granting the variance. He said that should not be something to relate to.

Councilman Martinez mentioned that at the last meeting the residents were present. He said that Ms. James and the other residents indicated they would like to be present at another night meeting. Some people want to vote for it now and get it over with. His feeling was that if the waiver was part of the transcript and it could be conducted at a night meeting then he had no problem with it.

Assistant Corporation Counsel Bressler said she was not sure just what the question was that Councilman Martinez was proposing.

Councilman Martinez stated the residents that were present previously were concerned residents. He noted there was a letter read and Councilman Tucker indicated at that meeting that he thought, in his opinion, that that letter did not waive the 95 days. He told Mrs. Bressler that she said that it did waive the 95 days and after hearing testimony then the waiver could be gone along with.

Assistant Corporation Counsel Bressler stated in her opinion the letter provided that after hearing testimony and the Council did not wish to make a decision and defer it until the next meeting of the Council which would be February 16, 1983, then the applicant, Mr. Garcia, would waive the 95 day time limitation. If there was any question about that matter since Mr. Garcia was present she believed the questions should be presented to him. She said that would be the safest way to deal with it. If the 95 day limit was not waived then the Council must make the decision or the decision of the Board of Adjustment would stand.

Councilman Tucker said the applicant was present.

Councilman Carrino questioned Mrs. Bressler about the testimony of the transcript. He said if that was the only thing that could be heard and the only people who could speak were the applicant and the appellant then what was the need for two more weeks. What new evidence could be brought up.

Assistant Corporation Counsel Bressler said the purpose of deferring it would not be to continue the hearing because at the moment the hearing was complete. She believed a motion would be in order to close the hearing. The purpose of deferring the decision would be to give the individual Members of the Council additional time to again review the record to consider the arguments and presentations of the parties.

Councilman Carrino questioned if it was deferred until two weeks and the objectors came by busloads then no one could be heard and nothing new could be brought up. He asked if he were correct.

Assistant Corporation Counsel Bressler replied in the affirmative.

Councilman Martinez stated this was a community thing. There were two sides of the community arguing. He said he had his opinion which was based on the transcript. He did not want the Council Members to be put into a position of a political argument. He wanted another opinion in which he could give to the objectors. He asked Mrs. Bressler if everyone abstained in the voting of this what would happen then.

Assistant Corporation Counsel Bressler said if all of the Members of the Council abstained from voting on the matter then the decision of the Board of Adjustment granting the variance would stand. The Council could take action only by a majority of the total number of their members. The Council could act by affirming, reversing, remanding or modifying.

Councilman Martinez said he was going to ask an unusual request by asking Ms. James to come up to the podium by asking her that if in 2 weeks would that be enough time to resolve the matter, whether it be by a mutual agreement. He wanted to know if she were prepared for the decision at that time or if she wanted to come back in 2 weeks. But she would have to recognize the fact that not one individual would be allowed to testify. He explained to her that the Council could go 2 things, they could vote either up or down, they could abstain which would be a direct result of affirming the Board's decision or the hearing could be closed and deferred until 2 weeks. That meant it would come on the Council agenda as it did previous times but no one would be able to speak. It would strictly be a vote.

Ms. James felt it was being made into a political football. She said Mr. Garcia still has not been able to tell anyone what he intended to use the yard for. When he was at the Board of Adjustment hearing he had told them what his intended use was that was why we decided we did not want it to be there. She told the Council that they would not put a junk yard in their neighborhood. She expected the Council to be human because the people were the core of the Council. The people down there have built up that neighborhood and it is supposed to be by the people. The people down there have paid their taxes and they are respectable citizens. She wanted to know why the Council couldn't be for the people.

Councilman Carrino asked Mrs. Bressler if there was anything that Mr. Turco said as far as the use was concerned different than the transcript that Mr. Garcia said he was going to use it for.

Assistant Corporation Counsel Bressler explained that the application stated it was for the establishment of a junk yard for the dismantling, storage and sale of used auto parts. As the hearing progressed, Mr. Garcia testified that he was not going to selling the parts to the public and that he would only be selling them for other aspects to his business. She said that was added as a condition of the Board of Adjustment when they granted the variance. One of the conditions was that there would be no sale of parts to the public. She indicated that testimony before the Board of Adjustment stated that there would be dismantling of auto wrecks and then be stored on racks. There were additional conditions which were established by the Board of Adjustment as to the hours of operation, the fact that the fence would be a non see-through fence surrounding the property, sidewalks were to be kept clear of vehicles and that the premises were to be kept clean at all times.

Councilman Carrino said his main concern was that one of the conditions was that there would be no public sale of auto parts. Correct? He added what Mr. Turco had stated was true as far as that was concerned.

Assistant Corporation Counsel Bressler stressed that now it was before the Council the conditions that the Board placed had no meaning. It depended on what conditions the Council placed if the variance was granted. She told Councilman Carrino he was correct by saying that the testimony before the Board there was representation by either Mr. Garcia or Mr. Turco, who was also a witness, representation that there would not be selling to the public. This would be a reasonable condition for the Council.

Councilman Carrino said it was his belief that if it was voted on in the affirmative then the conditions would have to be respecified.

February 2, 1983

Assistant Corporation Counsel Bressler told Councilman Carrino he was correct. They may add additional conditions or they may choose to enclose only some of the conditions.

Mr. Turco felt that since the testimony had already been concluded he took it that the remarks made by Ms. James were not evidential or in the record. He said she was given leeway in terms of what to say.

President Grant indicated Ms. James had responded to questions proposed by Councilman Martinez which had no bearing.

Mr. Turco stated he was the proprietor of Miceli Auto Body on Malvern Street in Newark. This was in a 2nd residential area. He added that part of the auto body business was to dismantle cars and store parts for future use. The work that was done was done in an open yard. He said there had never been one objection concerning the operation of that type of business. He said it was a clean operation. He was asking the Governing Body to stand up and be counted, either for or against. If the Body wanted to knock it down then knock it down. He said it was wrong to create a packed audience who would yell and scream when the Body could not even listen to them. That would be a disservice. He did not think it would be fair to adjourn it for another 2 weeks when this had been around since November. He wanted the Council to vote either yes or no.

President Grant told Mr. Turco that any group of people had the right to present their petitions to the Council. He said he respected persons who submitted petitions. He said he was governed by his own conscience.

Councilman Rice said he did not need to look at petitions. He has observed the area, he worked in that area as a police officer for 6 years. He disagreed with Mr. Turco. He said everytime the Council allowed people to sell them the argument that they were doing something good they get sucked in. A junk yard is no good for the future of the people. He told Mr. Turco to put the junk yard on Avenue L.

President Grant asked Councilman Rice if that was a question or a statement.

Councilman Rice replied it was a statement.

A motion to close the hearing and defer action on this matter until February 16, 1983 was made by President Grant, seconded by Councilman James.

Councilman Tucker thought it was important for the applicant to indicate whether or not he was waiving. If he was not waiving then a deferral in effect was an approval.

President Grant said the letter did include a waiver statement.

Assistant Corporation Counsel Bressler stated the letter did include a waiver statement. However, since there was some question about it she suggested to ask Mr. Garcia whether he was continuing the waiver or whether he was withdrawing.

President Grant asked Mr. Garcia to come up to the microphone.

Councilman Tucker only wanted to reaffirm the legal opinion made by Mrs. Bressler. He asked Mr. Garcia if he was requesting a waiver for the 95 day approval that was embodied with the New Jersey State Statute.

Mr. Garcia indicated that if no more testimony could be heard then yes.

President Grant noted to let the record show that Mr. Garcia waives.

The motion was declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant told Mr. Garcia that in two weeks there would be a final decision by the Governing Body.

February 2, 1983

A motion to consider Resolution 7-R-i at this time was made by Councilwoman Villani, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Tucker asked President Grant if he would direct the Corporation Counsel to give the Members of the Council a legal opinion on two items: 1) The action taken on behalf of the Board of Adjustment on preventing people from speaking and would it in effect prevent the application in any way from violating the process of the statute and 2) To do a legal analysis of the transcript and the resolutions to pinpoint whether or not, in writing, that the Board of Adjustment gave a special reason for granting the variance. He wanted that information prior to the next Council meeting.

President Grant asked Mrs. Bressler to address herself to that in writing and make it available to the Council.

7-R-i.

RESOLUTION RECOGNIZING AND COMMENDING DR. CHRISTINE E. HAYCOCK, DISTINGUISHED NEWARK SURGEON, FOR HER CONTRIBUTIONS TO HEALTH CARE IN NEWARK AND TO THE ADVANCEMENT OF WOMEN IN THE MEDICAL PROFESSION.

Councilwoman Villani read the following resolution:

WHEREAS, Doctor Christine E. Haycock, M.D., first came to Newark in 1954, established a private surgical practice here in 1959, and joined the faculty of the University of Medicine and Dentistry of New Jersey in 1968, and has won widespread respect and acclaim as a pioneer for women seeking their rightful place in the world of medicine; and

WHEREAS, Doctor Haycock in 1952 became the first woman intern in the United States Army, and presently holds the rank of colonel in the Army Medical Corps Reserve, and she has received the Army's highest award for professional excellence, and she has served also as director of emergency services at Martland Medical Center in Newark; and

WHEREAS, Doctor Haycock is immediate past president of the American Women's Medical Association and received its "Woman of the Year" award in New Jersey, and she is a leading authority on trauma and sports medicine and has written three books, lectured throughout the country on fitness for female athletes, and has arranged local radio programs on health care; and

WHEREAS, Doctor Haycock is a longtime resident of Newark, the wife of the renowned author, Sam Moskowitz, and an active participant in numerous professional and civic groups, and has avidly pursued a variety of interests, including sports, photography, amateur radio, and the training of show dogs;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and commend Dr. Christine E. Haycock, distinguished Newark surgeon, for her contributions to health care in Newark and to the advancement of women in the medical profession, and does wish her many more years of productive practice in the healing arts and in education.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Doctor Haycock in warm appreciation of the distinction she has brought to women in medicine, and to the City of Newark.

February 2, 1983

Councilwoman Villani said there was a woman present there who was a Newark surgeon and who had been a pioneer in the field of medicine. She mentioned that Dr. Christine Haycock had graduated from medical school in 1952 when women physicians were very rare.

Dr. Haycock thanked the Members of the Council. She apologized for being late. She said she enjoyed listening to the Members of the Council and found it very interesting and an exercise in democracy.

President Grant told Dr. Haycock what she had witnessed was when the atrial ventricular orifice contracts and forces the blood to the bicuspid valve.

A motion to adopt the resolution was made by Councilwoman Villani, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

4-A-2.

The City Clerk read IN THE MATTER OF APPLICATION OF RENE HERNANDEZ, APPLICANT (DIAGO PILAR SANCHEZ, OWNER); TO PERMIT IN A 2ND BUSINESS DISTRICT THE MANUFACTURING OF CLOTHING ON PREMISES 132-138 PULASKI STREET (384-386 CHESTNUT STREET).

The Board of Adjustment at its regular meeting November 30, 1982, approved the application by a vote of 6 Ayes, 1 No and 2 Not Voting.

An appeal in the matter was filed in the Office of the City Clerk on December 13, 1982. The transcript in connection with this matter was received January 13, 1983 and each Member of the Council was furnished with a copy of the transcript.

On January 17, 1983, the City Clerk notified the applicant and the appellant and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting February 2, 1983, at 1:00 P.M., in the Council Chamber, second floor, City Hall, Newark.

This is the time and the place for the appeal to commence.

President Grant stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment granting a variance to Rene Hernandez, Applicant (Diago Pilar Sanchez; owner), to permit in a 2nd Business District the manufacturing of clothing on premises 132-138 Pulaski Street (384-386 Chestnut Street). We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of an appellant or appellants who are not represented by an attorney, that means that they may state the reasons for their objections to the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

MS. MARGARET PADOVANO, WHIPPEL, ROSS AND HIRSCH, ATTORNEYS AT LAW, REPRESENTING MS. FRANCES CICALSE, stated that this was an appeal from the granting of a variance at 132-138 Pulaski Street (384-386 Chestnut Street) which was zoned in a second business district. She said the applicant had asked for the variance to permit the premises to be converted to a manufacturing use to be utilized by some 16 sewing machines, and the purpose of it would be to manufacture women's clothes. She told the Council she was representing Ms. Frances Cicalse, who was one of the residents of the area pursuant to the 200 foot notice. She stated that Ms. Cicalse had appeared at the hearing and entered her objection on record of that matter. She said the basis for the appeal of the decision was that the Board of Adjustment acted in excess of their power. She indicated the Board voted for the use by finding that the special reason was that it would be a use which created jobs in the City of Newark. She said that if that was the basis for the Board's findings then she believed that legally and factually they made a mistake. Factually because the applicant said that she would be bringing in 15 or 16 women to work with her from a similar type of operation on Frelinghuysen Avenue. That would mean that would not be a creation of new jobs. These people would be displaced from one place to another. Legally speaking, they would be exceeding their authority because the creation of jobs would not be an authorized special use. She said

the applicant had the burden of persuading the Board of Adjustment that the Zoning Ordinance should be waived in that particular incidence for a special reason, a reason which would enhance the value of that neighborhood. She said there was absolutely no showing of a special use. There wasn't any finding of a special use and there wasn't a discussion of a special use. She said they went back and forth on the record about parking, which the Members of the Board of Adjustment had addressed that in their decision by stating the variance had been granted but the trucks were not to go on that property. The trucks were to do their delivering and picking up from a point outside the driveway or the courtyard area. She said that was a mistaken exercise. It compounded the problem by congesting the area. It was a bus route, two days of the week there was prohibition of parking cars on alternate sides of the streets, it was an area that already had a problem of double parking and the Board of Adjustment's decision would make that even worse. She added that that was an area that had residences, a few stores and that was it. There were no other manufacturing uses in that immediate vicinity. It was an area that was heavily trafficked and heavily populated. That was a use that would fly in the face of the character of that neighborhood. She cited some examples from the record. She said minimally 16 people would be employed to run that manufacturing business. That would mean a problem of finding places to park. She stated that these people would have to fend for themselves when it came to finding places to park. Additionally, she went on to say that in the summertime these people would be spilling out onto the street having their lunch and generally changing the character of that neighborhood. That was what the local residents were very much afraid of and it was what they strongly object to. She indicated that not only was it a bad use but the Board of Adjustment had acted illegally by failing to lay a proper foundation for their decision. They were required by every case, she said she could cite many, of the Appellant Division and the Law Division of the Superior Court that had been called upon to interpret the statute, they had required that special uses be laid forth in the decisions and that those special uses be based on something that was either inherently good for the neighborhood or something that was particularly suited to the character of the neighborhood. Neither verdict was met by the applicant in that situation. She added that the cases all said that there must be a finding of fact by the Board of Adjustment which would give credence to their decision to grant the variance. She called attention to the last page in the transcript wherein their decision was memorialized and they said that the Board had made the following factual findings: the lot was located on the southeast corner of Pulaski Street and Chestnut Street. That was not a factual finding. It was approximately 50x100 in size and on a 4 story and 1 story attached building. The area within a 200 foot radius was composed of dwellings, stores and few commercial uses. She stated there was not one factual finding made either on the record or in their fact findings that gave any support or credence or basis for the granting of the variance. She said they completely ignored the mandate, not only of the local ordinance, but of N.J.S.A. 55D, Section 70D, which enumerated the powers of the Board. The Board by statute and ordinance was limited and their sole function when talking about a special use was to decide whether the statutory criteria had been satisfied. She explained that the statutory criteria are as follows: 1) special use; 2) negative criteria. She said the Board had not established special use and they have failed to overcome the negative impact of the parking problem, the noise, potential electrical interference caused by addition of machines and all of the other objections which were brought up by the objectors. She added that the negative criteria would be that there would be no adverse impact on the community or no warping of the municipal zoning plan to an inferior degree. She believed that it would be totally out of character in that area. It would create a use that would cause a great detriment to the residents.

President Grant asked the applicant to approach the podium.

MRS. CELESTINA HERNANDEZ, 399 CHESTNUT STREET, NEWARK, NEW JERSEY (Wife of the applicant, Mr. Rene Hernandez) She asked the Council if they had any questions for her.

President Grant explained that there would be no questions and answers. He said that was only an argument which presented the basic information that was presented to the Board of Adjustment.

Mrs. Hernandez indicated she had told the Board of Adjustment she wanted to put in a small factory in which she would manufacture children's and women's clothes. She said she explained the way in which she wanted to work it.

February 2, 1983

President Grant asked Mrs. Hernandez if she was speaking on behalf of Mr. Rene Hernandez.

Mrs. Hernandez noted that Mr. Hernandez did not speak English.

President Grant told her she could continue.

Mrs. Hernandez said there would be a maximum of 15 machines. She did not think that she would go beyond that. She explained she wanted to enter the building through the side with the trucks. She said people were complaining about noise. She said it would be impossible to hear any noise because it was a brick building with regular entrances and exits. She told the Council she would be using her own power and her own gas. She did not think that would interfere in any way with the surrounding televisions and radios. She stated she had a machine in her basement which she used and it did not make any noise whatsoever. She said she did not understand the complaint the people had. She explained that her husband was only trying to make a business.

President Grant asked Assistant Corporation Counsel Bressler if only the applicant could speak.

Mrs. Bressler replied that under the Land Use Law it said that the parties could present argument. The parties consist of the applicant and the appellant. She added that if there were two appellants then it would permit the both of them. She noted there were two persons in that appeal, which was indicated on the application to the Board of Adjustment.

MR. DIAGO SANCHEZ, 382 CHESTNUT STREET, NEWARK, NEW JERSEY (owner of premises)
He indicated he wanted to rent the premises to the Hernandez's so that they could put a small factory in there. He told the Council that Mrs. Hernandez never mentioned to him that she was going to bring anyone to work there from where she used to work.

President Grant pointed out that Mr. Sanchez could only present information which was presented to the Board of Adjustment.

Mr. Sanchez said he had an empty lot which was next to the property and Mrs. Hernandez could use that to come in and out. He mentioned that Ms. Cicalese had three businesses located on the same block.

Councilman Carrino declared that Ms. Cicalese was not asking for the variance.

President Grant asked Mr. Sanchez if that information had been contained in the argument presented to the Board of Adjustment.

Mr. Sanchez replied in the affirmative.

President Grant indicated he did not recall reading any of that information in the Board's transcript. He suggested that Mr. Sanchez focus in on the argument and stick to the point.

Mr. Sanchez asked the Members of the Council to make the decision at that time.

Councilman Martinez stated that was an appeal from the decision of the Board of Adjustment on November 30, 1982, which granted a variance to permit the manufacturing of clothing in a one-story building which was located at 132-138 Pulaski Street, a corner lot which was also known as 384-386 Chestnut Street, which was in a second business district. He said that the building was attached to a 4 story multi-family structure which was located on a lot approximately 50' by 100'. The block diagram indicated that the area within a 200' radius was composed of dwellings, stores, manufacturing, welding and warehouse uses. In the past, the building had been used by a lumber company. He went on to say that the applicant proposed to use the one-story building for the sewing of clothing. He said she wanted to install approximately 13 sewing machines and anticipated employing up to 16 persons. No construction work would be performed on the outside of the structure. Improvements were planned for the interior.

February 2, 1983

He said the applicant indicated that her employees would be mostly neighborhood residents whom she had known from her present employment as a floorlady in the same type of business. He said the establishment of a shop for the sewing of clothes would not be detrimental to the public good and would not impair the intent and purpose of the zone plan. The proposed use was not a noxious use which would cause odors, pollution, or noise; it was a use consistent with neighboring uses. He stated that although there was testimony regarding possible parking problems, the increased need for parking spaces did not appear to be greater than if the premises were used for many of the uses permitted in a 2nd Business District. He said the concern of the objectors that vans or trucks delivering and calling for the merchandise would endanger the safety of children walking down the long alleyway leading to the building, while a legitimate concern could be dealt with as the Board did, by imposing conditions.

The following are the list of conditions set forth by Councilman Martinez in which he recited to be adopted by the Council as their findings of facts and that the decision of the Board of Adjustment granting the variance be affirmed for the following reasons:

1. Ingress and egress must be provided for vehicles delivering and calling for merchandise so as to insure that vehicles do not transverse the alleyway.
2. The variance is limited solely to sewing of clothes so that other operations involved in the manufacturing of clothing, such as cutting and dying are not permitted.
3. Sewing of furs and skins not permitted.
4. The variance is granted for a period of only 5 years from this day, so that the impact of the operation on the area can be re-evaluated.

He said if those conditions were not adhered to, steps would be taken through the City's Zoning Enforcement procedures to secure immediate compliance. An operation that did not comply with the conditions set forth would not be permitted to continue.

A motion to close the hearing and approve the Board of Adjustment Application with modifications in conditions imposed was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, President Grant.

Not Voting: Councilwoman Villani.

(Ordinance tabled September 1, 1982)

(Ordinance removed from the table October 26, 1982)

(Public Hearing Closed)

A motion to adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Martinez, Payne, Tucker, Villani, President Grant.

No: Councilman James.

Not Voting: Councilmen Branch, Carrino, Rice.

President Grant: The yeses are five, the noes are one and three not voting.

This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

S & F-i.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. It is now before you on second reading and final passage:

AN ORDINANCE AMENDING TITLE 11A, CHAPTER 1, SECTION 10, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, SO AS TO PROHIBIT THE SELLING AS WELL AS USE OF PORTABLE LIQUID FUEL BURNING APPLIANCES FOR COOKING AND HEATING PURPOSES.

(Copy of ordinance and correspondence submitted to each Member of the Council)

(Public Hearing Closed)

A motion to adopt the ordinance on second reading and final passage was made by Councilman Rice, seconded by Councilman Martinez.

Councilman James said he felt that this measure would create a hardship to the City's business community, noting neighboring towns have no such law. He stated the Newark residents would go to other towns to buy the kerosene heaters.

Councilman Rice noted when the previous Council had passed the banning ordinance they did not take any action against the usage of them.

Councilman James mentioned the existing law was unenforceable and he could not see how the proposed law would be easier to enforce.

Councilman Tucker indicated the proposed law pertained to unventilated kerosene heaters, maintaining that the large majority of homes in Newark have chimneys allowing toxic vapors to escape.

The motion failed of adoption by the following votes:

Yes: Councilmen Martinez, Rice, Tucker.

No: Councilman James.

Not Voting: Councilmen Branch, Carrino, Payne, Villani, President Grant.

HEARINGS OF CITIZENS.

6-HC-a. MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to kerosene stoves, the problems in Newark and Reaganomics.

6-HC-b. MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, asked the Council if they had received a legal opinion from the Corporation Counsel's Office concerning exempt agencies or persons from the Rent Control Board.

He stated that those people working for City Government were really doing the citizens a disservice .

He further added that Coalition Six went on record for the Ironbound Community to enlighten the citizens of Newark for the toxic facility that was being proposed. He said the effect that the facility might have on peoples lives, especially childrens lives, was detrimental to their health. He noted that it did not only affect the people in the area but everyone that breathes the air.

He expressed his support to the Roseville Coalition on the moving of the North Police Precinct. He felt that the precinct should remain where it was.

Councilman Payne mentioned that he had requested that subject to be addressed at either a special meeting or special conference to have the ruling interpreted. He asked the representative from the Law Department, Assistant Corporation Counsel Michael Dougherty, to respond.

Assistant Corporation Counsel Dougherty said it was his understanding that the ordinance in question exempts public housing from the Rent Control provision. He mentioned that a formal written opinion had not been prepared. He said public housing included the properties which were obtained by the City of Newark by way of foreclosure, which he understood was the basis of the objection. It seemed clear by the face of the ordinance that public housing was exempted and that the properties which were foreclosed upon and taken over by the City were in fact exempted.

Mr. Hurtz requested a written opinion on that because that was going to be challenged by the Coalition Six. He mentioned he had lawyers go over that and they disagreed with it.

Councilman Payne told Mr. Hurtz that that was something that had to be addressed to the Law Department. He said he was satisfied with the answer given.

Mr. Hurtz stated that the last time he was present he was informed the Law Department could not give a legal opinion to a private citizen. He wanted to know if that was correct.

Assistant Corporation Counsel Dougherty said it was his understanding that it was a longstanding policy with the Law Department to work directly with the Governing Body and Administration. As far as he was aware, under no circumstances, did they prepare opinions or advice to members of the public.

Councilman Carrino told Mr. Hurtz that he was asking the Council to give him something that could be used against the City in a court case. He said if the Coalition Six people felt that the City was not doing something correct then they should go right to court and do not ask the City's Law Department to give any written opinions. He said if something was being violated then the taxpayers money would have to be given back to people.

Mr. Hurtz said a legal opinion did not make the City liable in any way.

Councilman Rice mentioned there was an area of law known as conflict of interest. He said it wasn't so much the opinion itself. He noted that once a legal opinion was rendered and there was litigation on the matter it created a conflict one could not defend. He added that a matter of record could be obtained without any problem.

Councilman James said if that question was posed to the Law Department, they would answer. He said that response would either be legal or a policy procedure. He said if they were to ask anyone from Administration they would respond in writing. He said he would solve the problem, he would ask the Law Department. He noted he would get the answer in writing.

Mr. Hurtz wanted to know when he could have that opinion.

Councilman James said he would put the answer in Mr. Hurtz' hand.

A motion to permit Dorteia Volz, Bob Cartwright, Madelyn Hoffman, June Kruszewski, Glen Haydel, July Miller, Jack Medkiff and Jeanette Seabrooks to be heard under "Hearings of Citizens" was made by Councilman Martinez, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-c.
6-HC-d.

MS. DORTHEA VOLZ, 8 ROME STREET, NEWARK, NEW JERSEY:
MR. BOB CARTWRIGHT, 137 FLEMING AVENUE, NEWARK, NEW JERSEY:

The above speakers spoke in opposition to McKesson Environmental Service.

Ms. Volz said this was a dangerous company which was killing Newark residents little by little. She said the Ironbound Area should be called "Disaster Alley". She said the residents needed help in making the City a place everyone could be proud of. She indicated that McKesson should not be able to build their plant at all.

Mr. Cartwright mentioned the plant had been in operation for 20 months without a permit from the D.E.P. He said that McKesson did not want to pay their taxes and they did not care about the law. He stated that after the facility exploded the D.E.P. closed it down. Now McKesson wanted to rebuild. He said the residents of the area were opposed to the toxic chemicals and wanted the D.E.P. to follow the S-1300 Bill. He also wanted the facility to be evaluated by the D.E.P.

Councilman James said if they banned any further expansion then no one would have to worry.

Councilman Martinez mentioned that another company had applied for a permit for hazardous waste. He noted that a public hearing had been arranged to be held in the Council Chamber on March 14. He asked Mr. Cartwright to be there because he would rely on his testimony.

Councilman Payne said he thought there was a need for special legislation on toxic waste. The problem had to be studied and evaluated and a plan for the future should be thought about.

Mr. Cartwright believed that the law that controlled it right now was supposed to do that. S-1300 was passed to protect people and establish a rational basis for citing those types of facilities.

Councilman Martinez mentioned that Senator Caufield was working on legislation that would bring recommendation to the Council on the ordinance level. He told Mr. Cartwright that Senator Caufield would keep in touch with the Council in reference to that.

February 2, 1983

President Grant indicated that he requested Police Director Hubert Williams to come over relative to a memorandum which was sent to the Council.

He stated that Council would discuss it at a special conference.

Police Director Williams replied that it had nothing to do with the Police Department. It did not come from his office and it was not official, it was not sent by him. He said it was the first time he had seen it.

President Grant said it would be discussed at another time.

Councilman Tucker wanted to know if the Task Force between the City and the County in dealing with drug was still functioning.

Police Director Williams told Councilman Tucker that there was a Drug Task Force between the Department and the Federal Government. He said there was close liaison between the Department and the Sheriff's Department that handled drug enforcement responsibilities in the auspices of the County Prosecutor's Office. He said he did not have the personnel to dedicate to the County for that purpose. He mentioned there was an individual Narcotics Squad and the Task Force with the Federal Government. He indicated they have been working with various ministers and block groups who were willing to support the Police Department with respect to apprehension of people committing drug offenses.

Councilman Payne mentioned several months ago he was appointed as a liaison to the Police Department. He said he would like to discuss overall police matters with the Director in the near future.

6-HC-e.

MS. JUNE KRUSZEWSKI, 27 SCHALK STREET, NEWARK, NEW JERSEY, spoke in opposition of the raise Dr. Columbus Salley received. She said this was an abuse of tax dollars. She also spoke in opposition to the 15 board member raises.

She mentioned that she was in opposition to the closing of the North Police Precinct.

6-HC-f.

MR. GLEN HAYDEL, 205 ROSEVILLE AVENUE, NEWARK, NEW JERSEY:

6-HC-g.

MS. JUDY MILLER, 62 SOUTH 10TH STREET, NEWARK, NEW JERSEY:

6-HC-h.

MR. JACK MEDKIFF, 48 NORTH 7TH STREET, NEWARK, NEW JERSEY:

6-HC-i.

MS. JEANETTE SEABROOKS, 62 SOUTH 10TH STREET, NEWARK, NEW JERSEY:

The above speakers addressed the Municipal Council with respect to their opposition to the closing of the North Police Precinct.

President Grant informed the objectors that the precinct would not be moved or closed.

Councilman Carrino said Mayor Gibson had informed the Governing Body of his plans to maintain a police presence in the building, promising he would act on recommendations of a Task Force led by Police Director Williams and Business Administrator Hill.

Councilman Tucker said the Mayor was the only one who could make a decision on whether or not to close the precinct down.

Councilman Carrino said that Councilman Rice should be commended. He noted that as of December the building was going to be shut down. He indicated that Councilman Rice had done a great deal to keep it open.

Councilman Rice told the objectors that the building would have been eventually demolished. He said he would continue to keep fighting for the precinct.

7-M-b.

A MOTION OPPOSING THE PLACEMENT OF VIDEO SLOT MACHINE-TYPE GAMES THROUGHOUT THE STATE OF NEW JERSEY AS HAS BEEN PROPOSED BY THE NEW JERSEY LOTTERY COMMISSION, was made by Councilman Carrino, seconded by Councilman Payne.

Councilman Payne mentioned that a letter was sent to Senator Wynona Lipman asking her not to vote on legislation which her committee was going to be asked to sign. He felt that lotteries were bad for poor people, it puts them in a position to spend dollars they do not have.

Councilman Carrino felt that the machines were going to be placed in the bars in the City. He said that would mean that the poor people in urban areas around the State would also be subject to spending money.

Councilman Martinez agreed with his colleagues. He noted if they were placed in Newark International Airport then more people would use the airport. It would anticipate a larger revenue.

Councilman Payne said Newark suffers from gambling revenue. He said the money did not go back into the City.

Councilman Carrino stated that was why he felt the motion should be passed. So that Trenton would know that the City Council might be considering special legislation for the lottery to go somewhere specifically. He indicated that the policy of the Lottery Commission was to place machines in bars in all areas of the State.

Councilman Martinez asked Councilman Carrino if he would consider changing the motion around to invite the Lottery Commission rather than rejecting it totally.

Councilman Carrino replied in the negative. He wanted the Lottery Commission to contact the City Council.

Councilman Tucker noted if it was legalized then maybe some of the money would come into the City of Newark.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Payne, Rice, Tucker, Villani.

No: Councilman Martinez.

Not Voting: Councilman James, President Grant.

Resolution for payment of Disallowed Costs under various Housing and Urban Development Contracts.

City Clerk D'Ascensio citing the Administrative Code of the City, stated, "In accordance with Rule XI, of Title 2, 'A majority of the whole number of Members of the Council shall constitute a quorum. Should no quorum attend within 30 minutes after the hour appointed for the meeting of the Council, the President, or in his absence the Clerk or his designee, may thereupon adjourn the meeting until the next day, unless by unanimous agreement, those Members present select another hour or day'".

President Grant stated this meeting is adjourned until Tuesday, February 15, 1983, at 10:00 A.M.

This meeting adjourned at 4:05 P.M.

A recessed meeting of a special meeting of February 8, 1983, of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 3:00 P.M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, James, Rice, Villani, President Grant.

(Councilmen Martinez, Payne and Tucker arrived 3:02 P.M.)

City Clerk D'Ascensio read letter dated January 4, 1983, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council for Tuesday, February 8, 1983, at 10:30 A.M., or as soon thereafter as Council can convene to consider the following legislation:

Temporary emergency resolution appropriating \$317,202.28, Mandatory Items, Deferred Charges, for repayment of Disallowed Costs; funds shall be provided in 1983 City of Newark Budget.

Resolution for payment of Disallowed Costs under various Housing and Urban Development Contracts.

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 1, 1982 the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on February 4, 1983, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

RESOLUTIONS.

TEMPORARY EMERGENCY RESOLUTION APPROPRIATING \$317,202.28, MANDATORY ITEMS, DEFERRED CHARGES, FOR REPAYMENT OF DISALLOWED COSTS; FUNDS SHALL BE PROVIDED IN 1983 CITY OF NEWARK BUDGET.

President Grant mentioned that the Council, in the last couple of years, had been apprised as to the seriousness of this matter. He stated that HUD would look favorably upon reducing the amount further if the City could substantiate areas of audit exceptions. He indicated he was prepared to move that piece of legislation.

Councilman James explained that the Council had been very diligent in exploring viable alternatives as opposed to the usage of municipal dollars. He said Administration should be reminded that the expenditure of Federal dollars should be done according to established guidelines. When there were questionable expenditures of money they should be researched with the City's Fiscal Officer. He stated he supported the legislation.

Councilman Branch said he supported what his colleagues had stated. He mentioned his concerns were ways of looking at alternatives from preventing the Council from going through it again.

Councilman Martinez said he also concurred with his colleagues. He felt the rules and guidelines should be strengthened. He added that the Government should take a hard look at some of the programs and agencies to make sure that does not happen again. He commended the members of the team that did the negotiations with HUD and the Federal Government because the dollar figure that would have been returned was \$8,000,000. He indicated that he also supported the legislation.

February 15, 1983

February 15, 1983

City Clerk D'Ascensio brought out the fact that the resolution was tabled at the February 2, 1983 meeting.

Councilman Payne noted he concurred with the thoughts that were previously recorded. He felt it was unfair that the Federal Government was being penalized for something which they had no control over. He stated the money could have been used for essential services in the Year 1983. He said he also supported the legislation.

Councilman Martinez indicated he had a conversation with Councilman Carrino on the telephone and he had indicated it would be alright to remove the resolution from the table. He said that he would second it.

President Grant reminded the Members of the Council that it was the history of the Council to respect the wishes of the maker and seconder of a motion to table. He stated he would accept what Councilman Martinez just told him and that a roll call would be in order to remove the resolution from the table.

A motion to remove TEMPORARY EMERGENCY RESOLUTION APPROPRIATING \$317,202.28, MANDATORY ITEMS, DEFERRED CHARGES, FOR REPAYMENT OF DISALLOWED COSTS; FUNDS SHALL BE PROVIDED IN 1983 CITY OF NEWARK BUDGET from the table was made by Councilman Martinez, seconded by Councilman James and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

BOARD OF ADJUSTMENT - APPEAL

4-A 1.

The City Clerk read APPLICATION OF CELESTINO GARCIA, APPLICANT AND OWNER, UNDER CONTRACT, FOR VARIANCE TO THE ZONING ORDINANCE OF THE CITY OF NEWARK, TO PERMIT IN A 2ND INDUSTRIAL DISTRICT THE ESTABLISHMENT OF A JUNK YARD FOR THE DISMANTLING, STORAGE AND SALE OF USED AUTO PARTS ON PREMISES 145-161 PENNINGTON STREET.

(Mrs. Ella James, Appellant)

(Board of Adjustment hearing held November 9, 1982)

(Appeal filed November 10, 1982)

(Transcript filed December 10, 1982)

(Public Hearing closed)

City Clerk D'Ascensio stated this is the continuation of the appeal filed on November 10, 1982, by Ms. Ella James from the granting of a variance by the Board of Adjustment on November 9, 1982 to permit in a 2nd Industrial District the establishment of a junk yard for the dismantling, storage and sale of used auto parts on premises 145-161 Pennington Street. The Public Hearing on this matter was held at the meetings of the Municipal Council on January 5, 1983, January 19, 1983 and February 2, 1983. At the meeting of February 2, 1983, the Municipal Council closed the hearing and deferred action until the meeting of the Municipal Council on February 16, 1983, at 8:00 P. M. The matter is before you for final decision.

February 16, 1983

Councilman Tucker said just as a matter of clarification, can they have the response from the Law Department read into the record.

The City Clerk read the following response from Corporation Counsel Teare, dated February 14, 1983:

TO: Frank D'Ascensio, City Clerk

FROM: John J. Teare, Corporation Counsel

RE: Application of Celestino Garcia, applicant and owner, under contract, for variance to the Zoning Ordinance of the City of Newark, to permit in a 2nd Industrial District the establishment of a junk yard for the dismantling, storage and sale of used auto parts on premises 145-161 Pennington Street.

This is written in response to your request for an opinion on the following matters:

- (1) Whether the Board of Adjustment violated the Municipal Land Use Law by limiting the number of objectors who were permitted to speak at the hearing in the above matter;
- (2) Whether the Board of Adjustment has cited a "special reason" for granting the variance.

The Municipal Land Use Law, N.J.S.A. 40:55D-1 et seq. sets forth the procedures to be followed in hearings before the Board of Adjustment. The statute provides for notice of hearings to the general public by newspaper publication and notice by personal service or certified mail to certain municipal, county and state officials and to property owners within 200 feet of the property which is the subject of the hearing (N.J.S.A. 40:55D-12). The Land Use Procedures Ordinance of the City of Newark, R.O. 16A:3-6, follows the

procedural requirements of the statute except that the ordinance also requires notice to tenants of all residential properties within 200 feet which contain more than 4 units, by posting in a lobby or hallway. At the hearing, testimony of all witnesses relating to the application must be taken under oath or affirmation and the right of cross-examination must be permitted to all interested parties (N.J.S.A. 40:55D-10). "Interested parties" are those persons whose right to use, acquire, or enjoy property is or may be affected by any action or failure to act under the Municipal Land Use Law (N.J.S.A. 40:55D-4).

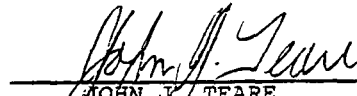

The obvious intent of the notice provisions of the statute and the provisions governing the conduct of the hearings, is to permit interested parties to participate in hearings before the Board. The right of objectors to participate in hearings is, however, subject to reasonable limitations as to time and number of witnesses (N.J.S.A. 40:55D-10d). Furthermore, the Board may exclude irrelevant, immaterial or unduly repetitious evidence (N.J.S.A. 40:55D-10e). A determination as to whether the Board violated the Municipal Land Use Law hinges, then, on whether the Board was reasonable in limiting the number of objectors to three persons.

In our opinion, the Board was not reasonable in limiting testimony. It cannot be said that the testimony of the objectors at the hearing was so time consuming that the Board was justified in curtailing additional witnesses. Moreover, although the Board can limit repetitious statements there is nothing in the record to indicate that objectors who did not speak had no new information to impart to the Board. The limitation to three objectors appears to have been made solely to comply with Article III, paragraph 5 of the Board's by-laws which permit only three objectors to testify where there are more than three present, rather than on a determination that the testimony of other objectors would be repetitious of prior testimony. Under the circumstances, it would be appropriate for the Municipal Council to remand the matter to the Board to hear further testimony from the objectors.

As to whether the Board cited special reasons for granting the variance, a review of the transcript of the hearing and of the Board's Resolution indicates that it made no specific references to "special reasons." However, there were several references to the area being extremely deteriorated and one Commissioner observed that he could not "think of anything that you could put in that area right now that would enhance it" (page 38, lines 1-3). This observation suggests that the Commissioner accepted the argument advanced by the property owner that he had difficulty in making beneficial use of his property because of the state of deterioration of the area. The inability to use property for the uses permitted in the zoning district can constitute a "special reason" under the Municipal Land Use Law.

In any event, since the Municipal Council does not review the Board's decision but makes its own decision based on the record (Evesham Tp. Bd. of Adjustment v. Evesham Tp., 86 N.J. 295 (1981)), whether or not the Board found special reasons is of no consequence. The Municipal Council need only be concerned with whether the record supports a conclusion that special reasons were shown for granting the variance. Should the Municipal Council determine that the record needs clarification or amplification on this point, it may remand the matter to the Board for the purpose of hearing additional testimony and receiving additional evidence on the question of special reasons.

February 16, 1983

 JOHN J. TEARE
 Corporation Counsel

JJT/RLB/bjl

Councilman Tucker said he would like to request the legal opinion that was requested at the last Council meeting be part of the record in regard to dealing specifically with this appeal and consistent with that he would like to at this time read the following motion:

"The Municipal Land Use Law requires that an applicant for a use of a variance show that there is a special reason for granting a variance. Neither the record before the Board of Adjustment nor the Board resolution indicates a special reason. Although the inability to use property for permitted use may constitute a special reason, and there is some testimony regarding the inability to utilize the premises for residential purposes. There is nothing in the record to indicate that the property could not be utilized for other permitted uses. I, therefore, move to remand the matter to the Board of Adjustment for additional testimony relating to whether there is a special reason and to provide an opportunity for the residents of the area dwelling within 200 feet the opportunity to be heard. Second, is that there is no listing in the transcript which indicates the posting in the hallways had taken place within the 200 feet listing. There is a certification of letters being sent to residents of the area within 200 feet but there is no certification that a posting, that was adopted by ordinance amending the Land Use Law for the Board of Adjustment was in effect taken care of, seconded by Councilman Rice and failed of adoption by the following votes:

Yes: Councilmen Rice, Tucker.

Not Voting: Councilmen Branch, James, Martinez, Payne, Villani, President Grant.

Councilman Tucker requested, through the Chair, to have Assistant Corporation Counsel Dvorin approach the rail.

Councilman Tucker said consistent with the Land Use Law on this matter, since the 95 days has lapsed and the applicant has extended the period of 95 days for this meeting, if there is no action taken by the Council on this matter tonight, what is the result of the appeal of the variance.

Assistant Corporation Counsel Dvorin replied first of all if you need another extension, you need permission from the applicant and if he doesn't give it, then the decision must be reached today.

Councilman Tucker said he will again repeat. The applicant at the last meeting on the record indicated that he waived the 95 days until this meeting. So the fact of the matter is that a motion to remand has been made by himself and there has been no action taken on it. If the Council does not move affirmatively, is that variance approved.

Assistant Corporation Counsel Dvorin replied in the affirmative.

Councilman Tucker said in that light, he would like to get a reading of the vote.

Administrative Specialist Maszczak read the roll call.

Councilman Tucker said just as a matter of legal clarification, so in this particular case in this vote, whether we like it or not, whether they are voting yes or no, if there is no affirmative action taken then, again, for the record, this means that this variance could be approved and the junkyard would be approved to be established at that location.

Assistant Corporation Counsel Dvorin replied that was absolutely correct.

Councilman James said is he correct to assume that the act of remanding simply means that it goes to the Board of Adjustment and then comes back to this Body.

Assistant Corporation Counsel Dvorin replied that if it is remanded it goes back to the Board of Adjustment for whatever reasons Council is remanding it, for special findings, to hear new witnesses, things in that order.

Councilman James said he is precluding what the actions of that Body will be. They have remanded before, it simply comes back here. It is a boomerang. He just wants to have a clear understanding. They remand to the Board, their action neither they or anyone in the audience can anticipate. It simply comes back to this Body.

Councilman Tucker said he would like to change his motion and have the same statement which he read previously on the motion to remand, to reject based on the findings of the Law Department and also based on the communication, that in effect the Board of Adjustment violated the Land Use Law.

President Grant said in light of the motion and in light of parliamentary procedure they are calling now for a second motion on the same piece of legislation. There was a motion earlier to remand and that motion failed and now we have a motion to reject.

Councilman Martinez said he sees where Councilman James' statement is coming from and hoped other people would see where it is coming from. It is sort of a piggyback. He said he would like to read a short statement dealing with the whole appeal process of the Board of Adjustment. First of all the property involved on this appeal is a vacant lot located on the southwest corner of Pennington and Dawson Streets. It is extremely irregular in shape with frontages of approximately 211' on Pennington Street and 92' on Dawson Street. It has been an abandoned vacant lot since 1958 for 25 years which has been researched by the City Tax Department. This area is within a 200 foot radius. It is comprised of residential and industrial uses. There are several garbage strewn vacant lots and deteriorated structures in the immediate vicinity of the property. Photographs which are submitted to the Board of Adjustment showed the deteriorated condition of this particular area. There was testimony by the property owner who lived next door. Mr. Somodi "I own the property adjacent to the lot. I have been living there for 39 years and for the past 15 years I was wondering when somebody was going to do something about the property behind me. The place is worse than a City dump. A City dump at least covers up the trash. I am in favor of it." There was testimony by the property owner that he purchased the property a few years ago with the intention of building subsidized family housing on this property and on a 80,000 square foot lot across the street. He indicated he spent approximately \$52,500. to pay back taxes and additional sums to architectural firms to survey the property and design and propose three story garden apartments. But subsidized housing was never developed. An application to the New Jersey Housing Finance Agency was rejected because the area was deteriorating. Although objectors testified that they thought the granting of the variance would make the area worse then it is, one witness who lives on the property adjacent to the lot, right next door and lived there for 39 years stated he was in favor of the variance since the lot was now worse than the City dump as quoted by Mr. Somodi. The owner of the lot also owns an 80,000 square foot lot across the street. He is in favor of the variance as an improvement of the area and stated that it would not be in his best interest to support the variance if he thought it would jeopardize the value is larger than the piece of property. The Board of Adjustment submitted six different conditions. 1) Premises are to be kept clean and orderly at all times; 2) No dismantled auto parts are to be placed outside the property; 3) Sidewalks are to be kept clear of vehicles; 4) An eight-foot high non-see-thru fence is erected; 5) Hours of operation are to be limited to 8:00 A. M. to 5:00 P. M. on Monday through Fridays and 8:00 A. M. to 12:00 Noon on Saturday; 6) No automobile parts are to be sold to the public.

Councilman Martinez said the position he is making is that here is a person who lives next door and says "I want it", and then there are objectors that say "I don't" and he certainly does not fault the objectors. He thinks this Council is set in a position where they are similar to a court of law. He can recall in 1976, Councilman Tucker, Councilwoman Villani, Councilman James, Councilman Carrino and himself, were cited for contempt of court and were cited for not wanting to vote for revaluation. They went before a judge in a court of law. They had hundreds of supporters in the audience. The judge did not look at the supporters, he looked at the transcript, he looked at the case and found each and every one of them guilty. They seem to be put in positions on this Council level and he is requesting the Law Department on this date, he does not feel the City Governing Body should hear any appeals. It becomes political and becomes a point of not being fair to either the objectors or the applicant. He thinks that all appeals should be heard by a court of law. They should not be put in this position. One of the statements last week, at the Council meeting, one of our Council colleagues made mention that this should be built on Avenue L. There is no where in the transcript that says anything about Avenue L in the transcript. However, that Councilman received applause. It played to the public and played a position. Their decision may not be popular when the Council makes a decision. However, it has to be based strictly on this particular transcript. No where can they deviate from it. He is not saying to Councilman Tucker, that he is making a move for approval, however there are two sides of the story. A person who lives next door states, "I want it" and someone else who lives in the neighborhood and says "I don't want it". There is no way anyone is going to appease everyone on a particular decision which comes to an appeal. He simply feels this Council should research the matter thoroughly to take all appeals and submit them to a Superior Court.

Councilman Tucker said first of all, needless for him to say he vehemently disagrees with Councilman Martinez and wanted the record to show why. He is equating that one person is equivalent to 300. He just believes and it would be better for him to say that is pure ridiculous. The other factor that Councilman Martinez is saying that 19 people who object to a basic development is equivalent to one person. That is ridiculous and he does not know who made the statement about Avenue L but he will make a statement and he is going to be very frank and very straight forward and blunt. If this request was made for Adams Street, it would have never been approved. If it was made for Van Buren Street it would have never been approved. If it was made for Pulaski Street, it would have never been approved. If it was made for Fleming Avenue it would have never been approved. If it was made for Walnut Street it would never be approved. So let's not each other as to what the we are dealing with. So we are not talking about politicizing. He thinks the actions of the Board of Adjustment and the actions of the Council on this matter make it clear exactly what the ... it is. So let us not sit down and allow ourselves to get into a game. The net result of any particular variance on any particular area and the reason for a variance is that they have the Land Use Law that says very simply "you must at least pinpoint a special reason". There is no special reason in the transcript. That is not his statement, that is a statement from the Corporation Counsel. Land Use Law says that you must provide access to people in the area to be heard. That is not his statement, that is the opinion of the Corporation Counsel. The people have not been given an opportunity to be heard. All he is saying is if they are going to talk about politics, let's put it down in front where it is. He placed an ordinance on the record that says you must post a notice in the hallways to notify the tenants. There was no notice posted in the hallways to notify the tenants within 200 feet. This has been a flagrant violation of the existing Land Use Law and Municipal Ordinance. To sit down here and equate one person to 300 or one person to 19 is really kind of gross. All he is saying is that if people want to be politic, fine, then do that but don't the people.

Councilman James said he had the opportunity to look at the area and although they are talking about a variance, he thinks if anyone has been in the area, it is a present indictment of the City Administration and this Council. He has listened to some of the assertions made by Mrs. Ella James about the absence of code enforcement in the area. He thinks that is a reality. There has been assertion about the lack of cleanliness of the area and based on his inspection of the area with debris throughout the area, dumping on the public street, that is true. There is a charge that there has been no enforcement of prior variances which had restrictions, that is true and he would therefore, suggest for the record and for this Council that

they bring to the attention of Administration and certainly that is not enough but they lobby with Administration to make sure that this entire area would have in fact code enforcement and more importantly the delivery of essential services and those services should be motor broom service, lot clean-up program, sanitation pick-up, bulk pick-up and he thinks they should also charge Ms. Charlotte Adams of the Planning Board to review the varied zoning areas down there whereby they have industrial, light industrial, commercial, residential. He thinks this area is critical for the Planning Board to review. He thinks right now as they look at the area, no one in City Government should be proud of it. He was totally shocked. He would certainly praise Ms. James in the maintenance of her property and her house but the area is a failure and that failure is a reflection of Administration and the Council.

Councilman Rice said he can certainly understand Councilman Martinez when he said we should not quasi judicial this particular proceedings. Perhaps it should go into a court of law, the fact of the matter is that it is before them. He has worked in that area for some time and he was present at the pre-meeting conference when the photographs were shown of the area of filth. He once again concurs with what was stated by Councilman James but he stands by Councilman Tucker on this issue with his vote and he doesn't think this Council can afford to abstain. They are talking about something far beyond the politics. They are talking about people rights, they are talking about human rights and rights you cannot balance and he recognizes on both sides of that coin too. It is a hard decision to make but it is not that hard when you go through the community and look at the location and you recognize that a junkyard is going next to an area of a housing project, public housing project in a community, when it appears for whatever reason by chance or choice that there are other areas outside of that community, any down neck area, such as Avenue L and P, could house those kind of locations. He just feels sorry for the owner of that property for trial and tribulations that he or they must go through but also sympathize with the people. He thinks the people right and he is just glad and thanks the Good Lord that it is not in his Ward because they would get a little more extreme with it. In fact the filth is down there and the owner of the property would be compelled by this Administration to get that stuff up, somebody would have to do it. He was kind of appalled the pictures coming before them. If someone bought a piece of property and said he is the owner, and constantly being filled with junk and constantly cleaning it, he has seen some clean areas down there, he may look at it a little different. No one can sell him on a junkyard in a community. If they want to really draw a line and talk about poor folks, it seems to him in poor cities like Newark and poor people like himself, his ethnic, poor whites, always getting dumped on and yet elected officials say they can't make decisions. He just cannot understand that. He stands by his Council colleague and he would hope this Council would vote yes, or no because an abstention on this particular issue is fence trailing and is going to catch up with them in the future.

(Councilman Carrino arrived 8:31 P. M.)

Councilman Payne said he would like to indicate that he too, because of the amount of attention that was brought on this particular subject took a ride through the area and rode around the section and he too, as Councilman James indicated he was appalled by the amount of litter, amount of property that was poorly demolished, the amount of junk, plain junk in the area. He feels that our City has a responsibility to keep the facilities in the area upgraded. As he told Ms. James yesterday as they sat in his office and discussed the entire matter, that if he really felt in his heart that to grant this variance would in any way make that area any worse, there would be no question in his mind about the vote. He indicated to her because of her human appeal on the issue he gave some second thought to the whole question. He has reviewed the transcript from the Board of Adjustment on its 7-0 vote, he listened to the Councilman who was elected to represent that area and his statement regarding 25 years of abandonment of that property. He personally feels that it would not be additionally detrimental to that area but secondly they have a strong responsibility to clean-up the City, they have areas that are really a disgrace. They need to have strict code enforcement, need to beef up the department which is responsible for the cleaning of lots, need to impose sanctions and fines on the owners of properties who are not keeping their properties up and he feels this is an area the Council will have to take some strong leadership in the future because they should not make a decision based on how the place was and how

it may be in the future because of the lack of enforcement of sanitation and other codes.

Councilman Martinez said he has two things to bring to the attention of the community. He thinks in July of this year, 7 Members of the Council, himself and the Mayor had a meeting and he indicated to the Mayor that he would like to see a priority on that 80,000 square foot tract of property of something that is badly needed in the East Ward and badly needed in that community. He made a request to the Mayor to build a brand new firehouse on the 80,000 square foot tract across the street which would give an indication that the City is doing something for the community and perhaps it would spread indicating that there were lots that have been abandoned for 10, 15 and in this case 25 years and he thinks his Council colleagues, he will look for their support when the position comes up, he believes in about two weeks and all of them are going to receive the Capital Fund and part of it will be for the construction of a new firehouse on that location. He also met with Ms. James this morning and totally agrees with his colleague, Councilman James. Sometimes when things like this hit you squarely in the face, you take a look and say "what can be built in an area like this". He made a request to her and he will make it under motions later that the Central Planning Board, Board of Adjustment meet with himself and other Members of the Council and perhaps residents of the community to entirely rezone from New Jersey Railroad Avenue, South Street to Walnut to Pacific Streets. The entire area is consisted of third residential in some areas, 3rd Industrial across the street and some cases 2nd Industrial and some cases 1st Industrial. He does agree with Councilman James and he also will look to his colleagues support for a new firehouse on the 80,000 square foot tract that also has been abandoned for a long time.

Councilman Tucker said it would be wrong for him to say that this does not smell of politics. It would be better for him to indicate why at least he says that. First of all his Council colleagues find it very interesting to talk about the fact that the lot is dirty but they do not mention the fact that the owner of the lot is the major prime mover of this variance. They blame the community for the dirty lot and the owner has a legal right to clean it up. He has not heard them talking about having the Health Department down there to clean that lot up and fight the owner. He thinks that is pretty clear of what is happening. The other thing he would like to look at, when they talk about the owner of the lot which is directly across the street. He thinks it is important to note when they talk about the owner's representation about the lot across the street, the owners representation is based on the owner paying the City the amount of money the City expended to tear that building down. At this point in time, hopefully when those taxes are paid the owner in effect will make some sort of statement. He also stated that when they talk about the building of a new firehouse, is it a matter of his justification. He would be very leery in building a new firehouse understanding that the owner of this property basically owns the land and they are talking about developing the firehouse on the owners land. He also finds it pretty inconceivable to talk about democratic politics and he is very straight forward and blunt. To raise the question of politics to the community when the owner of the land, whose wife works for one of the Members of the Council. Let us talk about politics. If we talk about democratic politics he is well aware of the meeting that took place at Peter Shapiro's office, at his opening wherein there was a concern raised in regard to the Assembly race. Let us not..... each other. The net result of his colleagues on the Council feel that they want to deal with politics, fine, he has no problem with dealing with that reality. He finds it inconceivable to sit down here and try to operate under the assumption that they are going to blame the community for a dirty lot and the law says that the owner of the lot is supposed to clean it and that lot has never been cleaned and to sit down and say that it is not political, is really, from his standpoint is really ridiculous. To sit down here and try to tell people that their concerns in the community are secondary for economic development of a political person. The economic development of a political person is more important than the entire community. All he would say is he would rather hang his head in shame than sit here looking at the Members of the Council trying to run a game on the community based on some political projections. That is really what it is all about.

Councilman Carrino said he has sat on this Council for eight years. It has been a policy of the City Council, notwithstanding whoever, whatever might have some kind of justification for something, opposition to something, to support the Ward Councilman in whatever his recommendation is. He does not ever, while sitting on this Council hope that any of the Council sitting here, when he makes a recommendation would vote against him what he feels is the best for his Ward, especially since right or wrong the Ward Councilman is going to sink or swim with whatever decision he makes in that Ward. The policy has been for eight years to follow whatever the recommendation is of the Ward Councilman. He as a Ward Councilman is ready to follow the recommendation of the East Ward Councilman and he thinks they should stop all the rhetoric and whatever the Ward Councilman wants and he doesn't know what he wants, he thinks they should then vote on it.

Councilman Rice said he doesn't wish to prolong this and he certainly concurs with what his Council colleague is saying but he thinks on Inauguration Day he made it very clear to those who elected him, there are going to be many times they cannot follow tradition and he would concur with most of what the Ward Council people want but it is kind of hard to separate him from the people and it is kind of hard to tell him that he would have to concur for whatever reason. If a junkyard is going next to Pennington Court, with those babies down there and to draw a line for his folks down there in any community, be it North, South, East, West, Central, that is people's responsibility and they have to meet that obligation. He apologizes to Councilman Martinez, if that is necessary, but he does not feel it is. He certainly understands him standing firm on his convictions. He would not be separated from the people on those type of issues that affect the health, safety and welfare in any Ward. He feels he represents the people from the City of Newark, all the people and he intends to give them that representation on these kind of issues particularly when entrepreneurs are constantly carpetbagging this City and have been doing so for so long, no reflection on the owner of the property but he goes through this City and as they go through this calendar they are going to see him try to table some items and he can deal with that too. He wants to make that known and he agrees with Councilman Carrino but he thinks there are times when they have to stand up for people also and he thinks they need to evaluate that.

Councilman Branch said he has been listening to the discussions on both sides, the pros and cons and the opposition that exists from both sides. He took the time to look at the pictures of the area and most certainly something should be done. He is not saying what should be built but he thinks it is long overdue and the property should have been taken care of before now. Right now they find themselves in a predicament in terms of the Zoning Board has ruled on the variance and a strong opposition that is coming from both sides on this matter issue and on this particular land. Certainly the people have a right to stand up to what they believe in. He would like to take the position that he is going to abstain from voting because it is a controversial issue and he does not live in the East Ward and he would like to support what is right.

A motion to reject the application was made by Councilman Tucker, seconded by Councilman Rice and failed of adoption by the following votes:

Yes: Councilmen Rice, Tucker.

Not Voting: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.

Councilman Tucker said what an abstention vote means is a yes vote and he does not want the public to operate under any assumption. If a person says to you they are abstaining, based on the time constraints, then this variance subsequently is approved and the junkyard will be established. He thinks it should be clear in that regard. If he remembers correctly, the first meeting this incident came up, he indicated to them that people were playing political games that had direct impact on their lives and he also predicated that the Council would not vote on the issue but in effect basically push it to the point where it would automatically be approved. If people did want to vote to remand this to the Board of Adjustment, it meant that they did not want them to be heard on this issue separate and apart from the original hearing. If they did not vote for the rejection on this, then that means that an abstention means a yes vote which means they have given them the junkyard.

Councilman James said he wants to disagree with that analogy because he recalls when Mrs. Bridgeforth came before the Council and a recommendation was made by him there was an abstention made by this Body. She had her right to go to court and he would suggest to them, the matter is still in the courts, she

has every intention and opportunity to win. He doesn't think he should preclude. He thinks they should say one thing further if they want to play politics. You can't play politics in the courts.

Councilman Tucker said he would like to qualify one point and he thinks it should be very clear. His concern in regard to this issue may very well precede his appearance on this Municipal Council and he would like everyone to understand exactly what he is saying. The other point he would like to say is that New Jersey State Statute, he is not dealing with local Municipal Ordinance. When the Land Use Law was changed, what in effect did was say that if the appeal was not heard in 95 days then in effect it was approved. If you say that somebody has gone to court, they are going to court to challenge a New Jersey State Statute and not necessarily on how the City proceeded on this matter. What the Council has relegated them to do is to take the matter to New Jersey State Supreme Court in order to get a hearing on the matter. His opinion on the matter has not changed. The Council has played a political game on the community and he doesn't believe they should sit down and operate under any other assumption.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR," (6-S & F-c) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO DELETE THE TITLE AND SALARY RANGE FOR ASSISTANT SECRETARY, BOARD OF ADJUSTMENT)

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion directing the City Clerk to return this ordinance to Administration, per their request, was made by Councilwoman Villani, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Villani, President Grant.

Absent During Roll Call: Councilman Tucker.

Councilman Martinez requested the City Clerk to take all of these ordinances with the exception of 6-F-s and 6-F-t and submit a copy to the Judge in the County Court and to also include part of the statement. They all know the Board of Adjustment themselves voted for Al Stolia as the Secretary back in November. Mr. Stolia went to court and they put someone else in his position. The City now is actually creating a new title, a new salary for Secretary, Board of Adjustment to diminish the position of Secretary and to circumvent the Judge's decision. Mr. Stolia to this date still has not been paid by the City of Newark since he has won this case in Court. This Council now has taken one secretary out of the entire City of Newark, changed the salary from \$3,500. and changed it to \$5,000. while all the other secretaries are receiving the salary of \$29,000. a year. He certainly would be interested in seeing the Judge's perusal and the circumvention of his law.

With respect to ordinances 6-F-o through 6-F-t, the City Clerk was directed to invite Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Teare and Freeholder Cifelli to meet with the Council at their special conference February 22, 1983.

The City Clerk read AN ORDINANCE TO ESTABLISH DENTAL BENEFITS AND TO UPGRADE MEDICAL-SURGICAL BENEFITS FOR EMPLOYEES REPRESENTED BY SERVICE EMPLOYEES INTERNATIONAL UNION, LOCAL 617.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilman Branch.

Councilman Payne said he intends to vote for this ordinance but with the escalating costs of hospital and medical and dental benefits, he thinks the City is going to have to take a look at the benefits which are given. This would only be following the trend of industry and business that are taking a look at the fringe benefits costs between 18% and 23% of the salary of an individual. He thinks they will have to take a look at the costs and need to review what is happening in the market place and they might have to start tightening up the types of benefits and fringe benefits that they are continually improving. Since it is taxpayers dollars paying for this, he thinks they have a responsibility to take this under advisement.

The motion to adopt the ordinance on first reading was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

Councilman Rice said he thinks they need to reconsider these pay raises in light of the pink slips that just went to the workers, particularly the Engineering Department. He thinks they need to defer some of these until they can reconsider and that is why he wanted to defer action on this ordinance.

President Grant said once a matter has been moved and seconded and there is room for discussion and there is a vote taken that matter is concluded. Any further information or discussion after that is out of order and he will stick with that rule.

HEARINGS OF CITIZENS.

6-HC-a.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to welfare recipients.

6-HC-b.

MR. MURRAY H. EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to an ordinance that was adopted by the Municipal Council on January 19, 1983 selling 20 properties on Spruce Street to the Housing Authority. He said he would like to ask each Council Member the reason why they voted in the affirmative on this ordinance.

Councilman Martinez said that this ordinance was advertised in September, 1981 and September, 1982 in the Star Ledger and the reason why he voted for this ordinance was because there were 41 abandoned lots and now they will have 41 one-family homes also with a four-story building that will be rehabilitated. It will mean that 93 families will have decent housing in the City of Newark in an area that was abandoned for many years.

Councilman Rice indicated that for 6½ years he was a Detective assigned to that area and would never forget the number of destitute people living in that community. If the speaker was here earlier he would have heard him indicate that he can't tolerate a junkyard next to communities where people are living but at the same time he cannot tolerate the abandonment in areas that house people also such as the Spruce Street Area. He thinks housing is good for Newark and he wished they could get more housing in the West Ward and that is why he supported that ordinance.

Councilman Carrino said he did not think the vote was unanimous.

President Grant stated that the minutes are available in the City Clerk's Office for an accurate accounting of that vote. He thinks the question before the Council now is if other persons care to answer his question.

6-HC-c.

MR. RICHARD RIFFEL, PRESIDENT, CITY HALL NEIGHBORHOOD ASSOCIATION OF NEWARK, P.O. BOX 10085, NEWARK, NEW JERSEY, RESIDING AT 39 BROAD STREET, MATAWAN, NEW JERSEY, addressed the Municipal Council with respect to police problems. They are a not-for profit civic corporation of concerned people who live, work, or own property in the area bounded on the north by the Old Jersey Central Railroad, on the west by Broad Street, on the south by East Kinney Street and on the east by Penn Railroad. The purpose of him being here tonight is to formally make them aware of their civic group.

At the conclusion of Mr. Riffel's remarks, President Grant directed that the speaker's remarks be forwarded to Police Director Williams and invited Mr. Riffel to meet with the Council at their special conference February 22, 1983.

Councilman Payne asked the speaker whether his organization was a property owners group.

Mr. Riffel replied it is made up of the entire community of tenants, landlords, business people and a few people that work in the area.

Councilman Payne said he wanted to get it clear in his mind if this was a landlords organization and Mr. Riffel replied it absolutely was not.

Councilman Martinez said maybe he can explain a little better. He has attended one of his meetings and usually meets on the second Wednesday of the month at Oporto Restaurant. Mr. Riffel has been able to organize those people

February 16, 1983

that live in the community, whether they are property owners, people that reside in the building or out-of-town. He certainly commends him. He has gotten Law and Code Enforcement officials; he knows he has come to his office on several occasions to get off their "butt". They have had some of the flagrant violators of code enforcement to court through his assistance. He has had some of the County Narcotic Agents on the corner of Elm and Mulberry Streets. They have made several arrests but not enough. He has indicated he is looking for cooperation from the Police Department of the City of Newark. He knows that several tenants and owners of property have said to the Police Department that they could use their building for surveillance. Everybody knows that the area on the corner of Elm and Mulberry Streets, at the delicatessen, anytime of the day or night there is drug traffic going on continuously. They also recognize the fact that the Council has made numerous approaches to various Administrators within City Government. Unfortunately, they can not pick up the phone and say to the Police Director "that they need some sort of selective enforcement in this case of the area of narcotics." He has spoken to the Director on occasions looking for narcotics surveillance. Unfortunately, the City of Newark has 7 narcotic detectives, which is a disgrace.

Councilman Payne said if Councilman Martinez is going to ask the Police Director to come in and talk about narcotics, then they could spend a day in the South Ward. If they are going to talk about the epidemic of drug abuse and sale in this City, then they need to talk about the total City and talk about whether they have 8 narcotic policemen and if there was any prospect in increasing the number. They could use 8 on a corner of the South Ward alone and only do a minimal job.

RESOLUTION RESCINDING RESOLUTION 7-R-cp, FEBRUARY 2, 1983 "RESOLUTION
APPOINTING THOMAS L. MURRAY, A SPECIAL POLICEMAN FOR THE YEAR ENDING DECEMBER
31, 1983."

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Rice, seconded by Councilman Carrino.

President Grant indicated for the record that yesterday the Council met with Police Chief Zizza and Corporation Counsel Teare and in the resolution they asked Corporation Counsel Teare to include certain language which is not included in this as the reason for rescinding the resolution. The reason that was given to them by the Law Department and he would like that added to the resolution so it is not another "fly by night" resolution coming out of the Law Department without any substance. The item is Statute 2C which has to do with expungement of records and not being permitted to work in Law Enforcement Agency in spite of a record.

That aspect needs to be in there and they asked the Law Department to do it and doesn't know why they blatantly refused to do it.

Councilman Rice said he would like to withdraw his motion because he thought it was moving in the affirmative and not rescinding.

Councilman Martinez indicated he would move this resolution.

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Carrino and failed of adoption by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez.

No: Councilmen Rice, Tucker, President Grant.

Not Voting: Councilmen Payne, Villani.

At a later time in the meeting Councilman Branch requested to change his vote from the affirmative to the negative.

At a later time in the meeting Councilman Payne requested to change his vote from not voting to the negative.

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Carrino and failed of adoption by the following votes:

Yes: Councilmen Carrino, James, Martinez.

No: Councilmen Branch, Payne, Rice, Tucker, President Grant.

Not Voting: Councilwoman Villani.

At a later time in the meeting further discussion was held on this resolution.

Councilman Carrino said he would like a legal clarification from either the City Clerk or the Law Department concerning this resolution. Because the resolution was rescinded, does that mean the original vote that was taken by the City Council is in effect.

City Clerk D'Ascensio replied in the affirmative.

Councilman Carrino said two weeks ago he voted in the affirmative on that resolution without fully having all of the facts before him and he wants to know how his vote can be changed to a "no". His vote two weeks ago is a yes for that appointment. It means if that gentlemen does something wrong, each and every Council Member who voted yes is legally, personally responsible for what happens and he wants his vote changed.

City Clerk D'Ascensio informed Councilman Carrino that they cannot change the records as they exist but he can however explain the circumstances developing after he voted which would have changed his vote had he known and he could explain with a statement which he is subsequently making now.

President Grant suggested to his colleagues, in light of the discussions with the attorneys for the Council, our legal researchers and also Corporation Counsel Teare, he thinks the information they received, 2C is relative to expungement is in fact a law. He understands that and accepts that but by the virtue of him having presented the resolution and having listened and received the legal opinion from the Corporation Counsel that in fact the resolution was valid and legal and to have a subsequent resolution say that it is invalid and not legal. He said he is going to be guided by the Legal Department since they pay them an excess of several million dollars a year to give them legal recommendations. For the sake of his colleagues on the Council, certainly they have to vote their own consciences, he would vote no simply because his relationship to the resolution, but if someone wanted to vote in the affirmative, it is certainly up to the individual and he understands the position Councilman Carrino feels he is in right now.

Councilman Payne said he would like to get a legal clarification. When Councilman Carrino says if in fact a special policeman does something wrong, then each Council Member is personally liable. Then if any policeman they vote on, that the Mayor appoints and the Council approves, or any firemen, or truck driver, does something wrong, evidently the Council is responsible for that. He questions that and would like to get a legal opinion, not necessarily now, a legal interpretation that the Council, each Member is personally liable for the behavior of this adult person who is a special policeman. They have 150 to 200 and they are liable for 200 people.

February 16, 1983

Councilman Carrino said the law states that if the City Council approves a special policeman without recommendation of the Newark Police Chief, then each Member of the City Council who votes over and above the non-recommendation of the Police Chief is personally liable for whatever actions that special police officer commits. Any other special police officer put on with the recommendation of the Police Chief, then absolves them of any personal responsibility.

RESOLUTION CALLING UPON THE MANAGEMENT OF WESTERN ELECTRIC TO RECONSIDER ITS RECENTLY ANNOUNCED PLANS TO PHASE OUT AND EVENTUALLY CLOSE ITS KEARNY, NEW JERSEY PLANT.

A motion to adopt the resolution was made by Councilman Rice, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Carrino felt that Westinghouse should be inserted in this resolution so that they are including somebody from Newark, who have already announced they are also moving out.

Councilman Rice said that at least 210 employees working in Kearny live in the City of Newark.

A MOTION COMMENDING MEMBERS OF THE NEW JERSEY STATE ASSEMBLY FOR ADOPTING BILL-A-3147, WHICH WILL PERMIT ALL NINE MEMBERS OF THE BOARD OF EDUCATION TO BE ELECTED AT ONE TIME AND ALSO WILL PERMIT REPRESENTATION BY WARDS AS WELL AS AT-LARGE, AND URGING EARLY PASSAGE OF SIMILAR LEGISLATION BY THE NEW JERSEY STATE SENATE, was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Members of the Municipal Council expressed particular praise for Assemblyman Willie Brown for sponsoring this legislation and for Members of the Essex County Assembly Delegation for giving it their full support. At the same time the Council Members stressed that early action by the Senate is necessary if the provisions of this bill are to apply to the first Board of Education election in Newark in April, 1983. It was pointed out by the Council Members that when Newark voters in May, 1982 approved a change from a Type I to Type II local school district, it was widely assumed that all Members of the new board would be chosen in the first election. Council Members also believe each ward should have its own representative on the Board of Education so it can reflect the diversity of people and interests in the City.

A MOTION EXPRESSING PROFOUND SORROW AND REGRET AT THE DEATH OF MRS. HATTIE KEARNEY, OUTSTANDING NEWARK COMMUNITY LEADER AND BELOVED MOTHER OF MRS. KITTY V. TAYLOR, was made by the Council of the Whole and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A MOTION URGING GOVERNOR KEAN TO CONSIDER SPECIAL STATE AID TO NEWARK FOR REPAIRS TO THE VANDALIZED PEQUANNOCK AQUEDUCT, was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Members pointed out that Newark taxpayers have borne the total cost of replacing the pipelines that were damaged by vandals in July 1981. The Newark Department of Engineering calculates the total cost to date at \$2.2 million, which includes replacement of sections of both pipelines, cleanup of debris, landscaping, and purchase of emergency water supplies during the crisis. It has been noted that the aqueduct is an integral part of the water supply network for Northern New Jersey, and serves several municipalities in addition to Newark. Moreover, the City of Newark has little hope of recovering any substantial portion of its losses from the young men convicted of this vandalism. The Municipal Council asks that he consider one-time state-aid to the City of Newark so that it will not have to bear alone the entire financial burden of this catastrophe.

A MOTION CRITICIZING COMMENTS BY NEW YORK OFFICIALS ABOUT PLACEMENT OF THAT CITY'S HOMELESS IN NEWARK, AND EXPRESSING CONCERN ABOUT THE USE OF LOCAL FACILITIES FOR OUT-OF-TOWNERS, was made by Councilman Rice, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Rice pointed out an article by Brian Kates in the Daily News of January 23, 1983, in which Mr. Kenneth Curtin, Assistant Director of Disaster Services, American Red Cross, was quoted as saying "I hate sending New Yorkers to Newark. It's not so far away in terms of miles, but it's a whole world away psychologically."

The Council can understand the embarrassment that New Yorkers may feel in having to turn to Newark to help solve some of their problems. However, the Council does not feel this justifies gratuitous, condescending remarks about a sister city. The Members of the Council are proud of Newark's reputation for hospitality, but are concerned that limited local facilities for the homeless not be taken over entirely by out-of-towners. The Council Members are particularly concerned at reports that the Lincoln Motel, while accommodating homeless New Yorkers, was unable to provide rooms for displaced Newarkers on recent occasions. In view of Mr. Curtin's expressed attitude and our City's needs for shelter space, the Council hopes New York will be able to house its own homeless people, so they need not be subjected to the trauma of exile to Newark.

A MOTION DIRECTING THE CITY CLERK TO HAVE PREPARED FOR THE NEXT REGULAR MEETING OF THE MUNICIPAL COUNCIL, MARCH 2, 1983, RESOLUTION COMMENDING MR. THOMAS HARPER, DEMOLITION CONTRACTOR, FOR SERVICES RENDERED IN THE WEST WARD, was made by Councilman Rice, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-h.

A MOTION EXPRESSING CONCERN ABOUT INADEQUATE REPRESENTATION FOR THE CITY OF NEWARK ON THE URBAN EDUCATION COMMITTEE APPOINTED BY DR. SAUL COOPERMAN, STATE EDUCATION COMMISSIONER, was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The Members of the Council expressed concern at reports that only one of the 27 Members of this new committee is a resident of Newark, and none of the appointees has a child in the Newark public schools. Since the Newark school system is the largest in the State and is seen by many as the epitome of both the good and bad features of urban education today, the Council Members hope that Commissioner Cooperman will appoint to this committee some persons who have a more intimate involvement with the Newark public schools. Such a move, the Council believes, would better equip his Department to assist the Newark system in meeting the needs of some 60,000 pupils.

The City Clerk presented proposed "ORDINANCE TO AMEND AN ORDINANCE ENTITLED 'AN ORDINANCE OF THE CITY OF NEWARK AWARDED MUNICIPAL CONSENT TO CONSTRUCT AND OPERATE A CABLE TELEVISION SYSTEM TO CONNECTION COMMUNICATIONS CORPORATION, INC., (6-S & F-z) ADOPTED SEPTEMBER 3, 1980, AS AMENDED AND SUPPLEMENTED (TO REQUIRE THAT THE OFFICE OF CABLE TELEVISION WITHIN THE DEPARTMENT OF PUBLIC UTILITIES OF THE STATE OF NEW JERSEY BE DESIGNATED AS "COMPLAINT OFFICER" PURSUANT TO N.J.S.A. 48:5-A-26(b), FOR THE PURPOSE OF RECEIVING AND ACTING UPON COMPLAINTS BY SUBSCRIBERS TO CONNECTION COMMUNICATIONS CORPORATION, INC.'S CABLE TELEVISION SERVICE WITHIN THE CITY OF NEWARK)."

(Copy of ordinance and correspondence submitted to each Member of the Council)

President Grant said he would like to respectfully ask his colleague Councilman Rice, if he would withhold this ordinance at this time until the Committee has had an opportunity to review this and then report back to the Council as a whole. He understands his concern, the information received from the State that this is something that should be looked at immediately but this is an item of utmost concern and they certainly do not want to give away any power from this Council if they don't have to to another agency.

Councilman Rice said with all due respect and he believes he was one of the individuals he spoke to in reference to this. He would ask him if they are going to hold this, to remove him from the Committee because he couldn't get the people together but he did do the leg work and put time into this. They are not really giving power away. He thought it was clear when the person from the Utility Commission came before the Council, and he went to another person with the same information. They have been in violation when the old Council made cable a reality because we didn't have a Complaint Officer and in any event that occurs as of January 1, 1983 a letter was forthcoming to this Body indicating that automatically the PUC was going to become the Complaint Officer on record until such time that Council decides to keep them permanently or designate their own. What was indicated it does not take away power from the Council, it just gives one on record and that is the mandate of the State. The Committee can certainly look into it but he would suggest the ordinance stay as it is. There is no barrier in reference to the Utility Commission, if the Council as of this date says they acknowledge a particular agency or a particular individual to be the Complaint Officer. It has nothing to do with that.

Councilman Tucker said he thinks the issue is, that they as the City of Newark, more specifically the City Council has that responsibility. He thinks either back in June or July, what they did was table an ordinance which in effect would establish a unit within the City Council which in turn would do this. His only concern is that giving this authority and the power to the State, they may very well be giving something that they may or may not get back. He thinks they need to really take off the table the original ordinance which in effect would establish, not the Review Officer but he thinks it had the function within the confines of the Council so at least they maintain the control of it. If they give this responsibility to the State, the State is not going to in effect exercise that responsibility without getting reimbursed from the money that was supposed to be given directly to the City, which means if we give that responsibility to the State, what will happen, he assumes the State will bill them based on Connection Communications submitting to them, he thinks 1% or 2% or 3% of the money that they are supposed to bring back. All he is saying is they really need to discuss this. He questioned if it was possible to place this on the next agenda and discuss it in detail.

Councilman Payne said he agreed. This is something that is important and he would really like to have more discussion on this and didn't realize it was coming up.

President Grant said it was moved by Councilman Rice for adoption. Councilman Tucker indicated that he would second the motion for the purpose of discussion only.

A roll call was taken.

Yes: Councilmen James, Rice, Tucker.
No: Councilmen Carrino, Payne.
Not Voting: Councilmen Martinez, Villani, President Grant.
Absent During Roll Call: Councilman Branch.

This motion failed of adoption.

Councilman Rice said he is not going to prolong this but he wants to make it clear that he has spoken to at least five individuals on this Council and made this clear to them, at least he thought. That is why the ordinance is before them. He reiterated that as of January 1, 1983 the State automatically became the Complaint Officer. They are only going on record that it does not take away any powers and they can go on record at the next meeting and have discussion to designate someone. Up until that time they were in violation and would have been in receipt of a letter indicating that and the State automatically became the Complaint Officer and what the penalties were for that. He was told they can just notify them that they are still working. Let it come up for discussion but at least let it go because they indicated to PUC that they are working on the matter, something the old Council had done a long time ago anyway.

Councilman Martinez said would Councilman Rice have any problem about putting it on for the next meeting.

Councilman Rice said they can discuss it and he would suggest perhaps have someone else go and speak to the PUC. The person spoke with the Council and he went to a different individual and got the same information. He said let's not hurt the taxpayers or CCC. Let's do something.

Feb. 25, 1983

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 2:25 P.M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

City Clerk D'Ascensio read letter dated February 22, 1983, from Honorable Ralph T. Grant, Jr., President of the Municipal Council, calling a special meeting of the Municipal Council for Friday, February 25, 1983, at 1:00 P.M., or as soon thereafter as the Council can convene to consider the following legislation:

TEMPORARY EMERGENCY RESOLUTION APPROPRIATING \$30,000. IN THE OFFICE OF THE MUNICIPAL COUNCIL TO PROVIDE FUNDS FOR THE HIRING OF SPECIAL COUNSEL.

RESOLUTION AUTHORIZING THE MUNICIPAL COUNCIL TO ENTER INTO CONTRACT WITH AN OUTSIDE ATTORNEY CONCERNING THE BOARD OF EDUCATION.

President Grant stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 1, 1982, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on February 22, 1983, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

The City Clerk stated that concomitant with the above letter, there was also a direction to send communications to Mr. Thomas Banker, Assistant Business Administrator and Honorable John Teare, Corporation Counsel.

The City Clerk read the following letter:

February 23, 1983

Mr. Thomas Banker
Assistant Business Administrator
Newark, New Jersey

Dear Sir

The Municipal Council requests that a Temporary Emergency Appropriation Resolution be prepared appropriating \$30,000. in the Office of the Municipal Council, Services by Contract or Agreement. If adopted, this resolution will provide funds for the hiring of an outside attorney to represent the Municipal Council with respect to the Board of Education.

Please have this resolution prepared for the Municipal Council's consideration at the Special Meeting of Friday, February 25, 1983 at 1:00 P. M.

Very truly yours

City Clerk D'Ascensio advised the Council that he was in receipt of this resolution.

The City Clerk read the following letter:

February 22, 1983

Hon. John J. Teare
Corporation Counsel
Newark, New Jersey

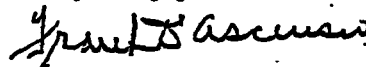

Dear Judge Teare

I hereby request that your office immediately prepare a resolution and contract for the Council's Special Meeting of Friday, February 25, 1983, which would authorize the Council to retain special counsel in connection with matters involving the Newark Board of Education. Said contract shall provide payment of no more than \$30,000. in total and at a rate not to exceed \$100. per hour.

As of the writing of this letter no special counsel has yet been designated by the Governing Body.

It is essential that the proposed legislation be received by this office prior to 11 A.M., Friday, February 25, 1983.

Very truly yours

City Clerk

City Clerk D'Ascensio stated that he was not in receipt of the above mentioned legislation, but he was in receipt of a legal opinion, copies of which have been provided to the Members of the Council, and the subject matter is THE APPOINTMENT OF SPECIAL COUNSEL IN CONNECTION WITH MATTERS INVOLVING THE NEWARK BOARD OF EDUCATION.

Councilman Carrino requested that in lieu of the City Clerk reading the letter from Corporation Counsel Teare it be incorporated into the record.

RE: APPOINTMENT OF SPECIAL COUNSEL IN CONNECTION
WITH MATTERS INVOLVING THE NEWARK BOARD OF
EDUCATION

This is written in response to your request that we prepare a resolution and contract authorizing the Municipal Council to retain special counsel in connection with matters involving the Board of Education. It is our understanding that the immediate concern of the Council is the special school election at which the question of reclassification of the Newark School District from a type I to a type II district will be presented to the voters.

Your request raises two threshold questions:

1. Does the Municipal Council have standing to institute a lawsuit challenging the special election?
2. Does the Municipal Council have the authority to appoint special counsel?

1. STANDING

In order for the Municipal Council to pursue a judicial review of the special school election a sufficient nexus must exist between the school election and the interests of the Council. A plaintiff must demonstrate a sufficient stake and real adversity with respect to the subject matter of the litigation. New Jersey Chamber of Commerce v. New Jersey Election Law Enforcement Comm., 82 N.J. 57, 67 (1980); Crescent Park Tenants Ass'n v. Realty Equity Corp., 58 N.J. 98, 107-108 (1971). In the instant case the Municipal Council, as a collective body, does not stand to be affected by the citizenry's decision to have a type I or type II school district. The Council cannot show that there is substantial likelihood of some harm being visited on the Council or on their statutory prerogatives in the event that the members of the board are appointed rather than elected. See e.g. Home Builders League of South Jersey, Inc. v. Berlin Tp., 81 N.J. 127, 134-135 (1979); So. Burlington County NAACP v. Mt. Laurel Tp., 67 N.J. 151, 159 (1975), app. dism. 423 U.S. 808 (1975).

Where, however, there is a question of strong public interest a plaintiff can have standing even though the personal impact is less significant. Urban League of Greater New Brunswick v. Mayor and Council of Carteret, 170 N.J. Super. 461, 467 (App. Div. 1979); Elizabeth Federal Savings and Loan Ass'n v. Howell, 24 N.J. 488, 499 (1957). The question becomes whether the Municipal Council, as a collective body, can show that the public interest is severed by challenging the proposed referendum. It is conceded that the public has a strong interest in the operation of the school board; however, it is arguable whether this public interest can be equated with the weighty public questions identified by the New Jersey Courts. The Courts have taken a liberal approach to standing in regards to public injustices, e.g. question involving free speech, tenants' right, and environmental protection. It is doubtful that the matter herein rises to a level justifying this kind of treatment, especially since the public interest may not necessarily be on the side of challenging the election.

February 25, 1983

But even assuming, for purposes of this memorandum, that the courts would find that the potential harm to the general public is so substantial as to constitute a question of public interest it is the opinion of this office that the Council still lacks the requisite minimum nexus with the issues involved to maintain this action.

2. APPOINTMENT OF SPECIAL COUNSEL

Under the Faulkner Act the executive power of the municipality is exercised by the Mayor (N.J.S.A. 40:69A-39), whose duties include the supervision of all of the departments of the municipal government (N.J.S.A. 40:69A-40). The administrative functions, powers and duties of the municipality, except for those vested in the office of the municipal clerk and the municipal tax assessor, are allocated among and within the departments (N.J.S.A. 40:69A:43(a) whose heads have the power of appointment of subordinate officers and employees within their respective departments (N.J.S.A. 40:69A-43(b)).

Consistent with the authority vested in the Mayor and department heads to exercise the executive and administrative functions of municipal government, Newark's Administrative Code provides that the Corporation Counsel "shall be the chief law officer of the city and the attorney of record in all proceedings wherein the city or any of its officers, boards, bodies or commissions, by reason of any suits growing out of their official position, shall be a party" (Newark R.O. 2:6-3). The Code further provides that the Corporation Counsel is authorized to appoint, with the approval of the Mayor, such special counsel as he deems necessary to assist in proceedings in which the City may be a party (Newark R.O. 2:6-9). Clearly, then, the authority to represent the City or any of its officers, etc. in litigation lies with the Corporation Counsel as does the authority to appoint special counsel, subject to the Mayor's approval. All matters relating to the Newark Board of Education in which the City or its officers, etc. have an interest growing out of their official positions are properly handled by the Corporation Counsel. As indicated, however, in the foregoing discussion on the standing of the Municipal Council to challenge the special school election, neither the City nor the Municipal Council has that interest in the conduct or the outcome of the election which would give it standing to bring suit. Moreover, the question of a special election does not give rise to a conflict between the legislative and executive prerogatives of the Municipal Council and the Mayor, respectively, which would justify the Corporation Counsel appointing outside attorneys to represent the interests of the Municipal Council.

Based on the foregoing, it is our opinion that the Municipal Council lacks the authority to appoint special counsel to represent it in challenging the special school election. Neither may the Corporation Counsel make such an appointment as the Council does not have standing to pursue the matter of school elections in court. Although individual members of the governing body may take legal action in their capacities as citizens and taxpayers, they would not be entitled to compensation by the City for legal fees incurred.

In the past the Law Department has, with great success, defended the City in matters involving the Newark Board of Education. However, because of the nature of the issue involved herein, we are precluded from both representing the City or its officials and from approving the appointment of special counsel. In view of our opinion we have not drafted the requested resolution and contract.

The City Clerk read a letter which was directed to be sent to Mr. Carl Shariff by the Municipal Council.

February 22, 1983

Mr. Carl Shariff
President
Newark Board of Education
2 Cedar Street
Newark, New Jersey 07102

Dear Mr. Shariff

I am writing to you at the direction of the Newark Municipal Council requesting the following information:

1. Has any resolution been adopted by the Newark Board of Education calling for an election to reclassify the Newark Board of Education as a Type I School District?
2. Have any petition(s) been filed with the Board of Education requesting a special election to reclassify Newark as a Type I School District?

If either resolution has been adopted or introduced, or any such petition(s) have been filed, we would appreciate immediate response as to when such matters were adopted and validated, as complying with statutory requirements.

It's essential that written reply be received by this office no later than 3 P.M., Wednesday, February 23, 1983.

Very truly yours

City Clerk

The City Clerk advised that no reply to this letter had been received.

President Grant noted that perhaps this is why the Municipal Council and the Newark Board of Education appear to be in constant conflict when they shouldn't be. He said a simple request from a person who is an appointed official from an elected body going unanswered, to him, smacks of blatant disrespect. At the same time the public is asking this Council to be responsive to the needs of the youngsters in this City and they are trying to work together to get some information. He thinks the Mayor and the entire Board of Education need to be made aware of this and he thinks at some immediate future date the Mayor needs to meet with the Council to see if this mess can be ironed out once and for all. President Grant stated he is tired of the Council constantly having to take the brutal brunt of every axe in this City when in reality the Council is trying to resolve the matter and cannot get basic, simple cooperation.

Councilman Martinez noted the resolution is not signed.

City Clerk D'Ascensio advised this was in accordance with the legal opinion of the Law Department and that it has to be signed by someone as to factual content.

Councilman Tucker stated he would sign the resolution and move it.

Councilman Carrino requested the City Clerk to read into the record the date the letter was sent.

City Clerk D'Ascensio stated the letter was sent on February 22, 1983 and the last sentence reads "It's essential that written reply be received by this office no later than 3 P.M., Wednesday, February 23, 1983."

February 25, 1983

President Grant stated though the time constraint may not be the longest period of time, from the 22nd to the 25th seems to be a reasonable length of time.

Resolutions.

7-R-a-S.

TEMPORARY EMERGENCY RESOLUTION APPROPRIATING \$30,000., OFFICE OF THE CITY CLERK AND MUNICIPAL COUNCIL, OFFICE OF THE MUNICIPAL COUNCIL, OTHER EXPENSES, SERVICES BY CONTRACT OR AGREEMENT; SAID FUNDS SHALL BE PROVIDED IN 1983 BUDGET.
(Copy of resolution submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Branch.

President Grant stated for the public's consumption that the Council is in no way trying to utilize the taxpayers' dollars for anything that is not in the real interest of the City and if after a complete study of this matter, the Council does not find it necessary to hire outside Counsel, not one dime of this appropriation will be used and it will be returned to the City's coffers.

Councilman Carrino noted that if the process by which this special election which has been called for April 5th is overturned by the Judge, the \$30,000. investment will eventually save from \$100,000. to \$125,000. that the Board would have spent one week before the regular election to be held April 12th that they are going to spend money on anyway. He mentioned that the money would be used in a responsible matter even if 1) it was not used at all or 2) it was used to make sure that a far excess amount of money is not going to be used at an inappropriate period of time.

Councilman Payne said in line with the dual election process; 1) As you know it was difficult enough to get people to come out in early primary elections when in the past they were held in the month of April. We found that the turnout in those elections many years ago did not cause a number of problems that we find now existing in June primaries. So there is a precedent to have something to say about times of elections. 2) It is certainly not uncommon for a question to be on a ballot and people to be voting for persons in that election. If the Board of Education is interested in having this referendum before the people, it could be held on one election as it has been indicated before on April 12th where they can vote "No, I don't want this, Yes, I do" and then secondly vote for the candidate. There is no reason other than to thwart the will of the people. He said whether he is for or against an elected board he thinks the people have spoken and he feels that they are elected to uphold the constitution. He said to do anything other than that is, in his opinion, trying to subjugate the constitution in trying to go around the whole question. He stated he supported this resolution.

Councilman Carrino noted that since in the past several months this has happened on more than one occasion where the Corporation Counsel cannot represent the City Council on certain things, he was going to move at the budget hearings that they delete \$30,000. from the Law Department's Budget. He said the Law Department certainly does not need as many lawyers as they have since they cannot represent the Council in certain areas so that in the long run the \$30,000. they are appropriating, if used, is not going to be one extra penny, because he is going to try to take \$30,000. out of the Corporation Counsel's budget for 1983.

Councilman Martinez stated that at the pre-meeting conference he had requested that the Council's two attorneys, City Clerk D'Ascensio and the media, would at the conclusion of the vote on this resolution, visit the Board of Education and ask the Board of Education for a copy or duplicates of those petitions that have been filed and to prepare them in the same manner as is done by the City Clerk in elections in the City of Newark. He said he hoped that request would be followed.

Councilman Branch stated that he was hesitant about supporting this resolution but that he would support it because his colleagues feel very strongly and he feels very strongly about some of the things that have been said. He said

he felt very strongly about voting for a \$30,000. Counsel to come in when they have people that are being paid by the City to render decisions for the Council. He said he does not think it is fair to the taxpayers. He thinks they spend too much money for the Law Department, for the Law Department not to render a decision that the Council is asking for. He said they are constantly spending money and that is why he is hesitant to support this resolution because he has seen us wasting taxpayers' money on that particular issue when decisions could be rendered with the number of people they have that they pay.

Councilman Rice asked if they could move to vote and that he would comment as he would like this to become an official mandate.

President Grant suggested that in order that they did not include anything out of the order of business that it would be appropriate to include it at present, otherwise it would have to be ruled out of order.

Councilman Rice stated for the record that he has no problem spending taxpayers' money. He noted we spend them everyday and he thinks at times they spend them unwisely. He mentioned that this is probably one of the wisest ways they can spend the taxpayers' dollars. He said the West Ward has spoken and they are somewhat disappointed in what the Senate did. Councilman Rice said that half of the Assemblypersons of the 28th Legislative District worked hard and tediously to move as far as they did. He wanted it to go on record that the West Ward Community, those that he tracks with have made it very clear to him that they want this fight to go as far as it has to go in any course.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, Branch, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Tucker stated that when they were down in the Assembly, ironically they found themselves in a position where people who usually were not really supportive of Newark, were very much supportive of that piece of legislation to at least provide them with wards, so that they can get adequate representation. He noted that they as a Council should personally thank them for the support they gave us. He said he was talking about the people who were in attendance and voted affirmatively for it and remind them they will be back on March 7th to follow up on the effort of trying to get ward elections. He requested the City Clerk be directed to send a letter to the Assembly thanking them for their efforts and if possible invite the Attorney General to meet with Council on the question of interpretation of Title 18 and Title 19 and recess this meeting until Monday to give them an opportunity to advise Council. He noted that if the Attorney General were to give them an opinion, it could very well forestall legal action in the Courts. He said they should request they be provided with technical assistance in this regard.

President Grant directed the City Clerk to send a letter of thanks to those persons who worked with the Essex County Delegation in trying to promote the legislation and also a letter requesting the Attorney General and the Commissioner of Education to meet with Council. President Grant said they have reached out for Mr. Saul Cooperman and he has not responded on either occasion. Not once has he been available for this body. This Council put out a call for him this week indicating to him that they would be in Trenton and all of a sudden he had business out of Trenton. Mr. Cooperman did not meet with Council yesterday, the day before, nor today.

City Clerk D'Ascensio asked the Council's direction on the legislation authorizing the Council to enter into a contract with an outside attorney concerning the Board of Education.

A motion to recess this meeting until Monday, February 28, 1983, at 4:00 P.M. was made by Councilman Carrino, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

This ordinance will come up for a public hearing and be considered for further action on March 16, 1983.

March 2, 1983

Councilman Martinez requested that a copy of this and all the hearings that this Council has had in the last two months be submitted to Judge Thompson. He said he would be curious to see how Judge Thompson interprets the way Council changes salaries, laws, decisions.

Councilman Tucker stated that at the pre-meeting conference, Mr. Angelo Cifelli, Counsel for the Board of Adjustment, indicated that the Judge's determination, a copy of which Council is in receipt of, indicated that the Judge would not entertain making a ruling on a possible change until such time as the change had been put forth in an ordinance. Councilman Tucker noted for the record that the Judge had not ruled on any changes currently being recommended at this point in time. The Judge reserved the right to make a decision on it. Councilman Tucker said he did not feel this Council should be an agent of the Court. He said if the individuals who are involved in this process want to take this matter to Court he thinks they have every right to do so and they should go through the same process as any other person taking a matter to Court and asking the Judge to rule. He stated it is important to note that the Judge did not rule on this question.

Councilman James stated he did not think that they should make any idle inferences that this Body is acting contrary to law. He thinks it should be clearly stated as Councilman Tucker has indicated for the record and he would concur with all of his remarks. He would like to state they should be mindful that the late Rocco Rossi served in a unique position as both Secretary to the Board of Adjustment and Zoning Officer. But this is not the same, that these two positions can not be separated, nor should it be ascertained or understood that it is not the prerogative of this Body to deal with the establishment of salaries and positions. He would hope that any idle inference that they are acting contrary to any Judge's order is removed from the minutes of this meeting because that is certainly a height of speculation, a hypothesis when the action of this Council is far removed from that type of action.

Councilman Martinez stated that no where in his remarks did he say this Council was acting in any way shape or form. He only requested that all of the minutes of the meeting concerning this particular ordinance be submitted to the Judge for his review. He said it is very interesting how they received a salary of \$3,500 at one meeting, increased to \$5,000. at another meeting and reduced back to \$3,500. at the third meeting.

Councilman Tucker said he did not believe this Council should submit this matter to Court. He opined that if the persons involved in this matter want to take it to Court they have every right to do that but why should this Council submit it to Court which implies there is something that they are doing wrong.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Martinez, seconded by President Grant.

Councilman Martinez said this is only the transfer from one position to another. There are no additional titles or monies.

Councilman Carrino said this has to do with the situation with people who are in the Water Meter Lab. He said if they do not get them over there they will not be able to perform their function.

The motion to adopt the ordinance on first reading was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are seven and the noes are none. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. Section 4. That Title Twenty-Five, Chapter Three, Section One, of the Revised Ordinances of the City of Newark, New Jersey (1966), as amended, be further amended to read as follows with such amendment to be in effect for the period from October 1, 1981 until such time as it is further amended by the Municipal Council:

25:3-1. Rates: General Schedule

The Charges for all water furnished by the City of Newark including private consumers in Silver Lake District, Belleville and elsewhere outside of Newark (unless otherwise covered by special contract), shall be as follows:

\$13.71 for the first 500 cubic feet or less, per quarter;

8.82 per 1,000 cubic feet for the next 9,500 cubic feet per quarter;

7.83 per 1,000 cubic feet for the next 90,000 cubic feet per quarter;

6.86 per 1,000 cubic feet for the next 400,000 cubic feet per quarter;

5.90 per 1,000 cubic feet for all over 500,000 cubic feet per quarter;

Section 2. That Title Twenty-Five, Chapter Three, Section 5, of Ordinance 6 S & F-b adopted February 4, 1981 shall be amended to read as follows:

Section 5. That Title Twenty-Five, Chapter Three, Section Two, of the Revised Ordinances of the City of Newark, New Jersey (1966), as amended, be further amended as follows, with such amendment to be in effect for the period from October 1, 1981 until such time as it is further amended by the Municipal Council:

25:3-2. Rates for Certain Use of High Pressure Supply System.

\$19.54 for the first 500 cubic feet or less per quarter;

March 2, 1983

12.71 per 1,000 cubic feet for the next 9,500 cubic feet per quarter;

11.74 per 1,000 cubic feet for the next 90,000 cubic feet per quarter;

Section 3. Any prior ordinance or part thereof which is inconsistent with this ordinance is hereby repealed.

Section 4. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Carrino.

Councilman Martinez asked the City Clerk for clarification on this ordinance.

City Clerk D'Ascensio stated the prior ordinance adopted by Council dealt with the water rates up to September 30, 1982. He said there was a hiatus in the period since then and in order to correct that deficiency and fill the void, all this would do is continue the water rates that Council adopted for 1982 and continue them until such further time as Council would change them in the future. It does not increase what exists today.

President Grant stated this ordinance does not have any reference to the new water rates. He said this would give the City permission to continue collecting at the old rate until this Council either approves or disapproves the new one.

The motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are seven and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

At a later time in the meeting Councilmen Payne requested to have his vote recorded since he was not present when that ordinance was considered.

Councilman James also requested at this time to have his vote recorded as he was in attendance at a meeting for the homeless when this ordinance was considered.

A motion to revert back to Ordinance 6-Ph, S & F-a to permit Councilmen Payne and James to record their vote was made by Councilman Payne, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

President Grant stated for the consumption of the audience that normally once a matter has been acted on and subsequently a Council Member comes in to cast their vote in the affirmative or the negative it is the prerogative of the chair to entertain a motion to go back to something that has been concluded.

6-Ph, S & F-b.

March 2, 1983

At this time President Grant recognized students in the audience from several high schools from the City who were from United States History or Civic Classes. He explained to these students that ordinances are laws the City creates while a resolution is an action on making appropriations. He mentioned the calendar is made up of ordinances, resolutions and Hearings of Citizens. He noted that if in the future any class would like to have a Member of this Council speak to them, he is sure any Councilman would be happy to do that as long as his schedule permits it.

RESOLUTION RECOGNIZING AND COMMENDING THOMAS J. HARPER, CONTRACTOR, FOR
OUTSTANDING SERVICE TO THE COMMUNITY.

A motion to adopt the resolution was made by Councilman Rice, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

March 2, 1983

Councilman Rice said he would like to commend Mr. Harper who has worked with the City throughout the years, but who has also gone beyond the call of duty when it comes to the community. He said Mr. Harper has taken his time, equipment and men and backfilled and cleaned many lots in order that West Ward youths would have some place to play in the summer. He noted during the recent snow blizzard, though Mr. Harper was contracted to work in the City, there was a period of time he was not under contract, that he and his men voluntarily removed snow in various west ward locations, South 14th Street and he reopened South Orange Avenue which is supposed to be the responsibility of the County Government. Councilman Rice said they are very pleased to have this type of service in his ward and in his community. He wanted to let Mr. Harper know they appreciate him and that this Council recognizes the occasions when someone does something good.

President Grant read the following resolution:

WHEREAS, Thomas J. Harper of East Orange, New Jersey, has been a demolition and excavation contractor in the Newark area for 10 years, and maintains part of his operations within the City of Newark and provides needed employment and economic activity for the community; and

WHEREAS, Thomas J. Harper has donated his services for projects that have benefitted the people of Newark, such as the leveling of vacant lots to serve as play areas for neighborhood children, and he is an active supporter of civic organizations; and

WHEREAS, Thomas J. Harper, during the recent blizzard which paralyzed the metropolitan area, demonstrated great enterprise and dedication in the snow removal work, and did much to enable residents of the West Ward to resume their normal activities and travel; and

WHEREAS, Thomas J. Harper has in many ways demonstrated keen concern for the wellbeing of the people of Newark, and for the physical betterment of the community, and has set an example for others who do business in our City;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and commend Thomas J. Harper, contractor, for outstanding service to the community, and does wish him much future success in all his endeavors.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Mr. Harper in appreciation of his efforts to make Newark a better place to live and work.

President Grant presented, on behalf of the Municipal Council, a suitably inscribed resolution to Mr. Harper.

Mr. Harper thanked the Members of the Council and said this was one of the greatest rewards he has received in his life. He said he came to this town when he was 17 years old, some 30 odd years ago. He said he rose from a farmer to a demolition man.

Councilman Carrino said that since 1982 they have gone from 2700 abandoned buildings down to 1700 and he felt they have finally turned the corner in not having the number go up every year. He noted that one of the reasons for that drastic decline is the fact that the City Council decided to go out to private contractors for demolition as opposed to the Newark Demolition Team. He said he hoped that some day they would knock Mr. Harper out of the demolition business and hoped that Mr. Harper could go into the contracting business and start building around this City. He congratulated Mr. Harper and all the people who represent what the private industry is doing for the City of Newark as far as demolition goes so that eventually we can get down to ground zero and start building again.

Councilman Tucker complimented Mr. Harper on his work and said that it was very important to note that some demolition contractors who come into the City of Newark to work do an effective job and some do not. He noted that when Mr. Harper does demolition work there is never a question as to whether the job is done right. He also always communicates with the people within the

community. When he completes his work it is basically the pride of the community. The ground is leveled and the community is comparatively happy. Councilman Tucker said it is important to at least highlight employees and more specifically contractors when they do a job well. He said it is the tendency of the Council to berate contractors who do not do an effective job after they are in receipt of municipal funds but he felt it was also important for them to compliment contractors who do an effective job and work well with the community at large. Councilman Tucker said he stands ready along with his colleagues to salute the job Mr. Harper has done for the City of Newark and hoped that he would continue to do the job he is doing which shows his commitment and belief that Newark is a great City.

Councilman Payne said he is familiar with the property and the fact that this is the Industrial Park in which the Federal Government will be putting a substantial amount of funds. He said Mr. Bill Wallace, Councilman James and Councilwoman Villani have worked hard on this and he said he believes that they have transferred funds from H.C.D.A. monies several weeks ago. He said he is aware this is something they are all in favor of but by virtue of the late starters coming to this Council and with there being a lack of knowledge available it tends to confuse. He requested the City Clerk once again inform the Mayor and the Administration that the Council feels continued late starters for no good reason is a practice which should be suspended.

Councilman Carrino said he concurs with Councilman Payne but he felt everything falls on deaf ears. He said Council was in receipt of an added starter list from the pre-meeting conference but during the course of this meeting more resolutions have been received. He said as long as they continue to vote on these resolutions whatever they request will fall on deaf ears. He said people are laughing at them. He stated he realizes every Councilman has a particular need or want but unless they establish a policy this is going to happen every meeting until someday they hit the jackpot by doing something they were not supposed to do.

Councilman Rice said he concurs with this and he requested that the appropriate department send to this Council the information concerning the contractor that was supposed to have been responsible for moving the debris at that location recently.

Councilman Carrino asked Engineering Director Zach what was going to be done on the mural.

President Grant noted every department head has said there is a serious problem with the roof which causes the leakage. He said he understands from someone that the City has spent in excess of a 1/2 million dollars in the repair of this roof and still have not gotten to the actual substance or reason why it continues to leak. He said he hoped during Director Zach's tenure it could be solved.

Director Zach noted the funding was currently in place and they expect to be advertising for a new replacement roof within the next two weeks. The project is moving, it has been funded and will go.

President Grant said they just wanted to know the dollars were there and there would be advertising for the reception of bids and the project will start when the weather breaks.

RESOLUTION RATIFYING CONTRACT WITH AMERICAN CITIES CORPORATION FOR PERIOD OCTOBER 18, 1982 TO MARCH 2, 1983; FURTHER AUTHORIZING MAYOR AND EXECUTIVE DIRECTOR OF MAYOR'S POLICY AND DEVELOPMENT OFFICE/COMMUNITY DEVELOPMENT ADMINISTRATION TO ENTER INTO CONTRACT WITH AMERICAN CITIES CORPORATION TO PERFORM STUDY OF CENTRAL BUSINESS DISTRICT, FOR PERIOD MARCH 3, 1983 TO OCTOBER 19, 1983; TOTAL AMOUNT OF FUNDS IS \$120,000.; FUNDS AVAILABLE FROM H.C.D.A. IV.

A motion to adopt the resolution was made by President Grant, seconded by Councilman Branch.

Councilman Payne requested an answer from the Law Department that since this contract went into effect in October and Council was being asked to vote on it in March what impact would a deferment for two weeks have on the contract.

President Grant stated that as with every Councilperson who presents a late starter, that particular Councilperson, whether it is at a Council meeting or just prior to, makes a decision to sign the document that comes before us. He said he serves on that Board and when it was brought to his attention that the dollars needed to be in place as quickly as possible so that American Cities can get their study under way he agreed to sign this resolution.

Assistant Corporation Counsel Goger said that she was totally unfamiliar with the contract and the resolution and could not say what impact a delay would have at this time.

President Grant said American Cities has to do with the development of the business sector of Newark, namely Gateway 4 and some of the other things that are planned in that area. He noted American Cities is the Consultant group that will be drawing up the plans for final presentation.

Councilman Payne said the purpose for asking the Law Department for that information is that who could be against forward planning, but it does not make any kind of sense to have a late starter on something that is a 1/2 year old. He said he appreciated President Grant's explanation but felt it was really in the hands of Administration and he would like to reiterate that this is a practice they should certainly cease and desist as much as possible. He noted that in a true emergency he will be the first to note that there would be some.

The motion to adopt the resolution failed of adoption by the following votes:

Yes: Councilmen Branch, James, Tucker, President Grant.
Not Voting: Councilmen Martinez, Payne, Rice, Villani.
Absent During Roll Call: Councilman Carrino.

At a later time in the meeting Councilman Carrino requested to have his vote recorded as Not Voting.

March 2, 1983

Councilman Payne said the reason he suggested this resolution be deferred was because of the fact it was a late starter. He said he did not want to be recorded as being opposed to a study of this nature but he thought the manner in which it was brought up here was wrong. He said if this matter came before Council not as a late starter he was sure it would be a 9-0 approval. He noted that his point was that if it is not going to jeopardize the contract, why can't it be brought up properly where they can all vote in the affirmative like it ought to be.

Councilman Carrino said he totally agrees except that because of certain Councilmen's interest two other resolutions have already been voted on. He said the problem is they either have to have a policy or not. He said he was willing to vote against all three, but he would abide by a policy that this Council sets up.

Councilman Payne said he would withdraw his support for the one in the South Ward because the policy has to be struck and if they continue to do like they are mistakes are going to be made.

President Grant indicated that principles in terms of what Council wants as a policy blanket should be discussed at a special conference.

Councilman Branch stated that if we are going to establish a policy they should all be in accord with that policy and abide by it.

President Grant stated this resolution has failed to be adopted. He said this matter will be brought up for future discussion and if there is a blanket policy established it will mean that as President of this Council he will not entertain any late starters under any circumstances.

Councilman Payne said that a true emergency should be defined.

President Grant stated that is a matter of councilmanic opinion.

Councilman Payne stated since their opinions go from A to Z and from black to white, then that is not policy. He noted there should be some objective standards. There should be some penalty if, in fact, something is not done. There should be some very objective rather than objective penalties. He said he will withdraw any support or move that he made on any late starters because he couldn't agree more with Councilman Carrino that inconsistency is wrong and he would be willing to withdraw if that would serve a purpose. He said he stands corrected and admits that he was inconsistent. He said this policy has to stop at some point in time and this should be it. He said we need to deal with what a true emergency is and deal from that viewpoint.

RESOLUTION REQUESTING DIRECTOR OF LOCAL GOVERNMENT SERVICES TO APPROVE
INSERTION IN 1983 CITY OF NEWARK BUDGET, "MISCELLANEOUS REVENUE", SUM OF
\$108,950.; NEWARK MUNICIPAL CONTINGENCY RESPONSE PLAN.

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Grant.

Councilman Carrino said this is a perfect example. This is a contract of \$108,000. and nobody is questioning that we have to get a plan with this toxic waste or chemical problem. He said no one knows about the company, no one knows about what they are going to do and no one knows when they are going to do it.

Councilman Tucker said they have already approved the contract with the Consulting Firm and they also submitted a resolution to the State asking the State to obligate those monies. He said we are now dealing with the budget insertion which makes the funds available to pay the contract that they have executed. He said there are two resolutions; one which was approved by this Council approximately one month ago authorizing the contract and he remembered the Director of Engineering brought the contractors in, and the second resolution was written by the Department of Engineering which said they were going to submit to the State so they would be in receipt of these special funds which could only be utilized for the development of the Newark plan.

Councilman Branch requested that a letter go to every department in regard to late starters.

President Grant indicated it should be sent to the Business Administrator because all matters must pass through him as the last focal point.

President Grant said that if at their next special conference all of the Council Members agreed to do this because invariably some Department Head approaches a Councilman and in their wisdom they feel they would like to deal with this, they will talk to five or six persons and they will bring it up and ask for the vote and it will be considered. At the Special Conference on Tuesday they can decide whether or not this is going to be 1) no further late starters regardless, or 2) from time to time.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

Not Voting: Councilman Payne.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to defer action on this ordinance was made by Councilman Martinez, seconded by Councilman Tucker.

President Grant said in light of the motion to defer on this particular piece of legislation all of them have problems and qualms when it comes to increasing the water rates, sewer rates in this City, but he thinks it suffices to know that in order to run a City tax dollars must be gotten from somewhere. Even though it is antiquated, even though it is confiscatory, there is only one basic source they can go to. If the water rates are not increased, then it means they have to increase the property tax on the other hand. On the third hand if they increase water rates it is perhaps one of the best ways of knowing there is equity in the distribution of responsibility. In other words churches, non-profit agencies, tax abated properties and the like are all required to pay water bills. If they do then they seem to enjoy the better part.

Councilman Carrino noted this particular ordinance had nothing to do with raising the water or sewer rates. He suggested this matter be discussed at the pre-meeting conference.

The motion to defer this ordinance was adopted by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk presented COMMUNICATION FROM BUSINESS ADMINISTRATOR HILL, RECEIVED FEBRUARY 10, 1983, ENCLOSING PROPOSED "ORDINANCE TO AMEND AN ORDINANCE IMPOSING A TAX ON EMPLOYER PAYROLLS IN THE CITY OF NEWARK," ORDINANCE 6-S & F-m, JANUARY 4, 1978, AS AMENDED BY ORDINANCE 6-S & F-k, JANUARY 3, 1979, AS AMENDED BY ORDINANCE 6-S & F-b, ADOPTED JANUARY 16, 1980, AS AMENDED BY ORDINANCE 6-S & F-k, FEBRUARY 17, 1982, TO IMPOSE A RATE OF THREE QUARTERS PERCENT (.75) EFFECTIVE APRIL 1, 1983.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to defer action on this ordinance was made by Councilman Martinez, seconded by Councilman Payne and failed of adoption by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne.

Not Voting: Councilmen Carrino, Rice, Tucker, Villani, President Grant.

Councilman Carrino said this ordinance has to go through a process that takes approximately four weeks. Since this is anticipated in the budget, he would suggest moving it to first reading so that we get it on stream.

Councilman Tucker said the increase within the payroll tax is an anticipated revenue in the 1983 budget. His concern is that they try to expedite this matter not just on a matter of moving it to first, but he would like to have it considered for adoption on first reading so it can be certified by Division of Local Government Finance so that it will be included as an anticipated revenue in the 1983 budget.

COMMUNICATION FROM ACTING BUSINESS ADMINISTRATOR BANKER, RECEIVED JANUARY 21, 1983, ENCLOSING PROPOSED "ORDINANCE TO AMEND TITLE 4, ALCOHOLIC BEVERAGES, CHAPTER 2, LICENSES, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966), AS AMENDED AND SUPPLEMENTED." (TO ADJUST FEES FOR CERTAIN MUNICIPAL ACOHOLIC BEVERAGE LICENSES).

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to defer action on this ordinance was made by Councilman Rice, seconded by Councilman Tucker.

Councilman Tucker requested the City Clerk to request the Corporation Counsel to send legislation to establish an account dealing with increased license fees.

Chief Analyst Polster said the Corporation Counsel had informed the staff that he was pursuing and checking with the Division of Local Government Services relating to a letter the Council sent relative to setting aside by a rider as well as checking with the A.B.C. He assured the Staff he would report back in writing.

Councilman Tucker said similar to a process they have established as a Council in the past they have indicated they wanted a review of these matters every year. The current existing ordinance is multiple. He said he hoped when they dealt with the possibility of considering this option, he assumed they were talking about dealing with it based on just one year. The multiple one they are talking about is more than that amount.

The motion to defer action on this ordinance was declared adopted by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani President Grant.

APPROVED:

Frank D'Ascensio
City Clerk

Ralph T. Grant, Jr.
President

Newark, New Jersey, March 2, 1983

1155

The recessed meetings of February 25, 1983, February 28, 1983 and March 1, 1983 of a special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 3:00 P. M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council; Sergeant Floyd Bostic, Sergeant-at-Arms.

City Clerk D'Ascensio read letter dated February 22, 1983, from Honorable Ralph T. Grant, Jr., President, Newark Municipal Council, calling a special meeting of the Municipal Council for Friday, February 25, 1983, at 1:00 P. M., or as soon thereafter as Council can convene to consider the following legislation:

TEMPORARY EMERGENCY RESOLUTION APPROPRIATING \$30,000. IN THE OFFICE OF THE MUNICIPAL COUNCIL TO PROVIDE FUNDS FOR THE HIRING OF SPECIAL COUNSEL.

(This resolution was adopted at a special meeting held February 25, 1983)

RESOLUTION AUTHORIZING THE MUNICIPAL COUNCIL TO ENTER INTO CONTRACT WITH AN OUTSIDE ATTORNEY CONCERNING THE BOARD OF EDUCATION.

RESOLUTIONS.

7-R-a-S-1.

RESOLUTION AUTHORIZING PRESIDENT OF THE NEWARK MUNICIPAL COUNCIL, ON BEHALF OF THE MEMBERS OF THE MUNICIPAL COUNCIL, TO EXECUTE CONTRACT WITH THE LAW FIRM OF ROTHBARD, HARRIS & OXFELD, NEWARK, NEW JERSEY, FOR THE PURPOSE OF REPRESENTING THE NEWARK MUNICIPAL COUNCIL IN CONNECTION WITH THE PROPOSED SPECIAL ELECTION SCHEDULED FOR APRIL 5, 1983; TOTAL CONTRACT FEE SHALL NOT EXCEED \$30,000. (CONTRACT AWARDED WITHOUT COMPETITIVE BIDDING PURSUANT TO LOCAL PUBLIC CONTRACTS LAW N.J.S.A. 40A:11-5(1)(a)).

(Copy of resolution submitted to each Member of the Council)

City Clerk D'Ascensio read the following resolution:

WHEREAS, on May 12, 1982 the voters of the City of Newark passed a referendum placed on the ballot by action of this Council, which referendum changed the manner of selection of Members of the Board of Education from an appointed to an elected Board; and

WHEREAS, the first election for the elected Board is scheduled for April 12, 1983; and

WHEREAS, the Board of Education has now passed a resolution in connection with petitions filed with said Board to hold a special election on April 5, 1983 for the purpose of determining whether the Board of Education should be reclassified from an elected Board of Education back to an appointed Board of Education before the citizens of Newark have had an opportunity to vote for any elected Members to serve on the Board of Education; and

WHEREAS, there appears to have been no validation process used by the Board of Education to determine whether the petitions were signed in sufficient numbers to legitimately require the calling of a special election and to assure that the signatures on the petitions were executed by registered voters of the City of Newark; and

WHEREAS, a review of a copy of the petitions supplied to the Newark Municipal

Council indicates that a significant number of the signatures affixed thereto are by persons who reside outside of the City of Newark; and

WHEREAS, the information available to the Municipal Council indicates that the Board of Education intends to provide polling places which would constitute over 90% reduction in the number of polling places usually available to the citizens of Newark in any election; and

WHEREAS, in the opinion of the Newark Municipal Council such reduction in the polling places amounts to a constitutional deprivation of the right to vote on behalf of the citizens of Newark; and

WHEREAS, it appears that an essential conflict of interest exists in some, if not all, of the present Members of the Board of Education being involved in the supervision and conducting of an election to determine whether the Board of Education should revert to an appointed Board thereby retaining their positions as Board Members and;

WHEREAS, the Corporation Counsel has issued an opinion in which he has stated that the Newark Municipal Council does not have standing to challenge any issues in connection with the proposed election; and

WHEREAS, the Newark Municipal Council, the City of Newark and its citizens have a sufficient and vital stake in the proposed election and there exists an overriding public interest arising out of the proposed election; and

WHEREAS, the Corporation Counsel of the City of Newark has declined to represent the Newark Municipal Council and to institute litigation in connection with the proposed election.

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:

1. That the Newark Municipal Council/is hereby authorized and directed to execute a contract with the Law Firm of Rothbard, Harris & Oxfeld, Newark, New Jersey, for the purpose of representing the Newark Municipal Council and instituting suit against the Newark Board of Education in connection with the proposed special election scheduled for April 5, 1983. (Contract attached)
2. The total contract fee shall not exceed \$30,000.
3. A copy of the executed agreement shall be filed in the Office of the City Clerk with the original resolution.
4. The contract is awarded without competitive bidding pursuant to Local Public Contracts Law N.J.S.A. 40A:11-5(1)(a) because these services are to be rendered by a person whose performance requires knowledge of an advance type in a field of learning acquired by prolonged formal course of specialized instruction of an apprenticeship and training, and whose profession is licensed by law.
5. Notice of this action shall be published in the Star Ledger.

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Rice.

Councilman Martinez said that he has put 10 petitions on President Grant's desk that he took from the copies that were received by the City Clerk for his perusal. He has spent about an hour this morning with a handwriting analyst, a former police officer of the City of Newark and will not go into his comments. He just wants him to look at the last page because on the top the last sentence says "this petition is made and signed by the following residents and are legally qualified voters of the State of New Jersey."

Councilman Carrino said with all due respect to Councilman Martinez, he has a restraining order against the Board of Education and he would prefer that nobody on the Council mentions anything right now until they consult with their attorneys since it is in litigation.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilman Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

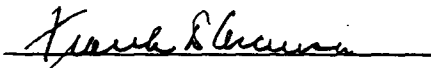

ADJOURNMENT.

12-a. A motion to adjourn the meeting was made by the Council of the Whole and adopted by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

This ordinance will come up for a public hearing and be considered for further action on April 6, 1983.

Councilman Carrino pointed out the ordinance did nothing more than change the rate for the higher industrial users who pay a higher percentage of the sewer rate than the homeowners use. The homeowners rate would be stable as opposed to people who use the heavy part of the sewerage system by putting in chemicals and other heavy factors that were processed by Passaic Valley.

ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE AMENDING SECTION 23:2-1, ONE-WAY STREETS, OF TITLE 23, TRAFFIC AND PARKING, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, DESIGNATING NIAGARA STREET AS A ONE-WAY STREET.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 23:2-1, One Way Streets of Title 23, Traffic and Parking, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented, be amended by deleting therefrom the following:

Niagara Street:
Westbound, from Amsterdam Street to Ferry Street

and by adding thereto:

Niagara Street:
Westbound, from Amsterdam Street to Darcy Street.

Section 2. Any ordinances or parts thereof inconsistent with this ordinance are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publications according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE IMPOSING A TAX ON EMPLOYER PAYROLLS IN THE CITY OF NEWARK, "ORDINANCE 6-S & F-m, JANUARY 4, 1978, AS AMENDED BY ORDINANCE 6-S & F-k, JANUARY 3, 1979, AS AMENDED BY ORDINANCE 6-S & F-b, ADOPTED JANUARY 16, 1980, AS AMENDED BY ORDINANCE 6-S & F-k, FEBRUARY 17, 1982, TO IMPOSE A RATE OF THREE QUARTERS PERCENT (.75) EFFECTIVE APRIL 1, 1983."

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. Title Ten, Chapter Six, Section Three of the Revised Ordinances of the City of Newark (1966) as amended and supplemented be and hereby is further amended in its entirety to read as follows:

10:6-3 Tax Imposed

There is hereby imposed on every employer a tax equal to 3/4 of 1% of his payroll, on all payrolls related to services performed during the period April 1, 1983 through December 31, 1985, inclusive.

Section 2. Any prior Ordinance or part thereof which is inconsistent with this Ordinance is hereby repealed.

Section 3. This Ordinance shall take effect on April 1, 1983, after final passage and publication as required by law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. MURRAY EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY, mentioned that the ordinance affected 35% of Newark's workplace payroll. 73% of real estate in Newark is exempt from taxes and the tax on payroll is also discriminatory because 65% of Newark's workplace payroll is exempt. He felt that an increase in the payroll tax would not help Newark's image or bring business back into Newark. He recalled in 1982 the Budget called for 8 million dollars, at a rate of a 1/4% the City had taken in \$8,614,108.08. In the 1983 Budget, which was not yet published, at a 3/4% payroll tax the projection would be estimated at \$12.9 million dollars.

He indicated the following organizations were excluded under N.J.S.A. 40:48C-14FF: A) The Government of the United States; State of New Jersey; a county, municipality, school district or special district of the State; an interstate governmental agency or any agency instrumentality of any entity enumerated previously B) Any insurance company formed by authority of another state or foreign country C) Any religious, charitable or educational institution organized not for profit D) Any self-employed individual without employees. He said that over 65% of Newark's workplace payroll was excluded from payroll tax. He noted that Newark was the only municipality in the State with a payroll tax. He knew that the City was in need of money, but if the ordinance was passed and the payroll tax was increased, there would be enough money and incentive for the payroll taxpayers to band together and place the matter into the jurisdiction of the Courts. He indicated that one compromise would be was to let the legislators rewrite the laws. He claimed the situation was identical to the situation on the real estate moratorium. He felt the same pro and con arguments applied to each.

Councilman Carrino said a decision had to be made before the Budget was finalized in April. He asked where to find the dollars that were needed to keep the City operating.

Mr. Edson emphasized getting the State Senators to change the laws in the State. He felt by increasing the tax it would be the wrong move to make.

MR. KENNETH LOUIS, SENIOR VICE-PRESIDENT, GREATER NEWARK CHAMBER OF COMMERCE, 50 PARK PLACE, NEWARK, NEW JERSEY, addressed the Municipal Council on behalf of the representatives of the business community. The business community viewed the payroll tax increase as being counter-productive to the growth of jobs in the City. He told the Council that the record showed that businesses flee the City whenever Administration did something which placed the businesses within the City in a competitive disadvantage from surrounding communities. Newark was the only City in the State of New Jersey that placed all of the business in a definite competitive advantage with similiar businesses across the border. He stated that over the last 10 years the City had lost 35% of its business base. He felt the majority of the businesses which moved out of the City did so because of the implementation of the payroll tax.

Mr. Louis added that the Newark business community did pay their fair share of the cost of local government. He responded by saying the Newark business community did pay their fair share of the tax burden in Newark. He stated the residential section of the City paid 11% of the taxes in the City, which was based on 1982 figures received from the Newark Tax Assessor's Office. He added that the business community paid 19% of the property tax in Newark.

He went on to say that the multi-million dollar companies could be counted on one hand. He said a true picture of the Newark business community was not the large corporations, but the small retailers. He claimed that it would be those people who would be affected by the increase in tax. They would be placed at a further competitive disadvantage. He said the small businesses had two options: 1) to stay in the City and pay the tax and 2) charge for their products and services.

He asked the Council to consider the ramifications of the payroll tax increase and vote not to do so.

MR. ROBERT CARTWRIGHT, 137 FLEMING AVENUE, NEWARK, NEW JERSEY, addressed the Council in favor of the payroll tax. He felt the tax should be higher, back to the 1% when it was first instituted. He said what this was doing was raising it only half way back to what it was reduced from. If the money did not come from the business community then it would mean it would have to come from the homeowners and tenants who have to pay their landlords taxes. He indicated over the last two years President Reagan's tax proposals have benefited the business community much more than the working class people. Some of the reductions in federal taxation should have been turned over to the City. He also felt that business did not move primarily based on taxation, but on a number of other factors. He noted the business community benefited by the tax appeal system more than the residential community. He ended his statement by saying that the money could be used for recreation for the youth of the City, which would help the youth in leading a more productive life and also reduce the crime rate.

March 16, 1983

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, addressed the Council in favor of the payroll tax. By looking at the Budget for the Year 1983 you could tell that there was a need for extra dollars. When looking at the whole of the City it was knowledgable that the taxpayers were being overtaxed. He felt this was an opportunity to share the responsibility. He noted that there were over 2,000,000 people that came into the City of Newark every day. As a result of that, the City had to provide various services; police and fire protection for the safety of the people. He stated that a commuter tax could be initiated so that no one could escape the tax. He told the Council it was their opportunity to be legislators who stood up for the principles of their office.

Councilman Tucker indicated the best political thing to do was not to vote on any tax increases. He said some of the basic services have to be paid for. The payroll tax was originally established in 1970 and was part of a special tax package which was negotiated by the Mayor and the City Council which dealt with fiscal solvency of the City of Newark. At that time there were major budget deficits. When looking at taxes one thing had to be dealt with; some of the taxes were needed.

He mentioned on January 15, 1983, the Mayor submitted a budget which had a projected tax rate of \$11.32 in it. In order to hold that tax rate of \$11.32 there were certain requests which were made directly to the Council to increase the water, sewer and liquor rates. Another anticipated revenue which was brought up was the increase of the payroll tax. If this tax was approved, it would increase the payroll tax for persons affected by it by 2.5 million dollars. This would not be affected until April 1. This money was direly needed by the City, as all tax dollars. He added that although the tax rate was proposed by the Mayor to be \$11.32 it was recommended by the auditors and staff that the City would be currently looking at a tax rate of \$13.02 per \$100. of the assessed evaluation.

Councilman James felt it was wrong for people to think that the Council should hold the business community hostage. He said the City received two taxes, parking and payroll to bail the City of Newark out in times of crisis. If the quality of life did not improve in the City, if it was not cleaned up, if police protection was not provided, if it was not seen that the children were educated in the public school system then the businesses and individuals could not be held in the City. He said that people should understand that big corporations such as Prudential, could move any time they wanted, all they would have to do was take a tax loss.

Councilman Carrino said it was ludicrous for the Board of Education to ask for an excess of a \$5 million dollar increase on their budget and \$1 million of that budget was for pay raises for fourteen people up at the top of the Board of Education, especially the Superintendent of Schools, who was going up to \$120,000. in the next five years. He said it was said that people who were here everyday had to be taxed in order to subsidize someone who came from Chicago. Taxes had to be enacted somewhere to keep the City going. He said the Board of Education was a 230 million dollar corporation, that was more than the City of Newark. They spend more money to educate the children than the City spends for police, sanitation, fire and taxes.

Councilman Payne supported the comments made by his colleagues. What had to be kept in mind was that 90% of the business people in the City were small business people. They were shops that hire between 100 persons, men and women who struggle to fight the crime problem, who maintain their premises and who try to work with employees that do not have the proper skills. He hoped that they would not have to increase the tax anymore in the future.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilmen Branch, Payne, Tucker.

No: Councilmen James, Rice, President Grant.

Not Voting: Councilman Carrino, Martinez, Villani.

March 16, 1983

At a later time in the meeting a motion to reconsider this ordinance was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

1172

Yes: Councilmen Branch, Martinez, Payne, Tucker, Villani, President Grant.
No: Councilmen James, Rice.
Not Voting: Councilman Carrino.

Councilman Tucker wanted to mention certain factors that the Council would be faced with. By New Jersey State Statute, this evening the Mayor's Budget was supposed to be introduced. He stated the auditors had informed him that if any taxes were not enacted the tax rate of the City of Newark would be struck at \$13.02, which was a 25% net increase the taxpayers would be paying. He felt the payroll tax would have to be exercised based on the statutory limit of when law became law. He indicated if the City was not in receipt of the payroll tax by April 1st that would mean the anticipated revenue which was to be received would be lower. By not moving affirmatively on the payroll tax the City would be placed in jeopardy and also the City Budget would be placed in major jeopardy. He respectfully requested a reconsideration of the option of the payroll tax.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Tucker.

Councilman Rice noted his negative vote would not be to hurt the City of Newark but it was to tell the Council and Administration they should work collectively in bringing in ratables to the City of Newark. He said it was time to start making new laws for the ratables and for the people in the City.

Councilman Branch noted he had not heard any suggestions on how the 11 million dollars was going to be raised. He said he did not want to see anyone leaving the City and he would do anything he could to try and maintain in keeping the people in the City. He stated there had to be a budget to operate with, if the budget was not adopted then the State would have to come in and adopt it for the City. That would be a bad policy.

Councilman Martinez said he had never seen a tax that came and went. He mentioned that the people in the East Ward paid 14% on the residential property and the other wards made up the vast difference. He also mentioned the East Ward paid 47% of all of the property taxes in the City of Newark. He agreed that the tax was discriminatory. He said there were City employees who work in the City; i.e., police, fire, schoolteachers, etc. that came into the City and received dollars and left without any kind of payment whatsoever. These people received pension, Blue Cross benefits, etc. that the citizens of the City paid through the City of Newark. These people were not taxed but yet work for the City. He mentioned the commuter tax. He thought it to be unconstitutional.

Councilman Martinez read some excerpts from a paragraph of a letter which he received from Mayor Gibson a few days before:

"The Mayor's Proposed Budget also included a 42 million dollar school appropriation. The Board of Education Budget reportedly submitted to the County Superintendent of Schools and has advertised in the Star Ledger which indicates a request of 47.7 million or 5.7 million dollars."

He said this was more than requested by Mayor Gibson in his Proposed Budget for the Year 1983. He said it was a shame that this was not justified. He noted that some years ago the School Board Budget was 30 million dollars, the schools were the top in the United States and the children came out of those schools with a good education, and today with a 241 million dollar project they are coming out and can not even fill out an application for employment. He said if nothing was done then the taxpayers would be receiving a letter stating that the rate would be \$13.00 and up. That would be the highest in the City ever. He said he would be voting in the affirmative.

March 16, 1983

Councilman Payne said he made it clear that his position on the sewer/water was that he was in opposition of it. He said he was for a "rollback" in the escalated cost of the sewer/water rate. He mentioned there were 700 blocks which were vacant, and at one time they used to be structures that were taxable. He noted that 73% of the City was tax exempt which meant that 27% of the people were paying 100% of the tax. He urged the Council to pass the ordinance.

Councilwoman Villani said if the tax rate would go up to 13.2% for the homeowners it would cause an exodus in the City of Newark. She stated she could not do this to the homeowners.

The motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Martinez, Payne, Tucker, Villani, President Grant.

No: Councilmen James, Rice.

Not Voting: Councilman Carrino.

President Grant: The yeses are six, the noes are two and one not voting. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

Councilman Carrino said he fully concurred with the way the vote turned out. He knew that by April 25th there had to be a budget and the Council would have to be responsible for the voting of that. He said that everytime the Council pinpointed where money was wasted and misspent everyone was taken off the hook of finding another way of coming up with other monies.

A motion to consider Resolution 7-R-ch at this time was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-ch.
(A.S.)

RESOLUTION RECOGNIZING AND COMMENDING DR. E. ALMA FLAGG, DISTINGUISHED EDUCATOR, FOR 40 YEARS OF OUTSTANDING SERVICE IN THE NEWARK PUBLIC SCHOOL SYSTEM.

A motion to adopt the resolution was made by Councilman Branch, seconded by President Grant.

President Grant read the following resolution:

WHEREAS, Dr. E. Alma Flagg, one of Newark's most learned and gracious citizens, completes 40 years of exemplary service in the Newark public schools in 1983, and during all these years she has performed with high distinction in many teaching and administrative positions, including Assistant Superintendent of Schools; and

WHEREAS, Dr. E. Alma Flagg, a longtime resident of Newark, is herself a product of this city's public elementary and high schools, and her unquenchable thirst for learning has taken her to graduate study at six different colleges and universities, and she has earned a doctorate in education from Columbia University; and

WHEREAS, Dr. E. Alma Flagg in 1964, through a competitive examination, became the first black principal of an integrated school in the City of Newark, and three years later she became the first black person ever appointed Assistant Superintendent of Schools in Newark, and in her various roles she has brought wisdom and inspiration to thousands of young persons, many of whom have now attained success in government, education, business and the professions; and

March 16, 1983

1174

WHEREAS, Dr. E. Alma Flagg, whose husband is also a prominent educator, has been an active leader or member of some 40 religious, cultural, civic and civil rights organizations, and has received numerous awards from professional and community groups, and has won much esteem throughout the Newark area for myriad activities, including the poems she has written about her beloved city;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and commend Dr. E. Alma Flagg, a distinguished educator, for 40 years of outstanding service in the Newark public school system, and does wish her many more years of professional achievement and great personal happiness.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Doctor Flagg in warm appreciation of her indelible and countless contributions to our civic life and growth.

Councilman Branch presented Dr. Flagg with the resolution on behalf of the Members of the Municipal Council. He hoped Dr. Flagg enjoyed her leisure life as much as she had enjoyed her teaching.

Dr. Alma Flagg said she was grateful for the attention she was receiving this evening. She assured everyone she would continue to help the children and the youth of the City of Newark. She hoped everyone achieved the goals in which they set out to do.

The motion was declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-Ph, S & F-j.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF ENGINEERING AND ESTABLISHING SALARIES THEREFOR," (6-S & F-n) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR LABORER, WATER LEAK DETECTOR)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Department of Engineering and establishing salaries therefor," (6S&Fn) adopted May 4, 1977, as amended and supplemented be amended to create the title and salary range as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>1ST YEAR PER HOUR</u>	<u>2ND YEAR PER HOUR</u>	<u>3RD YEAR PER HOUR</u>
Laborer, Water Leak Detector (40 Hrs.) 121913	1/1/82	\$5.04	\$5.41	\$5.87

Section 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum salary and annual maximum salary therefor, which are inconsistent herewith are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

March 16, 1983

(President Grant excused himself from the meeting at this time)

(Councilman Payne assumed the seat as Temporary President)

Temporary President Payne called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Temporary President Payne and declared adopted by Temporary President Payne by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, Temporary President Payne.

Absent During Roll Call: President Grant.

Temporary President Payne: The yeses are eight, the noes are none and one absent during roll call. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

(President Grant returned at this time)

HEARINGS OF CITIZENS.

6-HC-a.

SENATOR WYNONA LIPMAN, 29TH LEGISLATIVE DISTRICT, 50 PARK PLACE, NEWARK, JERSEY, addressed the Council with respect to the Newark Employment Retirement System and on behalf of the State Government Committee which she chairs in Trenton. In June, 1982 Senator Richard Codey submitted Senate Bill S-1581, which was about better retirement benefits for City employees of Newark. In July, 1982, the State Government and Senator Lipman received a letter from Mayor Gibson which stated he endorsed the concept of better retirement benefits. He said the terms in S-1581 were not satisfactory. She said he asked the State Government's Committee's indulgence while the Budget Director of the City and the Administration drew up an alternative proposal to submit to the Council.

She went on to say there were increased contributions by the employees by 2½%. Instead of waiting 30 years to retire you may retire after 25 years of service at the age of 55. The investment time would be 10 years instead of 15 years. She said Mayor Gibson claimed those terms, in view of the City's fiscal crisis, would be too much for the taxpayers of the City of Newark.

She understood that in August the Budget Director had submitted to the Council an alternative proposal. That alternative proposal had contained a request for an actuarial study of the Newark Retirement System. She said she later found out that that draft proposal never left the Council's hands and was not adopted. She told the Council in responding to requests made by City employees, Senator Richard Codey informed the State Government Committee that he wanted his bill heard in November of 1982. At that time, she mentioned she had written letters to every Member of the Municipal Council asking for the actuarial study which the Administration claimed they had needed before they could negotiate the retirement benefits. She noted she had not received any answers from the City Council. She indicated she was asked by Senator Codey about his bill. She said she had written a letter and called Mr. William Joseph, Director, State Division of Pension. Mr. Joseph had informed her that at the request of Mayor Gibson, the former Governor, Brendan Byrne had ordered that an actuarial evaluation of the Newark Employee Retirement System be completed annually. She said the last report was completed in December of 1981. That report was forwarded to the present Governor, Thomas Kean. She said she was learning about the Newark Employee Retirement System from the report she received from Governor Kean's Office.

Senator Lipman continued to say it was her intention to move Senate Bill 1581. She said the Council was obviously in favor of improving benefits for the employees. She added the present Governor and the past Governor are interested in the problem. That was why they were asking for reports on the retirement system in Newark. She mentioned that the Kean Administration would announce later in the year a Pension Reform Plan. She said she was a member of the Governor's Pension Reform Team. She indicated some of the new plans would be shocking and surprising and they would be announced at the end of 1983. She said another problem was the leadership in the Legislature had decided that any buy-back pension would be paid entirely by the employee. This had not been applied to Municipal pensions. She asked the Council Members to go to a meeting in Trenton to try and solve the problem. The meeting would be held on March 24, 1983, at 10:30 A.M., in the State Government Room.

Councilman Carrino wanted Mr. Ben Krusch to come up to the podium. He questioned Mr. Krusch as to why 5 million dollars was paid out to benefits in the City and out of that amount why did the City have to pay the unfunded liability of 4 million dollars?

Mr. Ben Krusch, Chairman, Employees' Retirement System said on that 5 million dollars over \$900,000.00 was charged to money paid to the Newark Pension Fund for employees who were given a cost of living under the State Statute about 10 years ago and was charged to the Employees' Retirement System. That was not the money the City had put in for the employees who were granted a cost of living increase. He mentioned back in 1955, there were 3 bankrupt pension funds in the City, the Board of Health, Public Works and Municipal. Under law, at that time, there was an unfunded liability of 22 million dollars which was under the Statute which governed the three bills. He said the City was obligated to meet the unfunded liability. The City did not want to get up the 22 million dollars. If the City would have received the money they would have 88 million dollars to put in. Since 1955, the Pension Fund was taking money which was paid into the fund by the current employees to pay back the pensions to people who worked previously which the City was obligated to meet the unfunded liability.

Councilman Carrino noted that was his point. He felt Senator Lipman was in receipt of a report that was not true.

President Grant stated that prior to Senator Lipman's speech, he had spoken to her and she told him that she would not address the entire amount of information based on certain considerations. He mentioned a resolution which was prepared for the meeting which he thought would be acceptable to the Pension Fund Commission, the City Council and Administration which called for an actuary with the design of the specifications with input from both Administration and the City Council.

Councilman Carrino wanted to know what the time table was on that resolution?

Councilman Tucker explained that the resolution was basically a statement of intent with the Council's interpretation of the bill. He felt it should be clear that Members of the Council had met with Members of the Pension Commission and Administration in the spring of 1982. At that time, the figures were examined and were in receipt of an actuarial report of the Pension Commission. Based on that report, it was the Council's determination that the Council would endorse the Senate Bill 1581. The Council then developed a resolution and it was submitted to every Member of the New Jersey State Senate. He added a question was prompted as to whether or not the actuarial study which would have been performed by someone from the Pension Commission would be objective enough in their actuarial study. He noted the Council had never been in receipt of any communication which challenges any figures that relate to the actuary, nor has the Pension Commission ever been in receipt of any detailed analysis challenging the figures of the actuary.

He added that the current Pension Commission had a statutory responsibility with representation from employees representing themselves, not representing anyone else. He stated that the employees would decide what the interest rate would be on the buy-back and they would handle their own affairs. He pointed out if an employee wanted to opt for a buy-back they would have to deal with prime interest rate, which was in violation of the New Jersey State Statute. He

March 16, 1983

explained that the Law Department never found that out and the Assistant Business Administrator had signed it. He said it also stipulated in the resolution that in order for an employee to get 50% or increased benefits that person would have to pay 50% of the proposed increase benefit which would be substantiated by an actuary. He explained what was being proposed by the Assistant Business Administrator was that if an employee had a projected life expectancy of 15 years and if they receive increased benefits then half of the increased benefits would be paid by the City of Newark and the other half would be paid for by the employee himself.

Councilman Tucker stated the actuary would look at two things. 1) the fiscal solvency of the Pension Commission as it presently exists and to let the Council be aware of that and 2) the implication of Senate Bill 1581 on the possibility of increasing benefits.

A motion to consider Resolution 7-R-cs at this time was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

RESOLUTION EXPRESSING THE INTENT OF THE NEWARK MUNICIPAL COUNCIL TO HAVE AN ACTUARIAL STUDY PERFORMED ON S-1581, A BILL IN THE NEW JERSEY STATE SENATE WHICH WOULD INSTITUTE CHANGES TO THE NEWARK EMPLOYEES' RETIREMENT SYSTEM.

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant.

Councilman Carrino wanted to know if a time limit could be placed on the resolution?

Councilman Tucker said what could be ready was the solicitation of bids and a 2 week period could be awarded.

President Grant directed that a 2 week period be added to the resolution.

The motion, as amended, was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Senator Lipman thanked the Members of the Council for getting this started and asked the Council to make sure they attended the meeting which she had mentioned previously. She was sure with everyone working together improved benefits could be achieved.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to protecting the citizens of the City of Newark and Reaganomics.

A motion to consider Resolution 7-R-ba at this time was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

RESOLUTION AUTHORIZING SOLICITATION OF SEALED BIDS FOR THE SALE OF CITY-OWNED PROPERTY KNOWN AS 30 WALNUT STREET, BLOCK 880, LOT 1, NEWARK, NEW JERSEY, PURSUANT TO N.J.S.A. 40A:12-13 (a), AND AUTHORIZING ADVERTISING AND SETTING THE RETURN DATE FOR ACCEPTANCE OF THE FINAL BID FOR THE PURPOSE OF SAME UNDER SPECIFIED CONDITIONS.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to defer action on the resolution until June 15, 1983 was made by Councilman Martinez, seconded by Councilwoman Villani.

March 16, 1983

1178

Councilman Tucker wanted to know if that meant deferring action on the sale or to establish the date of the sale as June 15th.

Acting City Clerk Korngut replied it was to authorize the solicitation on June 15, 1983.

Councilman Tucker wanted to know if the Council was giving the group until June 15, 1983?

Acting City Clerk Korngut explained on June 15th the solicitation would be authorized if certain conditions have not been met.

Councilman Martinez stated what was being done was deferring it until June 15, 1983 and if there wasn't any resolution on that date you then could authorize the advertising and setting of the return date for acceptance of the final bid for the purpose of same under specified conditions. He added that meant on June 15th the Office of Real Property, if at that time nothing was resolved by that group, would already be authorized to put the building up for auction.

Councilman Carrino felt this was setting a precedent. He indicated the building has been with the City for 2 years and the City has not been able to collect a single penny from it, including property tax, water and sewer tax. A lesson should have been learned with the problem of "299" Clinton Avenue. He said this was going to cost the City of Newark 1 million dollars. He said he does not see how anyone could talk about bringing in ratables to the City and then have people that want to develop a building put off the auction so that the City could keep it in the same situation that it was in. He felt you could not deviate by doing things like that because it would keep the City on the road to insolvency.

The motion was declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, Martinez, Payne, Rice, Tucker, Villani, President Grant.

No: Councilmen Carrino, James.

MR. MURRAY EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY, announced the Lincoln Park Historic Park District hearing would be scheduled for April 4, 1983. He mentioned the documents were on display in the Newark Public Library and it looked like a section of Newark would be included in the National and State Register.

He also addressed the Council with respect to the drug center housing in the Lincoln Park area and historic district. He stated that 43 Lincoln Park has not been occupied for many years. It was not being renovated to be used for a drug rehabilitation center or for a criminal rehabilitation house. He asked the Council's help in trying to keep Integrity House from using it for these purposes. He noted the group could move in and occupy the building. They would not need a certificate of occupancy, a permit or license.

Councilman Tucker said the problem should not be overlooked in terms of variances. He mentioned what a lawyer has done in representing Integrity House was to find out that unless there was 25% rehabilitation of the house a variance was not needed. This was going to be faulty in regard to the zoning ordinances in the City and the zoning in the State of New Jersey.

Councilman Martinez said he concurred with Councilman Tucker's statements. He suggested that Mr. Anthony DeCastro be invited to the Special Conference, March 22, 1983.

President Grant said the Special Conference was too full for discussion on this matter.

Councilman Martinez stated he would make a date with Mr. DeCastro and discuss the problem with him.

MR. VICTOR DeLUCA, 38 MAIN STREET, NEWARK, NEW JERSEY, addressed the Council with respect to recreation for Wilson Avenue and J.F. Kennedy recreation centers. He thanked the Council for their support in getting these funds.

He also thanked the Council for their action on 30 Walnut Street.

He asked the Council's support on April 10-16, which was "Jobs for Peace Week." He told the Council during that week there would be major events. The Ecumenical Church would be holding a service and there would be a rally at the Federal Building. He asked the Council's support in getting people to attend the two events. He also mentioned a Labor Community Conference which was going to be held on April 30. He asked the Council to attend.

6-HC-e.

MR. D.J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, addressed the Council in opposition to the New York Grand Prix to be held in Branch Brook Park. His opposition centered on the fact that Branch Brook Park was a registered historic site, a national registered historic site. It was the oldest County park in the nation and it should be carefully preserved. He felt that alteration and construction for the event would cause irreparable damage to the park and significantly change its character. He said that more than 2 months ago, he had suggested the use of Weequahic Park, citing its nearness to the Newark Airport, its access from all directions and for the fact that it was originally designed to accomodate events such as that. He noted his suggestion was rejected. The most charitable thing he could say was that it was devisive and disingenuous. He asked the Council if his statement from January 31, 1983 could be included in the minutes as part of his statement.

The following statement was read at a public hearing held on January 31, 1983:

Statement at public hearing on proposed Grand Prix-Branch Brook Park

The area of Branch Brook Park proposed as the site of the New York Grand Prix is about one third of the total area of the Park, one-half of the area included in the original design by Frederick Law Olmsted. County officials apparently think this part of the Park is expendable, because they know, as well as I and most of you know, that, after this event, it can never be restored to its present condition, an area to delight the eye and restore the spirit, the proper function of a park.

Widening and realignment of roads, removal of many mature trees and countless others, heavy equipment installing and removing facilities for thousands of spectators and for television crews, embankments for safety of contestants and others, are only some of the aspects of this event which will contribute to irreparable, permanent damage to the Park, regardless of commitments and promises made with good intent. This area would, thereafter, be suited only for the needs of commuters, rushing to and from their jobs in Newark, who live in towns where parks are not commercialized, but are carefully preserved and maintained to serve the purposes for which parks are intended.

I do not give much credence to the rosy assumptions of financial benefits which would accompany this event. But even should these predictions prove true, the result would not be worth the sacrifice of the Park and the violation of its status as a National Historic Site.

Should this proposal be acted upon favorably by the County officials, I suggest that all those who love Branch Brook Park take photographs of the area between Bloomfield Avenue and Heller Parkway. Maybe you had better do it now.

D. J. Henderson
1/31/83

March 16, 1983

1180

Councilman Tucker stated he was not for the Grand Prix being established at Branch Brook Park. He could not understand why the people in the Lake Street area would be bothered by the noise of the event and the people in the Elizabeth Avenue area would not be bothered by the noise. If it was bad for one community then what made it good for another? He also made mention to the fact that Weequahic Park was utilized. In fact, there were joggers every morning, in the warmer months there were people playing tennis in the courts and they usually had to wait in line for the usage. He stated if the Grand Prix event was not good for Branch Brook Park then do not send it over to Weequahic Park.

Mr. Henderson said his only objection was solely based on the fact that the park was a national historic site. He felt the event would destroy a portion of the park between Heller Parkway and Bloomfield Avenue.

Councilman Tucker wanted to know what made things different if the event went to Weequahic Park?

Mr. Henderson again replied that the only difference was that Weequahic Park was not an historic site. He stated if the people in that area wanted to base their opposition on the same basis as the people on Lake Street were doing then he would not have anything to say.

Councilman James indicated that there was a proposal for Weequahic Park being an alternative to the event. He felt there should be community meetings to allow the citizens to express their opinions. He noted there would be heavy media representation on the event. He wanted to know the benefits that the City or the County would be receiving from the event.

Councilman Carrino said he was directly involved in the conversations in the beginning of this. An estimated amount of money could not be received until an agreement was entered into. He said the City would not be receiving anything directly aside from a couple of jobs people would be offered for 2 days. The City would not be a participant from any accrued benefits.

Councilman James questioned if the County would be in receipt of dollars?

Councilman Carrino replied that the percentage the County would be receiving had not been agreed upon until the race was verified. The County would be getting a portion of the money that had been generated from the event.

Councilman Payne stated he had been in receipt of a letter from the County Executive, Peter Shapiro which indicated there were thoughts of the possibility of Weequahic Park being considered. He said the main opposition that was indicated to him was not the historical portion. He said the original concept for Branch Brook Park was because it was selfcontained. He indicated Weequahic Park was constructed in a different manner.

Mr. Henderson said his complaint was the conduct of the County officials.

Councilman Tucker said he resented the fact that the people in Branch Brook Park do not want the event to be held there and also the fact that the people want to bring it to the South Ward. He said County officials told him that they were going to establish a \$200,000. endowment for Weequahic Park. He stated the people on the Weequahic Advisory Committee had been attempting for years to get basketball courts, a swimming pool, to rehabilitate some of the recreation areas, and all of that was thrown out of the window.

Councilman James felt the real issue is the omission of the fiscal concern of the operation. He wanted to know how much money would be derived from the event, if any?

Councilman Carrino said he would be hardpressed if the City were to refuse the race if money were to be made by it.

6-HC-g. MISS PATRICIA JARESKE, 162 BRILL STREET, NEWARK, NEW JERSEY:

6-HC-h. MR. RICHARD CAMMARIERI, 85 FOREST HILL PARKWAY, NEWARK, NEW JERSEY:

The above speakers thanked the Council for their support on 30 Walnut Street and in postponing the time period until June 15, 1983.

6-HC-i. MR. WILLIAM JARVIS, 986 SOUTH ORANGE AVENUE, NEWARK, NEW JERSEY, asked the Council if he could withhold his comments until a later date.

A motion to permit Ms. Donnie Clark to speak under "Hearings of Citizens" was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-j. MS. DONNIE CLARK, 210 ORANGE STREET, NEWARK, NEW JERSEY, addressed the Council with respect to the accumulated debris in front of the C & J Towing lot at 183-219 Orange Street.

President Grant informed Ms. Clark that he would contact Mr. Alvin Zach, Engineering Director and ask him to arrange for another cleanup of the area. He also stated he would contact Ms. Charlotte Adams, Executive Secretary, Central Planning Board and ask her to review the conditional use approval for that particular tract of land.

Councilman Rice noted that C & J Towing was a private outfit which was contracted by the City.

Councilman Carrino asked Ms. Clark if the private dumpsters were causing a problem in the neighborhood.

Ms. Clark replied in the negative. She said it was a great help.

Councilman Branch thanked Ms. Clark for bringing the problem to the attention of the Council.

Councilman Tucker said it was a good idea to get a copy of the variance and send it to Ms. Clark.

A motion to permit Mr. B. Jones to speak under "Hearings of Citizens" was made by Councilman James, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-k. MR. B. JONES, 28 NAIRN PLACE, NEWARK, NEW JERSEY, addressed the Council with respect to the debris around an abandoned building which was located at 23 Nairn Place and kerosene heaters.

Councilman Rice questioned whether or not Mr. Jones was a homeowner?

Mr. Jones replied in the affirmative.

Councilman Rice asked Mr. Jones if he knew anything about the hazardous conditions of the kerosene heaters. He also asked Mr. Jones if he knew anything about the law, which was passed before he became Councilman, which indicated any person using kerosene heaters would be in violation of the law.

Mr. Jones replied that he was aware of that law.

Councilman Rice noted his ordinance outlawed selling something that was in violation of the law.

Councilman James told Mr. Jones that the debris in front of 18 Nairn Place would be taken care of.

Councilman Tucker said the ordinance that was passed three years ago did not say you could not have a kerosene heater, it said you can not have an unvented kerosene heater. If you have a vent on the heater you could legally use it.

A motion to consider Resolutions 7-R-cl. through 7-R-cr., which would affect the introduction of the Local Budget of the City of Newark, was made by President Grant, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

A motion to adopt the resolution was made by Councilman Branch, seconded by Councilwoman Villani.

Councilman Martinez indicated that over \$3,200,000.00 in revenue was received from the Newark Airport Parking Lot. He wanted to know what was received from the rest of the City.

March 16, 1983

President Grant asked Chief Accountant George Fitzsimons to reply to Councilman Martinez' question.

Chief Accountant Fitzsimons replied that he would have to check on the figures.

Councilman Tucker mentioned that he tried to introduce a resolution which would direct the Municipal Comptroller to get a copy of the audit report in reference to parking in the City of Newark. He did not make that motion based on a misconception. He said the Acting Tax Collector and other persons were charged with the responsibility of collecting parking taxes and they have never seen such an audit.

Councilman Carrino wanted to know if the Finance Department had the parking lots broken down into figures.

President Grant stated that he was sure that Revenue Collections would have to show those kinds of balances.

Councilman Carrino suggested a copy of those reports be forwarded to Council.

President Grant directed the City Clerk to communicate with Finance Director Fleming Jones to request a report by parking lots of the amounts paid to the City of Newark making up the difference of approximately \$761,260. in the 1982 receipts between the total amount collected of \$3,200,000. and receipts from the Port Authority of \$2,437,840.

RESOLUTION INTRODUCING THE LOCAL BUDGET OF THE CITY OF NEWARK FOR THE YEAR 1983 AUTHORIZING ADVERTISING AND ESTABLISHING THE HEARING DATE ON THE BUDGET AND TAX RESOLUTION AS APRIL 15, 1983, AT 11:00 A.M.

Acting City Clerk Korngut stated that the hearing on the budget and tax resolution would be held in the Council Chamber on April 15, 1983, at 11:00 A.M. He read the following:

General Appropriations for the Year 1983

Appropriations within 5% "CAPS"

Municipal Purposes is \$140,620,041.59

Appropriations Excluded from 5% "CAPS"

Municipal Purposes is \$50,009,845.45

Local District School Purposes in Municipal Budget is \$13,254,000.00

Total General Appropriations excluded from 5% "CAPS" is \$63,263,845.45

Reserve for Uncollected Taxes is \$21,290,000.00

The Total General Appropriations is \$225,173,887.04

Less: Anticipated Revenues Other Than Current Property Tax is

\$165,827,230.65

Local Tax for Municipal Purposes Including Reserve for Uncollected

Taxes is \$57,273,792.64

Addition to Local District School Tax is \$2,072,863.75

Councilman Carrino wanted to know if the \$2,072,863.75 School Tax figure was outdated.

Mr. Joseph Faccone, representing Samuel Klein and Company, External Auditors explained that the figure of \$2,072,863.75 for the School Tax was what was in the Budget for that service only.

Councilman Martinez asked Mr. Faccone what the tax rate was.

Mr. Faccone said it was \$13.06.

Councilman Martinez informed Council Members he had a letter from Mayor Gibson which quoted an inaccurate tax rate figure of \$11.32.

A motion to adopt the resolution was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

(Engineering Director Alvin Zach met with Council at their pre-meeting conference, March 15, 1983)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Branch.

Councilman Branch felt public housing needed all the support they could receive in terms of picking up the garbage.

Councilman Rice said he recognized the need to service the people in public housing. He stressed the Housing Authority's ability to pay for the services. He said he was also concerned with the contract. If sanitation people were going in to public housing to pick up their garbage then Newark people should be doing the job, especially people that were laid off from the City.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to amend this resolution by changing extension only to April 30, 1983 instead of December 31, 1983 was made by Councilman Tucker, seconded by Councilman Branch.

President Grant noted there was an authorization for an extension for a 90 day period, January through the end of March. He said he wanted to change it.

Councilman Carrino stated the Council did not meet until April 6th and he felt there was a lot of money in those banks.

Councilman Tucker remembered in the original conversation a 30 day extension was talked about. The only problem was that if they did not get it in within the 30 days, then what was going to happen to the designated depositories.

President Grant wanted to know if anyone would be opposed to a 30 day amendment.

Councilman Tucker stated that if the 30 day extension was passed then that was an approval for the resolution. He felt another resolution should be prepared for the second meeting in April so there would not be a period of time where there would not be any authorization to deposit money.

President Grant said there was so much money being "rolled over" there should be some kind of information submitted to the Council.

Councilman Rice suggested that the Council be in receipt of whatever letter or letters which Finance Director Fleming Jones had sent out on the depositories.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Tucker noted that Engineering Director Alvin Zach never came to Council to ask permission for the authorization to go out and get the contract. Based on that, he felt the wording of the resolution should read "solicit and execute contract" with Spiniello Construction Company instead of "execute contract."

A motion to adopt and amend the resolution, as stated above, was made by Councilman Carrino, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-bs.

RESOLUTION AUTHORIZING MAYOR AND EXECUTIVE DIRECTOR OF MAYOR'S POLICY AND DEVELOPMENT OFFICE/COMMUNITY DEVELOPMENT ADMINISTRATION TO ENTER INTO CONTRACT WITH NEWARK ECONOMIC DEVELOPMENT CORPORATION FOR PURPOSE OF MONITORING AND PROVIDING TECHNICAL ASSISTANCE TO THE COMMUNITY PARENTS FOR AREA DEVELOPMENT, INC., FOR PERIOD MARCH 16, 1983 TO MARCH 15, 1984; MAYOR'S POLICY AND DEVELOPMENT OFFICE WILL PROVIDE N.E.D.C. \$250,000. TO BE DISBURSED TO COMMUNITY PARENTS FOR AREA DEVELOPMENT INC. AS A MATCH FOR THE REHABILITATION OF 304-358 JELLIFF AVENUE.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Payne said he believed the organization had not yet acquired the building that they were interested in getting. He felt if that was true then the Council should not vote for funds for an operation that had not purchased the building.

Assistant Corporation Counsel Hugh Gallagher said he did not think there would be any problem with it. He stated the Law Department had a chance to look over the proposal when it was brought to their attention that it might be brought up at the meeting. He noted that in the contract, which was attached to the resolution, was a commitment which said there had to be a title insurance policy issued by one of the parties to the City prior to any disbursement of funds. If the Council voted on the resolution that would mean they would have to get the deed. The money would be "earmarked" and could not be spent until the property was transferred over. He added that if the property was not going to be transferred over then the money would stay within public funds.

A motion to defer action on this resolution was made by Councilman Martinez, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 11:36 A.M.

City Clerk D'Ascensio called the meeting to order and asked for roll call.

Present: Councilwoman Villani, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

City Clerk D'Ascensio read letter dated March 21, 1983, from Council President Ralph T. Grant, Jr., Newark Municipal Council, calling a special meeting of the Municipal Council for Wednesday, March 23, 1983, at 10:00 A.M., or as soon thereafter as Council can convene to consider the following legislation:

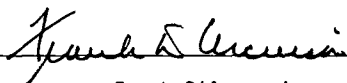

RESOLUTION APPROVING APPLICATIONS
FOR CARNIVAL LICENSES.

City Clerk D'Ascensio citing the Administrative Code of the City, stated, "In accordance with Rule XI, of Title 2, 'A majority of the whole number of Members of the Council shall constitute a quorum. Should no quorum attend within 30 minutes after the hour appointed for the meeting of the Council, the President, or in his absence the Clerk or his designee, may thereupon adjourn the meeting until the next day, unless by unanimous agreement, those Members select another hour or day.'"

Councilwoman Villani stated the meeting was recessed until Wednesday, April 6, 1983, at 1:00 P.M.

This meeting adjourned at 11:37 A.M.

Newark, New Jersey, March 29, 1983

1206

A special meeting of the Municipal Council of the City of Newark, New Jersey, was scheduled for 10:00 A.M., Tuesday, March 29, 1983, in the Council Chamber, City Hall, Newark, New Jersey.

City Clerk D'Ascensio stated on March 18, 1983, at 4:24 P.M., he received a letter from Ralph T. Grant, Jr., President of the Municipal Council, calling a special meeting of the Municipal Council for Tuesday, March 29, 1983, at 10:00 A.M., to consider the following legislation:

RESOLUTION APPROVING APPLICATIONS FOR CARNIVAL LICENSES.

He added due to what appeared to be time restraints on the consideration of this resolution a second meeting was called by President Grant to consider the same resolution on March 23, 1983 rather than March 29, 1983. On March 23, 1983, this legislation was not before the Council so a motion was adopted to recess the meeting to April 6, 1983, at 1:00 P.M. Since the meeting before you was to consider the same resolution and the item had not yet been submitted for formal action a motion would be in order to recess the meeting to April 6, 1983, at 1:00 P.M.

At 11:41 A.M., the City Clerk called the meeting to order and asked for roll call.

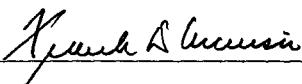

Present: Councilman Tucker, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

City Clerk D'Ascensio citing the Administrative Code of the City, stated, "In accordance with Rule XI, of Title 2, 'A majority of the whole number of Members of the Council shall constitute a quorum. Should no quorum attend within 30 minutes after the hour appointed for the meeting of the Council, the President, or in his absence the Clerk or his designee, may thereupon adjourn the meeting until the next day, unless by unanimous agreement, those Members select another hour or day.'"

Councilman Tucker stated the meeting was recessed until Wednesday, April 6, 1983, at 1:00 P.M.

This meeting adjourned at 11:42 P.M.

March 29, 1983 #1

Newark, New Jersey, March 29, 1983

1267

A special meeting of the Municipal Council of the City of Newark, New Jersey, was scheduled for 10:30 A.M., Tuesday, March 29, 1983, in the Council Chamber, City Hall, Newark, New Jersey.

City Clerk D'Ascensio read letter dated March 25, 1983, from His Honor, Mayor Kenneth A. Gibson, requesting the Municipal Council be convened in special session on Tuesday, March 29, 1983, at 10:30 A.M., or as soon thereafter as practical to consider the following legislation:

Resolution authorizing the City of Newark to submit to the Housing and Urban Development Administration the Annual Community Development Block Grant Statement of Objectives.

Resolution authorizing temporary appropriation for employer contribution for certain pension funds.

Resolution authorizing the transfer of contingency funds provided in the public service category, H.C.D.A. 8th year, to specific projects as developed.

The City Clerk stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 1, 1982, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on March 25, 1983, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

At 11:42 A.M., City Clerk D'Ascensio called the meeting to order and called the roll.

Present: Councilman Tucker, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

City Clerk D'Ascensio announced there was a lack of quorum.

Councilman Tucker stated in view of the fact there was a lack of quorum, he respectfully requested the meeting be recessed until 3:00 P.M.

City Clerk D'Ascensio citing the Administrative Code of the City, stated, "In accordance with Rule XI, of Title 2, 'A majority of the whole number of Members of the Council shall constitute a quorum. Should no quorum attend within 30 minutes after the hour appointed for the meeting of the Council, the President, or in his absence the Clerk or his designee, may thereupon adjourn the meeting until the next day, unless by unanimous agreement, those Members select another hour or day.

The names of the Members present and their action at such meeting shall be recorded in the minutes of the Clerk."

Councilman Tucker noted in view of the fact he was the only Member present, he requested the meeting be recessed until 3:00 P.M., this date in the interim we may be able to get sufficient Members of the Council present to constitute a quorum.

At 3:27 P.M., President Grant stated this was a continuation of the special meeting which was recessed until this time. In view of the fact there was a quorum present, he requested a roll call.

(Councilman James arrived at 3:43 P.M.)

RESOLUTIONS.

7-R-a.

RESOLUTION AUTHORIZING MAYOR AND DIRECTOR OF OFFICE OF PLANNING AND GRANTSMANSHIP TO FILE APPLICATION FOR COMMUNITY DEVELOPMENT BLOCK GRANT IN AMOUNT OF \$13,783,000. UNDER HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974, AS AMENDED, WITH UNITED STATES DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT, IN COMPLIANCE WITH FEDERAL REGULATIONS GOVERNING AID GRANT APPLICATIONS.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:
Yes: Councilmen Carrino, Martinez, Payne, Rice, Villani, President Grant.

(Councilman Tucker arrived at a later time in the meeting and requested to have his vote recorded in the negative and also raised his concerns as to why he was not voting for the resolution)

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Grant.

Councilman Tucker asked the City Clerk if he had received the certification of funds.

City Clerk D'Ascensio replied in the affirmative. He said the certification was for \$100,000.

Councilman Tucker indicated the normal process for H.C.D.A. was to hold meetings with the people directly involved to find out if the general recommendations were in agreement with concerns raised by different people. He wanted to know why there was an urgency in dealing with the matter. He said he had concerns but obviously they did not matter because he arrived late for the meeting. He noted that H.C.D.A. had never been voted on before without holding a meeting first.

President Grant mentioned a letter had been forwarded to the City Clerk from Administration calling for the meeting and it was advertised in the paper that it would be held. He told Councilman Tucker that some H.C.D.A. people met with various Council Members to discuss the resolution, and those who were present voted accordingly.

Councilman Tucker said he understood that. He noted there was only one budget received from H.C.D.A. approximately ten days ago. Five days ago he mentioned another budget was received by H.C.D.A. which was different. He noted the budget which he was in receipt of right now was also different. The budget had three revisions in it.

City Clerk D'Ascensio called Councilman Tucker's attention to Paragraph Three of the resolution which stated upon receipt of the grant award in connection with the application, a resolution authorizing the acceptance of the grant and the execution of the grant agreement in accordance therewith shall be submitted to the Council for its consideration.

Councilman Tucker said he understood the process. He said he remembered asking Mayor's Office Chief of Staff Zinnerford Smith when the budget was arriving. At that time Mr. Smith said it was on its way. He said he had not had a chance to read the budget and that was why he was going to vote negatively.

Councilman Payne said his concern was with the Contingency Program. He noted that money was going to all of the wards except the South Ward. He stated that it was his fault that he was not here at the time to put money into the program for his ward.

Councilman Carrino asked Ms. Jewel Thompson, Director, Office of Planning and Grantsmanship to come up to the podium. He asked her what Community Clearance was.

Ms. Thompson replied that it was a joint project which combined the activity of the Newark Clean City Program, Love Newark, Keep It Clean Program and Property Board-Up.

Councilman Carrino mentioned the great success with Contract Demolition. He stated for the first time in 10 years there were less abandoned properties than in previous years. He noted \$570,000. was going to Contract Demolition and Team Demolition was getting \$1.2 million, Community Clearance was getting \$800,000. and that meant there was over \$2,000,000. for projects that the Council never had real confidence in.

President Grant asked Ms. Thompson to respond to the Jobs Bill which might have impact.

Ms. Thompson said the strategy was to mitigate against the low entitlement by off-setting some of the costs with the anticipated Jobs Bill money. She said she was anticipating that in 4 to 6 weeks the City would be receiving formal notification that their allocation would be increased by approximately \$4,000,000. or \$5,000,000. A portion of those dollars were going to an intensive labor-type program, which was under Title 10 in the previous recession. An additional amount of \$2,000,000. would be added to H.C.D.A. IX entitlement. She said at the present time, they were trying to deal with short-fall of some of the major projects such as Clearance.

Councilman Tucker wanted to know why the City was always appropriating money for the Housing Authority and the City never gives them the money. He asked if it was true that they were getting the money and the Council was not voting for it.

Ms. Thompson said it was not true that they were getting the money without Council voting for it. The money had to be allocated because as the Redevelopment Agency they were the City's agent for all acquisition and relocation, disposition, management of urban renewal property and also community development property. The Housing Authority was probably using other funds in-house to off-set the costs. To date, they have not given the City a budget, but they would have to because the activity was taking place.

Councilman Tucker felt the money should be stricken from the budget.

Ms. Thompson said the money was not appropriated without a complimentary scope of work. As she indicated previously, the activity was taking place and they were maintaining their Administration of those activities.

Councilman Tucker indicated for the past three years the City had not signed a contract with the Housing Authority and that appropriation came out to about \$1,000,000. a year.

Ms. Thompson noted they were spending the funds anticipating reimbursement.

Councilman Tucker felt it did not matter if the Council did vote or not because the funds would be obligated and at a later time the Housing Authority would get the money.

Ms. Thompson stated the Housing Authority would still have to present a request for the funds. As long as they keep getting the work to do, acquiring property, relocating families and businesses, operation of the Urban Renewal Program, they would receive the funds.

Councilman Tucker felt the Council should meet directly with HUD.

President Grant stated in the past 5 or 6 years the Council had not passed a resolution which would have released the dollars. Based on that, the dollars were still in the City's "coffers" gathering interest which would be reflected in obligated dollars for work that had been done.

March 29, 1983

Councilman Tucker found it difficult that the Council did not discuss any of the programs. He said he saw new programs which never existed in H.C.D.A. that were in the budget this year. He saw new figures which were being requested for H.C.D.A. IX and were different in H.C.D.A. VIII. He mentioned that there was not any explanation in program lining which would identify where the entries were coming from.

The motion was declared adopted by President Grant by the following votes:
 Yes: Councilmen Carrino, Martinez, Payne, Rice, Villani, President Grant.
 No: Councilman Tucker.

7-R-b.

TEMPORARY EMERGENCY RESOLUTION APPROPRIATING \$5,800,000., MANDATORY ITEMS, PENSIONS, EMPLOYERS' CONTRIBUTION-POLICE AND FIREMEN'S RETIREMENT SYSTEM; SAID FUNDS SHALL BE PROVIDED IN 1983 CITY OF NEWARK BUDGET.

(Copy of resolution and correspondence submitted to each Member of the Council)

(Councilman Tucker arrived at 3:30 P.M.)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Rice and declared adopted by President Grant by the following votes:
 Yes: Councilmen Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

City Clerk D'Ascensio asked Councilman Tucker if he wished to be recorded in the vote of Resolution 7-R-a.

Councilman Tucker said based on the urgency of the matter and the lateness in which he received the budget for H.C.D.A. he wished to be recorded in the negative for Resolution 7-R-a.

(See Resolution 7-R-a for roll call and discussion)

7-R-c.

RESOLUTION AUTHORIZING TRANSFER OF HOUSING AND COMMUNITY DEVELOPMENT ACT EIGHTH YEAR FUNDS (H.C.D.A. VIII) FROM CONTINGENCY-PUBLIC SERVICES TO VARIOUS PROJECTS TOTALLING \$152,500., PURSUANT TO ORDINANCE 6-S & F-d, APRIL 16, 1980.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Rice and declared adopted by President Grant by the following votes:
 Yes: Councilmen Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

(Councilman James arrived at 3:43 P.M.)

ADJOURNMENT.

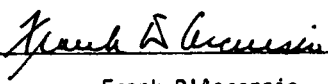

12.

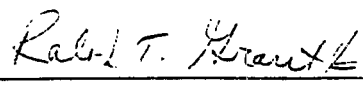

A motion to adjourn the meeting was made by Councilman Carrino, seconded by President Grant and adopted by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-bo.

RESOLUTION RECOGNIZING AND COMMENDING EIGHT NEWARK POLICE OFFICERS FOR THEIR HEROIC RESCUE OF THREE CHILDREN FROM A BURNING APARTMENT BUILDING.

Councilman Rice read the following resolution:

WHEREAS, while in the early morning hours of March 6, 1983, eight (8) Newark Police Officers: NOREEN BRITT, HARRY BOGER, MICHAEL THOMAS, BILLY MURRAY, BRIAN MORRIS, STEPHEN MEGNA, KEVIN GEORGE and HERBERT CHILDS, stationed at the West District Police Station were alerted to cries of children screaming for help from a window of a burning apartment building; and

WHEREAS, these Police Officers, without reservations, raced to the near-by Hayes Homes Housing Development and upon arrival experienced trouble getting in because the hallway and apartment was filled with smoke; and

WHEREAS, while being mindful that the lives of children were threatened, the officers quickly and courageously synchronized their rescue efforts by obtaining wet towels to prevent smoke inhalation, crawling on the floor to enter the apartment and forming a human chain to pass the children out to safety; and

WHEREAS, throughout the rescue mission, the officers remained calm in the face of great danger to their own lives;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby commend the eight (8) police officers for their magnificent heroism and for displaying the type of courage and valor which reflects great credit upon themselves and the uniform they so proudly wear.

BE IT FURTHER RESOLVED that copies of this resolution suitably inscribed be presented to the eight (8) police officers in commemoration of their meritorious deed.

April 6, 1983 #1

April 6, 1983

Councilman Rice commented that all of the Members of the Council, the City of Newark and particularly the citizens of the West Ward were aware of the tasks the officers faced on a daily basis and were proud to have them serve the City of Newark.

President Grant commended Councilman Rice for his foresight in giving recognition to persons who justly deserved it. He congratulated all of the Officers on behalf of the Council and the 331,000 citizens they serve in this City for a tremendous job well done.

President Grant, on behalf of the Municipal Council, presented each Officer with a suitably inscribed resolution.

Councilman Rice presented Captain Dickscheid of the West District with a resolution and remarked that Captain Dickscheid is one of the finest Captains and precinct commanders in the West District. Councilman Rice noted that he has observed Captain Dickscheid performing his work in the early morning hours closing down undesirable places in the West Ward and Central Ward communities. He pointed out that though the City may not have strength in numbers that are needed for the Newark Police, they salute the complement of personnel they have and extended to the Captain the appreciation of the people from the West Ward.

Councilman Branch advised that Captain Dickscheid is also his Captain and expressed how very proud the constituents of his ward were of the Captain.

(Councilman Payne arrived at 1:20 P.M.)

A motion to consider at this time Resolution 7-R-bn was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-bn.

RESOLUTION RECOGNIZING AND COMMENDING JERRY BENNETT, PRIVATE SECURITY GUARD, FOR OUTSTANDING PERFORMANCE OF HIS DUTIES IN MUNICIPAL BUILDING AT 32 GREEN STREET ON FEBRUARY 8, 1983.

President Grant read the following resolution:

WHEREAS, Jerry Bennett of East Orange has been a private security guard for 10 years, and has been employed since January, 1983, by Master's Investigators & Detective Agency and has been assigned to the city-owned building at 32 Green Street; and

WHEREAS, on Tuesday, February 8, 1983, while on duty at 32 Green Street, Officer Jerry Bennett was summoned to the fourth floor by a city painter who had discovered a sawed-off shotgun in a canvas bag as he searched a closet for a carpenter's tool; and

WHEREAS, Officer Jerry Bennett immediately took the weapon and escorted three painter apprentices who had been working on the fourth floor to the Detective Bureau at Police Headquarters, where they were questioned by Detective Barry Colicelli and one of them was arrested for possession of a firearm, and the case has been referred to the Essex County Grand Jury; and

WHEREAS, Officer Jerry Bennett carried out this assignment in a very prompt and professional manner, reflecting great credit on his profession, and set an excellent example for all who are responsible for the protection of employees and visitors in municipal buildings throughout the City;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and commend Jerry Bennett, private security guard, for the outstanding performance of his duties in the municipal building at 32 Green Street on February 8, 1983, and does wish him many more years of professional accomplishment.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Officer Jerry Bennett in warm appreciation of his dedicated service to the employees and citizens of Newark.

President Grant on behalf of the Municipal Council congratulated Mr. Bennett and presented to him a suitably inscribed resolution. He advised the Council that Mr. Bennett wanted to thank them for this resolution.

President Grant further noted that Mr. Richard Iacobucci, from Masters Investigation, for whom Mr. Bennett worked was present at this occasion, and President Grant advised Mr. Iacobucci that Council appreciated the fine deportment set by the men in his employ.

ORDINANCES AND HEARINGS OF CITIZENS.

ORDINANCES ON FIRST READING.

President Grant called for ordinances on first Reading.

- 6-F-a. The City Clerk read AN ORDINANCE AMENDING SECTIONS 23:5-Z, OF TITLE 23, TRAFFIC AND PARKING, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, BY REVISING ON-STREET PARKING REGULATIONS ON UNION STREET.
(Union Street, West side, beginning 110 feet north of the northerly curbline of Ferry Street and extending 196 feet northerly therefrom, from 8:00 A. M. to 6:00 P. M., except Sundays)
(Copy of ordinance and correspondence submitted to each Member of the Council)
(Approved by Department of Transportation, Division of Traffic Engineering)

A motion to adopt the ordinance on first reading was made by Councilman Martinez, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on April 20, 1983.

- 6-F-b. The City Clerk read AN ORDINANCE TO AMEND TITLE 4, ALCOHOLIC BEVERAGES, CHAPTER 2, LICENSES, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, (1966), AS AMENDED AND SUPPLEMENTED. (TO ADJUST FEES FOR CERTAIN MUNICIPAL ALCOHOLIC BEVERAGE LICENSES)

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to reject this ordinance was made by President Grant, seconded by Councilman Tucker.

Councilman Tucker stated after due consideration of some of the concerns raised by the Licensed Beverage Association of the City of Newark in a letter received from them in which they indicated that if Council considered raising the license fees the net result would be that instead of being one raise, it would in effect be two. They noted the Association estimated that the cost of actual garbage collection, that this Council approved of no longer picking up garbage at licensed liquor authorities, would be approximately \$600. per year, so that if Council approved the increase currently before them, it would automatically mean that the individual licensed beverage facility would be raised to approximately \$800. per year not \$200. that the Council had originally considered.

April 6, 1983

The motion was declared adopted by President Grant by the following votes:
 Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani,
 President Grant.

At a later time in the meeting a motion to consider Item 8-t on Ordinances
 on First Reading was made by President Grant, seconded by Councilman Branch and
 declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani,
 President Grant.

6-F-c.

The City Clerk read AN ORDINANCE APPROVING THE SALE OF 13 CITY-OWNED PROPERTIES
 LISTED BELOW TO THE HOUSING AUTHORITY OF THE CITY OF NEWARK, NEW JERSEY PURSUANT
 TO N.J.S.A. 40A:12-13 (b) (1).

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by President Grant,
 seconded by Councilman Branch.

President Grant commented that Reverend B. F. Johnson, the Minister who
 offered the invocation at this meeting has been pastoring in this City for
 40 years and in other areas for almost a like number of years. He noted
 Reverend Johnson is now in the process of trying to construct a new edifice
 and Council certainly feels that it is past due for the Metropolitan Baptist
 Church to be considered at this time. He requested his colleagues for a
 unanimous vote in this matter.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker,
 Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance
 is declared adopted on first reading and the City Clerk is hereby authorized and
 directed to advertise said ordinance and give public notice of its introduction
 and passage on first reading as provided by law. This ordinance will come up for
 a public hearing and be considered for further action on April 20, 1983.

At a later time in the meeting a motion to consider Item 8-r on Ordinances
 on First Reading was made by Councilman Carrino, seconded by Councilman Tucker and
 declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani,
 President Grant.

6-F-d.

The City Clerk read AN ORDINANCE AMENDING SECTION 27:1-1(c) OF TITLE 27, ZONING

AN ORDINANCE TO AMEND TITLE TWENTY-ONE, CHAPTER FIVE, SECTION THREE, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966), AS AMENDED AND SUPPLEMENTED. (TO ADJUST SEWER USER FEES)

BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Title Twenty-One, Chapter Five, Section Three of the Revised Ordinance of the City of Newark, New Jersey, 1966, be amended in its entirety to read as follows:

I. Large Scale Residential, Industrial, Commercial, Tax Abated and Tax Exempt Users

All large scale residential, industrial, commercial, tax abated and tax exempt users of municipal wastewater facilities shall be billed for such use on two bases. For purposes of this ordinance, such users shall be defined as all users identified as such by the regional sewer authority pursuant to the regulations of the United States Environmental Protection Agency, 35.929-1(b)(4).

a) Twice a year, each such user shall be billed for its share of the operating and maintenance costs borne by the regional sewer authority in the treatment of wastewater. These billings shall be based on a method of calculation approved by the United States Environmental Protection Agency which shall at a minimum reflect the volume of waste and the strength of that waste as measured by the parameters of biochemical oxygen demand (BOD) and suspended solids (SS) per unit volume. Calculation of the amount to be billed shall be done by the regional sewer authority, who shall present the bills to the City of Newark for distribution and collection of payments.

Bills payable pursuant to this subsection shall be presented to the affected users on January 15th and July 15th of each year, or as soon as is practicable thereafter. Such bills shall be due and payable upon presentation.

b) In addition to such bills as payable pursuant to subsection I-a of this ordinance, all large scale residential, industrial, commercial, tax abated and tax exempt users shall also be billed periodically for all other costs associated with the collection, transmission and treatment of wastewater.

1. As payment for their share of such other costs, such users shall pay a local sewer user charge to be billed at a rate of \$8.60 per 1,000 cubic feet of water supplied by the City.

2. As an alternative to (1), any such property owner may install metering equipment on his premises to measure the actual flow of sewage into public wastewater facilities. The responsibility for the purchase, installation, and proper functioning of any such meter shall be that of the property owner. All such meters shall be subject to the approval of the Director of Engineering and shall be maintained in a continuous state of accurate operation by the property owner. The local sewer user charge for property owners who elect direct actual metering shall be \$8.60 per metered 1,000 cubic feet of sewage.

April 6, 1983

3. Property owners who are subject to the terms of this section and who obtain water, either in whole or in part from sources other than the City, shall provide, and maintain at their own expense, water or sewage meters which shall register the total discharge of sewage to the municipal wastewater facilities. All such installations shall be subject to the approval of the Director of Engineering and shall be maintained by the property owner in a continuous state of accurate operation. The local sewer user charge for these properties shall be \$8.60 per 1,000 cubic feet of metered wastewater discharged to the public sewer, whether or not the water is furnished by the City.

4. In the event that a property owner who is subject to the terms of this section shall prove to the satisfaction of the Director of Engineering that there is no substantial relation between the intake of water at the property, regardless of its source, and the output of sewage from the property, and if it be determined by the Director of Engineering that it is not practicable to measure sewage emanating from the property by meters, then the property owner may elect to pay a user charge based upon engineering studies supported by substantial evidence. All such studies must be approved by the Director of Engineering and shall be subject to his periodic review.

5. In no event shall any property owner who is subject to the terms of this section utilizing municipally controlled sewers pay a local sewer user charge of less than \$17.20 per quarter.

II. All Other Sewer System Users

All other users of municipal wastewater facilities, with the exclusion of publicly owned facilities utilized for the performance of the functions of either the municipal government of the City of Newark or of the Newark School District, shall be billed for their usage based on the following.

a) Users of municipal wastewater facilities shall be billed \$11.50 per 1,000 cubic feet of water supplied by the City.

b) As an alternative to (a), any property owner may install metering equipment on his premises to measure the actual flow of sewage into the public wastewater facilities. The responsibility for the purchase, installation, and proper functioning of any such meter shall be that of the property owner. All such meters shall be subject to the approval of the Director of Engineering and shall be maintained in a continuous state of accurate operation by the property owner. The user charge for property owners who elect direct actual metering shall be \$11.50 per metered 1,000 cubic feet of sewage.

c) Property owners who obtain water, either in whole or in part from sources other than the City, shall provide, and maintain at their own expense, water or sewage meters which shall register the total discharge of sewage to the municipal wastewater facilities. All such installations shall be subject to the approval of the Director of Engineering and shall be maintained by the property owner in a continuous state of accurate operation. The user charge for these properties shall be \$11.50 per 1,000 cubic feet of metered wastewater discharged to the public sewer, whether or not the water is furnished by the City.

d) In the event that a property owner shall prove to be satisfaction of the Director of Engineering that there is no substantial relation between the intake of water at the property, regardless of its source, and the output of sewage from the property, and if it be determined by the Director of Engineering that it is not practicable to measure sewage emanating from the property by meters, then the property owner may elect to pay a user charge based upon engineering studies supported by substantial evidence. All such studies must be approved by the Director of Engineering and shall be subject to his periodic review.

April 6, 1983

e) In no event shall any property owner utilizing municipally controlled sewers pay a user charge of less than \$23.00 per quarter.

Section 2. Any prior ordinance or part thereof which is inconsistent with this ordinance is hereby repealed.

Section 3. This ordinance shall take effect as of April 1, 1983, after final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and reject the ordinance was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani.

No: President Grant.

ORDINANCES FOR RECONSIDERATION.

6-S & F-f.

The City Clerk read AN ORDINANCE TO AMEND TITLE 2, CHAPTER 6, SECTION 9, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY. (PROVIDING FOR THE EMPLOYMENT OF SPECIAL COUNSEL).

(Copy of ordinance and correspondence submitted to each Member of the Council)
(Ordinance rejected by the Mayor March 22, 1983)

The City Clerk stated the question before the Council is "Shall the Municipal Council override the Mayor's veto of 'An ordinance to amend Title 2, Chapter 6, Section 9, of the Revised Ordinances of the City of Newark, New Jersey. (Providing for the employment of Special Counsel).'"

The City Clerk read the following veto message from Mayor Gibson:

Re: Veto of Ordinance 6S+FH031693
Employment of Special Counsel

Gentlemen:

I have reviewed the proposed amendment to Newark R.C. 2:6-9, attached hereto and conclude that I am unable to support the passage of this ordinance. The passage of this ordinance would result in a reduction of my ability to serve as the City's chief executive officer as it is my opinion that this legislation would severely restrict and reduce the executive prerogatives inherent in the Office of Mayor. Furthermore, I have also conferred with the Corporation Counsel, who advised me that by a memorandum dated March 2, 1983 he apprised the Municipal Council that the proposed ordinance was illegal and unconstitutional on several grounds (attached hereto please find a copy of his opinion).

Therefore, based upon the abovementioned reasons I am vetoing the proposed ordinance.

Very truly yours,

Kenneth A. Gibson
Mayor

KAG:pg

A motion to override the Mayor's veto of this ordinance was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk: The Mayor's veto of this ordinance is overridden. This ordinance will be advertised according to law.

HEARINGS OF CITIZENS.

6-HC-a.

MR. JAMES A. BLAIR, 100 CHADWICK AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the possibility of reconsidering the ordinances dealing with the provision of a door person and security guard for multiple dwellings with 75 or more families. He noted the State ordinance reads that a door person and an armed security guard should be maintained on premises at certain hours. He said due to the geographic location in which they are situated, the social economic problems they are having, they find the new owners of 100 Chadwick Avenue and 244 Chadwick Avenues have, in some way, circumvented this and have not provided security guards. As a result of this there has been muggings, vandalism and drug problems. He noted that he has written the owner, sent him a copy of the City ordinance and has spoken to him on numerous occasions and he has done nothing. Mr. Blair commented that if the ordinance were more specific the owner would not be able to get around not providing security.

April 6, 1983

President Grant stated they would research this matter and would invite Mr. Blair to come to a Special Conference and address the entire Council and if the Council in its wisdom finds Mr. Blair's suggestion in the best interest, they would be happy to consider it.

Councilman Payne said the security at 100 and 244 Chadwick Avenue was adequate while it was under the auspices of HUD but since the new owners from Pennsylvania came there have been a number of problems. He said he has attended several meetings and tried to work out some of these problems. He commented the City has an ordinance that says "either/or" and there has been some concern about the ordinance not being enforced primarily because the cost in most instances may be pushed on to the residents. When you talk about armed guards and doorman we are talking about a lot of hours. At one meeting they talked about modified hours. He said he would like to have this monitored so the question of the cost could be looked at carefully.

Councilman Tucker said this was a matter of clarity. He noted the Council approximately 4 months ago amended the ordinance referred to and that amendment made it either an armed guard or a doorman so that the owner of the property could either go for a doorman or an armed guard. The owner did not have to deal with both. Subsequent to the Council's action or at the same time they were considering this action, the State law amended their statute which supercedes any Council ordinance. He stated the State Statute requires the two, not municipal ordinance, and even if we as a Council were amenable to go back to requiring an armed guard and a doorman, it would not make any difference. The State Law supercedes any municipal ordinance. He noted all they could do is if they wanted the State Statute changed is adopt a resolution urging that our State Legislators change the State Statute, but they cannot by any vote of this Council change State Statute.

6-HC-b.

MS. MARTHA BLACKWELL, 100 CHADWICK AVENUE, APT. 5-M, NEWARK, NEW JERSEY, addressed the Municipal Council with reference to the conditions in this building. She noted that Mr. Elijah has two young college boys who do not do anything. She opined that Mr. Elijah should at least meet with the tenants so that these problems could be resolved. Ms. Blackwell noted that the owner of the building lives in Pennsylvania.

Councilman Martinez commented that there is security on the premises but they are not qualified and competent and if there were qualified and competent people it would solve some of the problems they are experiencing. Councilman Martinez queried if it would be possible at the April 12, 1983 special conference to invite Mr. Blair and Ms. Blackwell and also the owner so perhaps the owner can be convinced to hire qualified personnel at no additional cost to the tenants.

President Grant suggested that the Director of Consumer Services and a representative from the Business Administrator's Office be invited.

Councilman Payne indicated this building was under Hud auspices until 5 months ago when it was probably sold at a give away cost. He noted that as soon as the new owner took over services were immediately reduced. He pointed out that when this building was under Hud they had excellent services. He commented that there should be some stipulation with Hud and the Federal Government that when a building is purchased from them there should be some period where these new owners are requested to maintain the services as they are. In this instance in three weeks after the new owners took over, they just ended services. The maintenance was poor, the security was gone. He commented these people from out of State, buy property in Newark, bleed the tenants, take everything out and have no concerns. He stressed there should be a meeting with Regional Hud Officials at some point to find out their procedures and what kind of procedures they have to monitor the buildings they sell and perhaps they should be reclaimed if there is abuse.

President Grant directed the City Clerk to invite Mr. Blair, Ms. Blackwell, representatives of the Business Administrator's Office, Director of Consumer Affairs and the owner of 100 Chadwick Avenue to the special conference of April 12, 1983 and if in the future Hud Officials should be brought in they will be alerted to that meeting.

Councilman Martinez suggested that Health and Welfare Director Cherot also be invited to this meeting.

April 6, 1983

6-HC-c. MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to an elected school board.

A motion to permit Mrs. Anne Stewart and Mr. Frank Hurtz under Hearings of Citizens was made by President Grant, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Villani, President Grant.

Absent During Roll Call: Councilman Tucker.

6-HC-d. MRS. ANNE STEWART, MEMBER OF THE WEST SIDE PARENT TEACHERS ASSOCIATION, addressed the Municipal Council with respect to naming the new gym at West Side High School after Dr. E. Wyman Garrett who has worked hard and diligently in helping them get the cafeteria, library and gym. Mrs. Stewart requested the help of Council in this matter. She noted they have 15,000 petitions.

President Grant stated he did not think there was any person on this Council who did not know Dr. Garrett and the kind of contributions he has made to the City of Newark. He noted that in their individual ways they would be notifying Members of the Board of Education along with Dr. Garrett and other responsible persons as to their individual choice. He pointed out that the Board of Education was considering naming the new gymnasium at West Side High School and the name of Dr. E. Wyman Garrett was being proposed as a frontrunner. He also noted there are other names under consideration.

6-HC-e. MR. FRANK HURTZ, 402 MOUNT PROSPECT AVENUE, NEWARK, NEW JERSEY, thanked the Municipal Council for extending him the opportunity of addressing Council with respect to a matter he felt was an emergency. He noted the public budget hearing was scheduled for April 15, 1983 at 11:00 A.M. He questioned if it was possible for this hearing to be rescheduled until 7:30 or 8:00 P.M. He commented that many citizens work and they would like the opportunity to participate in this democratic process. He queried if it would be possible for Council to make a decision to extend the time of this hearing.

President Grant said it is proper to pose the question. He pointed out that when the date was suggested and he is going by some of the inquiries he has received and he has kept an accurate accounting of persons who have called in, 137 have called in for a day meeting and 9 have actually called in for a night meeting. He noted that the majority of persons who have called in for the day meeting have been senior citizens. He said it appears to him there is an overwhelming request for a day meeting as opposed to an evening meeting.

Councilman Rice noted that the process to make that change in the time frame they have it is not feasible to do that and he can respect what President Grant said about the Senior Citizens but he thinks there are many other folks that recognize the situation that we enter into the budget, I think that the numbers of individuals coming forth requesting a night meeting would be much larger than those coming forth requesting a day meeting. He said many of the people are not aware of the fact that the public hearing, even though it was publicized, will be the day time, because he has had expressions to his office and at meetings to have a night meeting also in reference to the public hearing. He said he has been told that the process would not allow them to go out and advertise and the procedures this Council would have had to take to make it a reality could not be done in "the limits of the law to the April 15th date."

Councilman Payne stated this is something that could be looked at for the future in order to properly obey the law as passed. He said they should get a true sounding of what would be most conducive to the majority and that should be the meeting that should be held. He added he would like to see if there could be a process during the time since it is a mute issue for 1983 that it be most accommodating to the majority of people in the City.

Mr. Hurtz requested to know the procedure for addressing the Council at the Budget Hearing.

President Grant said there is no requirement to register prior to the meeting.

Mr. Hurtz advised that Coalition Six will be out and he hoped there would be other segments of the community present.

April 6, 1983

Councilman Martinez said he appreciated Mr. Hurtz's interest. He added he has been on the Council for 9 years and in the 9 years of budget hearings, there has only been one person, Mr. D. J. Henderson, who has come every year. The only person out of 330,000 people in the City of Newark that comes for budget hearings and it is now refreshing to see that there are other people who are interested in the budget because it reflects your tax basis and the expenditures of your dollars.

Councilman Tucker said that he sends out a minimum of 3,000 budget piecharts indicating the meeting and he agreed that most people may talk about the issue of the budget but do not come to the budget hearings. He noted that he did not have any problem with night meetings for the budget hearings but they have already notified people that the day meeting will take place. He noted that if a night meeting was set up he would guarantee they would have 100 times the number of people participating than they have at a day meeting. He said they may all be interested in government but whether or not they are interested to the degree of taking off and losing a day's pay is the real question, they are not going to do that. He opined that in September when they are in the process of setting up the budget, this question should be addressed.

Councilman Branch said it is important to come and participate in the budget hearing because it is the document they have to be governed by in terms of the amount of money they spend for running the City. He said he does not know what it takes to get the people out. He noted they have done everything they possibly could to get people to meet and it seems the only time they come is when there is a special interest to that particular person. He stressed if Mr. Hurtz had a mechanism to get the people out, day meeting or night, he would be available to help him.

A motion to consider Resolution 7-R-br (A.S.) at this time was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

(A.S.)

RESOLUTION AMENDING RESOLUTION 7-R-e, APRIL 7, 1982, COMMUNITY DEVELOPMENT BLOCK GRANT IN AMOUNT OF \$13,468,000.; \$2,000,000. OF UNOBLIGATED FUNDS FROM PREVIOUS PROGRAM YEARS TO BE INCLUDED IN EIGHTH YEAR PROGRAM, TOTALLING \$15,648,000., BY REDUCING AMOUNT BY \$642,203. WHICH HAS BEEN CITED FOR DISALLOWED COST BRINGING ENTITLEMENT FOR EIGHTH YEAR TO \$14,825,797.00.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Tucker advised there should be discussion on this resolution. He noted at the pre-meeting conference the amount of \$642,203. is being deducted from Hud-CDA Grant. He had requested Mr. Zinnerford Smith and the representatives of M.P.D.O. to submit documentation as to where this disallowed cost was coming from. He had also raised questions in regard to other disallowed costs that they as a Council had voted taxpayers' monies on to pay. He noted that information was to be delivered to each Councilman on Tuesday. He advised Mr. Smith had indicated it was there on Tuesday but Council did not receive it. His concern is that Mr. Ron Jean, Mr. Zinnerford Smith and Ms. Jewel Thompson publicly discuss this matter. He stated that it appeared to him that someone was trying to circumvent the Council process by not giving the Council information but asking them to appropriate \$642,203. based on somebody's inept action on the HUD-CDA program which decreases the amount of the grant.

(Mr. Ronald Jean, Interim Executive Director, Mayor's Policy and Development Office, Ms. Jewel Thompson, Executive Director, Office of Planning and Grantsmanship, and Mr. Zinnerford Smith, Aide to the Mayor arrived at this time)

Councilman Tucker stated there is a late starter resolution basically changing the budget figures of HUD-HCDA VIII which is the year they are currently in which ends April 30th. He stated the resolution in effect basically calls for changing of the amount of money based on expenditures that HUD has found to be disallowed. He said it would be better to have the representative of HUD-HCDA explain what this is. He said his concerns by meeting with them have for the most part been resolved but the net result is that the Council should look at what they are in effect doing. He said there seems to be an urgency of approving this resolution and he believed they should be allowed an opportunity to explain it.

Mr. Ronald Jean, Interim Executive Director, Mayor's Policy and Development Office stated that what transpired in three years starting with HUD-HCDA I, II, III, '75, '76 and '77, as a result of audits performed by our Internal Audit, there were a series of question costs that finally responses were gathered and provided to HUD, the net result being cost sustained or findings sustained and HUD in its own wisdom determined that they should reduce the most recent entitlement by those amounts of money, that being \$587,743. and during the period of responding there was interest accrued to the tune of \$54,000. to combine being the grant was reduced and the Council had previously authorized those appropriations and now this is really a de-authorization of those appropriations. So basically we had to make a determination as to where that de-authorization was to take place and the areas have been put forward to Council on the basis of 80-20 being 80% Administration being reduced and 80% on the program side. At this time the only activity that is not under a firm contract or working process is this particular activity which has been on hold since 1981 so at this time we made a determination that that was the place in which a reduction or a de-authorization of appropriation could be made.

Councilman Tucker stated that the de-authorization or reduction in effect is really coming out of HUD-HCDA appropriation for the Housing Authority for HUD-HCDA Year III. In other words it is not any additional programs.

Mr. Jean replied that that was accurate.

Councilman Tucker said most of these are small. He said he did not understand where it says Newark Housing Authority expenditures not adequately supported - \$63,000., then we have Gladys Dickinson Health Center no cost allocation plan - \$113,000., Project WE no programmatic reports available for review - \$55,000. in indirect costs, City Overcharge Grant - \$324,000. His concern is they are large enough that they receive an explanation on it.

Mr. Jean stated that they attempted to in a very, very concise manner, give them a very brief description, but, in N.H.R.A. expenditures not adequately supported, what occurred as a result of the audit, the auditor found that the documentation to support that reimbursement which exceeded, in fact the reimbursement was probably about \$2.9 million. There is \$63,000. which the auditor felt was not adequately supported and the onus to support those amounts of monies were with the City and the Housing Authority. They could not get the necessary or satisfactory information to support that from the Housing Authority thereby HUD continued to question it and then subsequently disallowed it.

Mr. Jean continued that the Gladys E. Dickinson Health Center, the auditor here again identified areas where certain costs have to be supported via a scientific plan to distribute certain costs. The plan was not previously approved by HUD although it was reasonable, equitable and all of the good things, it was not previously supported, nor was it previously tested being audited. HUD again questioned it. Right now they are in the throes of them reviewing some more recent years in which they feel the documentation to support the plan which they have been working with, St. Michael's, is adequate to support it. However, at this time they chose to make the reduction until such time as they can satisfactorily support to them those areas where again there is a scientific plan as required and that has been done and again it is under review by HUD.

Mr. Jean said with reference to Project WE what occurred at the time of the audit there were individual audits and the auditor requested monthly reports. All the reports were not available for odd number of reasons. They later gathered the reports and forwarded them to HUD and they decided that they felt it was too late and they would make the reduction irrespective of their submission so they had no alternative in this case. They did provide it but here they had a function of time that was working against them.

Mr. Jean further noted that with the \$324,000 Indirect Cost - what occurred back in 1976, to the best of his recollection, there was about \$600,000. appropriated to go into the City coffers for City support, servicing departments supporting the program. As result of having the final plan, indirect cost plan here again which is supposed to be scientifically developed which distributes certain servicing costs did not yield the full amount of appropriation and funds which had been disbursed to the City, so HUD reviewed the plan, approved the plan and found that it was far short of what had been appropriated and had been transferred to the City. So these dollars have been transferred to the City coffers and used in the appropriate fashion, however, again the plan that was approved submitted by the City did not support the full amount of the disbursement to the

City. He stated with reference to Multi-phasic that was an area where contracts - there were purchases of goods or service from a sole source which at the time the Administrator felt that the sole source was the best source to go to, however they required some other requirements, those requirements being bidding and here again, this was after the fact, so we are left with this.

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:
 Yes: Councilmen Branch, James, Payne, Rice, Tucker, Villani, President Grant.
 Not Voting: Councilmen Carrino, Martinez.

7-R-cf. RESOLUTION BY THE NEWARK MUNICIPAL COUNCIL URGING THE STATE LEGISLATURE TO REVIEW
 (A.S.) NEW JERSEY'S BOARD OF EDUCATION ELECTION LAWS IN ORDER TO FACILITATE THE CHANGE FROM A
TYPE I (APPOINTED) TO A TYPE II (ELECTED) SCHOOL BOARD.
 (Copy of resolution submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Tucker.

Councilman Martinez explained the urgency on this matter. He noted that they were all aware of what happened with the petition process and under Title 18A, there is really no validation. He stated the State Legislation must take a good hard look at this and there should be some sort of a motion set into place where petitions are validated as to their legality, not what happened here by recent petitioning of residents or non-residents of the City of Newark. Second, this was what happened at the April 5th election where voting districts were placed in the City of Newark, not really giving the people an opportunity to vote and perhaps even in a City like Newark, people have fought for that right to vote for many, many years. Some people died for that right. Yesterday was very disgraceful to see Senior Citizens, people in wheelchairs that could not get to a polling place even though they wanted to exercise that particular right. Thirdly, he thinks all of them recognize the fact that the will of the people was spoken yesterday for the second time in one year. The Council should look forward to working again with the Legislature, hopefully, the Newark Board of Education and the Administration of the City, to agree that there should be a five-four elected Board and that the State Legislation of Senator Caufield has available to him, now, with a few minor amendments, because that Legislation is set for the first election to be altered so that next year, the Ward Councilmen, instead of the At-Large could be set into motion. He thinks it is incumbent upon Council that if the Board wanted to once again petition the people, under Title 18 the way it is written now, with those same garbage petitions that they came out with, they could do it again and if this City Council perhaps in October or November wanted to override what the Board of Education did by putting out another petition here amongst themselves on a five-four vote and putting it on the referendum question again in November we could do that also and this can go on and on. He said there are a lot of loopholes in the State Law that have to be looked at. He thinks when the State Legislators adopted the law regarding the Board of Education, they never felt people would do the things they would do in the elected process that has been done in this City. Certainly they are all going to take a nice hard look hopefully.

Councilman Carrino said he thinks the other basic point is that the legislation should include an anniversary date before they can take a vote to revert back to an appointed board and that anniversary should be when the total electoral process is completed so that under the present form it would take another two years before a referendum could be initiated to go back or if the law is changed going to a five-four then it would take another year before they can go out and get petitions to be submitted to change to an appointed board. Since all of the procedures were used by the Board of Education in any devious manner they could think of, he thinks now that the people have spoken, the State Law should have a detailed process as to when this situation could recur and that process should not take place until a fully elected board is seated and then of course if the right of the people is to revert back to an appointed board then they have that right to do that, but as the State Law states right now, next week the Board of Education could come up with some more phony petitions and in May have another special election, then somebody else could come up with phony petitions and in June have a special election and go back and forth to the next year without any concern for the Board of Education, its 70,000 students and most important of all all the amount of money it is costing everytime they have a special election. He said they should make a special emphasis on this resolution and meet with some of the Essex County Delegates and explain some of their concerns.

Councilman James said he would concur with some of the remarks of Councilmen Carrino and Martinez that the certifying agent in the method needs to be refined and perhaps the Board of Education is not in a position to certify and evaluate their own petitions the same that He would doubt the Members of this Council, if they personally were involved, could not serve as a Certified Agent. They look upon the City Clerk's Office which handles their other Municipal elections as being an objective body. He thinks the question of how many to be elected at

one time, how fast do you bring about the change is a bonafide question, but he thinks they are missing sight of the most important message that was rendered to the City of Newark in yesterday's election. He knows there are those that say under ideal conditions, ideal voting places, maybe they would reach the national average of 11% voting. He said he does not know if that is true. That's 11%, they had 5%. He thinks the people are confused, turned off and he thinks they are seeing a lot of waste at the Board of Education, but he thinks what they are really trying to say is that they are just tired of politicians. He does not look upon it as a referendum upon the Mayor or this Body or the Board. They are just saying they are tired of their children being used as pawns in a political struggle. When you live in an urban City the only hope you have is that your children will have a better life than their parents. Things are bad for us but the children will have a better life. He thinks all of this Council know they are living better than their parents, our children are living better than we are and the real hope is that our children and their children will have a better life. He said the people are turned off and they are simply saying to all of us that we should get on with the business of education and he said that he thinks that is what is missing in all of these power plays. No one talks about education. It's who controls, who sits on the board, who gets the contract, what will the budget be. No one ever says can they read and write. No one ever says can they learn, can they have hope and those are the kind of discussions that ought to come out of this election. When do they talk about the children. They are the innocent pawns in the whole struggle.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-cg.

RESOLUTION BY NEWARK MUNICIPAL COUNCIL CITING THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY FOR INSENSITIVITY OF MINORITY CONCERNS BY CIRCUMVENTING THE CITY OF NEWARK'S AFFIRMATIVE ACTION PLAN AND IMPOSING A LOWER GOAL OF MINORITY PARTICIPATION IN THE CONSTRUCTION OF THE MARRIOTT HOTEL ON THE GROUNDS OF LAND OWNED BY THE CITY OF NEWARK AND LEASED TO THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY.

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Branch.

Councilman Tucker stated that in their Affirmative Action Ordinance there is a stipulation that identifies 25% of minority participation in contracting and also in jobs. He noted that Council was in receipt of a letter from the Port Authority indicating they were going to take the national percentage of 10%. He continued that his concern was that at the meeting with the Port Authority, Council urged them, in a spirit of cooperation, to try to get the 25%. He opined that the 10% is an automatic federal requirement and the Port Authority was wasting the Council's time when they talked about a spirit of cooperation and now they are going to ignore the 25%. He noted he could respect the Port Authority if they said that that might create some problems and they need some help or dealt with it in some way, but for them to just say they are going to deal with just 15% is ludicrous.

Councilman James suggested that the Council amend the resolution to request the Port Authority to voluntarily comply with Newark's Affirmative Action Plan rather than the Port Authority's own Affirmative Action Plan.

Councilman Tucker reiterated that the Council could amend the motion and then recommend in the resolution that the Newark Municipal Council was requesting the Board of Commissioners of the Port of Authority to consider the 25% goal for minority contractors and the 25% goal for minority apprentices working on the construction of the Marriott Hotel.

Councilman Payne stated it was an insult to this City for them to use the national average. He stated that Newark is a City which is inhabited by a majority of minority people and 1/2 of the residents of Essex County are minority people. He noted for the Port Authority to take the national number, as it pertains to the nation in general, and try to make it applicable and use that as an excuse, is unconscionable. He pointed out that the Council should urge the Port Authority to strongly consider using the Newark Affirmative Action Plan immediately.

April 6, 1983

President Grant said there was no one on this Council, who in good conscience could oppose the Affirmative Action Plan, and certainly if someone is not complying they ought to be addressed. He stated that the biggest hypocrite in all of the Affirmative Action is the City of Newark. He noted that the Affirmative Action for the City of Newark is an embarrassment. He pointed out that the Mayor's Office, the Business Administrator's Office, the Purchasing Agent should be placed on notice that they oppose the kind of practices that they do. He said there is a committee, which should be meeting soon, to bring in some new ideas, practices and habits insofar as Affirmative Action is concerned.

The motion was declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-ch. RESOLUTION APPROVING APPLICATION FOR CARNIVAL LICENSE TO NEW HOPE BAPTIST CHURCH
(A.S.) FOR PERIOD APRIL 1, 1983 TO APRIL 10, 1983 AT IRVINE TURNER BOULEVARD, BORDERED BY

MOTIONS.

7-M-a. A MOTION CONDEMNING THE STAR-LEDGER FOR UNFAIRNESS AND DISCRIMINATION IN ITS LOW
RANKING OF THE MALCOLM X SHABAZZ GIRLS' BASKETBALL TEAM, WHICH WAS UNBEATEN THROUGHOUT
THE SEASON AND WON THE GROUP 3 STATE CHAMPIONSHIP was made by Councilman James, seconded by President Grant.

Councilman James stated the Malcolm X Shabazz Girls Basketball Team ranked 4th throughout the year and won 29-0. He noted that in the last game of the year, a team that was ranked in 8th place, by virtue of beating the number one team, jumped from 8th place to number one. He said it was an absolute disgrace to the City of Newark and to Malcolm X Shabazz. He noted it was unfair and unheard of, that no team that ever ranked 8th on the last day jumped to number one, except when they denied and made Malcolm X Shabazz second place. He said this was an insult to the City of Newark, to everyone who believes in fair play in sports and everything else.

Councilman James requested that a copy of this motion be forwarded to the New Jersey Interscholastic Athletic Association and the Commissioner of Education.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant stated in view of the fact there was a lack of quorum, he respectfully requested the meeting be recessed until there was a quorum present.

City Clerk D'Ascensio citing the Administrative Code of the City, stated, "In accordance with Rule XI, of Title 2, 'A majority of the whole number of Members of the Council shall constitute a quorum. Should no quorum attend within 30 minutes after the hour appointed for the meeting of the Council, the President, or in his absence the Clerk or his designee, may thereupon adjourn the meeting until the next day, unless by unanimous agreement, those Members select another hour or day.

The names of the Members present and their action at such meeting shall be recorded in the minutes of the Clerk."

A motion to recess the meeting until there was a quorum present was made by President Grant, seconded by Councilman Carrino and adopted by the following votes:

Yes: Councilmen Carrino, Martinez, Tucker, President Grant.

This meeting recessed at 1:47 P.M.

At 2:20 P.M., President Grant stated this was a continuation of the special meeting which was recessed until this time. In view of the fact there was a quorum present, he requested a roll call.

Present: Councilmen Carrino, James, Martinez, Tucker, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

City Clerk

Ralph T. Grant, Jr.

President

A meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 11:25 A.M. for the purpose of holding a public hearing on the 1983 Budget of the City of Newark.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, James, Martinez, Rice, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

(Councilman Payne arrived 11:33 A. M.)

(Councilman Tucker arrived 12:09 P. M.)

RESOLUTIONS.

7-R-a-B. RESOLUTION PROVIDING FOR THE READING OF THE BUDGET FOR THE TAX YEAR 1983
BY ITS TITLE.
(Copy of resolution submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Rice and declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, James, Martinez, Rice, President Grant.

The City Clerk: The Local Municipal Budget of the City of Newark for the Year 1983 was approved by the Municipal Council on the 16th day of March, 1983, informal approval granted by the Director of Local Government Services. The Budget was advertised in accordance with law in the Newark Star Ledger issue of April 2, 1983. In the advertisement, 11:00 A. M., or as soon thereafter as the Council can convene, on the 15th day of April, 1983, in the Council Chamber of the Newark City Hall, was established as the hearing date. This being the date, time and place, it is respectfully requested that the President declare open the hearing on the 1983 Approved Budget.

MOTIONS.

7-M-a. A MOTION TO SET FORTH A PERIOD OF FIVE MINUTES FOR EACH SPEAKER WHO DESIRES
TO SPEAK ON THE BUDGET, was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:
Yes: Councilman Branch, James, Martinez, Rice, President Grant.

Councilman James said he would like to have the City Clerk explore that future budget meetings be held in the evenings. Historically they have always been held during the day and he would certainly like to commend the number of citizens who are in attendance today. However, they would be remiss in their duties if they did not advise, or state for the record that many citizens and groups have called and indicated perhaps they felt the budget meeting would be greater attended if they were held in the evening hours because many citizens who would like to be here work. He is not sure if that is a decision of the Municipal Council or other State laws.

7-M-b. A MOTION DIRECTING THE CITY CLERK TO EXPLORE THE POSSIBILITY OF HOLDING
FUTURE BUDGET MEETINGS IN THE EVENING, was made by Councilman James, seconded by Councilman Rice and declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, James, Martinez, Rice, President Grant.

President Grant: The public hearing on the 1983 Budget of the City of Newark is declared open.

President Grant called for those desiring to be heard on the 1983 Budget of the City of Newark to approach the rail, give their name and address and be heard.

April 15, 1983

April 15, 1983

MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY stated that any comment by a citizen concerning the proposed budget, whether critical or not, can be met with the response, "You don't know what you are talking about." This response would be, in a large measure, valid, since the citizenry has no information other than that furnished on four pages of the April 2, 1983 edition of the Star Ledger. They do not have the explanatory details and justifications they assume are supplied to the Council. There are a few things that the ordinary citizen can understand, though he may not be familiar with all the fiscal and accounting terminology. With this limited understanding he has concluded that the City of Newark is trying to live beyond its means. In preparing this budget, the Budget Officer, Business Administrator and Mayor have not asked the questions or made the hard decisions necessary to face reality. Therefore, it is the responsibility of the Municipal Council to face reality, make the hard decisions, set priorities and recognize that government is accountable to those who support it, the taxpayers. The speaker questioned about the increased cost of \$123,841. in the Mayor's Office, bringing it to approximately three-quarters of a million dollars. He questioned if they need two Deputy Mayors. He also found that the cost of the Municipal Council will increase by \$200,000. bringing it to more than one and one-half million dollars. He believed they have become accustomed to administrative top-heaviness throughout City Government. They are also tolerant of lax or less than knowledgeable supervision with resultant inefficient use of personnel and increased cost of services.

Mr. Henderson stated he hoped the Business Administrator and the Budget Director have carried out their responsibility to maintain continuous oversight of the operations of the various units of government. They may have made evaluation on the basis of business-as-usual without considering how these operations could be continued by increasing efficiency rather than increasing costs.

(Councilman Payne arrived 11:33 A. M.)

MR. CHESTER DUKES, 20 ALEXANDER STREET, NEWARK, NEW JERSEY, addressed the Municipal Council on behalf of the Vailsburg Block Association Council - A community action organization representing thirty-one Block Associations in the West Ward, requesting the following priorities within the 1983 Budget: 1) hiring 70-120 policemen to replace those officers who will be lost this year due to attrition; 2) hiring an additional 100 policemen by the end of this fiscal year to fight this City's enormous crime rate; 3) maintaining the Newark Fire Department at existing staff levels; and 4) providing a 10% increase in the City Recreation budget in order to help prevent juvenile delinquency.

Mr. Dukes noted the community recognizes that there is a serious fiscal crisis in the City of Newark and called upon the Members of the Council to draft a financial recovery plan for the City which includes management audit, incentives for increasing worker productivity and recommendations for public referendum. They also call upon the Council to take a more forceful role regarding monies owed to the City such as fines, rents and other charges. They urged the Council to identify new types of agreements to bring business into Newark without sacrificing much needed tax dollars. They also called upon the Council to adopt new measures for involving citizens in City responsibilities.

Councilman Branch said in reference to Mr. Henderson's remarks regarding the public hearings and citizen participation having an opportunity in understanding what the budget is all about. He would like to make a suggestion that perhaps they have a budget hearing in each of the Wards inviting the public and having persons explain to them about the budget.

(Councilman Rice arrived 11:40 A. M.)

REVEREND DAVID BURGESS, PASTOR OF ST. STEPHEN'S UNITED CHURCH OF CHRIST, IN THE IRONBOUND, WILSON AND FERRY STREETS AND ALSO PASTOR OF ZION UNITED CHURCH OF CHRIST IN VAILSBURG ON ALEXANDER STREET, addressed the Municipal Council congratulating them, particularly Councilman Martinez and Council President Grant for putting into the Budget an amount of \$800,000. to refurbish and resurrect the Wilson Avenue Pool. This facility provides recreation for the young and people of all ages. He assured the Council that the churches and community organizations of the Ironbound are willing and able to form a joint community committee to work with the City in operating this facility. He again congratulated the Members of the Council in thinking of the youth of the Ironbound as they think of the youth in all of the other Wards of this great City. They stand ready to cooperate in any way possible to make this a facility which answers all of the needs of the people in this community.

MS. BARBARA KUNZ, 22 WILSON AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council on behalf of all of the children in the City of Newark. Ms. Kunz congratulated the Members of the Municipal Council for putting the money into the Budget for the Wilson Avenue Bathhouse and asked Council not to let this money disappear as it had in the past. Everybody in the City is out to help the Council Members and the Mayor to get the City together. All the citizens want is a meaningful program. They don't want recreation centers that say "our doors are open, bring the children," but when they get there they don't have anything to do. They need good staffing, good maintenance and need the buildings secured.

Councilman Martinez stated that Ms. Kunz was the person who stood in front of City Hall four years ago with the kids, running cake sales. She is a person that never stopped having meetings in the community. This has been at least the 10th time that she has appeared before the Council pleading for that bathhouse. He commended the speaker for her efforts.

MR. ALFRED KRUSZEWSKI, 27 SCHALK STREET, NEWARK, NEW JERSEY, addressed the Municipal Council questioning the proposed Budget for the Law Department. He understands that anyone that works for the City that is being prosecuted receives free legal service. He questioned why the City has to spend \$350,000. to get private lawyers to defend these individuals. He questioned aren't the people in the Law Department competent enough to defend employees.

President Grant stated that if any City employee, elected or appointed official is before a court of law and that person is found guilty of the charges, then their legal fees will not be picked up by the City of Newark. If the person is found innocent, only in that case, will it be picked up.

MR. RUSSELL DAWKINS, 159 GOLDSMITH AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to taking CETA personnel and placing them in the City Budget and requested the Council to look into this. The speaker questioned the proposed tax rate of \$13. and indicated that he will not be able to pay the taxes on his home.

MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, a representative of Coalition Six. The speaker felt that on an item such as this, all Council Members should be in attendance. The speaker felt that the people that are getting paid by the City of Newark are getting paid at a good salary and should be working a 40 hour week. The people they are deciding to put in the budget or not to put on the budget, they should have job descriptions, which they have been asking for. The speaker referred to the County Freeholders chopping about \$6 million from their budget. The speaker referred to the water rates being increased in this budget. They had public meetings and some of the Council Members came out. They got petitions, they talked with the Mayor and the Mayor said it was the Council's job. Two weeks later he mysteriously found \$2.9 million laying around somewhere and he asked how can you lose \$2.9 million and he said they won't have a water increase this year. The Housing Authority paid the City of Newark \$1 million on their water bills. They at Coalition Six want to know since water money has to stay with water money, why can't that \$1 million be used to reduce the rates of 9%. The speaker said they would like the Council to have the hearings at night so that they understand more about it.

Mr. Jackson hoped that they would look at this budget, use the paring knife and trim off the fat and get it back to delivering services to the people of the City of Newark that deserve it.

MR. JOHN DONAHUE, 25 FOUNDRY STREET, NEWARK, NEW JERSEY, addressed the Municipal Council representing the Ironbound Community and there are four areas they feel should be addressed by the Council and they are as follows: 1) the maintenance of the Fire Department at their present strength; 2) increase the Police Department; also allow for attrition and backfilling; 3) take a hard look at the proposed increase in the real estate tax. This will drive more people out of the City of Newark lowering their tax base and 4) recreation; recreation has been the "step child" of the City Budget. The removal off these dollars leaves an idle time for children, causing vandalism and increase in the crime rate.

April 15, 1983

The speaker thanked Councilman Martinez for introducing and trying to retain recreation in their community.

MR. JOHN WOODSON, 812 SOUTH 17TH STREET, NEWARK, NEW JERSEY, agreed with the comments made by the various speakers with respect to the Budget. The speaker felt that the personnel for Recreation and Parks in the amount of \$631,273. was ridiculous since there was only \$800,000. for maintenance. The kids are running wild in the streets because they don't have any place to play. The school recreation facilities have been overrun by reefer smokers, beer drinkers and everything else and no one is doing anything about it. The school yards are deteriorating. When he first came to Newark all the school yards were open for recreation for the young people. They are paying for a "penthouse" and living in the "basement". He is a member of Coalition Six and they have been successful in some of the things they have done. The most important thing now is the future and the future is our children. If they are not concerned about the children, they might as well give up. The speaker recommended that some of the money they are spending for recreation be divided up between the Ward Districts and he is pretty sure they can get volunteers to supervise their children. The City Council is elected officials by the citizens of Newark and the commitment they made to them, they were sincere enough to do something about the situation. He thinks that was one of the platforms of the Council when they were running that they were going to do something about the youth.

Councilman James said he was writing a statement and Mr. Woodson touched upon what he was writing on. However, he thinks there has been an unfair charge against the Council. If any action the Council has done in a unified fashion, has been to move to improve and strengthen their recreational office. First of all they have a Municipal Recreation Program. He would agree that there is a need for improvement and he thinks this Council has so indicated to Director Chavis. It was the Newark Municipal Council, when the Board of Education closed their playgrounds down, that placed in the budget at that time, \$1.4 million to continue the Board of Education's School Recreation. The Board of Education did not use those monies. In fact they used those monies for other purposes and went ahead for salaries, as indicated by Councilman Martinez, and closed the school playgrounds down. They have no say over that autonomous body. The recent election of Board Members in selection of Board Members was for the very question, if you are dissatisfied with the Board of Education by the recent actions by the citizens of Newark, those Members elected would bring about the necessary change and certainly citizens should be there to speak at their meetings. He thinks they should be mindful that at their budget hearing only 2 citizens showed up and one of them was a staff member for a Member of the Council. He has already made a proposal to the Board of Education which he will be making public, that they open all of the school playgrounds. He thinks it is ridiculous and said this to the Council, to have play streets next to a padlocked playground. The reason they closed them down and they are going to assist the Board of Education, they started paying someone \$60. to throw out a basketball, he would say that would be a poor teacher who just throws out a basketball on a playground would be ridiculous. He is suggesting they use Recreation Leaders, Recreation Assistants, who would be under a 2 year program at Essex County College. Rather than paying \$60. or \$75., that person would be paid \$20., \$30. a day. They could be from the community, provide jobs, our children would have a place to go, instead of loitering in the streets, ending up in purse snatching, some and drugs and doing other ills. They could actually have a Board of Education - Municipal Recreation Program, at a reduced cost, but he thinks it would solve the problem. That proposal will be made public very shortly. They need to do more for the youth of our community who are too often turned out on street corners and end up in crime.

Councilman Rice concurred with remarks made by Councilman James and he too respects what has been said by the speaker and he thinks the playground concept isn't a new one. He thinks long before this Council said in July of 1982, it was something that most of them were active in the community. He thinks the difference is that this Council is ready to stop talking about it and do something about it. He has spoken to Director Chavis and indicated he wants a meeting as soon as possible with the Director of Recreation of the Board of Education, the persons from Public Housing who are charged with that responsibility because some of the Housing areas have recreational facilities, as well as the persons in charge of recreation for the County.

During these hard economic times, everybody is crying that the budgets are tight. They bring these forces together who are responsible for recreation throughout the City and they pool and do some concept by 1) opening up the playgrounds. They are not going to have a problem in really servicing the youngsters of the community. They can look at this in a selfish manner, if they did that, he thinks most of that budget would be coming to the West Ward, because they do not have any facilities. He talked to the Director of Recreation. There is no intent at any time in the future to build a facility in the West Ward community. He personally sees and the community people see that not only money is needed but space, which is available in the playgrounds. He thinks if they talked about playgrounds, they can talk about the equity of sharing recreation throughout the City. He visited Bergen County and talked to Mark Hagler, whose recreation went back to the City from the Board of Education. He made it very clear to him that it is not a problem because they do have a \$800,000. budget. The problem is getting the schools. He also made it clear to him that the people, those of them who are concerned, must sit down with the Board and respectfully request that the playgrounds be turned over to the people. If that doesn't occur, it is up to them to go and remove the gates and put the kids back in there. He thinks they are all really talking about the same thing and he too has a proposal that was sent to the Director and hopefully it will be coming back to the public.

Councilman James said that President Grant has stated too often the cost of keeping the children incarcerated as opposed to keeping them out. He most recently spoke at the Youth House and there were 300 youths between the ages of 8 to 18, breaking and entry, criminal activities, such as crime, individual who was unfortunately killed in Irvington and you look at some of these young people and say to yourself, "you can't excuse the crime for which they are being housed" but you can say "how many would not be here today, if they could have been meaningfully involved in wholesome activities". So those who would say, we don't want to spend that money, President Grant has stated quite often, they spend x amount of dollars to incarcerate them and yet they spend a mere fraction of that in education. He thinks they need to turn the wheels around. If it cost \$2. to keep them in jail and \$.50 to educate them, perhaps they ought to spend \$2. to educate them and only spend \$.50 to incarcerate them.

President Grant stated the State of New Jersey spends \$24,800. a year to keep a youngster in jail and only gives the City of Newark \$1,300. a year for education. It shows that our priorities are reversed. They are mixed and certainly the entire Council, he is sure, shares in the concern of the young people of the City.

Councilman Payne said the whole question of recreation is indeed something that is a crucial area that they must have a quantum increase in the level of participation and the level of services rendered. In some countries they say the manner in which a nation looks after its young is a way that a nation provides for its people in general. It has been mentioned that our young people are indeed our most valuable possession and they must really invest in their future. Unless we start preparing them for it, they are going to be lost. He thinks the ones Councilmen James and Rice's proposal and others, are set forth, they really need to take a real comprehensive overall look at the question of recreation. He thinks they need to bring in the County Parks System where in this County there are 29 different parks and facilities, about a third of them in the City of Newark. They need to have the Newark Recreation Department working in close cooperation with the County Recreation Department. They need to then have the Board of Education tied into the overall recreational approach. He thinks they need to involve private, non-private agencies, Boys and Girls Clubs, YWCA, the Boys and Girls Scouts and get a meeting of all of the people who are charged with the responsibility of providing recreational services and since there is in fact a crunch on the amount of things that can be made available, perhaps with inter-agency cooperation, would share responsibilities with sort of pooling the resources, there could be an overall comprehensive program. Something like this is not going to happen overnight. It will perhaps take several years. He thinks they should immediately move into this. The whole question of volunteers mentioned by one of the speakers, is a good concept. He thinks they should take a look at liability, liability insurance. He is saying it can probably work but it can't work automatically. What happens if a volunteer injures a youngster. There are a lot of good thoughts coming out and they can work. What he is pleading for is a comprehensive thorough kind of approach so they can do it right. He was appalled as he passed George Washington School wherein there are six basketball hoops all of which are broken.

April 15, 1983

(Councilman Tucker arrived 12:09 P. M.)

Councilman Payne felt that something has to be done. He does not know if for the summer of 1983 they can have the type of program he would like to see. He thinks with the support of everyone and the unanimous concept of the Council they will move towards a real meaningful recreational program in the City.

Councilman Branch said he supported the statements made by his colleagues. He knows what recreation means to the young. He suggested that since they are talking about the amount of resources they have in the City of Newark, there is no reason why they can't pool together a recreational program in the City of Newark. If the Council is going to participate, he thinks they have to know how much money they are going to give as well as the Board of Education and the other agencies so that they can come up with a total recreation program. There is no need to have a recreation program during the summer months and nothing during the winter months. These kids need something all year around. If they intend just to talk about it and not do anything, then they are wasting their time again. He would like to suggest that they take some time out and begin to set a role in the City of Newark for recreation because recreation and education go hand in hand. When a youngster has nothing but idle time on his hands, he is going to create the kind of activity that is going to be more detrimental to himself than in the community. The amount of money they spend for these youngsters that go to jail and look at the number of persons at Rahway Prison, cost \$30,000. a year and there is no reason why they can't find any money to create some programs. Every time recreation comes up in this City, the Board of Education or at the Council level, everybody talks about they don't have the money. First of all he would like to say they are never going to have the money because if they don't develop something to get the money, then they will have none. All the money they spend for vandalism, etc. but they won't spend the money to develop recreation programs and he does not understand that.

Councilman Martinez said he thinks they are missing the boat here. He thinks they have two budgets that they are concerned about. One is operating and the other is capital. He is very satisfied with what is in the capital budget about building, renovations, plans for the future. He thinks the point they are missing is that they are looking at \$13.06 tax rate, up almost 30% from last year and they are looking at one of the reasons that it has brought us, 1983, to a tax rate of \$13.06, water and sewerage bills that are almost unconscionable, almost confiscatory. In 1977 the Board of Education Budget was \$22 million; 1983 \$52 million; administrative salaries from \$60,000. to \$73,000., with an 8% additional for 5 year guarantee, bringing the salary to \$105,000., higher than the Governor of the State of New Jersey. Our youngsters are graduating from the 12th grade with second and third grade reading level. The City of Newark has maintained the 5% increase with the CAPS, yet we have not seen other agencies maintain that 5% increase, some areas 50%, 60% increases; \$240 million in ratables have been lost in the last 10 years in the City of Newark. If you took a \$10. tax rate, it means \$24 million that they will not see this year that they should have seen if things have gone and progressed as they should have; \$26 million in uncollected water and sewerage bills; \$11 million to the Newark Housing Authority and based upon different statements given by people, whether the Judge or the Administrator of the Courts, from \$10 to \$18 million in uncollected traffic fines. Today they are looking at a deficit, a tax rate of \$13.06, where they should be looking at \$62 million in their coffers, taking a low figure to \$80 million that they should have for surplus. Their tax rate should be far below \$9. or \$8. They talked about recreation for their youngsters and recently he was in the Youth House a week ago, spoke to a 15 year old girl and 16 year old boy, who brutality murdered a man in Irvington, beat him to death and as the girl told him, she didn't want to go to school that day and how sorry she is that she is there because she should have gone to school. A speaker pointed out that they should hire more police officers and they should look to maintain the attrition rate. This Council has supported a referendum back several years ago, where the citizens of Newark said they should have a minimum amount of police officers for the City. It was taken to Court by the Mayor and Administration said no and they agreed that they want to see every policeman now because they are now at the bottom of the totem pole level. They are down to 874 and maybe 75 to 100 will leave this year. They want to see those positions replaced. This Council has taken a posture not to touch the Police Budget, not to touch the Fire Department budget but to help it anyway they can. This Council has also taken a position in recreation, as it is shown in the Capital to improve the facility. He is asking his colleagues today not to vote on this total budget package, but to extend it for ten days for several reasons. He heard people discussing the recreation

program. Maybe a lot of them are not aware that under the new Job Program from the Federal Government. The UPARR Program in Newark will receive about \$3 million this year and he thinks this Council should sit down with Jewel Thompson, because within the next ten days she has to submit the application to the Federal Government for the acceptance of that \$3 million or they can lose it. He looks at the Capital Budget and sees a lot of development going on. The Riverfront Project, has been a "baby" of his for years, finally becoming a reality; \$395,000. in the budget this year with a \$10 million projection for a new hotel, condominiums, and other development that will bring ratables to the City of Newark to help reduce that tax rate. He supports the Capital Budget and he thinks they have a lot of homework to do in the next ten days on this tax rate. He does not think it is conscionable to say a \$13.06 tax rate is acceptable in the City of Newark because next year, if they think things are bad now with abandonment, who can afford a 30% increase in rents, a 30% increase in taxes. If a person is paying \$900. now, next year they will be paying \$1,200. If a person is paying \$200 a month in rent, the rents would go up \$240. or \$250. They have to take a long hard look, get out the pencil in the next ten days and start doing some homework on this tax rate.

MRS. DAWKINS, 159 GOLDSMITH AVENUE, NEWARK, NEW JERSEY, representing the Goldsmith Block Association. The speaker noted that recreational programs should be educational programs and thinks that the Council has stated that very well. She thinks it needs to be outlined and in doing so she suggested if the President and the other Members of the Council before leaving this meeting, appoint Members of the Council to work on this program which should include citizens from the community. They have people in the community who are very concerned and would volunteer their services.

Councilman James stated for the record and concurs with Councilman Martinez's remarks but he wants to make it clear because whenever they get into a budget crisis and they talk about priorities, and again they put the recreation down. All those problems they talk about in the City, uncollected fines, etc. They gave raises to all of those Administrators. He always says, how they continue to condemn the Administrators for not doing their job, yet when raises come up, 20%, 40%, they give it to them. Evidently, they are saying to them, they appreciate what they are doing, they are doing a good job. He would like to see them, if individuals are not doing a good job, when raise time comes along, they will not get a raise, because they were not productive last year, did not do your job well last year. They tend to do it in reverse. Whenever you have children, they know they are going to eat their candy, their pop corn, have their ice cream, make sure you eat your potatoes, vegetables and your meat. What he is suggesting, the Board of Education, if we give them \$500 million, they are going to spend every penny and come up with "zero" at the end of the year. He is not sure Johnny is going to be able to read and write at the end of the year, they hope, but at least they know if they take kids off the street corners, our senior citizens, our streets, our City and our youth will have a better life. If they implement the program he is talking about, that \$700,000. as to opposed what they used to fund, \$2 million. They are still going to buy new cars, still give themselves raises so he is saying just making sure the kids get their spinach and get the potatoes, at least put our kids off the street corners and know that a recreation program might keep them out of a Youth House and he doesn't think they should lose sight of that. The people came to them and said "Newark, you sent back \$2.5 million for the JFK, for a swimming program, we will run it." The citizens are running a swimming program. In the Ironbound the people said "open the door, we will run it." What he is suggesting that they have failed to understand, as Mrs. Dawkins has indicated, that there are many citizens that would come forth and help the City, he is giving it a low priority, he is not saying because of our tax rate, confiscatory property tax rate, that they should give it everything. He is saying they should not lose sight. The most precious product they have in their City are the youth, who come after them, will be the future teachers, doctors. They should give them a chance by giving them some recreational programs that are meaningful, keep them off streets and off drugs. He questioned whether they are knowledgeable that they have 40,000 people who are drug addicts in the City of Newark. He hoped that they do not allow the Board of Education or anyone else to tell that recreation is a low priority. They are not going to educate all of their children in a year but they can save some lives and keep them off the streets.

MR. FRANK HURTZ, 402 MT. PROSPECT STREET, NEWARK, NEW JERSEY, stated the City of Newark has a serious problem which is not being addressed in the Budget. The speaker questioned whether the tax rate will be \$13.06 as stated by Councilman Martinez or will it be \$14. or \$15. He thinks an analysis of this budget would say it would be close to \$15. He thinks that Coalition Six Budget Task Force has looked at this Budget and in spite of an alleged cry for a need of more

April 15, 1983

money, they see a great deal of fat and look at the budget that was originally submitted, \$289 million. The latest budget which they are going to approve or reject is \$225 million, almost \$60 million has been dropped from the original budget submitted by the Mayor. It still indicates in spite of that, there is money in this budget which could better go for the servicing of the citizens of Newark, better police protection, more adequate fire protection, give them better recreational facilities. All they would have to do is eliminate 175 new jobs that are not relevant to producing City services. If they take a close look at this job they would find there is a lack of good management. He requested the Council to postpone this budget for 10 days as proposed by Councilman Martinez and get to the basic fundamentals of getting a good working cost effecting budget together. The speaker said the Council was responsible for this budget. They are responsible for giving the raises and not the Mayor. The speaker urged the Council to come up with a 10 day postponement on the budget.

President Grant stated that today is not a vote for the adoption of the budget. It is merely a public hearing on the budget. The proper date and time for the adoption of the budget and also for the amendments will be properly advertised in a timely fashion through the media.

No one else appearing, a motion to close the hearing on the approved budget, as advertised, was made by President Grant, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, President Grant.
No: Councilman Tucker.

Councilman Branch thanked Coalition Six and the other organizations throughout the City for expressing their concerns with respect to the budget.

Councilman Tucker said he would like to reiterate the concerns raised by President Grant in stating that at today's meeting they are introducing the budget. They in effect are not approving the budget. He thinks people have a tendency to confuse the two issues. He does think it is important for him to comment at least on some of the concerns raised by his colleagues dealing with what in effect they are faced with at this point in time in dealing with the amount of net tax dollars that are needed and what is recommended by the Mayor in the proposed budget. It may very well be clear in some peoples minds that they are looking at a budget that would approximately be \$13.02, if the Council in effect did nothing on the matter. Most of them are probably knowledgeable based on the advertisement that appeared in the paper of what the original proposed tax rate was. There have been some amendments and have been submitted and have not been introduced. The Council has been in receipt of them and currently are in the process of reviewing the amendments and further reviewing the Mayor's budget. He believes they have a second hearing on the budget which will be held on April 25th, which is the proposed date dealing with final adoption of the budget. He thinks if concerns are raised to specific departments or that the overall tax rate on the capital budget, etc., the public is not shut out at this point in time. They do have an opportunity to basically hear the concerns in regard to the amendments and also provide input throughout this entire process until the 25th of this month.

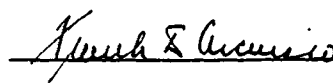

ADJOURNMENT.

12. A motion to adjourn this meeting was made by President Grant, seconded by Councilman Martinez and adopted by the following votes:

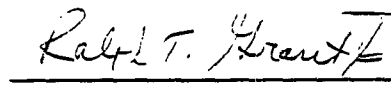

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, President Grant.

 Yes: Councilmen Branch, Carrino, Martinez, Rice, Tucker, Villani,
 President Grant.

City Clerk D'Ascensio stated there are a group of citizens here tonight who wish to present a particular Council Member with a certificate of appreciation for services to the community.

Mr. Hadren W. Simmons on behalf of a group of people, had the pleasure of participating in a City Government Course given by Council President, Ralph T. Grant, Jr. at the Greater Harvest Baptist Church and felt that they should do something to show their appreciation. They presented him with a beautifully inscribed plaque showing their appreciation and gratitude.

President Grant stated normally at this meeting they honor other people. This comes as a complete surprise to him. He thought what he was doing was merely a part of his responsibilities as a Member of the City Council. He simply went into the community. For six weeks they gave 6 lectures dealing with the workings of Newark's Municipal Government. The final session was televised by Cable TV and he understands it will be shown on Channel 32 this Friday, in the afternoon. He thanked them very much for this honor.

A motion to consider Resolution 7-R-ce at this time was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:
 Yes: Councilmen Branch, Carrino, Martinez, Rice, Tucker, Villani,
 President Grant.

Councilman Rice requested the Coaches to come forward to receive the Team Awards. He requested all the young people from Vailsburg High to stand and receive a round of applause for an outstanding job done.

Councilman Rice read the Resolutions in full and presented suitably inscribed Resolutions to the Coaches, on behalf of the Members of the Council, to be distributed to all the participants involved.

The Coaches thanked the Members of the Municipal Council for honoring the young people from Vailsburg High who participated in the various athletic teams.

President Grant noted he sees in the midst of all the Coaches, a very fine graduate from Shaw University, Mr. Jones.

A motion to consider Resolutions 7-R-d. and 7-R-e. at this time was made by Councilman James, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-d.

RESOLUTION RECOGNIZING AND COMMENDING JERSEY JOE WOLCOTT, NEW JERSEY ATHLETIC COMMISSIONER AND FORMER WORLD HEAVYWEIGHT BOXING CHAMPION, AS ONE OF THE GREATEST ATHLETES OF THE 20TH CENTURY AND ONE OF NEW JERSEY'S MOST DISTINGUISHED PUBLIC SERVANTS.

A motion to adopt the resolution was made by Councilman James, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman James stated that Mr. Wolcott's health would not allow him to be in attendance at this meeting but they are still going to honor him.

Councilman James requested Ms. Carolyn Kelley, the First Female Boxing Promoter to approach the dais.

Councilman James read the resolution in full and presented a suitably inscribed resolution to Ms. Kelley for Mr. Wolcott, on behalf of the Members of the Municipal Council.

Ms. Kelley thanked the Members of the Municipal Council for honoring Mr. Wolcott in this fashion.

7-R-e.

RESOLUTION RECOGNIZING AND COMMENDING ROBERT W. LEE, DEPUTY ATHLETIC COMMISSIONER FOR THE STATE OF NEW JERSEY, FOR ALL HIS EFFORTS TO EXPAND AND IMPROVE THE SPORT OF BOXING IN THIS STATE.

A motion to adopt the resolution was made by Councilman James, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman James read the resolution in full and presented a suitably inscribed resolution to Mr. Lee, on behalf of the Members of the Municipal Council.

Mr. Lee thanked the Members of the Municipal Council for bestowing this honor on him.

Councilman Branch commended Councilman James for having resolutions drawn up commending these two fine gentlemen. He has known Mr. Lee for a number of years. These two men have brought boxing back to life, two men that have boxing in their hearts and two fine men that have made boxing possible for many black promoters that wouldn't have gotten the change if it wasn't for these men.

A motion to consider Resolution 7-R-c at this time was made by Councilman James, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-c. RESOLUTION RECOGNIZING AND COMMENDING THE GIRLS' BASKETBALL TEAM OF MALCOLM X SHABAZZ HIGH SCHOOL, THEIR COACHES AND PEP SQUAD, ON WINNING THE GROUP 3 STATE CHAMPIONSHIP FOR THE FIRST TIME AFTER AN UNDEFEATED SEASON.

A motion to adopt the resolution was made by Councilman James, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman James saluted and congratulated the young men and women from Vailsburg High School for their outstanding achievement and Councilman Rice for his recognition of the young men and women.

Councilman James suggested that everyone present in this audience should write a letter to the Star Ledger. Any time a team wins 29 in one year and they are not Coach of the Year, something is wrong. Any time they won 27-2, last year they received no recognition, something is wrong. 56 wins and 2 losses in two years and the Star Ledger did not recognize the Coaches of Malcolm X Shabazz High School. The Coach they did select was beaten by Malcolm X Shabazz High School. They are doing to their teams in Newark what they are doing to Shabazz, what they did to Barringer.

Councilman James requested the Principal, the Coaches and the Girls' Basketball Team of Malcolm X Shabazz to approach the dais.

Councilman James read the resolution in full and presented suitably inscribed resolutions to the Principal, Coaches and the Team, on behalf of the Members of the Council.

Mr. Mays, Principal and the Coaches thanked the Members of the Council for this honor.

The City Clerk read AN ORDINANCE AMENDING TITLE 14, CHAPTER 2, SECTION 2, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, TO ADD A PARAGRAPH (C) REQUIRING ANY ONE CONVICTED OF ENGAGING IN PROSTITUTION TO RECEIVE A HEALTH EXAMINATION.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Martinez said that North Broad Street and South Broad Street is swarming with prostitutes during the day time and particularly in the evening hours. Many of them have been picked up by the Police Department brought into court and charged \$25. and they are back out in the streets. The prostitutes from New York City come into Newark because Newark is easy "picking". Unfortunately, certain laws can be changed, certain laws cannot. He thinks this law will give the Police Department and the Courts added bite because not only does it attack the prostitute but goes after the cause of prostitution, the John. The ordinance would call for, if a person is convicted, and you need two parties to be convicted of prostitution, the John and the prostitute, it would require an immediate health examination for VD. Perhaps people are not aware that VD is very serious, not only here in Newark, but throughout the country. For those Johns that don't live in Newark and they come into Newark for easy "pickings", when their family receives a letter from the Newark Health Department, it certainly is going to be an indication that he did something in Newark that they shouldn't have been doing. The other point which is important. When the Judge tells the person to go for a health check-up and they fail to respond and there are some urban Johns that perhaps would feel in their best interests not to respond, that Police Department of that town would be contacted because there will be a warrant for the John's arrest for failing to participate in a health examination. There is also a law that whether it be the John or the prostitute, which is a State Law, that anyone convicted of transmitting this disease, VD, from one person by sexual contact to another is guilty of a State Law. Failure to report for a health examination will mean a fine of \$500. and 90 days in jail. There would be no longer that \$25. fine. He hoped his colleagues and most of them have recognized the situation as they travel through the downtown area, most of them have been contacted by the business community that are trying to build new buildings in the area, such as One Washington Plaza, only to have their employees walk out and also to be frustrated and pestered by people passing by in automobiles thinking they are hookers and looking to pick up the decent residents and employees traveling to and from the City of Newark. He knows they are all fed up with it, all trying to clean it up and he thinks this is a good ordinance and hoped he would get the Council's support.

Councilman Branch said he supports Councilman Martinez's ordinance but only has one slight problem, the enforcement of it. He would suggest that they should have from time to time have someone talk about actually what they are doing in terms of those prostitutes being picked up, where they are going, whether they

are having those health examinations. He doesn't know how they can enforce this unless the prostitutes are taken directly for a health examination. Any one can see that on Clay and Broad Streets, young girls between the ages of 14 and 15 and he thinks it is a crime to see these young girls who could become very productive and become prostitutes and doesn't know how they can really turn it around.

Councilman Martinez said what he is asking for is a vote of confidence and he is also going to request that the City Clerk invite Director of Health and Welfare Cherot, Police Director Williams, Presiding Judge Lester and Mr. Mort Pye, of the Newark Star Ledger. He is also making a request that any person that is convicted of a crime, that is a matter of public record, asking the Newark Star Ledger to cooperate in this effort to post those names in the newspaper of those prostitutes and those Johns who have been convicted. He thinks with the cooperation of everyone, the news media, police department, health department and the courts, he thinks they can go in the right direction. He certainly agrees with his colleague that they need enforcement, need a strong enforcement and will also ask Director Williams if he can use some policewomen as decoys as they are used in other towns. If you get rid of the Johns then you will get rid of the prostitutes.

The motion to adopt the ordinance on first reading and directing the City Clerk to invite Director of Health and Welfare Cherot, Police Director Williams, Presiding Judge Lester and Mr. Mort Pye, of the Newark Star Ledger to meet with the Council at their pre-meeting conference May 3, 1983 was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on May 4, 1983.

At a later time in the meeting, a motion to consider Item 8-g on Ordinances for First Reading was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

235	56	8 Prince Street
235	54	10-12 Prince Street
235	53	14 Prince Street

Section 5. This ordinance shall take effect upon final publication and passage according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appeared.

Councilman Tucker questioned whether there was any pressing need to turn these properties over to the Housing Authority. If there is an imminent development in regard to these properties, he thinks they should move affirmatively on them but if not they should at least hold this up until they are sure what direction they are going to in regard to the Redevelopment Agency.

President Grant asked whether the back-up information shows the Housing Authority transferring these properties to a developer or something they are just grabbing to hold for a period of time.

City Clerk D'Ascensio replied there is no indication in the correspondence. Although, it is contemplated to be part of a project of which the properties are a part. The letter from Business Administrator Hill states that "the Real Estate Commission at its meeting of February 10, 1983, approved the sale of the aforementioned properties to the Housing Authority of the City of Newark pursuant to N.J.S.A. 40A:12-13(b)(1). The subject properties consist of thirteen vacant lots. If the Housing Authority sells the subject properties to any developer, full consideration shall be paid to the City of Newark for such sale."

April 20, 1983

Councilman Carrino questioned if these lots are in the same general area or are they spread out?

City Clerk D'Ascensio replied 8 properties on South Orange Avenue, 2 properties on Broome Street and 3 properties on Prince Street. They are all in the same Block, Block 235.

A motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-c.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE AMENDING SECTION 27:1-1(c) OF TITLE 27, ZONING AND SECTIONS 5:1-1 AND 5:2-11 (d) OF TITLE 5, AMUSEMENTS AND AMUSEMENT BUSINESSES OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966) AS AMENDED AND SUPPLEMENTED, TO AMEND THE DEFINITION OF "ARCADE"

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:

Section 1. That Section 27:1-1(c), Definition of Title 27 be amended in part so that the definition of "Arcade" reads as follows:

Arcade means any place or premises wherein five or more coin-operated amusement devices are maintained for use and operation by the public.

Section 2. That Section 5:1-1, Definitions of Chapter 1, Arcades, of Title 5 be amended in part so that the definition of "Arcade" reads as follows:

Arcade means any place or premises wherein five or more coin operated amusement devices are maintained for use and operation by the public.

Section 3. That Section 5:2-11(d), Restrictions, of Chapter 2, Coin Operated Amusement Devices of Title 5 be amended to read as follows:

5:2-11 Restrictions.

...

(d) Any place or premises wherein five or more coin operated amusement devices are maintained for use and operation by the public shall be licensed under Chapter 1 of this title.

Section 4. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

Section 5. Any existing ordinance or part thereof inconsistent with this ordinance is hereby repealed.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino.

There was no second to the motion.

Councilman Rice said he is going to ask that they consider tabling this ordinance. They worked diligently to make a strong video-amusement ordinance in the West Ward community, like the other communities being inundated with these video arcades and video machines. The drug and crime problems in the West Ward had risen tremendously since the number of machines have entered into the business establishments in the community. Presently he is dealing with Irvington to strengthen their laws to keep the pressure off of them on the 18th Avenue side and recently had to deal with East Orange to keep the pressure off of them in the Roseville Avenue and the South Orange Avenue area. He has looked at this ordinance and in good conscience he cannot see how Council can pass on this when it was this Council that said they need a strong ordinance to curtail the number of machines that are in the City of Newark. Once again he appeals to the Council to table this particular ordinance.

Councilman Payne concurred with Councilman Rice. He is surprised that this ordinance is coming before them to dilute the current ordinance increasing the number of one, making it an arcade. He thinks they have a tremendous amount of problems in the South Ward, centering around these video machines, stuck in places where kids are going there on their way to school, spending lunch money, bigger kids are taking money from the smaller ones and he thinks anything to make it easier for them to load these things up is wrong. He would like to see even stronger enforcement. He thinks their recreation is fine but this is unsupervised, unhealthy in many instances and he is totally opposed to the increasing of this particular situation.

Councilman Carrino said he certainly agrees with both Councilmen. Although the number is being changed from 3 to 4, the toughness of the ordinance is not being changed. If a place of business does not have the required space that is still in the original ordinance to house one more machine, they certainly cannot get another machine. This does not arbitrarily mean that everybody that has three machines can now get four machines. He certainly agrees, they all worked on the ordinance for many, many months to keep the ordinance tight and tough so that they would not allow for a proliferation of machines. This situation does not allow for that proliferation. It only allows those people that did have four machines and have the square footage allowed in the new ordinance to add back their other machine, not to have any more machines than they previously had. One of the problems that has occurred is that some of the larger places that had four machines, they now have to take one machine out. They are just asking to keep them, the big places that have four machines and the square footage to keep the fourth machine. If a place is a small congested place and has three machines, he will not be allowed to put a fourth machine in there because he does not have the square footage.

Councilman Rice said that is the worst justification he has ever heard for increasing the crime wave in our streets. The one place that does have the space is the place they are concerned about particularly in the West Ward community and one machine can make the difference in the number of people hanging around playing them, the type of crimes coming in and he thinks it behooves this Council to take a look at some of the police reports that come in in the West Ward community where these machines are being housed. They are actually locking up merchants on South Orange Avenue for selling drugs to their kids. He thinks it is asinine because they are doing something on one hand and have merchants appealing to them on behalf of machines. Most of the merchants that have these machines are not making that much money any way because the money is going to the owners, the vendors. It may be a lie in item because the crime problem for the community. He looks in the Chamber and sees West Ward citizens, merchants from the West Ward. They have met over and over again concerning these video arcades and this Council passed, if he recalls, by a majority, that strong ordinance and they boasted about the ordinance and what they are trying to do is bring back some credibility to the City of Newark and cut down the crime problem. Now they are trying to justify to say that one machine does not make a difference. If that is justification, then 20 machines will not make a difference. He said to leave the ordinance as it is and if he had his way they wouldn't have any machines.

Councilman Tucker said he was just asking the City Clerk's Staff because he remembers working on this ordinance before and one of the prerequisites that they put into the ordinance, just a matter to refresh their memories. In order for a person to put one machine in a store, bar, what have you, it must be 100 square foot per machine. The existing ordinance says that you can have three machines which means in order for you to have 3 machines, you must have 100 square feet that is not occupied. He wants to qualify what he is saying. 100 square feet not occupied means you can't necessarily have machines stacked up in a store front that has approximately 1,000 square feet. You have to have 300 unoccupied feet for 3 machines. In the ordinance they approved, if someone has four machines, they will then be an arcade, and the fee is \$5,000. What that means in effect that there won't be any machines in excess of three. He thinks what this ordinance is attempting to do is to modify their original stance and by saying you have to have four machines before someone pays the City \$5,000. That is the essence of what this ordinance is doing. It does allow one additional machine but there is no difference in regard to the space allocation. If you look at any small store front, and say a person has three hundred square feet of unoccupied space, that is very difficult for somebody to really deal with in a store front, a small bar, etc. If you have a large store, you may very well be able to get four machines.

Councilman Branch said this ordinance has been discussed very thoroughly and thought it was finished with. Every Ward is faced with these additional machines. Once and for all the Council ought to take a position and stand by that position.

Councilman Tucker said he would like to close the hearing and defer action on this ordinance.

Councilman Rice said he has made a prerequisite during discussion to move to table this. He would like to respond to Councilman Tucker. The space may not be there but he challenges him to drive up South Orange Avenue, Orange Street, 18th Avenue and look at the number of empty stores they have. Any one can rent an additional store and get the required store space. What he is saying that the ordinance should never go through, no need to defer or discuss and he moves that they table the ordinance.

Councilman Carrino said everybody votes the way they want to vote. He has made a motion to adopt this ordinance and would like to have roll call on that.

There was no second to the motion.

A motion to close the hearing and defer action on this ordinance and directing the City Clerk to invite Director of Licenses Blasi to meet with the Council at their pre-meeting conference May 3, 1983 was made by Councilman Tucker, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen James, Martinez, Payne, Tucker, President Grant.

No: Councilman Carrino, Rice.

Not Voting: Councilmen Branch, Villani.

Councilman Rice pointed out to the audience that deferral on this ordinance means more than likely they will discuss it and will be back on the agenda for a vote and that is why it is so important that they have night meetings rather than day meetings.

Councilman Martinez said the reason why they are inviting Director Blasi to meet with the Council is that he can explain to the Council how the arcade license has been working. Perhaps they are not aware there are only two arcade licenses applied in the City.

Councilman Rice said he would like the vending machine owners to meet with Council that are putting the machines in there. Just because there are only two arcade licenses now doesn't mean there isn't going to be more tomorrow. Bring those people in who own those machines, bring in those individuals who sell and lease them. He would like to talk to them.

April 20, 1983

Councilman Tucker said they are probably going to be in a position of discussing this and it is not going to be a matter of getting it resolved. His colleague, Councilman Rice's word of the night meeting, they can defer the matter to a night meeting. His concern is that he knows that people who have been in the current industry are currently now filing suit. They know full well that although their intent is well, it may very well be challenged and they may lose it in the courts. His concern is that they have meaningful discussion. If people are not clear about it and they want to discuss it more, he thinks they should do that and he is not worried about it coming up on a day or night meeting. If they want he has no problem of moving to defer it to the next night meeting. He thinks they should discuss this because what is going to happen is no matter how honorable their intentions may very well be, if there is no flexibility and the Judge takes them to court on this and they lose it, then they are going to be affected on it more negatively. If the Council wants to he would like to move to defer this until the next night meeting but at least make sure Council has an opportunity to talk with the parties interested and also the Law Department on this issue.

HEARINGS OF CITIZENS.

6-HC-a.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to welfare, unemployment and Reaganomics.

Councilman Payne said before the next speaker is called dealing with 25 Van Velsor Place, with respect to inquiries made by Mr. Hardy and this group, he asked the Department of Health and Welfare to do a total inspection of the building and at the Rent Control hearing last night they did not get to the case but asked for a report to be submitted in regard to this building. He requested the speaker to get in touch with him and possibly they can work on this together to get something accomplished.

MR. EDWARD HARDY, JR., NEW TENANTS ASSOCIATION, 25 VAN VELSOR PLACE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to conditions at 25 Van Velsor Place. The speaker pointed out that the Department of Health has been coming to this location for the last four years and presented photographs to the Council showing the deplorable conditions existing at this location and urged the Council's help in trying to rectify the situation.

President Grant said after the information came in, Councilman Payne requested the Department of Health and Welfare to immediately look at the matter and he is sure that there will be a different kind of response this time.

Councilman Payne thanked the speaker for coming and indicated that if these problems continue, they will get into back taxes, and have another 300 Mainwright Street, Elizabeth Avenue, abandoned building in the hands of Real Property and another blight in the City. They have to try to save the buildings they have and restore them.

MR. ALLEN JONES, VICE-PRESIDENT, TENANTS ASSOCIATION, 25 VAN VELSOR PLACE, addressed the Municipal Council with respect to unsanitary health conditions existing at this location. The speaker also presented photographs showing the deplorable conditions at this site. The speaker pointed out that inspectors have come to this location at least a dozen times with no abatement to the problem. Some of the tenants have been without heat and hot water and urged the Council to assist them.

President Grant assured the speaker that this Body, yesterday, when they received the list of Hearings of Citizens, Councilman Payne immediately took the lead, since this is in his Ward. He got in contact with Director of Health and Welfare requesting a report on the building and within the next couple of days he will be hearing from his office and several of the other offices. All of them will be working together to help abate whatever problems exist there

April 20, 1983

President Grant said they checked the ownership of the building to make sure that the City was not the landlord. He thinks it is the United States Saving Bank in Paterson that owns that building and the Department of Health and Welfare will be serving papers on them to make sure these repairs are made.

MS. ROSETTE NEWBY, 802 SOUTH 16TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council registering complaints. The speaker pointed out they need trees on South 16th Street; vacant lot at 819 South 16th Street, filled with rats and requested the Rodent and Insect Control be sent to this location. The speaker also pointed out to a burned out abandoned building at 896 South 16th Street which is a fire hazard and requested the Council to have this building demolished. They are tired of pleading and questioned what are they paying taxes for and hoped the Council would do something to rectify the complaints registered.

President Grant stated this Council has a reputation of not "passing the buck". The Council is the legislative Body and the Mayor's Office, which is the Administrative Branch, who has the responsibility, if there are dollars in the budget and part of their program to plant trees; to clean up lots; when they are not they are brought to their attention, they can certainly make sure they are. He suggested while she registered the complaints with the speaker, he suggested that the Office of the Mayor and the Business Administrator also be notified.

Councilman Payne thanked Mrs. Newby for appearing before the Council and could not agree more about the lack of an adequate Rodent Control Program in the City of has brought up the question of how many trees do they buy and the ones they do buy, why don't they live. He has talked about the whole question about the litter in the City and he is glad the citizens are coming down and voicing their opinions. With their support and with the Council's continued perseverance with Administration, they expect to be able to get the job done.

Councilman James said he would like to echo the remarks made by Councilman Payne. He welcomed Mrs. Newby and how dedicated she is and knowing that she came before the Council because the problems have not been abated. He recalls a speaker mentioning that inspectors have been there before and he knows about the conditions at 25 Van Velsor Place. He thinks what they are really hearing tonight, as indicated by President Grant, two branches of Government, Administration and Council. The unfortunate part is that nothing is being done. They can have inspections, they can write it up and five months from now, the speakers will be back, and they will continue to talk about the two branches of Government. He recalls one inspector was sent out to inspect a building and he was trying to collect money from the tenants to buy the building. He hoped that they would come up with a follow up that would deal with mandating Administration to abate these problems. No citizens should have to come before the Council to talk about trees, dirty lots, etc. He would join with the Members of the Council to go beyond receiving these complaints, they are going to have to come up with a system to have these matters resolved.

Councilman Tucker said they have a tendency to operate under the assumption that they have one Council person and this is not directed to the speaker but all the citizens of the City. By preference they may very well have two. By law they have five and he thinks it is important to note that if they have a tendency to communicate with people to raise those particular problems, 5 people working on one problem may very well make it easier.

MS. LOREANER SHROPSHIRE, 139 RIDGEWOOD AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to a burnt out building next to her home which she has been trying to get boarded up for the last year and a half and requested the Council for their assistance in this matter.

MS. HELEN DUDLEY, 882 SOUTH 18TH STREET, NEWARK, NEW JERSEY, representing South 18th Street, addressed the Municipal Council registering complaints with respect to sidewalks, breeding of dogs across the street from her home, a vacant lot with parked trucks.

, April 20, 1983

Councilman James said that some time ago President Grant instituted a policy wherein an administrative personnel would be in attendance at all Council meetings who would be in receipt of all complaints and try to abate them.

President Grant said he looked over the audience and he doesn't see any one present from Administration. Last July they met with the Mayor and requested him to make sure at least one representative from Administration be present at all Council meetings to receive complaints from citizens. Not only to receive complaints but to act on them in a reasonable fashion. For the first two or three months they came and then they stopped coming. He met with the Mayor again and indicated they would come again. They are once again going to ask Administration to have people present at the meetings. He assured the speakers in the absence of them, their complaints registered here will be dealt with and handled.

MR. MURRAY H. EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY, representing the Lincoln Park Association addressed the Municipal Council with respect to the expansion of the drug rehabilitation centers, namely Integrity, Inc. and C.U.R.A. The speaker requested the Council to pass or formulate a resolution to stop the expansion of drug and rehabilitation activities within the Lincoln Park Historical District; pass an ordinance to modify the uniform construction code. If the Council cannot draft this he would be happy to do so.

President Grant suggested to the speaker that his organization is trying to do a credible job and makes a beautiful presentation. First he suggests they adopt a resolution, and if they can't, he will do it for them. He thinks that is rather paternalistic. This Council is perhaps one of the most literate Councils that ever sat in the history of the City of Newark. A job they have accepted, they are well equipped in handling.

Mr. Edson questioned whether they could present a resolution to the Council?

President Grant replied if there is a resolution that he would want presented he should draft it and send it to the Council. If the Council in its wisdom chooses to vote on it they will, if not they will not.

Councilman Tucker said with respect to the uniform construction code, although, Council adopted an ordinance, the option they have is either to accept the uniform construction code of the State of New Jersey, or not to accept it. It also makes them eligible for reimbursement funds dealing with Capital Projects, physical improvement. He doesn't think they would have a major problem urging that there be an amendment within the uniform construction code of the State of New Jersey. They cannot do that by ordinance. They cannot introduce a resolution urging that there be amendments based on what he has explained to the Council. With respect to the Council joining the speaker in stopping the expansion of Integrity, Inc. and C.U.R.A., that is really a community issue. Maybe they should explain to him that although, he comes to every Council meeting, those two Centers essentially write letters pinpointing their position. There position is and they have said this many times. C.U.R.A. and Integrity, Inc. have been at this location longer than the speaker has been there. He doesn't believe they as a Council should get interjected into that situation. That is his individual opinion. He doesn't think they should get involved in the question of the residents association in opposition to the drug rehabilitation agencies. He does feel, that they should change the building code which would automatically mandate that variances generated on a 25% of renovation costs. He would be amenable to introduce that resolution. He reiterated he would not get involved in a community fight between residents and the drug rehabilitation centers.

Councilman Martinez agreed with Councilman Tucker. Mr. Edson had called him and indicated there was construction going on at one of the drug rehabilitation centers and they sent the building inspector, who indicated, that they were doing work without a permit. However, he would suggest at the Special Conference on Tuesday that they have Director of Engineering Zach present to deal with that ordinance.

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, questioned the Council when the public hearing on the budget would be held.

President Grant replied the public hearing on the amendments will be held on Friday, April 29, 1983, at 11:00 A. M.

Mr. Hurtz further questioned the Council why various Annual Audit Reports have not been submitted by various Department and Agencies. The speaker pointed out that several meetings ago he questioned why the Board of Education didn't have to submit Reports and was told that they didn't have to. He noted that they are required by Law to do so and questioned why they haven't submitted a Report since 1969.

Councilman Tucker replied first of all, dealing with Title 18, the Board of Education is supposed to submit a report to the Commissioner of Education of the State of New Jersey. They are not obligated to submit a report to the Newark City Council. There had been numerous requests by the Municipal Council requesting for quantitative reports based on children's achievement within all levels of education. The difference is that they are not obligated to do that. Their staff has been in contact with the Commissioner's Office and the Board of Education is not even in compliance with that. With respect to the Newark Housing Authority, they are not obligated to submit a report to the Municipal Council. The Municipal Council has taken the Housing Authority to court to get a Show Cause Order to be in receipt of a complete copy of their minutes. They have not yet resolved that matter. What they give them are abstracts, but by law they are not obligated to give a complete report. They have been in receipt of various minutes of the Central Planning Board, Board of Adjustment and the A.B.C. With respect to Civil Defense, they have never been in receipt of an overall report. But most of the other agencies, to be frank, have in effect complied.

Councilman Tucker said maybe what they can do is give the speaker a copy of the law which at least pinpoints that or he can get in contact with the City Clerk's Office to receive a copy of briefs that the Council has filed in regard to the Housing Authority.

Councilman James stated he is always appreciative of the speaker coming to Council meetings because he is a dedicated, concerned citizen. Somehow the Council has become the cure-all; instant panacea for all the problems of the City of Newark. They have given up on the Board of Education and the Housing Authority. He is still totally shocked that only two individuals; and one of them was a staff person from a Member of this Council, who showed up at the Board of Education's Budget Hearing. The Board of Education's Budget is almost as large as the City's Budget, if not larger, yet only one citizen showed up. He felt the speaker should use the same enthusiasm and the same dedication as shown here, at the Board of Education and the Housing Authority, because they are autonomous bodies. He said he is going to research and find the article that Robert Brown wrote in the Star Ledger which said "What's happening in Newark will only last at one meeting for suburban towns to come out and say stop it". Until the citizens of Newark shut off their television sets and go back to the Board of Education meetings in mass, and say "Stop", we want the budgets and the reports, it is not going to happen. He used to attend those meetings. He thinks they have to come out and start petitioning the Housing Authority, the Board of Education. He thinks, unfortunately, with the change of government in this City, people believe now, they could go home and as Councilman Grant used to say "Watch Good Times" and then come out in "Bad Times". They are going to have to come out and begin to petition for Newark to become the City they want it to become all over again.

Mr. Hurtz noted the Council had passed an ordinance, or their predecessors, requiring all Division Heads to submit Annual Reports. The speaker felt it was Council's responsibility to get these reports, since they continuously hand out raises, and the projected tax rate they will have to pay for this year. He said it is their responsibility to see that they have a competent Administration. If they don't have good administration, they have poor services. That is why people are complaining.

Councilman Tucker requested a verbatim of Mr. Hurtz's remarks with respect to various reports not being submitted. He personally has read some of the reports which he indicated were not submitted. He doesn't want to get into it. He thinks the City Clerk should advise the speaker of the reports that they have received by the Municipal Council.

President Grant informed Mr. Hurtz that he had advised the various Department Heads and Division Heads to submit said reports prior to the adoption of the Budget. He will direct the City Clerk to communicate with him informing him which persons have submitted reports.

6-HC-i.

MR. BLANTON A. JONES, 20 NAIRN PLACE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to dirty streets from 20 Nairn Place to Clinton Avenue, both sides. They have been trying to get 23 Nairn Place boarded up for a number of years; 44 Nairn Place is falling down and questioned why they can't do anything about it. They claim they don't have the money but have enough money to buy new cars

Councilman James invited Mr. Jones to meet with him on Friday, at 11:00 A.M. This is a case wherein the speaker was here before, gave them photographs of the problems, turned it over to the proper administrative personnel and nothing was done.

Councilman Rice said he wanted the citizens from the South Ward to take note. The problems are not peculiar to their Ward. He knows two weeks ago, in terms of row houses, every day he passed them, another segment of the house was taken away and requested to have that house boarded up but was told it was privately owned. He was told a letter was sent out to have this boarded up and the owner billed. He was informed today by his staff that this letter just went out which means they have to wait another 10 days before they have it boarded up. He is constantly advised by Administration, when he raises the "devil" about the type of responses, he is a legislature, he writes laws, he does not administrate. If he wants a street paved he can't make anyone pave the street. If that in fact is true, then he encourages the speakers to come and continue to help the Council work collectively together in terms on what they have to vote on. He would also like to see the citizens of Newark create the same demand from Administration that constantly tells them that they cannot tell them what to do. He knows at one time in the history of the City, they use to have meet the Mayor's Night. The Mayor would come out and they would get some responses. He thinks their work is cut out for them collectively and he appreciates seeing so many supporters of theirs throughout the City, they need more. He has no problems for not voting on those budgets but the mere fact he doesn't vote for the budget, means there is no money if someone wants to do something. It is almost a "Catch 22" to a degree without their support and he is going to encourage everyone here to go out and get 10 other people and come to the steps of City Hall and find out what the problem is.

MR. WILLIAM H. JARVIS, 986 SOUTH ORANGE AVENUE, NEWARK, NEW JERSEY, representing the Vailsburg Businessmen Association and the Newark Members of the Essex County Package Store Association, addressed the Municipal Council in support of changing the 1:00 P.M. Council Meetings to an evening meeting. There was a slight change this year when they had some input on the City's Budget. If the hearing was held in the evening, more of his associates would have been in attendance.

MR. WILLIAM P. RUTAN, 52 NORTH MUNN AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council in support of the ordinance changing the 1:00 P.M. Council Meetings to 8:00 P. M. He urged the Council to adopt this ordinance. The speaker also urged the Council's support on the split of the Newark Housing Redevelopment Authority.

(Councilman Branch excused himself from the meeting at 10:30 P. M.)

A motion to permit Mr. Nelson Brown, Sr. to be heard under "Hearings of Citizens" was made by Councilman Martinez, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-l.

MR. NELSON BROWN, SR., 220 SOUTH 6TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council in support of changing the Council meetings to night meetings. The speaker said that the services are bad in the City.

April 20, 1983

Councilman Martinez questioned the speaker whether he was aware if an ordinance was put on the calendar by the City Council that it is heard at a night meeting and a day meeting and the speaker replied in the affirmative.

A motion to permit Ms. Judy Miller to be heard under "Hearings of Citizens" was made by Councilman Rice, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-m.

MS. JUDY MILLER, 62 SOUTH 10TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council in support of the evening meetings and felt that there would be more community participation in this process which in turn would enable their "crippled" City to better enhance the problem of today's society. The speaker pointed out that she represents the Roseville Coalition, which unanimously voted on asking their elected officials if they would allow them to help them bear the burden of legislation which is impacted in the corner of their lives.

A motion to change the order of business and consider Item 9-a at this time was made by Councilman Rice, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

9-a.

PROPOSED "ORDINANCE AMENDING TITLE 2, CHAPTER 15, SECTION 1, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, BY AMENDING R.O. 2:15-1, RULE THREE ENTITLED 'REGULAR MEETINGS; PLACE OF MEETING.'"

(Making all Council Meetings at 8:00 P.M. instead of the first Wednesday at 1:00 P.M. and the third Wednesday at 8:00 P.M.)

(Copy of ordinance and correspondence submitted to each Member of the Council)

Councilman Carrino said he took interest in all of the participants tonight on this particular issue. However, he also has had meetings in his Ward and many of the senior citizens feel that by going into all night meetings, they are subjectively eliminating them from coming down. If it was a situation wherein they were having all night meetings and somebody wanted to go to all day meetings, he would be opposed to that and if they had all day meetings and somebody wanted to go to all night meetings he would be opposed to that. He thinks the purpose of having an alternate day and night meeting is so that the whole cross segment of Newark population, be it senior citizens who have free time during the day, people who have night jobs, can then participate in day meetings and those people who are busy working during the day and have other obligations can then participate in night meetings. He would hate to see them get into a situation where they eliminate a certain segment of the people. He suggested to Councilman Rice, all of the added work and responsibility the Council has, maybe they should no longer operate on two meetings a month but have a meeting every week, two in the day and two in the evening. His point being no matter how they do that, he feels personally, that no matter which way they go, they are going to subjectively eliminate some people who cannot come within that timeframe of the day. He understands it might be a difficult situation and some people feel strongly about it but he feels no matter what it is, day or evening, if they do the meetings all the same time, they are subjectively eliminating people who would fit into a different time segment. He doesn't think that anyone here wants that. He thinks there might be alternate plans that they could use for Council meetings and maybe one of those plans can be to have a meeting every week. He didn't think it was fair to eliminate a certain segment of the people and certainly the senior citizens who vote and who have an active participation in the City of Newark would be left out of night meetings unless specific situations and they were bussed in large groups. He brought this up to many organizations in his Ward and they felt the same way that everybody has an opportunity to come during the day or night meeting. As Councilman Martinez said before, all ordinances that come up are presented both on a day and night meeting.

Councilman Rice said he can appreciate what Councilman Carrino said but he also had meetings with people in the North Ward and that is not the expression he has heard. They can document the fact that traditionally seniors go to night meetings that Councilman Carrino holds, night meetings held in the other Wards and traditionally seniors have come to night meetings held in the Chamber by busses brought in by the North Ward Educational and Cultural Center, Ironbound and other centers. Traditionally the seniors don't travel in the day time to the Council Meetings unless there is special interest type issues and seniors like most move during the day attending medical facilities, straightening out SSI, etc. They would get just as many seniors to participate in the night meetings and they have witnessed that also on major issues. They have to look at what the majority of the citizens in the City of Newark need in terms of impacting on government. It is clear tonight what the people are saying that things are not being done. When you talk about deferment, it takes five votes to defer an item. Therefore, if the Councilman from the West Ward wants to defer something from a day meeting to a night meeting, unless he receives four additional votes it is not deferred. He can sympathize with what Councilman Carrino is saying. There used to be two night meetings and he thinks it is what the majority of the citizens, if you poll the City, that is what they are asking for. Tonight he sees people representing all of the Wards and there were seniors in attendance. They have to stop giving themselves excuses during these hard critical times and they are going to have to start making adjustments so they can make changes in the City of Newark. To do something good and to do something right, unfortunately, someone suffers and they don't intend that. They have to start progressing and the citizens have to have that input. They cannot keep shifting their vote from the night to the day, etc. when it is in the interest of the Council or the Administration, more so than the people and that is why these night meetings are very, very important and he would hope very much that the people here tonight can go home feeling satisfied that they received at least 5 votes from the concerned Council persons.

Councilwoman Villani stated ever since Councilman Rice has been elected, she has been proud to support him many times and doesn't mean she has to support him every-time. If she disagrees, as she does now, they are concerned about the working people attending meetings and it certainly is her concern. They have people that work days and they work nights. Many persons in our City who work for utilities, security, personnel, service stations, factory people that work on shifts, hospital workers, etc. and then there are citizens that don't want to come out at night. Many of them don't own cars and would have to take busses and are more comfortable coming during the day. The largest number of public speakers they ever had was at a day meeting. They had a good example this evening of public speakers addressing the Council but if this was a day meeting President Grant would have been able to reach out for the Business Administrator, Director of Engineering, etc. and problems are rectified during the day because they were able to reach out for the various Directors which they can't do tonight. They promise them that they are going to send representatives to attend night meetings but very seldom do they appear.

Councilwoman Villani reiterated that she doesn't always agree with Councilman Rice but this is one time she feels they are discriminating if they have all their meetings at night and also feels that possibly some of the Council Members work days and maybe day meetings would interfere with their day jobs, she does not know. She knows she is a full-time Councilwoman and it does not matter to her, she is available either day or night but she is thinking of the segment of our citizens that cannot come to a night meeting and for that reason she feels that they should be alternated to accommodate everyone.

Councilman Martinez said as a law, they are not 100% one way or the other. There is always someone opposed and someone is for it. There are people here this evening that are for night meetings. Probably next week they can have several hundred people and say they are for day meetings. The law they have now is the fairest in both ways. There is no law that is going to satisfy everybody. He had attended a boxing match this evening where there were a majority of seniors and they indicated to him not to make the meetings at night. People are saying one thing and they are hearing another voice from other segments of the community. This is understandable. On April 13th he and President Grant attended a meeting on the corner of Mulberry and Elm Streets, 90 people were in attendance and said they would not come to the Newark City Hall because they were in fear of crime, fear of the drug situation, fear of the mugging situation. There was a postal employee, representing the Postal Workers Union, who indicated that in the last six months, 55 postal employees have been mugged going from the Post Office to the parking lot, located

on Mulberry Street. He thinks crime is a major issue of the fear of people attending night meetings. Several months ago there was controversy over the Housing Authority. Housing Authority tenants both seniors and family members had this place packed during the daytime and requested day meetings, came by busses and cars, and requested this Council to join in a demonstration at 57 Sussex Avenue at 12:00 o'clock in the afternoon. They requested this Council to support them in front of the main office of HUD at the Gateway at 11:00 A.M. and requested day meetings. Would they be satisfying their needs and wants, he does not know. There are 1,700 seniors at Hill and Nevada Streets. They will not walk one block to attend a night meeting at Newark City Hall. He doesn't think they have to pit one segment of the community against another. He feels the law as it is is the fairest of both. He thinks if seniors were to say "well we are going to eliminate the day meetings, from now on it is night meetings", there is no question in his mind that seniors could come to the next meeting at 1:00 P.M., pack this place and say "we want day meetings, we don't want night meetings". What would they accomplish if they did that. He is sure he heard mentioned before that they could have night meetings and people applauded. He thinks the same situation would arise if the meeting was stacked with people that wanted day meetings and they would applaud. It again becomes controversial. All ordinances have three readings and occasionally have two, if adopted on first and if a Councilman has a particular issue, he can defer. He attends many night meetings in his own community that he represents. If he has a particular issue, that he feels the residents are concerned or residents are concerned with a particular issue, they invite him to the night meeting and he expresses their wishes here at the Council meeting as their elected representative.

Councilman Tucker said he was elected to the Council in 1974 and at that time he ran and indicated he would be a full-time Council person and has maintained that. He finds it difficult to understand about some of them working in the day time. He works at his Little City Hall 7 days a week, whenever people need him. The closest people who are elected officials to people who vote, most of them know full well it is them. Sometimes they don't like that and he can recognize that. They have a tendency to be hit with all kinds of things, in most cases they have nothing whatsoever to do with and maybe the responsibility of the Mayor, the Board of Education, the Housing Authority, etc. The net result is that most people are not familiar with government and generally speaking, to be very frank, their first interaction with government is to basically go before them. A lot of times they don't like it but that is the essence of why they are here. They are to a great degree, the element of democracy in regard to citizens of the City of Newark, their availability to them not just specifically their meetings, more specifically at their meetings, is important. If they in turn have meetings where they cannot come, it automatically means in most cases they will not come. He respects his colleagues position on this matter. Most of them know when they talk about a policeman working during the day time, or fire people, or postal workers, he doesn't want to reiterate this, but he thinks most of them know that the vast majority of people are not Newark residents, not Newark citizens and if they want to they can check with Postmaster Benucci to find out that the Newark postal workers are not Newark residents. His concern is a very simple point. If they want to talk about whether seniors can come. When they want the seniors to come, they, the Members of the City Council, they rent busses for them and they bring them. He pointed out that Stephen Adubato rented 45 busses and bought people to a rally at night. He doesn't believe those seniors were scared to come to the Robert Treat Hotel, especially if they picked them up at the Housing Project. What makes them think since they are going to get busses for them to come here, that they would be afraid to come to Newark City Hall. He has attended rallies at night at Tom's Restaurant, the same identical thing. He thinks most of them know that if they schedule something for a night meeting, there is going to be more public exposure on that issue. If they schedule something for a day meeting there will be public exposure, but it will be minimal public exposure. Most of the people that come here, and if they want to they can look at every list, every speakers list, that come here are not the working person, they basically are people who are retired, who have paid their dues to the City of Newark and are very much concerned about a problem. Those individuals would not be affected by a day time or night time meeting. It is their individual preference to when they want to come to a meeting. He thinks the question of night time of people who work during the day time, he thinks they should look at the 1980 census and what it tells them. First of all 1/3 the City of Newark don't work at all and the other 2/3 that do work, don't work in Newark and they don't work nights. The question of somebody who may very well be affected because they work nights, he thinks they are really talking about a very small percentage of the population of the City of Newark. If they can't come to

a night meeting, more than likely, they are going to talk to the administrative staff during the day and deal with that particular item. He does not believe in anyway whatsoever that there is any kind of great abundance who reside in the City of Newark who based on their job situation work nights and that they are going to be affected. With respect to overtime for the City Clerk's Office, most of them know that the City Clerk, etc. they don't get paid overtime. At the salary that they pay them, on the professional level, subsequently, he knows full well that they take care of business. The clerical staff, if they in turn are paid overtime and they are paid overtime, then they should incur that kind of obligation. They are not talking about all of the City Clerk's Staff working overtime, specifically, there are three people who work overtime and they can evaluate three people working on an overtime basis approximately one day a month and to him that is a small expense in dealing with the reality of it. The other point he wants to raise, they know full well that they will get more participation at a night meeting than a day meeting. He thinks they have to face the realization that if they want people to participate and provides them an opportunity to speak to them and for them to a great degree to speak to them, then they have to make a process where they can do that and if they don't do that, then by the day meeting itself, what they do is prevent people from participating.

Councilman Tucker pointed out the reason why the meetings were changed. Most of them know full well why the meetings were changed. It was changed in 1970 and they have to remember the climate of the meetings they had in 1970. They had Imperiale on one side of the room and Imamu Amiri Baraka on the other side of the room and they had a constant circus and he thinks they have to be frank. When that meeting was changed, and it was directly related to that, what happened was that the circus all of a sudden turned into a situation wherein the Council only had to deal with one circus a month. He thinks they have reached the degree of sophistication where they can come down and express their particular views without turning the Council meeting into a circus and they know it will be helpful to people and they should move affirmatively on adopting this ordinance.

Councilman Carrino said he agrees with everything Councilman Tucker said and everybody can pick isolated incidents on when they all have the ability to have people come down, whether it is a day or night meeting. However, the fact remains that once they put themselves within a single time segment, they are discriminating against people who cannot fit into that time segment. He was not here in 1970, although it was a circus down here. He does know since he has been here, since 1974 that no matter what the concerns of anybody is as far as Hearings of Citizens, etc. they offered every citizen of the City of Newark an opportunity to be heard no matter what type of timeframe they fit into and no matter what anyone says, if they go all day or all night, they are discriminating against a certain segment of the population. Certainly all of them has the ability to orchestrate a crowd on any given issue, whether the meeting is day or night. He is talking about the every day series of business or problems people have, the Hearings of Citizens, is that by alternating the meetings, they do not discriminate against anybody.

City Clerk D'Ascensio questioned whether this was a motion to consider under First Reading because there was no mention of it, only to change the order of business.

A motion to consider on First Reading was made by Councilman Rice, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilmen James, Payne, Rice, Tucker.

No: Councilmen Carrino, Martinez, Villani.

Not Voting: President Grant.

Councilman Rice said this item will be back up and requested that they sleep on this and remember that he is a little confused and perhaps he is confused because he is a new Member on the Council. Although he is not new to life, it seems to him when they talk about those things that are good for the majority, they use the excuse of dealing with all "100%" to get around it. They can vote on video machines and support those from outside the City to help destruct the positive things in our young people's lives and yet they can't move on positive things. They can even talk about kerosene heaters, where one heater can possibly change a life. They seem to get negative feedback, yet they are talking about other areas, positive things where people can impact. The same Council is saying they can't function without people support and he heard his Councilwoman colleague tell him he is wrong for making these statements, maybe he is, maybe it is suicide, but it is time they start acting in the best interests of the people.

A motion to table the resolution was made by Councilman Rice, seconded by Councilman Payne and failed of adoption by the following votes:

A motion to defer action on this resolution was made by Councilman Rice, seconded by Councilman Tucker.

Councilman Carrino stated we are talking about a thirty-day extension program that has been in effect for over a year. The program has to be renewed June 1st. Anybody that has a problem with this program certainly before they approve it for the year 1983, can request whatever they want. This is a program that services 200 youngsters in the City of Newark. We are talking about recreation, the involvement of 200 youngsters who are doing everything from playing baseball, basketball contests, little league football, classroom activities, and these are youngsters that cover the whole City of Newark, not the North Ward. Everybody has a copy of this proposal and report from the center that covers youngsters from every segment of the community of the City of Newark. All this does is allow them to function one more month with the money that they have. Then in June, the program has to come up for renewal. Certainly whatever concerns anybody has, whatever anybody wants to talk about, they can question the program in June, but not to vote for a thirty-day extension for kids having a recreation program in the City of Newark, is just unbelievable. What was asked for Tuesday is presented here. The problem was does this program only serve kids from the North Ward. The report was submitted to every Council Member. The names of every one of the 200 students listed here, and certainly no one has to be a genius here to see that these are not North Ward kids, but Newark kids. Why we can't extend a program that is not spending one more penny in the City of Newark because it's a North Ward sponsored program, is not fair.

Councilman Rice said he won't belabor this and certainly can understand what Councilman Carrino is saying. He is not trying to deny any of our young people recreation in Newark. He asked for an explanation from the sponsor, not the sources from the North Ward. The sponsor didn't respond to the Council of the Whole to explain. We are talking about federal dollars and you are asking me to vote on a package. You talk about Newark youngsters. Certainly Newark youngsters are here, so are West Ward youngsters. He looked at the paperwork and sees 62 Winding Way, Cedar Grove, New Jersey, white male, low income, free throw contest, and he is concerned. He sees East Orange, Belleville, Englewood. He doesn't know if that is legitimate or not under the federal guidelines. He simply wants the explanation.

Councilman Payne noted he would concur with both Councilmen. He would think we have

a responsibility to respond to any questions that a Council person has. That is not asking too much in token when we are talking about something that is already in effect. He thinks if we do defer it too long a time, it would be over. It appears we may have a special meeting coming up Monday or Tuesday, if in fact, this could be brought up at that time on Monday, he would ask Councilman Carrino to accept that. The questions could be answered at that time, and we could approve it with no more than three or four additional days being lost.

Councilman Carrino replied some of the questions that were brought up or asked he could have answered them very easily yesterday. One of the reasons why out-of town people are in the free-throw contest is because it's a joint sponsorship with McDonald's Restaurant. The North Ward Center provides youngsters from Newark and McDonald's has a contest and makes kids eligible outside of Newark to be in the contest. McDonald's supplies the kids from outside the City of Newark and the North Ward Center supplies the kids from Newark to compete against each other in Newark City Stadium for a three-day event. They are not using federal money to pay kids from out-of-town to be involved in the North Ward Center. It's part of the McDonald Restaurant free-throw contest that many of them don't see. His only point is that it's a successful program. It's been in existence for three years. Its come to an end, but they have money to expend for one more month. Baseball season is upon us. They have thirteen little league teams involved there. They have people getting paid out of this program who run some of these programs. Certainly we are all aware of the fact that some of our kids just came back from Puerto Rico, where they were four and two. This is not a renewal of a program. It's not an expenditure of any kind. It's an expansion for thirty days, and then they are going to have to come to us for the 1983 Program, and if anybody has any concerns about it then certainly they can bring in the whole staff, bring in anybody they need to find out about the program.

Councilman Tucker stated he respects comments that his colleagues are talking about. He believes if he makes some inquiries into a program then he is sure that he would like to get those inquiries answered by the person he requested them from. He doesn't believe it would be his role if he raised question with a program for him to get the answers and then come back and say "I've got the answer for you". That's something that indicates how we relate to each other. The concerns that are being raised probably are very simple concerns.

Councilman Carrino replied if there is a problem that takes place in a certain ward and a Councilman has a problem with it from another ward the first thing he should do is discuss it with the Councilman from that ward. If he is not satisfied after that then he or she certainly has the prerogative to get anything they ask for. That's the only respect that he asks for because if there were questions about the youngsters, and there are questions about the participation and that was the legitimate concern, he could have answered that. The Councilman who asked the question and is then not satisfied, certainly has the prerogative to call anybody he wants in. If there was a problem with the program then all somebody had to do was ask him to find out about whatever the problem was. If he couldn't reach that concern then fine, he still has the prerogative to do whatever he wants.

Councilman Rice said the fact of the matter is that he raised these questions. He requested that the party come before the Council as a whole. That party spent the time to come to City Hall, waved at him. He expected that party to be at the Council meeting. He spoke with Mr. Aduato tonight and he told him he would be more than happy to come in and speak on questions he has and for the Council to do whatever is necessary in order to get this cleared up.

Councilman Carrino replied that he thinks the problem of respect started with the lack of respect for him. He was called by the North Ward Center, who informed him that he had to come down to the Council Conference Meeting Tuesday to explain a few things and they wanted to know for what purpose they were coming down for, and what they were to answer. That was a direct insult to him. The City Clerk informed them the City Council directed them to come down and make an explanation. The City Council includes Councilman Carrino from the North Ward, and he was not privy to any request for them to come down. He certainly has nothing to hide and he is sure they don't have anything to hide. But when somebody calls him and asks why they are coming down, what his problem is and he doesn't even know they are coming down, that's the problem of respect.

The motion to defer action on this resolution was made by Councilman Rice, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilmen Rice, Tucker.

No: Councilmen Carrino, James, Martinez, Payne, Villani, President Grant.

Councilman Carrino said he respectfully requests and again asks his Council colleague from the West Ward directly to move this with him and then we will sit down with anybody from the North Ward Center before the new program is approved in June and find out whatever concerns he wants. If he wants the people from the North Ward Center down Tuesday to discuss whatever we have to discuss, that he is entitled to do. All he is asking is that they move it right now just to give them the extension because it is the month of April, and the month of May is coming next and the program has to be approved for June for the whole year of 1983 and that's when the money comes in. Any concerns that anybody has, can certainly be addressed at that time.

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Villani, President Grant.

No: Councilmen Payne, Rice, Tucker.

Councilwoman Villani stated at yesterday's pre-meeting, she went through that package and there is something like 800 children there. She went through the breakdown of it and if her memory serves her right she knows out of 800 children there are 77 white, 300 hispanic and the rest were black children. That's certainly taking care of the City of Newark. In all good conscience could they not honor this.

Councilman Tucker said he thinks the issue is over. He is not going to allow the pollution of reality. The issue is that they have HCDA funds being utilized to support children outside of the City of Newark. For whatever reason the Council felt to ignore that, he has no problem in dealing with that. At least let us not fool the public and say it's a matter of black and white. They have an issue dealing with kids that are receiving HCDA funds outside the City of Newark and the Council chooses to support that. That's fine. But don't try to throw monkey wrenches into the jungle by lying now.

Councilman Carrino replied he takes exception to that and again, he will just explain it one more time. Maybe his wording is not right. The only kids that participated in anything in this program that were from out-of-town participated in the McDonald's North Ward Center Free-Throw Contest that was sponsored by McDonald's and the North Ward. There was certainly competition between Newark students and out-of-town students. There were basketball teams that were sponsored by the North Ward Center that included teams from East Orange in the league. Those kids are listed in there. Those kids did not receive one penny of HCDA funds. They were supported by the town that supported that team, whether it was a basketball team, or whether it was another sporting event. The whole purpose of this program is to have Newark youths of their own age, from all different segments of life throughout the area. Certainly an organization like McDonald's who co-sponsored the free-throw contest was out there recruiting youngsters all over the County of Essex to compete against Newark youngsters in City Stadium. They didn't use HCDA funds to support those youngsters, McDonald's Restaurant supported those youngsters. The North Ward Center had staff support for the Newark youngsters and that's how this program came about. If they look through this, they will find the visiting basketball team in the league had some out-of-towners because that's where the teams came from that competed against our teams and the free-throw contest had out-of-towners because they were purposely brought in from out-of-town to compete with our youngsters. He doesn't see that as a major violation or as a crime.

Councilman Payne remarked he thinks that basic conflict simply arises because a simple request from a Councilman asking for some information, and the individual who had the information did not come before the forum in which it was requested. He thinks that all of these questions could have been answered. That was the reason why he moved before to have this at a special on Tuesday so the questions could be answered. If this was simply a North Ward program then he could understand the position of the North Ward Councilman, and it would be his prerogative. This is a program that serves the entire City of Newark, West Ward, South Ward, East Ward and the North Ward. He thinks that the West Ward Councilman has a right to speak to an individual who is responsible for a City program. He thinks that the total problem is basically not too much the participants or the program or anything else. Where you say it's a

April 20, 1983

lack of respect in your judgement, he thinks the Councilman that requested that this come before the Council because it services the entire City. The person, as a matter of fact, not only lives in the North Ward. It's a total program just as if something was coming out emanating from the South Ward to service the entire City. Anyone should have the responsibility or the right to discuss the issue. He thinks that is the basic issue whether they want to face it or not. He doesn't think they should beat a "dead horse". He thought that the suggestion he made that could have brought the parties together probably could have prevented all this discussion.

Councilman Tucker requested the City Clerk to have inserted Report received from North Ward Educational and Cultural Center in the minutes of this meeting. He has a tendency to believe what his colleague is stating that McDonald Corporation paid for these young people who came from East Orange, South Orange and he thinks there is one from West Orange, but he would just like to say that the report that was submitted from Mr. Adubato of the North Ward Center does not say anything about McDonald Corporation. It basically deals with HUD-CDA funds. The second point he would like to make is what they are doing is they are just dealing with the fact that if a Councilman requests something then what they can do is allow people to play games with them. Rather than respond to a Councilmatic request, just get some other Councilman and give it to them and have that Councilman bring it to him. That to him is the issue. They chose not to deal with that so he has no problem accepting that because to him that means at any time that a Councilman makes a request, then that request doesn't have to be honored by that Councilman, they can send it to, if Councilman James makes a request, then you can send it to Councilman Rice, etc. That's what they are dealing with now. Let's understand that. Councilman Rice made a request to get something about the number of kids in the West Ward. Mr. Adubato comes in, gives the information to Councilman Carrino and in turn Councilman Carrino brings it into the Council meeting, he respects his judgement. He is saying that he has answered all the questions but to be very frank he didn't raise the question and they allowed that to take place. All he is saying he is finished with it. He just thinks that what they have done is allowed people to play games with them. It doesn't matter.

Councilman Carrino replied that is not the case and he takes exception to that. The City Clerk's Office contacted the North Ward Center and said the City Council requested Mr. Adubato's appearance. He would like to know one thing here in public forum. Who was the majority of the City Council who made that request because the Clerk represented that it was the City Council. Did five people request that. If that is the case he apologizes and he stands corrected.

President Grant stated when a request is made of that nature in a pre-meeting conference, it is normally one person who makes the request. They do not submit or subject themselves to a roll call for a request of that nature, but when a request of that nature is made the Clerk then forwards that request to the person to whom it is being made in the name of the Council as opposed to identifying that particular Council Member who made the request. He noted this matter has been settled and they are talking about the matter afterwards.

Councilman Tucker reiterated he would like inserted in these minutes the Report submitted by Mr. Adubato.

Councilman Martinez said just a word of caution again. Almost \$2 million cash overpayments and these are from appeals made before the Tax Board. He would suggest that Tax Assessor Frisina meet with the Council because what is happening big companies are making appeals for tax assessments. These are dollars they held in escrow. They are going to see more and more of this in 1983, as high as \$10 million in refunds. He thinks they should have a long hard talk with Mr. Frisina.

Councilman Tucker said they can ask Tax Assessor Frisina to come before the Council. The last time he came and stated that until the City reevaluates, they are going to win these cases. What are they going to talk to him about. He is going to tell them the same thing. Until the City goes through a revaluation and reassessment of its real property, which they don't want to take place, they are going to keep losing the tax appeals.

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant and failed of adoption by the following votes:
Yes: Councilmen James, Payne, Rice, Tucker, President Grant.
No: Councilmen Martinez.
Not Voting: Councilmen Carrino, Villani.

Councilman Tucker indicated if this fails of adoption then it will not be a temporary appropriation, it will be a regular emergency appropriation. What this resolution does is basically provide funds to pay for real estate taxes and also Passaic Valley Sewerage in the interim before they adopt the budget. They are still going to have to pay them.

Councilman Tucker reiterated if this resolution is not adopted, after they adopt the budget, and at the next Council meeting it will be a real emergency and it will cost them twice as much.

Councilman Carrino said he is talking about 7-R-cc.

Councilman Tucker said he knows the Passaic Valley payment, Miscellaneous Revenue dealing with Joint Meeting. Based on Assistant Business Administrator Banker's representation, he indicated these taxes have to be paid prior to the adoption of the budget.

Councilman Carrino said he didn't have any problems with the other two resolutions but didn't know what real estate taxes they had to pay for the Water Supply.

Chief Accountant Fitzsimons noted these are taxes for the Watershed properties and must be paid by May 1st. The money is in the budget.

RESOLUTION AMENDING RESOLUTION 7-R-s, SEPTEMBER 19, 1962, AGREEMENT WITH PASSAIC VALLEY SEWERAGE COMMISSIONERS, BY TERMINATING CONSTRUCTION AND DISPOSAL OF SEWERAGE FROM THE MUNICIPAL SOUTH SIDE INTERCEPTOR SEWER INTO THE PASSAIC VALLEY SEWER AT ITS PUMPING STATION. (AS RESULT OF CHANGES IN FEDERAL REGULATIONS PERTAINING TO TREATMENT FACILITIES, THIS CONTRACT HAS BEEN RENDERED INVALID)

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Martinez.

Councilman Tucker questioned whether they can defer action on this resolution until the next meeting. This came in at the last minute and the federal regulations talk about a formula and he doesn't know if this is clear and is hopeful they get more discussion on this. What are the federal regulations that they are talking about and does it have to do with the adoption of a new formula.

City Clerk D'Ascensio replied the federal regulations do not permit giving favorite treatment to anybody that is a participant in discharging affluent into the sewer. They had an existing contract with the Passaic Valley Sewerage in which they gave them a 25% reduction in the rates under the regulation of the federal government because they gave Passaic Valley so many hundreds of millions of dollars to put into the treatment facility was no longer legal. There are other items on the agenda which deal with this item.

Councilman Tucker said the original ordinance that was supposed to change the billing formula which would have major impact on industry from the standpoint of Passaic Valley Sewerage was covered by a federal regulation. You cannot charge based on what they have been charging. They have just been charging, they take the tap off the water and equate that directly with the seer.

City Clerk D'Ascensio noted they were paying 25% less than the other participants.

April 20, 1983

Councilman Tucker asked what is the impact of this.

City Clerk D'Ascensio said the Council has adopted an ordinance on first reading authorizing the execution of a lease where they get this money back.

President Grant queried if they are getting a million dollars back.

Chief Accountant Fitzsimons replied they put \$850,000. in the ordinance which was passed under first reading. This resolution is rescinding the old contract. This is money they are going to be getting and not that they are going to charge them.

Councilman Payne said he doesn't know if Councilman Tucker has been satisfied. He would like to once again voice his opposition to "late starters" after the closing of the calendar. He has spoken to the Mayor on several occasions. They are talking about big dollar contracts. They have received an excellent explanation on this resolution at 12:35 A.M. and it just doesn't make any sense to him. It is no way to do business and they continue to do it. They can fight about a Grand Jury that is a bad practice, problems have come up before and they are going to continue to do it and they are going to find themselves trying to explain why they are passing things they havent seen before 12:35 A. M. and getting an explanation at this time. He believes it is wrong and it is going to come back to haunt them.

The motion to adopt the resolution was made by President Grant, seconded by Councilman Martinez and failed of adoption by the following votes:

Yes: Councilmen James, Martinez, President Grant.

Not Voting: Councilmen Carrino, Payne, Rice, Tucker, Villani.

President Grant stated this particular item invalidates an old contract. Under the new provisions the City of Newark is to get close to a million dollars and he understands will be included in this years' budget.

Councilman Tucker said since this item failed of adoption, he questioned whether this item can be scheduled for a special meeting on Tuesday, April 26, 1983, because if it is going to have an impact on the 1983 Budget they can at least consider it at that time.

President Grant requested the City Clerk to send out special meeting notices to all interested parties.

(A.S.)

RESOLUTION AUTHORIZING MAYOR, IN CONJUNCTION WITH NEWARK ECONOMIC DEVELOPMENT CORPORATION TO FILE APPLICATION FOR AN URBAN DEVELOPMENT ACTION GRANT IN AMOUNT OF \$1,000,000. UNDER HOUSING AND COMMUNITY DEVELOPMENT ACT OF 1974, AS AMENDED, IN COMPLIANCE WITH FEDERAL REGULATIONS GOVERNING AID GRANT APPLICATIONS. (ALL JERSEY EXPRESS COMPANY - PURPOSE OF CONSTRUCTION OF A WAREHOUSE AND DISTRIBUTION FACILITIES WITH SAID APPLICATION INCLUDING A PROJECT DESCRIPTION, SUMMARY, BUDGET, MAPS AND SUPPORTING MATERIALS PREPARED IN COMPLIANCE WITH REQUIREMENTS OF THE ACT AND THE URBAN DEVELOPMENT ACTION GRANT PROGRAM REGULATIONS)

Council)

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Grant.

Councilman Payne said he has some problems with this resolution. They are talking about a chemical plant, they don't exactly know what this is. He understands there is a committee down there to talk about the innovation of toxic waste, it is probably fine but here is a million dollars for some chemical people from Pittsburg and they don't know what they are going to put down there. He would like to move to defer action on this resolution and someone should tell them what impact this is going to have on the citizens of Newark.

Councilmen Martinez removed his motion to adopt.

President Grant removed his second to the motion.

A motion to defer action on the resolution was made by Councilman Payne, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant said along with this, he knows they have talked recently with the Law Department and the stance they have now, is that the City cannot give "gifts". He asked then, can any government agency give gifts, they are talking about a gift of a million dollars in UDAG grants. A gift is a gift. This has to flow through the City. He would like Corporation Counsel to render an explanation on whether there is a difference in a gift to the UDAG grant and a gift in charging less for the Use and Occupancy.

Councilman Payne said that the UDAG Grants only go to the wealthy, those that don't need it.

Councilman Tucker said he knows Mr. Faiella comes in all the time indicating that it is an emergency. He has had the opportunity of reading some of the minutes that he submits in there. His only concern is that if he believes he is going to develop a UDAG, he doesn't put together in a day, and he really thinks what they ought to do is apprise him of the fact that if there is a pending UDAG application, he believes he should appear before the Council and bring that person in. He doesn't understand why they do not meet with these people who are getting these UDAG Grants. This does not happen in any other place but Newark. Other municipalities, if a person wants to get a UDAG Grant, he meets with the Council and then the Council in turn sends him to the agency.

President Grant requested the City Clerk to invite Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Teare and Executive Director and Secretary Faiella, Newark Economic Development Corporation; requesting Executive Director and Secretary Faiella to invite the sponsors to meet with the Council at their special conference, April 26, 1983 with respect to this resolution and Resolution 7-R-cj on this agenda.

President Grant also requested City Clerk D'Ascensio to send out special meeting notices to all interested parties with respect to Resolution 7-R-ci and Resolution 7-R-cj, for Tuesday, April 26, 1983.

7-R-cj.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion directing the City Clerk to place this ordinance on the May 4, 1983 Calendar of the Municipal Council for first reading was made by Councilman Rice, seconded by Councilman Martinez and adopted by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Payne said he can't see how they can upgrade health benefits of the Superior Officers. It seems they have everything now and he feels if they are going to be fiscally responsible, they are going to have to look at what they are continually giving away. There is a trend in industry to stop giving away and start economizing. If they continue to keep giving away, they are going to have budgets that just escalate.

Councilman Martinez replied this was a negotiated settlement between the Union and Administration.

Councilman Payne said then they have to look at the Negotiators. You are as good as your Negotiators and if you are giving it away then you need new Negotiators. As he looks at the benefits, eye, ear, teeth, etc. The cost is escalating, it is going to be impossible to do in the future.

APPROVED:

 Frank D'Ascensio
 City Clerk

 Ralph T. Grant, Jr.
 President

Newark, New Jersey, April 25, 1983

1366

A meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date, in the Council Chamber, City Hall, Newark, New Jersey, at 11:40 A.M. for the purpose of introducing the amendments to the 1983 Budget of the City of Newark.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, James, Martinez, Tucker, Villani, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

City Clerk D'Ascensio read notice dated April 21, 1983, from the Office of the City Clerk, per request of Council President Ralph T. Grant, Jr., calling a meeting of the Municipal Council for 11:00 A. M., Monday, April 25, 1983, or as soon thereafter as the Council can convene to introduce amendments to the 1983 Municipal Budget.

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 1, 1982 the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on April 21, 1983, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

RESOLUTIONS.

7-R-a.

RESOLUTION FIXING AND DETERMINING THE SUM OF \$41,000,000. AS THE AMOUNT OF MONEY NECESSARY FOR USE OF PUBLIC SCHOOLS FOR 1983-1984 SCHOOL YEAR AND APPROPRIATING THE SUM OF \$20,500,000. FOR THE USE OF PUBLIC SCHOOLS FOR SCHOOL YEAR 1983-1984 AND \$21,500,000. FOR SCHOOL YEAR 1982-1983.

(Copy of resolution submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Martinez.

Councilman Tucker requested Assistant Corporation Counsel Bressler to approach the podium to respond to some questions specifically dealing with the interpretation of State Statutes.

Councilman Tucker said he has in front of him a copy of resolution similar to what the City Clerk read setting the amount of appropriation by the City Council for \$41,000,000. Based on prior opinions that she had given them, she had indicated that if Council is amenable to in effect cut the Board of Education's Budget, they in turn have to identify where they are going to cut those funds from based on the adopted Budget of the Board, wherein they requested \$50 million. He knows that Corporation Counsel Teare signed this as to form and legality. He would like to know based on his personal review of the resolution, it does not indicate where those cuts are going to take place from.

Assistant Corporation Counsel Bressler replied the resolution does not indicate specific line item cuts. It is their understanding that a letter, dated April 21, 1983, copies of which were sent to the Members of the Council and the Analysts, that tomorrow, April 26, 1983, at 3:15 P. M., the Council will convene for the purpose of taking further action on the School Budget as required by the Statute, 18A:22-37. It is their understanding that there will be further action taken by the Council in terms of identifying line items.

Councilman Tucker said what they are doing today is dealing with a figure and then tomorrow indicating where the cuts will be made in the Board of Education's Budget. He questioned how can Corporation Counsel Teare sign this resolution. How can he sign a resolution that cuts the Board of Education's Budget and the Statute clearly indicates that you have to say where those cuts are coming from and how they are legal.

April 25, 1983

April 25, 1983

Assistant Corporation Counsel Bressler said the resolution in itself is not illegal. The question is is further action required and they had advised Council President that further action was required. Based on that a meeting was scheduled for tomorrow at which time further action could be taken. One can't look at just one part of the total picture. One has to look at the whole picture.

Councilman Tucker said his concern is a simple one. He has no problem dealing with the realization that they have to identify the cuts, then how can Corporation Counsel Teare sign it. In effect it would mean that his signature is conditional. He has received nothing from the Corporation Counsel which in effect says that his signature is conditional upon the City Council identifying the cuts.

Assistant Corporation Counsel Bressler said that Council President Grant has been advised from the Corporation Counsel's Office that this is a further step that has to be taken. The step that is taken in this resolution is in itself not illegal. It is perfectly proper. The question is, does further action have to be taken and the answer is "yes" and the answer is that action has been scheduled to be taken tomorrow.

Councilman Branch said from his understanding, when Superintendent of Schools was here, if the Council did not pass the \$50 million requested, that it would certainly shortchange the plan they had projected in terms of having a total efficient education. On the other hand he said that they would have to come back, they would have to make a determination on what programs would have to be cut out in order to meet the demands of the \$42 million, based on the tax rate of \$11.58, he believes. He is saying that he is going to be short of a number of dollars to carry out those programs. He questioned do they have a right to determine what programs are going to be cut or does the Board of Education.

President Grant replied this Body is required by law and they were informed last week erroneously that they would only have to identify an amount and not the actual area. Since then the Law Department has informed them, in fact, this Council will have to actually identify the areas to be trimmed and that is going to be their duty and responsibility between now and tomorrow's meeting that has been called to deal with the finalization of it.

Councilman James said it is unfortunate that they talked about the school budget and they are not in a position to perhaps give the Board of Education all the moneys they are requesting and this is unfortunate due to a track record and mistrust. It has been believed that the dollars, increased dollars have not necessarily met increased academic growth among our school children. He thinks also an unfortunate track record of abuse of dollars would dictate some concerns and restraints in giving them all of the money they have requested. He thinks the worst one they have to consider is the concern for our property tax rate. By giving the Board of Education and funding them with a level they requested will have a negative impact on property taxes, that is the unfortunate one. If they are legitimately concerned about educating our children, he thinks the question of mistrust and the question of a poor track record, are perhaps some of their leading concerns. He hopes in the meeting that is forthcoming they do not get caught with the charge they have neglected their children, as he indicated in the meeting upstairs, taking the pencils, crayons and paper off the desk. He hoped that when they look at the cuts, they will be talking about administrative personnel in essential office, hoped they will be talking about non-essential programmatic cuts, hoped they will be talking about experimental programs which presently have not been given an opportunity to prove successful or their failure. He hoped they would be talking about perhaps the consolidation of various schools in reducing the school plan to reflect the fact that since 1970 when they had a school population of 80,000, it is now down to 57,000 and yet they have not had the significant reduction in school plans and other type consolidation. He will join with Council President Grant and the other Members of the Council, hoping they can identify these cuts in areas, where they will make sure that supplies and equipment and their school children will not become the incidental pawn in their action.

Councilman Martinez requested Mr. Faccone, of Samuel Klein and Company to approach the podium and requested Mr. Faccone to give him the indication of level of funding that was requested by the Mayor.

Mr. Faccone replied \$41 million for the school year 1983-1984.

Councilman Martinez asked whether he can give him the change in difference of percentage of the 1983-1984 school year versus 1981-1982 school year.

Mr. Faccone replied he thinks it was about 16%.

Councilman Martinez asked Mr. Faccone where the 53.40% increase comes from. Does it come from 1978 or 1980, versus 1983-1984.

Mr. Faccone replied that could be 1977, 1978 to 1983-1984.

Councilman Martinez said if the Council makes a determination to go along with \$42 million as this resolution states, does the Newark Board of Education have the right to appeal to the State Board of Education for increased funding.

Mr. Faccone replied in the affirmative. They have until May 13th to file for an appeal.

Councilman Tucker said he does not support the resolution in any way whatsoever. He thinks it would be better to say that Donald Tucker refuses to be a rubber stamp for the Mayor. They sat as a Council and said they were not supportive of the Mayor in dealing with the lay-off of firemen but what they are saying in this particular vote that they are supportive of the Mayor in regard to lay-offs of services to their school children. There is no way that they in some way can cut \$9 million from the educational budget without having negative impact on education within the City of Newark. He thinks he is going to stand up and be a person who would say that it will have major impact, it will specifically have impact on programs that they say are needed. It will have impact on services to the handicapped. He thinks the Superintendent indicated that to them. It will have impact on the services dealing with bilingual education and he thinks the Superintendent indicated that to them. It will have impact on school lunch programs and he thinks the Superintendent indicated that to them and it will have impact on staff at the Board of Education. His concern is and they should be clear on this matter is clearly the Board of Education has the right to appeal this action and subsequent to their appeal, if the Commissioner is amenable he can in effect come back and say they need to deal with additional money to the Board. The negative aspect of that is that it will not have impact on school year 1982-1983 but will have impact on school year 1983-1984 which means if the Council moves affirmatively to cut the budget, then any expenditures that currently have been incurred for school year 1982-1983 of June, because of the mix-up of their years, will basically be cut. There is no way of putting that money back. They are really talking about funds for next year. He is not going to support that and he does not support the Mayor's position in the past where he indicated that they are going to cut the budget but not cut services. \$9 million is not a cut within the budget. That is not going to cut educational services and he thinks they know that. He feels very strongly that the taxpayers of the City of Newark should receive a tax break but he does not believe he is going to support the position of having the cuts made directly on the backs of their children and then have everybody else, all those MPDO salaries currently transferred to the City Budget, all the other appropriations which are real and to a great degree needed and say they are not going to touch them, but take \$9 million out of the taxpayers tax rate and lay-off or cuts made on the children. They are talking right now about two issues. Whether the tax rate is going to be \$11.58 or the tax rate is going to be \$12.70 but the differential is that the \$1.19 is not coming from any other place except from the Board of Education. He respects his colleague's opinion but doesn't support it.

Councilman Branch said he is somewhat in support of what the school district needs. If the plans projected by the Superintendent of Schools, would accomplish all that he would like to have in terms of amount of money he needs to run the school system and part of the discussion has been recreation, bilingual education etc. He is saying that if they do not receive that amount of money, that those programs must go. Part of Councilman James' point was that they will probably get caught in the middle. Frankly, he doesn't think they are going to get caught in the middle because if they are going to take all the money that is necessary, which they don't have any longer, and they cut that amount of money, the kids are going to suffer and they all understand that. He doesn't have the total answer but does feel that a few more dollars can be added to the budget to help the school district, he is in support of that. To look at the budget itself, they are not responsible running the school district and they have to make a determination on the programs that have to be taken out based on the amount of dollars, knowing that the school

April 25, 1983

district needs dollars for their plans and it seems to him that the kids are the ones that are going to suffer.

President Grant said he doesn't think they have made a determination yet to cut out any programs. He thinks as they said earlier, what they will have to do is determine what part of the budget, Board of Education budget has to be cut as required by State Statute. If they chose to cut from the personnel line, that is one thing, or salaries and wages, if they chose to cut from a different area that is another prerogative. He doesn't think at this point anyone has identified any area for public consumption that they are going to cut.

Councilman James said he would like to believe that their decision will not impact on the current school year, 1982-1983 portions of the budget have been approved. Their action today will reflect 1983-1984. He thinks what they are doing is healthy but he challenges anyone to say this Council is going to be in a position to evaluate whether this is a cost efficient budget, whether this is a fiscally sound budget and whether the figures are legitimate and all the programmatic requests because each year surplus and other things do not happen. Programs that are budgeted are not implemented and vice versa. Also, he thinks it is legitimate in a sense, although he does not share that, their ability to pay otherwise they would put 1,500 police officers back in uniform and our trash pullers as well. He thinks 3 governing factors are going to make them render decisions, will have to fall under trust, do they trust the personnel making the request, a track record because every year they have been here the budget goes up. They say they need more money and as he indicated to Dr. Salley, what restraints was he operating under because why not put an "Apple Computer" in every classroom. They have to deal with the track record of the Board of Education, a request every year for more money and then the most important consideration they need to evaluate is the academic achievement of children. Are they satisfied and he would be speaking from 1970, as they increased the budget every year, has there simultaneously been an increase in the academic growth on the average of our school children recognizing that some will succeed and some will fail. For them to actually say they are going to look at the budget and say with home economics, in this or that area, is it really physically sound, he doesn't know if they have time or the expertise to do that. He thinks they are going to have to go back on trust, track record and the academic achievement of our children and he is certainly willing to roll up his sleeves and share with the Members of the Council any direction they decide to go on but he would agree with Councilman Tucker, for them to arbitrarily just throw it up in the air and go down with a figure, that would be misleading to the public and somewhat irresponsible on their part.

Councilman Tucker said he thinks what they are really doing but this action is cutting the budget and by tomorrow's action find out where they can deal with the money. In other words, to him, the best way to proceed is to, if you feel you want to cut the budget, identify what you want to cut and then deal with the dollar amount. What this action does is cut and then try to find out where you are going to cut tomorrow. That is the issue he is concerned with.

The motion to adopt the resolution was made by President Grant, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, Carrino, Martinez, Villani, President Grant.
No: Councilmen James, Tucker.

7-R-b.

BE IT FURTHER RESOLVED, that two copies of this resolution be filed forthwith in the Office of the Director, Division of Local Government Services for his certification of the 1983 Local Municipal Budget as so amended.

BE IT FURTHER RESOLVED, that this complete amendment, in accordance with the provisions of N.J.S. 40A:4-9, be published in The Star Ledger, April 26, 1983 and that said publication contain notice of public hearing on said amendments to be held in the Newark City Hall, April 29, 1983, at 11:00 A.M.

It is hereby Certified that this is a true copy of a resolution amending the budget, adopted by the Governing Body on the 25th of April, 1983.

A motion to adopt the resolution was made by President Grant, seconded by Councilman Branch.

President Grant stated with the adoption of the amendments and with the tax rate that has been struck this time, it represents the concerted efforts by the Members of this Council, their Auditing Staff and some persons from Administration. They have been able to accomplish this without an increase in the water rates, without an increase in the sewer service charge and also without an increase in certain sanitation pick-up. He further suggested that if they had dealt with the original amount as presented by Administration, the amount of the tax rate would have been close to \$13.50. He is happy to report that as of today and even though it is not the happiest thing, but he certainly feels confident that they have been able to reduce the rate by several points and they are now talking about an \$11.58 tax rate as opposed to \$13.50 or \$13.06 or \$12.99. Again he would like to say it is because of combined efforts of all persons he mentioned why they have been able to do this. This to him, while they have not been able to strike a rate even lower, he thinks all of them recognize that everything is on the increase. When a City is bombarded with contractual arrangements by arbitrators where the decision is final and there is nothing they can do in those particular areas

April 25, 1983

uniformed services, police and fire and others, that they are sort of stuck with those increases. In spite of that he thinks they have done a yeoman's task and extended congratulations to all of his colleagues and persons connected with this.

Councilman Martinez wanted noted that the vote is a reflection today on the amendments that have been projected and has nothing to do with the final budget.

The motion to adopt the resolution was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Villani, President Grant.

No: Councilmen James, Tucker.

The City Clerk: The amendments to the 1983 Local Municipal Budget of the City of Newark will be published in The Star Ledger issue April 26, 1983. Two copies of the amending resolution in proper form, certified by me as having been adopted by the Governing Body, will be submitted to the Director of Local Government Services for examination and certification. The Municipal Budget will not be finally adopted until the certificate of the Director of Local Government Services has been received approving such amending resolution. (N.J.S. 40A:4-10)

ADJOURNMENT.

12-a.

A motion to recess this meeting to 11:00 A. M., Friday, April 29, 1983, for the purpose of holding a public hearing on the amendments to the Local Municipal Budget for the Year 1983 Local Municipal Budget of the City of Newark, as amended, was made by President Grant, seconded by Councilman Branch.

Councilman Tucker said in order to provide the citizens an opportunity to participate in this, he would request that the meeting be held at 6:00 P.M. so that the public who has to work will have an opportunity to provide input on the final adoption of this budget.

City Clerk D'Ascensio said that if Councilman Tucker is successful in that, the resolution has to be amended to change the hour of the hearing because the resolution was just adopted establishing 11:00 A.M.

President Grant said right now they are voting to recess this meeting. Just prior to recessing, Councilman Tucker wants to put forth such a motion. It has already been advertised for 11:00 A.M., although there is time now to change it.

Councilman Tucker said his motion is just to amend the recess motion. Instead of having the final adoption held on Friday, at 11:00 A.M., it is to hold it at 6:00 P.M.

President Grant said it is a motion that he put forth and rather than moving it in that fashion, there may be persons who have other commitments for Friday at 6:00 P.M., including himself, representing the City in Chicago, Illinois for the swearing in of the new Mayor.

The motion to recess this meeting to 11:00 A.M., Friday, April 29, 1983 for the purpose of holding a public hearing on the amendments to the Local Municipal Budget, as amended, was made by President Grant, seconded by Councilman Branch and failed of adoption by the following votes:

Yes: Councilmen Carrino, Martinez, Villani, President Grant.

No: Councilmen James, Tucker.

Not Voting: Councilman Branch.

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 5:03 P.M. - 1388

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council, Mrs. Rosalind Bressler, Assistant Corporation Counsel.

City Clerk D'Ascensio read letter dated April 21, 1983, from Honorable Ralph T. Grant, Jr., President of the Newark Municipal Council, calling a special meeting of the Newark Municipal Council for Tuesday, April 26, 1983, at 3:15 P.M., or as soon thereafter as Council can convene for the purpose of taking further action on the School Budget as required by N.J.S.A 18A:22-37.

President Grant stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 1, 1982, the schedule of regular meetings and conferences of the Newark Municipal Council.

RESOLUTIONS.

7-R-a.

RESOLUTION DETERMINING THE AMOUNT NECESSARY FOR CURRENT EXPENSES OF THE NEWARK SCHOOL DISTRICT FOR THE SCHOOL YEAR 1983-1984 IN ORDER TO PROVIDE FOR A THOROUGH AND EFFICIENT SYSTEM OF SCHOOLS TO BE \$225,600,000.00 AND THE CONTRIBUTION OF THE CITY OF NEWARK TO BE \$41,000,000.00.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to amend the resolution by deleting "WHEREAS, the Board of Education offers specializing programs at levels exceeding state guidelines" and paragraph 7 "The Newark Board of Education should also reduce its specialized programs and implement changes as required to bring such efforts closer to the levels required by current state mandates" was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, President Grant.

A motion to adopt the resolution, as amended, was made by President Grant, seconded by Councilman Branch and failed of adoption by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, President Grant.

No: Councilmen James, Payne, Tucker.

At a later time in the meeting Councilman James requested his vote be changed from the negative to affirmative.

A motion to adopt the resolution, as amended, was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, President Grant.

No: Councilmen Payne, Tucker.

Councilman Carrino questioned since this resolution failed of adoption what the next step would be.

President Grant stated if there was no change in the vote status then they could recess this meeting to Wednesday, April 27, 1983, at 9:30 A.M.

Councilman Martinez stated it was his understanding this resolution had to be voted on prior to April 28, 1983, absolute under Title 18A and if it was not voted on by April 28th then the tax rate would reflect it at \$12.70. He requested this information be given by Assistant Corporation Counsel Bressler.

1389

Councilman Payne queried if another proposal could come before this Council. He opined there is a question whether the budget should be stricken or the rate struck at \$41 million or whether it in fact should be \$42 million. He said from what he understands there may be Council Representatives disposed to be in favor of the City's contribution being \$42 million. He noted if that in fact was an agreeable number the restoration of \$1 million to the budget proposed by Administration then could an amendment be made at this point for a \$42 million number and a revote taken at this time. Councilman posed this question to Assistant Corporation Counsel Bressler.

Assistant Corporation Counsel Bressler advised that if the Council should decide to appropriate an amount and the City contribution to the Board of Education 1983-1984 budget of \$41 million, in that event the present resolution would be changed and there would be a vote on it, or there could be a vote today. She noted that in addition there would have to be an amendment to the two resolutions adopted on April 25, 1983 - Resolution 7-R-a-S, April 25, 1983 certified to the County Board of Taxation the amount necessary to be raised by taxes and also set the \$41 million figure plus Resolution 7-R-b-S adopted April 25, 1983, which proposed or introduced amendments to the City Budget since there is a line item there the reserve for uncollected taxes which will be affected or impacted by the change from \$41 million to \$42 million. She noted this would mean the amendment would have to be readvertised and a date set for public hearing. She noted it all could be done legally but would delay the time by which the final adoption may be of the City Budget.

Ms. Bressler continued in answer to Councilman Martinez's earlier question, that they must act by April 28th and if the Council does not act on the Board's budget by April 28, 1983, then the determination as to how much is necessary will be left in the hands of the Commissioner of Education.

Councilman Payne opined the reason he brought up the issue was because of the critical nature of the \$1 million difference and perhaps a majority of Council Members may be in favor of voting for the \$42 million number, a \$1 million addition. He said he did not think Council was disposed to the \$50 million amount but because the \$41 million was less than or as much as the previous year, there should be a modest increase. He noted his position would be to restore \$1 million to the budget to insure there would be no programmatic cuts and items such as lunch programs and special programs would be saved. He mentioned it would be for this reason he would be inclined to go along with the increase.

Councilman Martinez requested Mr. Joseph Faccone, External Auditor, to give the total figure of the City's share.

Mr. Faccone stated they are raising \$42 million in the City's budget presently. He pointed out that if they were to put in the \$42 million suggested by Donald Payne for the school year the City's share would have to be increased for 1983 to \$42.5 million.

Councilman James stated he could not leave a meeting anticipating that citizens might be saddled with a \$12.00 tax rate. He said he certainly wanted to recognize the work done by the President and the Members of the Council throughout the budget hearings. He mentioned that although they were unable to agree, he did not want it to be construed by the public that they have not labored many hours trying to reach a fair and equitable decision. He stated in view of the fact this vote did not carry and its impact upon the property owners in the City of Newark as well as tenants and in recognizing the work of the President and Members of the Council he advised he would like to reconsider and change his vote to the affirmative for the passage of the amount as indicated on the first roll call.

President Grant questioned if Councilman Payne, in light of the fact there is an amount of \$42 million in the budget for the Board, would consider changing his vote.

Councilman Payne posed a question to Mr. Faccone with reference to the amount that was appropriated for the school year in the last fiscal school year by the Council - was there an increase or decrease in the 1982-1983, 1983-1984 budget.

Councilman Tucker stated it would be wrong for him to say that he supported the position that his colleagues feel they have to support and it would also be wrong to delude the public that there has been meaningful discussion in regard to the amount of municipal appropriation to the Board of Education. He said he did not miss any of the pre-council meetings in the discussions on the amount that the Council would be forwarding to the Board of Education. He noted there has not been any discussion on the amount that they would forward to the Board of Education and he had raised this originally when Council voted on the amount and there was no

discussion stating they would like to give them either \$41 million, \$45 million, \$47 million, \$50 million and the results of each one of these. He said he thought a determination was made that the Board should basically be in receipt of \$41 million which is exactly what the Mayor recommended. He pointed out that he respected the fact that some of his colleagues shared that opinion but he was not going to delude the public by stating there has been meaningful discussion on the amount of municipal contribution to the Board of Education because that simply did not take place.

1390

Mr. Faccone said in the 1982 budget they raised for school purposes \$38.5 million which was raised through taxation in the year 1982, therefor, they would be going not to \$42 million for the calendar year 1983. He mentioned the \$1 million difference that would have to be raised is approximately 6 points in the year 1983.

Councilman Payne noted that 6 points in the rate would take it from \$11.60 rate to \$11.66.

Mr. Faccone stated that that was right.

Councilman Branch said he appreciated the many things discussed by his colleagues and supported many of them. He opined that most of these issues of concern are supposed to be discussed at the pre-council meetings so that when it comes time for the Council Members to vote they should be able to vote intelligently without delaying. He said this was a critical time when this Council had to make a decision on the budget which affects the lives of the children in the City of Newark and they cannot get five votes. He stated there must come a time when the Council has to be together in terms of where they are going and how they are going to deal with issues and problems. He opined this should be the last place to deal with things that would tie the budget down at the end, that this should be resolved in the pre-council meetings.

Councilman James said he recognized the serious consideration for the orderly conduct of meetings and certainly shared the concerns of Councilman Branch. He noted the one thing missing in the whole equation of pre-conference meetings and here would be the Hearings of Citizens and the citizens' right to partake. He opined that he did not think they would ever want to become so robot in nature that in the pre-meeting conferences which operate under the Sunshine Law but they certainly are not meetings where citizens attend in numbers, that we would not be sensitive to what citizens might say under Hearings of Citizens and their right to speak on the public hearings of ordinance on second reading and final passage or even petition them as they walk into this meeting. He said he thought these meetings would always be subject to some feedback from their constituents who attend the meetings.

Councilman Payne pointed out that he would assume \$38.5 million over \$41 million is about a 6½% increase in the budget. He queried what percentage increase did the Council vote.

Mr. Faccone replied the City of Newark is under the 5% CAP Law.

Councilman Payne queried with the waiver they could do 6%.

Mr. Faccone responded the waiver allowed the City to go to 7.5%. However, the Council had not entertained this option.

A motion to adopt the resolution was made by President Grant, seconded by Councilman Payne and failed of adoption by the following votes:

Yes: Councilmen Branch, Payne, President Grant.

No: Councilmen James, Tucker.

Not Voting: Councilmen Carrino, Martinez, Villani.

Councilman Martinez said for the past several months this Council has worked on a budget which initially had a tax rate of about \$13.50. There was an increase in the water bill proposal, increase in the sewerage bill, also a proposed \$5. payment for every unit of housing which would have been an increase also to the property owner and tenant. This Council eliminated those increases. They still have to contend with the ratables that have been lost, the uncollected water and sewer bills and other items that have seriously affected this budget. It was cut down from \$13.50 to approximately \$11.58 and certainly it would be irresponsible on his part at this point to not have a budget and to submit that budget to the State and to have the State set a tax rate. He is not totally pleased with the tax rate. In fact he is

disturbed by it. It would be more disturbing not to have this budget adopted today and to have the tax rate set by the State of New Jersey, which would almost be a charge of irresponsibility.

Councilman Martinez indicated he will change his vote from abstention to the affirmative.

A motion to adopt the resolution was made by President Grant, seconded by Councilman Payne and failed of adoption by the following votes:

Yes: Councilmen Branch, Martinez, Payne, President Grant.

No: Councilmen James, Tucker.

Not Voting: Councilmen Carrino, Villani.

Councilman Branch said after a long deliberation of this budget with everyone involved, he was under the impression that they had somewhat accepted a fair package based on the tax rate and can support Councilman Martinez who has made a beautiful statement in reference to what they talked about earlier during the budget hearings. He feels they are acting irresponsibly if they do not adopt the budget knowing that they need a budget for the operation of this City. Not to have a budget to him looks very bad as elected officials not to come together to adopt a budget and he is not telling anyone how to vote. They do have a responsibility for having a budget for the operation of the City.

Councilman James said as stated earlier, it is not the best budget but he would like to commend the Members of the Municipal Council. The President has put more hours and time into the budget hearings, than any other President in the previous years. He would also like to commend the Members of the Council who certainly devoted in his opinion more hours on the budget this year than in past years, the total number of participants. He still thinks there can be some consolidation of various departments in the budget. He does not want to go through them but there is one that sticks out in his mind, Human Rights Commission with Consumer Action. He noticed they even have before them some increased personnel in way of Affirmative Action, a new Minority Affirmative Action Officer, etc. He still thinks there is some unnecessary personnel in the budget and they have not yet been strong enough to remove those individuals who serve only political patronage reasons from campaign to campaign. He would hope in the near future as Carl Stokes stated in Cleveland "We would have the fortitude to remove those individuals who serve only for having others to get re-elected." He thinks there are still some unproductive programs in the budget. He is sure they can make mention of various programs and one that comes to his mind is the Office of Real Property. On their desk today, they are requesting a new position, \$28,000. Administrative Coordinator, raises for the various personnel and all of them at one time and he has complained about this office not being too productive. In this present budget they do witness the post-campaign raises. After an election year they know the tax rate goes up because they reward various individuals, union groups, etc. and certainly before they realize the serious nature of the budget, the fact that it would increase significantly, in fact they would have the highest tax rate in the history of our City, they granted all of those raises. He can certainly praise Councilman Martinez because he made a big issue, even before the consideration of the budget and through his efforts and his diligence, they did remove many personnel from those post-campaign raise packages but still they passed a number of raises. He does not wish to comment on cars for the Members of the Municipal Council. If that has been stated, it is not his concern, it is an individual choice. His concern is the \$1 million expenditure for new vehicles during the year they have a high tax rate. He sees middle management personnel getting the same car as Council Members are getting, when he sees aides driving the same car, brand new 1983 cars, aides to the Office of the Mayor, driving them, then perhaps he feels they have gone overboard. People getting their cars washed five times a week instead of once. He thinks the whole question is everyone is equating themselves to the Newark Municipal Council, equating themselves or equal to the Mayor and whatever the Council gets, they say it is a spill off, they all get it. He thinks the whole question of the \$1 million expenditure, in a year when they talk about the tax rate, could have dealt with some potholes, cleaned up some of the vacant lots, demolished some more abandoned buildings. In summary he would be remiss in his duty if he did not once again recommend the collective efforts of the Council. They have done a good job. He reiterated he would like to commend the Members of the Municipal Council and although it is not the best budget but it might be construed as the best under the circumstances. With that in mind and out of respect for his colleagues, he indicated he would like to change his vote from the negative to the affirmative and he will walk the streets the whole year and say he voted "yes" on the budget.

A motion to adopt the resolution was made by President Grant, seconded by Councilman Payne and declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, James, Martinez, Payne, President Grant.
No: Councilmen Tucker.
Not Voting: Councilmen Carrino, Villani.

1395

Councilman Martinez stated he supports Councilmen James' statement. This Council has not voted for pay raises since 1979 and he thinks that is commendable.

Councilman Martinez questioned Chief Accountant Fitzsimons if a budget was not adopted today, he knows they are acting on a temporary budget from January to April, what would happen to the payroll accounts, bills to be paid by the City, etc. would they be put in a particular legal problem.

Chief Accountant Fitzsimons replied they can have another amendment which would carry them for another month.

Councilman Payne said he couldn't agree more with remarks made by Councilman James with respect to the consolidation of the Human Rights Commission and Consumer Action. They have programs where there is duplication. He feels there needs to be more funds put into basic services, planting of trees, cleaning of sewers, sweeping of streets, removal of abandoned cars. These are the complaints that come in. When they see the increase in the budget that is on the other side, little things that mean a lot to people and these are the things that are being overlooked. He thinks they ought to start before budget hearings, next week have the accountants pick up, have a thorough look and have it as an on-going process. In certain governments they have a sunset law where at the end of a budget year, they start with a zero base budget and he is going to suggest that. Also, to their auditors, they have too much duplication, too few essential services. They spend a lot of time on PR, I Love Newark, I want to keep it Clean, spend lots of money, lot of brooms, gold brooms, silver brooms and everytime they give out another broom award, they have a place that is dirtier and filthier. He thinks the rhetoric is good, the red heart is nice, but it ought to be with blood dropping down because the place looks worse and worse as everyday goes on. He hoped they could change their focus for 1983-1984 and when they come together during the same period of 1984, hopefully they could cut some of the unnecessary things. They have a lot of planners, he doesn't know what they are planning because he hasn't seen the Master Plan yet. There has to be a division between government and politics and it is difficult to know where politics ends and government begins but when politics is an overriding factor, then government suffers and he feels they are at the place that politics of the management of the City exceeds the government and therefore, the government becomes inept. When government becomes inept, then you have a serious problem. It was a good experience, his first municipal budget, next year it will be different.

Councilman Branch said he can agree once again with his colleagues. He would like to make one suggestion. With respect to questioning of raises, in terms of consolidation, next year when budget hearings come up, they should not have to go through it here. Those things should be done prior to public hearings.

Councilwoman Villani indicated she would like to congratulate the Members of the Municipal Council and she too is very unhappy about the tax rate. They have done a great job bringing it down from \$13.50 but today they are telling their good citizens this is how they reward them by raising their taxes. The department heads with their high salaries and new cars, do not take the abuse as Council Members do. Today is a very sad day for them because as hard as they worked, they still did not give the citizens what they justly deserve, a lower tax rate. She agrees with Councilman Payne, they don't start with next year, but they start as of tomorrow, to try to decrease and she makes a pledge and she knows they all feel the same way, next year they are going to come up with a better tax rate for their citizens.

Councilman Martinez supported Councilman Payne's remarks that they should start as soon as possible. One of the first areas they should start, to have it done by September or October is the Office of Real Property. There was a meeting around November or December with the Mayor, wherein there was an agreement that private management would come into the City and take over that Office, put that out for bid and he still hasn't seen that done and hopefully a meeting would be called by this Council and Members of Administration to put those plans into effect so that a private management team can come into Newark. It wouldn't cost them a dime and they would receive a percentage of the income from that particular building. If they don't

start it now, they will never even see it for 1984. He thinks that is an area where they can save \$3 or \$3½ million by the end of this year.

President Grant indicated there is a letter in the hands of the Mayor at this time for such a meeting within the immediate future and each Member should receive a copy of same.

Councilman Payne said they heard at the last Council meeting people from 25 Van Velsor Place, bringing forth the problems of said building. He really doesn't like to make predictions because he is not a prophet but he would say that in a year that building will be like the Elizabeth Avenue strip. They will get a letter from Office of Real Property, they must vacate within 60 days because they are not in the business of being landlords. The building will be vacated, it will be vandalized, it will be a shell on Chancellor Avenue which would then go next door to 103, because they are having the same problems, like 19 Lyons Avenue, 300 Wainwright Street, Elizabeth Avenue buildings, Clinton Avenue, etc. He can sit here and predict what buildings will fail within the next two or three years because the way in which they manage properties. It is not managed, it is mismanaged. He pointed out the building located at 69-71 Tillinghast Avenue, a three story building, people received a notice, the City does not want to be a landlord. Six families must leave, the building will be empty and there will be another building for demolition, come three, four or five years from now. They are really doing something wrong and if the City is going to ever get a UDAG in a neighborhood, they will have to be able to bring the housing stock and come up with a new way to manage their buildings.

Councilman Tucker stated he voted on nine budgets since he has been a Member of the Council. There is no way he can vote for this budget. He knows the accolades that have been laying around, they have done a tremendous job. He thinks they all understand the meaning of that. The net result is that this is the first budget that he sat on that he really and truthfully feels ashamed to say that they participated in a process developing it. Maybe what they have done, the public will have to make a judgement on but he does not believe under any circumstances that this budget should be approved.

A motion to adopt the Budget of the City of Newark for the Year 1983, in its final form, as amended was made by President Grant, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, President Grant.

No: Councilmen Tucker.

Not Voting: Councilmen Carrino, Villani.

A motion directing the City Clerk to forthwith forward two copies of this Adopted Budget to the New Jersey State Division of Local Government Services in Trenton and one copy to the Essex County Tax Board, as by Statute required, was made by President Grant, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, President Grant.

No: Councilmen Tucker.

Not Voting: Councilmen Carrino, Villani.

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 11:31 A.M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

City Clerk D'Ascensio read letter dated April 27, 1983, from Council President Ralph T. Grant, Jr., calling a special meeting of the Municipal Council for Friday, April 29, 1983, at 11:15 A. M., or as soon thereafter as Council can convene to consider Resolution extending Economic Development Administration 302 Planning Grant and increasing the City's allocation by \$27,765., including a local match of \$9,255. (No municipal funds required)

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 1, 1982, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on April 27, 1983, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

RESOLUTIONS.

7-R-a-S. RESOLUTION AUTHORIZING EXTENSION OF GRANT AGREEMENT FOR PERIOD JUNE 1, 1983 TO DECEMBER 31, 1983 WITH ECONOMIC DEVELOPMENT ADMINISTRATION FOR AN ECONOMIC DEVELOPMENT GRANT; FURTHER AMENDING RESOLUTION 7-R-cl, SEPTEMBER 3, 1980, PARAGRAPH 1, AUTHORIZING MAYOR AND DIRECTOR OF OFFICE OF PLANNING AND GRANTSMANSHIP TO ENTER INTO AGREEMENT WITH ECONOMIC DEVELOPMENT ADMINISTRATION FOR AN ECONOMIC DEVELOPMENT GRANT IN AMOUNT OF \$167,790.; ALSO AMENDING PARAGRAPH 3 TO READ "CITY OF NEWARK SHALL BE RESPONSIBLE FOR PROVIDING MATCHING SHARE IN IN-KIND SERVICES EQUIVALENT TO \$55,930.; NO EXPENDITURE OF MUNICIPAL FUNDS REQUIRED. (\$27,765. FOR PERIOD JUNE 1, 1983 TO DECEMBER 31, 1983; \$9,255. IN-KIND MATCH).

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, James, Martinez, Payne, President Grant.
No: Councilman Tucker.
Not Voting: Councilmen Carrino, Villani.

Councilman Carrino questioned whether the 302 Program was in effect? The last time he had conversation on this, they would not give money to the City of Newark. Are they just taking money for two people to sit in a office for a program they are not going to get or is it a situation where they are going to get the program.

Councilman Tucker said the 302 Program is dead. What this does is give money to pay the staff who are working on a program that is dead. The staff he assumes, may be working on close-outs, etc. President Reagan killed the 302 Programs.

ADJOURNMENT.

12-a. A motion to adjourn the meeting was made by the Council of the Whole and adopted by the following votes:
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.

7-R-bl.

RESOLUTION RECOGNIZING AND COMMENDING ELMER J. HERRMANN, SR., CLERK OF THE ESSEX COUNTY BOARD OF ELECTIONS, FOR 50 YEARS OF DISTINGUISHED SERVICE TO THE PEOPLE OF NEWARK AND OTHER COMMUNITIES IN ESSEX COUNTY.

President Grant stated it gave him great pleasure to make the presentation of the resolution on the Municipal Council's behalf.

President Grant read the following resolution:

WHEREAS, Elmer J. Herrmann, Sr., Clerk of the Essex County Board of Elections, became an employee of Essex County on March 17, 1933, and through 50 years of continuous and faithful service has compiled one of the longest employment records in county history; and

WHEREAS, Elmer J. Herrmann, Sr. has helped arrange elections in the City of Newark and throughout the county for the last half-century, and has worked diligently with the Office of the City Clerk and other public agencies to assure the sanctity of the ballot and the integrity of all election procedures; and

WHEREAS, Elmer J. Herrmann, Sr., who was born and educated in Newark and spent much of his life here, has discharged his sensitive duties with the utmost care and precision, and has set for civil servants everywhere an extraordinary example of selfless and tireless devotion to the public interest and to the principles of democratic government, and he has earned widespread esteem as an authority on voting procedures; and

WHEREAS, Elmer J. Herrmann, Sr., has watched proudly as his son, Elmer J. Herrmann, Jr., has become a prominent Newark attorney and civic leader who serves the Municipal Council with distinction as a Legislative Research Officer;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and commend Elmer J. Herrmann, Sr., Clerk of the Essex County Board of Elections, for 50 years of distinguished service to the people of Newark and other communities in Essex County and does wish for him many more years of professional service and personal happiness..

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Elmer J. Herrmann, Sr., in warm appreciation of all he has done to protect and promote the processes of elected government.

Mr. Herrmann said he was very happy to be present at the meeting. He also said it gave him great pleasure to be honored in such a way. He appreciated the honor very much.

This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on May 18, 1983.

At a later time in the meeting a motion to consider "ORDINANCE TO REGULATE THE CLOSING OF STREETS IN THE CITY OF NEWARK, NEW JERSEY," on First Reading was made by Councilman Rice, seconded by Councilman Martinez.

Councilman Carrino mentioned that Mr. Leonard Chavis, Director, Department of Recreation and Parks was supposed to have discussed the whole playstreet situation with the Board of Education. He said he has not heard anything on the subject. He proposed a meeting be set up with Mr. Chavis to see if any progress had been made.

Councilwoman Villani informed Members of the Council that she was told Mr. Chavis was meeting with Dr. Columbus Salley that very afternoon.

Councilman Rice stated he would move to defer this discussion until Mr. Chavis informs the Council on what had happened with the meeting with the Board of Education.

Councilman Rice withdrew his motion to consider said ordinance on First Reading and requested the City Clerk to place said ordinance under Communications for the May 18, 1983 meeting of the Municipal Council.

Councilman Martinez also withdrew his second to the motion.

A motion to place "ORDINANCE TO REGULATE THE CLOSING OF STREETS IN THE CITY OF NEWARK, NEW JERSEY," on the May 18, 1983 Calendar of the Municipal Council under Communications was made by Councilman Rice, seconded by President Grant and declared adopted by President Grant by the following votes:

The City Clerk read AN ORDINANCE APPROVING THE REDEVELOPMENT PLAN AND THE FEASIBILITY OF RELOCATION FOR THE U.S. 1 AND 9 COMMERCIAL/INDUSTRIAL PLAZA AREA, CITY TAX BLOCK 5088, LOT 76.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Carrino, seconded by President Grant.

Councilman Martinez indicated the proposal came before Council and was forwarded to the Central Planning Board in 1980. For the past three years this has been a stumbling block. He noted this was a \$15,000,000. truck stop which was located on a parcel of land which the City did not use. He also noted there has not been any taxes collected for the property. He stated the development of the property would help to obtain 500 construction jobs. He mentioned the developer was ready to start construction but was notified by the State that the developer still did not have the go ahead.

Councilman Martinez informed the Council that he would have to abstain from the vote only because he was married to the niece of the developer and that would cause a conflict of interest. He said although he could not vote on the matter he still wanted it to be noted that he supported it.

May 4, 1983

Councilman Tucker felt there might be a question on rent since the lease had already been executed. He suggested the City Clerk send a letter in regard to the City seeking money from the developer for rent.

Councilman Rice recalled that after his inauguration the subject came to light because he had raised questions concerning the rents on the property.

Councilman Branch commended the people who had the guts and heart to remain in the City of Newark and develop jobs for people.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Tucker, Villani, President Grant.

Not Voting: Councilmen Martinez, Payne, Rice.

President Grant: The yeses are six, the noes are none and three not voting. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on May 18, 1983.

ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE TO AMEND TITLE 8, BUSINESS AND OCCUPATIONS, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, BY ADDING A NEW SECTION. (LICENSING AND REGULATING TIRE REPAIR SHOPS)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, the Municipal Council of the City of Newark takes pride in the aesthetic values of its neighborhoods and communities; and,

WHEREAS, the Municipal Council of the City of Newark is concerned with the proliferation of tire shops within the City; and,

WHEREAS, the Municipal Council of the City of Newark is concerned that absent the proper control said shops will have an adverse effect upon the health and safety of its citizenry and the conditions of its neighborhoods; and,

WHEREAS, tires are being abandoned on Municipal and Private property in Newark at an increasing rate; and,

WHEREAS, it is the intent of the City to reduce such improper disposal of discarded tires.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:

Section 1. The following provisions shall be added after 8:22-3(e) of the Revised Ordinances of the City of Newark:

(f) The names, addresses and telephone numbers of:

1. the collector/hauler who removes tires from the tire repair shop to dispose of the same.
2. the disposal facility(ies) where discarded tires are brought for ultimate disposal.

(g) The number of tires:

1. the collector/hauler removes from the tire repair shop.
2. disposed of at each disposal facility(ies) for the entire prior year.

(h) Copies of disposal receipts for each load of tires:

1. the collector/hauler removes from the tire repair shop.
2. disposed of at each ultimate disposal facility for the entire prior year.

May 4, 1983

In either of the above noted arrangements, the disposal receipt should indicate either the volume or weight of the load.

Section 2. The provisions of this ordinance shall be effective commencing May 1, 1984. In order to ensure compliance, the Director shall forward a letter explaining the ordinance and a copy of this ordinance, by certified mail, to each of the existing licensed tire repair shops informing them to begin complying with 8:22-3 (f)-(h) effective May 1, 1983 in order to properly comply in making their May 1, 1984 license application.

Section 3. Except as other wise stated herein, this ordinance shall take effect upon final passage and publication according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and defer action on the ordinance was made by Councilman Payne, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

6081	Expansion and rehabilitation of the existing centralized school intrusion alarm system	<u>120,000</u>

TOTAL: \$ 9,088,000

Section 2. In order to finance the cost of the projects described in Section 1 of this ordinance, negotiable qualified bonds are hereby authorized to be issued in the aggregate principal amount not to exceed \$9,088,000 pursuant to N.J.S.A. 18A:24-1 et seq.

Section 3. Each of the bonds authorized herein shall be designated "School Bond (Qualified pursuant to the School Qualified Bond Act, P.L. 1976 c. 39)" and shall contain a

recital that it is issued pursuant to Title 18A, Education, of the New Jersey Statutes and that the bonds are entitled to the benefits of the provisions of the School Qualified Bond Act, P.L. 1976 c. 39. Within 10 days after the issuance of qualified bonds, the City shall certify to the State Treasurer the name and address of the paying agent, and the maturity schedule, interest rate and dates of payment of debt on such qualified bonds. The bonds may be registered bonds or coupon bonds registrable as to principal only or as to both principal and interest. The form, date, denominations, interest rate and maturity of the bonds shall be as hereafter determined by resolution of the Municipal Council.

Section 4. The chief financial officer of the City of Newark is hereby authorized to issue temporary notes or loan bonds (hereinafter "notes") of the City. All temporary notes or loan bonds issued hereunder shall mature at such time and bear interest at such rate or rates as may be determined by the chief financial officer; provided that no temporary note or notes shall mature later than one year from its date. Except as to terms or conditions with respect to such notes as may be fixed or required by the Commissioner of Education pursuant to N.J.S.A. 18A:24-92, the chief financial officer of the City is hereby authorized and directed to determine all matters in connection with said notes not determined by this or a subsequent resolution and his signature upon said notes shall be conclusive as to such determinations. All notes issued hereunder may be renewed from time to time subject to the provisions of N.J.S.A. 18A:24-3 and N.J.S.A. 18A:24-92. The chief financial officer is hereby authorized to sell part or all of the notes from time to time at public or private sale

May 4, 1983

and to deliver them to the purchasers thereof upon receipt of payment of purchase price, plus accrued interest from their dates to the date of delivery thereof. The chief financial officer is authorized and directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this ordinance is made, such report to include the amount, description, interest rate and maturity of the notes sold, the price obtained and the name of the purchaser.

Section 5. The supplemental debt statement required by N.J.S.A. 18A:24-16 and 17 has been duly prepared and filed in the office of the City Clerk and in the office of the Secretary of the Board of Education, and a complete executed duplicate thereof will be filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey prior to final adoption of this ordinance as required by law. The aggregate amount of bonds and notes authorized herein, when added to the net school debt of the school district of the City of Newark, shall be in compliance with the requirements set forth in N.J.S.A. 18A:24-19 and shall be deducted from the gross debt of the City pursuant to N.J.S.A. 40A:2-44.

Section 6. Application shall be made to the Commissioner of Education (the "Commissioner") of the State of New Jersey to qualify the bonds pursuant to the School Qualified Bond Act. Upon satisfactory investigation and recommendation by the Commissioner, the State Board of Education may by resolution determine that the City is entitled to issue qualified bonds. Within one year of the adoption of said resolution the City shall submit a copy of this ordinance, with any amendments hereto, to the Commissioner for an endorsement certifying that the ordinance is consistent with the aforesaid determination of the State Board of Education.

May 4, 1983

Section 7. Pursuant to N.J.S.A. 18A:24-89, a copy of the resolution of the State Board of Education and a copy of this ordinance bearing the endorsement of the Commissioner shall be submitted to the Local Finance Board for its consideration and upon satisfactory investigation shall endorse its consent upon this ordinance authorizing the qualified bonds.

Section 8. It is hereby determined that the period within which the bonds shall mature shall be not more than 30 years.

Section 9. The capital budget of the City of Newark is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director of the Division of Local Government Services is on file with the Clerk and is available for public inspection.

Section 10. The full faith and credit of the City are hereby pledged to the punctual payment of the principal of and interest on the said obligations authorized by this bond ordinance. Said obligations shall be direct, unlimited obligations of the City, and the City shall be obligated to levy ad valorem taxes upon all the taxable property within the City for the payment of said obligations and interest thereon without limitation as to rate or amount.

Section 11. This ordinance shall take effect 10 days after the first publication thereof after final adoption, as provided by law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and defer action on the ordinance was made by Councilman Branch, seconded by Councilman Rice.

City Clerk D'Ascensio informed the Council that the debt statement had not yet been received.

President Grant asked if City Clerk D'Ascensio knew when it would be arriving.

Chief Accountant Fitzsimons told the Council that the Local Finance Board had not yet met and did not know when the debt statement would be arriving.

Councilman Tucker wanted to know why the labs were taken out of the appropriation. He suggested that a communication be sent to the school to verify that the labs were being used.

Councilman Payne indicated University High did not have labs and they were in need of them. He felt the issue should be held up until the reason was found out as to when the labs would be restored.

Councilman Tucker informed the Council that it was indicated to him that Council was being blamed for the labs not being present. He stated it was not done by Council, it was done prior to Council acting on it.

President Grant directed a copy of the statements should be sent to the P.T.S.A. of University High School.

The motion to defer action on the ordinance awaiting approval of the Local Finance Board on the required Debt Statement was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Payne, Rice, Tucker, Villani, President Grant.

A motion to consider Resolution 7-R-bh at this time was made by Councilman Payne, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Payne, Rice, Tucker, Villani, President Grant.

7-R-bh.

RESOLUTION COMMENDING CAPTAIN CHARLES KNOX, COMMANDER OF THE SOUTH DISTRICT POLICE STATION, FOR HIS COURAGEOUS HANDLING OF A HOSTAGE AND ARMED ASSAILANT INCIDENT.

Councilman Payne said it was a pleasure to have Mr. Knox present on such a joyous occasion. He felt crime was an issue which was on everyone's list of priorities. He said it was a delight to have people in the Police Department such as Commander Knox and all of the other men who had helped him in that heroic act they performed.

Councilman Payne read the following resolution:

WHEREAS, Captain Charles Knox has exerted a most impressive and distinguished career during his 18-year tenure with the Newark Police Department; and

WHEREAS, since Charles Knox assumed command of the South District Police Station, he has demonstrated a commitment for community involvement by participating in various community and block association Meetings, by reactivating the Police Community Relations Committee and the South District Police Athletic League and through his collective efforts, has motivated the morale and performance of the police officers under his command; and

WHEREAS, Charles Knox has received commendations for acts of bravery in 1966, and, in 1968 was the recipient of the Police Department's Honor Board Award for his superb performance involving a bank robbery, a high speed chase, and the apprehension of the suspect; and

WHEREAS, the courage and valor of this extraordinary individual emerged again on April 25, 1983, when he skillfully commandeered a three-hour siege of a hostage by an armed assailant; and

WHEREAS, throughout the tense ordeal, Captain Knox remained calm while in the face of great danger to his own personal safety and negotiated with the assailant by telephone for the release of the hostage and the submission of a loaded 12-gauge pump shotgun; and

WHEREAS, by his swift and intelligent actions, Commander Knox obviated a highly explosive situation without harm to the hostage, the assailant or the general public and thus reflected great credit upon himself and the Newark Police Department;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and salute Captain Charles Knox, Commander of the South District Police Station for his meritorious performance in defusing a potentially dangerous situation with intelligence and restraint.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Captain Knox in honor of his dedicated service to the City of Newark.

Councilman Payne presented Captain Knox with a suitably inscribed resolution on behalf of the Members of the Council.

Captain Knox said he was honored and privileged to have received such recognition. He said he could not take total responsibility and he mentioned all the men who were responsible in helping him to apprehend the situation. He thanked his wife Mary and his family for their support.

Police Director Hubert Williams expressed his appreciation to the Members of the Council for acknowledging members in his department. He said it was a pleasure to have seen Councilman Payne act on behalf of the Council Members in recognizing Captain Knox.

A motion to adopt the resolution was made by Councilman Payne, seconded by President Grant and declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, James, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE AMENDING TITLE 14, CHAPTER 2, SECTION 2, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, TO ADD A PARAGRAPH (c) REQUIRING ANY ONE CONVICTED OF ENGAGING IN PROSTITUTION TO RECEIVE A HEALTH EXAMINATION.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. Title 14, Chapter 2, Section 2 of the Revised Ordinances of the City of Newark, New Jersey, 1966 as amended and supplemented, be and the same is hereby amended and supplemented as follows:

- (c) Any law enforcement officer of the City of Newark, who becomes aware of the name and address of any person who has been convicted of soliciting another person in or within view of any public place for the purpose of being hired to engage in sexual activity or who becomes aware of the name and address of any person who has been convicted of prostitution in the City of Newark, New Jersey, as described in N.J.S.A. 2C:34-1, et seq., shall report the name and address of such person to the Health Officer of the City of Newark.

Any person found guilty in any Court of law of being engaged in soliciting or in prostitution in the City of Newark as described in N.J.S.A. 2C:34-1 et seq. shall immediately report for a medical examination at the office of the Department of Health and Welfare to ascertain if said person is infected with a venereal disease.

The failure to report for such medical examination shall result in a fine not to exceed \$500.00 or imprisonment for a term not exceeding 90 days, or both.

Section 2. All prior ordinances or parts thereof inconsistent herewith are hereby repealed.

Section 3. This Ordinance shall take effect upon final passage and publication according to the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman James asked if there was any concern with the individual being identified. He queried as to their names being published.

Councilman Martinez replied in the affirmative. He said the purpose of the ordinance was to try and stop the soliciting. He felt the problem was getting out of hand. He brought up instances where he noted that prostitutes were not only women, there were men who were also soliciting as women. The ordinance would require the prostitute to take a health examination, and if it was found out they were carrying a venereal disease, the Star Ledger could publish their names in the paper.

Councilman Martinez also wished for the Court Administrator to come up with a series of penalties for the prostitutes. For example, warrants would be issued if the prostitutes were in contempt of court.

Councilman James felt the cost of the examination should be paid by the people being convicted. He stressed the "Red District" portion of the City of Newark should be reviewed and then cleaned up.

Councilman Branch said he supported the ordinance wholeheartedly.

Councilman Tucker stated there was a lack of strength in law enforcement in that particular area. The whole question of prostitutes has become more noticeable. He emphasized that arrests should be made more and more. He mentioned in New York City there has been a 50% reduction in the "Red Light Districts". He claimed this was because of the City's stringent enforcement of that law.

Councilman Martinez hoped that the Internal Revenue would be present when the prostitutes were being convicted. He indicated the prostitutes were making more money than most people working a 40 hour week and they did not even have to pay taxes.

Councilman Branch noted there was a law in Frankfurt, Germany that required the prostitutes to get an examination every week. If they failed to do so, they would have to pay a fine.

Councilman James noted he was opposed to legalized prostitution.

The motion to close the hearing and adopt the ordinance on second reading and final passage was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-S & F-p.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. It is now before you on second reading and final passage:

AN ORDINANCE AMENDING SECTION 27:1-1(c) OF TITLE 27, ZONING AND SECTIONS 5:1-1 AND 5:2-11(d) OF TITLE 5, AMUSEMENTS AND AMUSEMENT BUSINESSES, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966) AS AMENDED AND SUPPLEMENTED, TO AMEND THE DEFINITION OF "ARCADE."

(Copy of ordinance and correspondence submitted to each Member of the Council)
(Mr. Rocco Blasi, Division of Licenses met with Council May 3, 1983)

A motion to table this ordinance was made by Councilman Rice, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

HEARINGS OF CITIZENS.

6-HC-a.

MR. LEON GODBOLD, PRESIDENT, STRATFORD COMMUNITY TENANTS ASSOCIATION, 29 STRATFORD PLACE, NEWARK, NEW JERSEY, acknowledged some supporters from Stratford Place who were present. Miss Jackson, President, Tenants Association, 18 Stratford Place; Miss Diane Nesbitt, Chairperson, Stratford Community Tenants Association Executive Board; Miss Ferrera, Board Member, Miss Hamilton and Miss Jackson's secretary.

The above speaker addressed the Council with respect to the traffic problem which was taking place on Avon Avenue and Stratford Place. He said the problem had resulted when Avon Avenue had been made into a one-way street, starting on Stratford Place. He noted this situation posed a dangerous problem in the neighborhood. (He submitted a diagram of the problem to the Members of the Council) He felt one way to help the situation was by putting a blinking light on the corners of Stratford and Avon. He indicated there were reflectors on the two corners presently but the traffic was not adhering to them. He stressed that the blinking lights would enable the traffic to stop and proceed with caution.

President Grant asked if anyone from the Business Administrator's Office was present. He noticed that no one was present and recognized Miss Linda Hankerson, who was from the Mayor's Office, and passed the information over to her so that Mr. Godbold could have his problem addressed.

Councilman Branch mentioned he had met with Miss Jackson six months ago. He said he had given her some alternatives which could help the situation. One alternative was to have a one-way street; the other was to stop the traffic at Hillside Avenue, where it was coming from Avon Avenue. He added that another way was to direct the traffic off of Avon Avenue, going back to Hillside Avenue and down to Clinton Avenue. He told Mr. Godbold that he had met with Engineering Director Alvin Zach at the pre-meeting conference which was held May 3, 1983 and Mr. Zach had told him that he was going to re-route the traffic at Avon Avenue, by changing the ordinance.

Councilman Payne said there needed to be human input on some of the physical changes. He agreed that there was a dangerous situation in that area. He felt that it was bad business bringing suggestions to the Council "after the fact."

Councilman James believed all of the concerns were timely. He said everyone was talking about hindsight instead of insight. He said the changes were based on Hayes Circle, Avon Avenue, Hillside Avenue, Route 24 and Clinton Avenue. He suggested that the Council should be in receipt of a report to justify the arrangement because the situation would now turn into spending fiscal dollars to correct a situation which had already taken place. He also felt that an evaluation on the existing correction be forwarded to the Council.

Mr. Godbold said millions of tax dollars were spent on the renovation of Stratford Place. All he wanted to see was Stratford Place become a prominent place to live.

Councilman James said he agreed with Mr. Godbold on the traffic problem. He felt the total problem should be looked at, in concert with Mr. Godbold's feedback, so an intelligent decision could be made to rectify the problem.

Councilman Branch did not think it would cost any more money to re-route the traffic. He said this had already been done. All the people want was to have the traffic stopped at Irvine Turner Boulevard and sent over to Clinton Avenue instead of coming over to Hillside Avenue and Stratford Place.

Councilman Tucker said there was a study made. The project on Hayes Circle was funded by the State and Federal Government. He said the problem was that the study was made of Hayes Circle, it was never done for Stratford Place. The concern was for the congestion that was taking place on Hayes Circle. He added that the package was submitted to the Council and accepted by the Council. He stated that the Council was part of the problem. He asked Mr. Godbold if he had met with anyone from the Engineering Department.

Mr. Godbold replied that he had spoken to Mr. Steve Tyrpak. He informed the Council that Mr. Tyrpak had given the community reflectors, which had been torn down.

Councilman Tucker said he supported the position raised by Councilman Branch. He said the Council could change the traffic flow on that street, by ordinance. He declared that if Mr. Zach did not have that ordinance ready for the next Council meeting, he would join Councilman Branch in changing the ordinance themselves.

Councilman Payne felt the State had to have some rationale in designing the roadways. He wanted to know why the State had recommended the traffic flow for that particular street.

President Grant informed Mr. Godbold that Miss Hankerson would follow up on his problem. He stated as far as the ordinance was concerned, Councilman Branch was on top of that. He said he supported Councilman Branch and Mr. Godbold's problem and he assured Mr. Godbold that whatever was necessary to help ease the flow of traffic would be done in order to solve the problem.

REVEREND GEORGE RYDER, 151 WASHINGTON STREET, NEWARK, NEW JERSEY, COORDINATOR, TEEN HEALTH EDUCATION PROGRAM AT PLANNED PARENTHOOD IN ESSEX COUNTY, addressed the Council in hope to have Wednesday, May 18, 1983, as "Teen Life Day" in Newark. He indicated the conference, which would involve 250 Newark students, would be held at an all-day session at Essex County College. He explained that the workshop for that day would focus on the vital and critical issues concerning home-life, school-life and teen sexuality issues of the young people. He added that Teen meant Talented Educated Exceptional in Newark. He wanted the Council to join the sponsors of the conference in providing the needed incentive and positive recognition in helping guarantee more young people a sense of meaningful participation in the social integrity of their community. He felt the Council could do this by designating May 18, 1983 as "Teen Life Day" in the City. He asked the Council if they could do such a thing by putting it in the form of a resolution. He also asked the Council if they could help him meet conference expenses for the presentation fees.

Reverend Ryder noted he only needed the amount of \$300. but would accept \$200. to defray the cost of presenters fees.

President Grant confirmed that the Council would entertain the adoption of such a resolution. He thought it was something positive for the City of Newark. He mentioned nine speakers who were sitting on the dais that might come to Reverend Ryder gratis.

Councilman Payne agreed with Reverend Ryder that society was in the hands of the young people. He felt this was a step in the right direction.

Councilwoman Villani complimented Reverend Ryder on his efforts. She thought it was a great idea. She asked Reverend Ryder to make himself known to the children of St. Rocco's School who were present in the audience.

A motion to consider Resolution 7-R-g at this time was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

RESOLUTION RECOGNIZING AND COMMENDING CHARLES L. WHIGHAM AND CITY NATIONAL BANK OF NEW JERSEY ON ITS ANNUAL CITY NATIONAL ELEMENTARY TRACK MEET FESTIVAL.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Branch called Mr. Whigham to the podium and presented him with a suitably inscribed resolution on behalf of the Members of the Council.

President Grant noted that prior to Mr. Whigham becoming President and Chief Executive Officer of City National Bank he was also and still is a moving force at the Whigham Funeral Home. He also said that Mr. Whigham "was the last gentleman to let you down."

President Grant read the following resolution:

WHEREAS, one of the strengths of the City of Newark through good times and bad has been the variety and diversified roles which members of the business community have played in providing meaningful and educational experiences for the youth of Newark; and

WHEREAS, the youth of Newark need and deserve creative and educationally sound value-oriented programs which develop and enhance their ability to meet the challenges and demands set by themselves and their environment; and

WHEREAS, City National Bank of Newark, New Jersey, under the sponsorship of its President and Chairman of the Board of Directors, Charles L. Whigham, has, through its Annual City National Elementary Track Meet Festival, brought great honor and esteem to the City of Newark and perhaps most importantly, brightened the lives of numerous children; and

WHEREAS, the City of Newark recognizes the Annual City National Elementary Track Meet Festival as a challenging and gratifying event which provides students with an opportunity to proudly represent their school and their community;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby salute and commend City National Bank of New Jersey on its 3rd Annual Elementary Track Meet Festival and extends sincere gratitude and appreciation to its distinguished President and Chairman of the Board, Charles L. Whigham for his unselfish and tireless contributions to the youth of Newark.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Charles L. Whigham and City National Bank of New Jersey in commemoration of this occasion.

May 4, 1983

Mr. Whigham accepted the resolution on behalf of the institution, City National Bank. He indicated to everyone present that it was a joy to make those events possible. He hoped those events became a long and continuous relationship as it helped to develop the youth of the community. He again thanked the Council.

Councilman Branch mentioned that 1,000 children participated in the event and that it was the 3rd meet of its kind. He congratulated Mr. Whigham for taking part in the educational system for the young people in the City of Newark.

Councilman Martinez said that Mr. Whigham was always a gentleman and that everyone always had a nice word to say about him.

A motion to adopt the resolution was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to permit Tisha McKenzie, Darrell Hairston, Donna Bryant, Vincent Goods, Karma Brown, Lou Holzer, Chester Dukes and Lois Smith under "Hearings of Citizens" was made by Councilwoman Villani, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilwoman Villani explained the children were from St. Rocco's School. She added that on April 22, 1983, the students portrayed Members of the Council while using the Council Chambers and had taken over the role of solving City problems. She said she explained to the children that the Council had a problem which they could not solve, the problem of day and night Council meetings. She said the children had discussed the problem, voted on it and wanted to be heard as citizens at the meeting of May 3, 1983 to deliver their responses.

Councilman Tucker stated he was glad that the students were present to speak to the Council. He indicated to the children that this was an issue which must be voted on by Members of the Council only. He hoped that this would not develop into a biased agenda.

6-HC-c. MS. TISHA MCKENZIE, 129 SOUTH MUNN AVENUE, NEWARK, NEW JERSEY, stated she was present in reference to changing the Council meetings from day to night. She said this would not benefit her as a school student because she would not be able to attend the meetings if they were held at night. She felt that children, like herself, would not be able to learn about City Government if they could not attend those meetings.

6-HC-d. MR. DARRELL HAIRSTON, 384-A HUNTERDON STREET, NEWARK, NEW JERSEY, stated he was present to discuss the changing of day and night meetings. He felt it should not be done because his mother worked at night and she would not be able to attend the meetings.

6-HC-e. MS. DONNA BRYANT, 212 SOUTH 11TH STREET, NEWARK, NEW JERSEY, said she favored the fact that there were day and night meetings. She did not think that having all night meetings would be fair to the people in the community working that hour of the night. She thanked Councilwoman Villani for providing the chance to speak to the Council.

May 4, 1983

6-HC-f.

MR. VINCENT GOODS, 660 SOUTH 12TH STREET, NEWARK, NEW JERSEY, addressed the Council with respect to changing the Council meetings from day to night. He mentioned his grandmother worked at night and he felt it would be unfair for her not to be able to attend the meetings. He also felt it would be unfair for himself not to be able to attend the meetings if they were held only at night. He thanked Councilwoman Villani for having the children present.

6-HC-g.

MS. KARMA BROWN, 402 FABYAN PLACE, NEWARK, NEW JERSEY, said she was present on April 22, 1983 as a guest of Councilwoman Villani. She stated she was disappointed to know that Councilman Rice wanted all of the meetings to be held at night. She felt it would be unfair for the citizens who were unable to attend the meetings. She mentioned she attended meetings with her mother and would like to continue to do so. She believed the only way to do that was to have meetings during the day.

6-HC-h.

MR. LOUIS HOLZER, IVY HILL AND TUXEDO PARKWAY, NEWARK, NEW JERSEY, addressed the Council with respect to public safety in the City of Newark and the problem of drugs and burglaries around the area of Vailsburg High School.

Mr. Holzer was speaking to the Council on behalf of the Council of the Vailsburg Block Association and as Co-Chairman of the Civic Affairs Committee of the Ivy Hill Neighborhood Association. Mr. Holzer mentioned that he was going to attend a meeting with the Mayor and Director of Public Safety to discuss issues which have arisen in the neighborhood in view of the cutbacks which were indicated in the City Budget. He asked the Council's help in trying to get the area near the high school patrolled.

Councilman Carrino said there was no way the Police Department could provide what Mr. Holzer was seeking. He stated there should be police presence at every high school. The only way this could happen was if more policemen were hired.

Councilman Martinez indicated every high school had the same problem. He said this problem was an Administrative prerogative.

Councilman James said the Council had been supportive in increasing police service for the City. He stated that policemen could be placed on every corner in the City and the crime would not decrease. He felt the solution to the problem was more police presence.

Councilman Payne commended the children of St. Rocco's School. He said he had never seen a better display of talent before.

Councilman Tucker thanked the children for being present. He said it was important to develop their participation in government.

6-HC-i.

MISS LOIS HILL, 319 SMITH STREET, NEWARK, NEW JERSEY, addressed the Council with respect to more police.

President Grant asked Miss Hill if she had been to Mayor Gibson's Office with her problem.

Miss Smith replied that the Mayor had not considered to meet with her group.

President Grant suggested Miss Smith meet with Miss Linda Hankerson of the Mayor's Office. He indicated that the Council had done its part in increasing dollars for more police.

Councilman Tucker mentioned the Council made a suggestion for a study to be made on the Police Department and how better police services could be provided in the City. He said the study was funded by the Federal Government. It started two months ago and the result would be made public when it was final.

May 4, 1983

Councilman Rice thanked Miss Smith for being present and assured her that he would not walk away from crime in the West Ward.

Councilman James stated that police problems were all around the community. He mentioned that the Council went to court to try and increase the Table of Organization, but failed. He said Mayor Gibson was the only person who could do that. He suggested more conversations at Administrative meetings and more lobbying with the Chief Executive Officer.

Councilman Martinez noted that since January of 1983 twenty-five superior officers submitted their retirement papers.

Councilman Payne mentioned he visited the high schools around the City and saw the problems which were occurring.

High Street Block Assoc.
Newark, N.J.

Dear Sir,

Be advised that we, as homeowners within the historic district of Newark, located 259-301 High Street, hereby protest the behavior of the Fraternity Houses located on our block.

We are subjected to wild, weeknight parties, drinking in the street, excessive littering, foul language, loitering, and above all, property damage by the fraternity brothers and their guests.

We the undersigned demand that you, as our councilperson put an end to the abusive behavior and disrespect to our neighborhood.

A MOTION REQUESTING A COPY OF ANY REPORT BY THE STATE COMMISSIONER OF EDUCATION ON HIS VISIT TO CENTRAL HIGH SCHOOL IN NEWARK ON APRIL 29, 1983, was made by Councilman Payne, seconded by President Grant.

Councilman Carrino indicated that during the time the Council was trying to get an Elected School Board they tried to communicate with Mr. Cooperman. Mr. Cooperman never responded to the Council's calls.

Councilman Branch stated that Mr. Cooperman only went to one school. If he had gone to all of the schools in Newark and found the same conditions then he would be in support of Mr. Cooperman's comments.

Councilman Tucker said he did not function under the illusion that Mr. Cooperman's visit was an unprompted one. He believed that what Mr. Cooperman saw was a reality. He agreed that a conversation had to be held with Mr. Cooperman in order to discuss the education formula and the problem with the school children. He felt that the Newark Board of Education had a responsibility in trying to solve the problem.

Councilman James thought Mr. Cooperman's comments dealt specifically with Central High School. He said he was glad that Mr. Cooperman did not go to any other schools because he had heard they were worse. He noted that the student population in the schools was dropping down from 87,000 to 57,000. Yet the school budget was more than the municipal budget. He felt more supervision and more accountability were needed in the school system. He said if the conditions were existing then it meant that it was an indictment in the system.

Councilman Rice said he hoped the situation was not forgotten. He said it was a blessing on how Mr. Cooperman got into the school.

Councilman Payne felt the positive things in the school system should be accentuated.

The motion was declared adopted by President Grant by the following votes:
 Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker,
 Villani, President Grant.

7-M-g.

A MOTION INVITING THE HONORABLE KENNETH A. GIBSON, MAYOR OF NEWARK AND HONORABLE MILTON A. BUCK AND MR. DANIEL BLUE OF NEWARK REDEVELOPMENT AND HOUSING AUTHORITY TO MEET AS SOON AS POSSIBLE WITH MEMBERS OF THE MUNICIPAL COUNCIL TO DISCUSS THE SEPARATION OF REDEVELOPMENT ACTIVITIES FROM THE N.R.H.A., was made by President Grant, seconded by Councilman Tucker.

President Grant felt as elected officials the Council should understand that the art of politics was the art of compromise. He thought there was a reason for suggesting that the Housing Authority be split. One being better living conditions for the tenants.

Councilman Tucker thought that the Council should not ask Mr. Buck to come to another meeting, especially when he kept ignoring all of the other requests. He said this was a slap in the face to the Council. He stated that the Council should go to court and get copies of the Housing Authority minutes.

The motion was declared adopted by President Grant by the following votes:
 Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker,
 Villani, President Grant.

7-M-h.

A motion to concur in the Report was made by the Council of the Whole and adopted by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Tucker applauded the action of the children from St. Rocco's School who spoke before the Council. He stated he deplored the action of his colleague, Councilwoman Villani, for the manipulation of children for political reasons.

Councilwoman Villani said she was not a manipulator nor a degenerate. She demanded an apology from Donald Tucker. She said manipulators were people who picked people up from their wards to bring them to Council meetings to speak. She said she brought an astute group of children to speak to the Council. She said Councilman Tucker should be ashamed of himself.

Councilman Rice hoped that in the future the ordinance to make all Council meetings at night would be reconsidered.

6-F-q.

The City Clerk presented AN ORDINANCE AMENDING TITLE 2, CHAPTER 3, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, AS AMENDED AND SUPPLEMENTED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT:

Section 1. Title 2, Administration; Chapter 3, Office of the City Clerk of the Revised Ordinances of the City of Newark, New Jersey, 1966, as Amended and Supplemented, be and the same is hereby further amended and supplemented by adding thereto the following:

2:3-2.1 Deputy City Clerk

(a) Position created; compensation.

The position of deputy city clerk, in the Office of the City Clerk, at an annual salary to be fixed by ordinance of the Municipal Council, is hereby created.

(b) Appointment; term.

(b.1) The Municipal Council shall appoint a deputy city clerk and who shall, prior to his appointment, have been qualified by training and experience to perform the duties of the office.

(b.2) The deputy city clerk shall serve for a term to be fixed by the Municipal Council at the time of appointment, but in no event shall said term be equal to or longer than the term of the city clerk, if when the deputy city clerk is initially appointed the city clerk is serving under his initial appointment of 5 years as provided for in Revised Ordinance 2:3-1 of the City of Newark, New Jersey.

(c) Powers and Duties, generally.

(c.1) The deputy city clerk shall perform all such duties as may be directed or prescribed by the Municipal Council and the city clerk, but the duties of the deputy city clerk shall not include any of the duties of the executive or administrative branches of the municipal government as provided for by law.

(c.2) The deputy city clerk shall have all the powers and shall perform all the duties of the city clerk during such times and for such specific periods as the city clerk shall be absent.

Section 2. The initial compensation for the position of deputy city clerk shall be an annual sum of \$42,500.00, which amount may be amended only by ordinance of the Municipal Council.

Section 3. The hereinabove created position is to be considered as in the managerial or exempt class of positions with no standard hours of work. The incumbent employed in said position shall be responsible for the completion of his assigned duties and shall not be entitled to overtime compensation or to any accumulation of compensatory time. Only where necessary for the determination of vacation or sick pay, or as necessary to meet the requirements of a computerized payroll system, the hereinabove noted position may be considered on the basis of a thirty-seven and one-half hour work week.

Section 4. If any section, sentence, clause, phrase or portion of this ordinance is for any reason held invalid or unconstitutional by any court or government agency of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions hereof.

Section 5. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

May 18, 1983

Councilman Rice asked the Council to support this ordinance so that it could be adopted on first reading. He noted the reason being that the most important asset to the Municipal Council in terms of direction in servicing the people of the City of Newark is the Clerk's Office. He said this ordinance establishes the position and gives authority to the Council to have a person that can act in the absence of the City Clerk, therefore, the effectiveness of the Council to perform would not be diminished. He noted that at present the City Clerk has the right to appoint an assistant and the Council has no say in that matter. He said the Council has to assure themselves that they can be in a position to have some determination in terms of any event they have to create an Acting Clerk for a period of time that they have the right and authority to do so.

A motion to adopt the ordinance on first reading was made by Councilman Rice, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Villani, President Grant.

Not Voting: Councilmen Carrino, Tucker.

President Grant: The yeses are seven, the noes are none and two not voting. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on June 1, 1983.

ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

2. Effective July 1, 1983, eligible retirees (i.e., employees who retire after twenty-five years of continuous service) who have retired on or after January 1, 1983, and the eligible dependents of said retirees, shall receive:

May 18, 1983

- a. Medical-Surgical benefits at the Blue Shield 14/20 level; and
 - b. Benefits of a dual-choice dental plan whereby each eligible retiree may choose between an open and a closed plan, under the conditions that closed dental plans are available in the State of New Jersey and the cost of providing closed dental plan services does not exceed the cost of an open dental plan with the benefits obtained through arbitration or negotiations; said benefits shall be terminated at such time as the retiree attains age seventy years.
3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Rice, seconded by Councilman Branch, and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Rice, Tucker, Villani, President Grant.

Absent During Roll Call: Councilman Carrino.

President Grant: The yeses are seven, the noes are none and one absent during roll call. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-e.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING CERTAIN POSITIONS, THE NUMBER OF SAID POSITIONS, AND THERE IS ALSO HEREBY ESTABLISHED SALARIES FOR CERTAIN OFFICERS AND EMPLOYEES OF THE POLICE DEPARTMENT OF THE CITY OF NEWARK, NEW JERSEY," (6-S & F-y) ADOPTED NOVEMBER 22, 1966, AS AMENDED AND SUPPLEMENTED. (TO ADJUST SALARIES AS PER NEGOTIATIONS FOR EMPLOYEES' REPRESENTED BY THE SUPERIOR OFFICERS' ASSOCIATION)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 1. of an ordinance entitled, "An ordinance creating certain positions, the number of said positions, and there is also hereby established salaries for certain officers and employees of the Police Department of the City of Newark, New Jersey," (6S&Fy) adopted November 22, 1966 as amended and supplemented be amended to adjust the salaries as per negotiations as follows, to wit:

Section 2. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salary therefor, which are inconsistent herewith, as hereinabove set forth, are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

REVEREND FREDERICK RANDOLPH, JR., 44 LONGFELLOW AVENUE, NEWARK, NEW JERSEY, wanted to know what positions these were in the Police Department and if they were for a particular ward.

City Clerk D'Ascensio stated the positions were Police Inspector, Police Captain, Police Lieutenant, Police Sergeant and Legal Analyst.

Councilman Tucker advised these positions were City wide. He noted these were not additional police officers but this ordinance was a 6% raise in 1983, 6½% in 1984 for superior officers.

Mr. Randolph stated he thought that raises were to be given only for the year 1983 and advised he objected to the second year.

Councilman Tucker advised this was a labor settlement with the Superior Officers Union. He said the Council has one option in dealing with labor settlements. He said this is the Superior Officers Association representing all the officers in the City. The Division of Personnel, who is the labor negotiating committee, has been negotiating with this Association and the final figure they have come up with is that this is the best negotiated settlement they were able to get from the Union. The Council has been consistent in most cases of giving 5% maximum in most cases because that is all they have been able to raise taxes by and the other factor is they would only give it for one year. They can do that for non-union employees, but they cannot do that with a Union. The Council's option is to accept or reject the settlement on all labor agreement settlements.

MR. FRANK HURTZ, 402 MOUNT PROSPECT AVENUE, NEWARK, NEW JERSEY questioned that there are 302 Superior Officers and only 800 officers in the entire Department.

President Grant advised there are 800 patrolmen plus 302 officers.

Mr. Hurtz responded that is why there are no policemen walking the beat.

Councilman Martinez requested that Mr. Fitzsimons read the Table of Organization for the Police Department.

Chief Accountant responded there are 13 Police Inspectors, 30 Captains, 126 Lieutenants, 132 Sergeants and 1 Legal Analyst.

MR. MURRAY EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY questioned why when it was the policy of the Council to give salary increases for only one year, they could not make this policy known to the labor unions and only negotiate for one year.

President Grant stated when the Unions bargain they bargain for as much as they can get. He said the City suffers in the long run because of the additional tax burden but once this is bound the Council is bound to move with it or reject it.

Mr. Edson said he has no quarrel with the amounts but does have a quarrel with the principal and the objectives. He stated if the Council is to run the City and the Council decides they are going to give raises for one year, in turn he did not think the Council had any choice but to reject it, put it back to the binding arbitration people and tell them they are not writing the laws, the Council is. Therefore they will give them what they want, but each year keep coming because the City has established the precedent of giving raises for one year.

May 18, 1983

Councilman Tucker said everytime the City goes to binding arbitration they lose. He said the people they have lost most to happens to be Police and Fire. He said the arbitrator makes the judgement. He noted because the Police and Fire Department were able to get a bill approved by the New Jersey State Senate and the Assembly and signed into law it doesn't matter. You just automatically make the adjustment. He said he feels very good they were able to get the Superior Officers to agree to a 6½% but it is really more than that because there are other fringe benefits voted on before. He mentioned that the City's record of binding arbitration with the Police and Fire Department is a dismal failure. He noted they lose every case of binding arbitration dealing with setting salaries.

MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY stated he is not opposed to unions. He noted the people who are running the show should be responsible for their operations. He understands decisions have been made outside the Council, but the Council can say "No" and send it to binding arbitration forever. He noted the Council has to take a position and regardless of the position they have to say what they believe and take whatever goes.

Councilman Martinez said that unfortunately in 1970 the Police Department and the Fire Department, the Uniformed Services Union of the City of Newark, lobbied in Trenton for binding arbitration. Contracts used to be settled as are the rest of the City's contracts. When the contracts between the Police and Fire Departments were coming about, the police felt they were underpaid and they felt they could not negotiate a reasonable contract with the City of Newark so they lobbied to all the forces throughout the State of New Jersey and they went to Trenton. The State Law gave them an arbitrator. The arbitrator is a judge and when he comes in, he becomes the decision maker between the Municipality and the Union. What he says goes. As Councilman Tucker stated when elected officials or the governing bodies felt the arbitrator was wrong such as in the case of the 8% versus the 5%, they felt the arbitrator's arbitration was arbitrary and capricious. However, he is the judge and if it is appealed it goes before another judge who says that ruling stands because he is the person that has all the financial documents before him. In this case the Superior Officers bargained for a 10% raise for a two year period. The arbitrator brought them down to 6% for a two year period which the City agreed. On the other hand you have certain unions when they do not receive the amount they feel their membership is entitled to, then you have the other option of a strike or job action. He said we are legally bound by the arbitrator's decision and there is no way a judge is going to overturn the arbitrator's decision.

(Councilman Payne arrived at 8:35 P.M.)

Councilman Rice said he wanted to indicate that once you pass the binding arbitration area, they can say no and go to Court. He said if one looked at the legal opinion of the system in reference to contract negotiations, traditionally the history has been, unless there was substantial change in the dollar amounts and the benefits allocated, the course that tradition had given deference to the arbitrators, that is the main reason they have arbitrators and the Courts normally give deference unless you can show that the arbitrator performed in an arbitrary and capricious manner.

Councilman Tucker cited a case where the Superior Officers won a case in binding arbitration that the City pay for their dental work. He said he had made a motion that the dental work be performed in the City Dispensary. They took that to Court. Then there were a couple of plans. They threw the City Dispensary out. Then there was another plan where dentists were identified here in the City of Newark. The Superior Officers took that to court and the judge threw that out. The City ended up taking a plan which identifies a group of dentists from throughout the State of New Jersey based on the fact the Court felt the Council was trying to inconvenience the policemen who lived throughout the State of New Jersey. Their efforts to appeal an arbitrator's decision has not been good. He cited another case of binding arbitration where the police negotiated what they refer to as "prevailing practices." It was Council's opinion that Police Captains who have cars assigned to them take them home with them. This was taken to court and the arbitrator said the Council was attempting to undermine "prevailing practices" and ruled that their cars should be returned to them. He said it was his opinion

May 18, 1983

1477

the City give them the oldest cars they could and assign them to the Captains, but he believes it was the Administration's remedy the Courts would rule the same way. Every time they have attempted to put sanctions on the F.O.P., the Superior Officers or the Firemen they have not been successful. He opined if they were serious about it they could get their State Legislators to repeal that act and then they would be in a better position. The vast majority of arbitrators are judges who are people who have labor backgrounds. 80% of all arbitrators come from the labor union.

Councilman Branch queried what position the Council would be in if they did not vote on it and if they were obligated to vote on it.

President Grant advised it would go to arbitration and it was up to each Councilman to vote on it.

Councilman Tucker said in effect Council can say "no" but that the Superior Officers would take it to Court and make them obligated to vote on it.

MR. R. DAWKINS, 159 GOLDSMITH AVENUE, NEWARK, NEW JERSEY said the Charter of the City states the law and the Council is the Boss.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Rice, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

Absent During Roll Call: Councilman Payne.

President Grant: The yeses are eight, the noes are none and one absent during roll call. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

A motion to consider Resolution 7-R-bp at this time was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

(A.S.)

RESOLUTION EXPRESSING NO CONFIDENCE IN THE ADMINISTRATION OF MILTON A. BUCK, EXECUTIVE DIRECTOR OF THE NEWARK HOUSING AUTHORITY, AND CALLING FOR HIS IMMEDIATE RESIGNATION FOR THE GOOD OF THE CITY OF NEWARK.

(Copy of resolution submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman James.

Councilman Tucker requested that the resolution be read.

President Grant directed the City Clerk to read the following resolution.

WHEREAS, the Newark Housing Authority was established 45 years ago to provide decent, safe and sanitary housing for low-income residents of Newark, and now has responsibility for the well-being of more than 30,000 men, women and children living in its projects; and

WHEREAS, the performance of the Newark Housing Authority has worsened markedly since Milton A. Buck was appointed as its Executive Director in 1979, and the Authority has become the biggest and worst slumlord in the city's history, and the quality of life of its tenants has fallen to the lowest ebb ever; and

WHEREAS, the Newark Housing Authority, which was once one of the most effective in the nation, has sunk under Milton Buck's leadership into a source of shame for the citizens of Newark, and a source of daily horror for many of the people who cannot escape from its housing; and

May 18, 1983

WHEREAS, while the waiting list of Newarkers needing decent housing has grown by thousands, the Housing Authority has watched its projects deteriorate into squalor and its tenants descend into misery, and the agency now measures its progress in the number of high-rise buildings it can abandon; and

WHEREAS, the Newark Housing Authority under Milton Buck has returned \$5 million in sorely-needed federal rehabilitation funds because of its inability to implement an approved plan of work and its failure in this effort may jeopardize the city's quest for increasingly scarce housing dollars; and

WHEREAS, Milton Buck has shown little aptitude for his position, and has been inaccessible to tenants, insensitive to their needs and complaints, and unresponsive to the legitimate requests of the Municipal Council for information about his stewardship of public funds and properties;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby express no confidence in the administration of Milton A. Buck, Executive Director of the Newark Housing Authority, and does call for his immediate resignation for the good of the City of Newark.

BE IT FURTHER RESOLVED that certified copies of this resolution be sent to the Hon. Samuel Pierce, Secretary of the U.S. Department of Housing and Urban Development; Governor Thomas A. Kean; Mayor Kenneth A. Gibson and Ms. Pearl Beatty, Chairperson of the Newark Housing Authority and tenant presidents.

Councilman James said the resolution which was before them was an outgrowth of the hue and cry of thousands of tenants residing in public housing. He said there has been a suggestion that the Council should investigate Hayes Homes. He stated that the question of police and housing has been investigated more than any other issue. Public Housing has been toured, Commissioners, Executive Directors, Deputy Directors have been met with. Records have been called for; unfortunately, when meaningful plans were mentioned they had fallen upon deaf ears. He noted the news media said HUD did not lose any money in the ugly spectacle of Newark returning \$5 million which was scheduled for the modernization of Hayes Home. He contradicted the statement by saying when HUD says "Give money back and make applications," an application was not a guarantee of acceptance. There was a failure to understand that there was a plan to get the money. He said there was a plan for the modernization of Hayes Home under the leadership of Mr. Buck in which he has failed to implement. He has failed to improve the quality of life of thousands of residents of the City and has witnessed a deterioration of that unit and others. He said he has spent two hours at Hayes Home today in reference to an administrative request. He said they complained of rats because of not having any extermination. Because of vacant apartments they have squatters and looters, vacant apartments where pipes freeze which will inconvenience other tenants, missing fences throughout the unit, destroyed children's physical play area, damaged sidewalks, containing walls for the foundation was down, inoperative elevators, a bombed out, debris strewn washroom, radiators throughout the building were disconnected, elevator floors were in need of repair, smoke-stained stairwells, graffiti and broken glass all around. He said the tenants carry garbage 12 stories down because of the closing of incinerators and compactors. He felt the Council would be wrong to ignore the fact that 30,000 tenants in public housing were suffering. He brought to the Council's attention that Mr. Buck had requested a \$10,000. raise. He has asked for a \$5,000. raise for his secretary. It has been rumored that in concert with the \$400,000. contract, Mr. Donald Harris of Aspen was on the payroll at \$52,000. as a consultant, which involves a \$30,000. incentive clause. Mr. Harris was making \$82,000. and he tells everyone making \$60,000. what to do in terms of public housing. It was clear the present Administration was not needed.

Councilman Tucker said since his tenure on the Council he has been interacting with the Executive Director of the Housing Authority trying to get various things relating to the basic needs of the tenants. He mentioned he has met with Mr. Buck on several occasions at different locations. He said it was not just a matter of communication with Mr. Buck, it was a matter of the fact that it did not seem to work when talking to Mr. Buck about basic needs of tenants. He did not believe that Mr. Buck was doing an effective job by just looking at the high rise and low rise units. He mentioned Mr. Buck and Mr. Blue met with seniors to try and

May 18, 1983

straighten out situations of people getting mugged inside the buildings and the correcting of doors. He cited back in June they met at Otto Kretchmer. A list was comprised of what was wrong and nothing has been taken care of since that meeting. A meeting was set up with Mr. Buck and Mr. Blue in reference to the gas leak situation at Archbishop Walsh Homes. The people have been inconvenienced for six months. After a six month period people were moved out of the building. They did not deal with any kind of decreases in rent based on a lack of services. He said he did not understand how logic could prevail when an elevator contract is advertised in the paper for emergency purposes and it is given to someone who lives in Brooklyn or the Bronx. If an emergency occurs in the elevator it could not be taken care of unless the contractor comes in from New York. He indicated in a meeting with Mr. Buck he had mentioned that Bradley Court would be painted. That has not been taken care of. When we meet with Mr. Buck he says, "Donald, the reason they turned the money back was because they had to re-program the money," then he meets with Councilman James and says, "Donald was misinformed, we didn't turn any money back, that was excessive money they were dealing with." They get to the point where it is no longer a matter of credibility, it is a matter of straight forward lies. If any Member of the Council goes into any project in the City and indicates Mr. Buck was doing an effective job, then something was wrong with their eyes or ears. He talked about the question of insensitivity of the Addonizio Administration. He said it was hard for him to face realization that the tenants were worse off today than ever before. He cannot in all good conscience understand how the Mayor could see the people who put him into office living in filth and squalor and still say, "Buck will stay."

Councilman Rice said there were misconceptions about the West Ward community and Bradley Court. People living in the high-rises think people living in Bradley Court are living in heaven. He said he could not get a signature on a letter to go to the Federal Government to attempt to bring in housing units from the development side of public housing. He mentioned people were meeting regularly in the West Ward to try to get security in public housing or at least in Bradley Court. He indicated a manager who was working in Bradley Court. She was working by herself trying to deal with the everyday problems of transfers, etc. He said he had requested the manager be given help. He said this would not require monies. He stated he made a suggestion to those in charge of public housing in which workers could report to one area for four hours and spend four hours at Bradley Court. That would not require any dollars. It would only require a directive. He mentioned until this day there was no public housing on Brookdale Avenue. He said he had approached Federal legislators to request assistance. He personally met with Mr. Buck and requested a letter indicating the problems in regard to housing on Brookdale Avenue or a letter stating that the money was in Washington, D.C., and that there was a possibility to recoup that money. He noted the letter was drafted but could not get a signature on it. This meant he could not get the houses he has been waiting for on Brookdale Avenue. He said if he did not get the signature he was waiting for he would call for an investigation.

Councilman Carrino said he believed the problem verifies the need to split the Housing Authority. He stated that was the next issue the Council should address. If, in the course of managing the public housing sector of the Housing Authority, they do not have time, wherewithal or competence to use the money to renovate public housing, then it showed they were incapable of modernizing existing housing and redevelopment of new properties, housing and buildings. He felt the area of fixing up public housing should be concentrated on, and another agency should be put in charge of redeveloping. During recent meetings with HUD, he was informed by the Regional Director that for the fiscal year 1984 the Federal Government was making more money than it has in the last five years. He said that pot of money was \$26 million. He indicated the City of Newark did not submit any application for any part of that money, which meant they were not going to be eligible for getting any modernization money for the year 1984. They questioned why the Housing Authority did not apply for any part of the \$26 million. He felt one of the reasons was because they could not spend the \$5 million to work on Hayes Home. He said the ordinance which would split the Housing Authority into Public Housing and Redevelopment was totally substantiated by this episode where we would lose \$5 million and not even having applied for any part of the \$26 million.

May 18, 1983

Councilman James said some people would like to say the Council was involved in a witch hunt in personalities. He made it clear that the Council knew Milton Buck well and it was not a witch hunt or an involvement in personalities. He continued by saying when Mr. Buck appeared at Essex County College to receive an honorary degree they spoke 15 minutes on Mr. Buck and never mentioned public housing. They talked about his involvement with higher education, Symphony Hall, arts and culture. He felt when looking at this report card on public housing he has failed.

Councilman Martinez said this Council has been talking about this subject for years and he suggested the Council vote on it.

President Grant mentioned in the year 1969 at Clinton Place Junior High School, a group of men and women, including some who sit on the Council, had indicated there were problems. They would go to the rear of the room, discuss the problems, resolve the problems, curse each other out in the darkness and then come out united. He said in recent years the Housing Authority had a gentleman by the name of Mr. Sivoiella, who was the Executive Director and he does not recall anybody asking for his resignation. They also had Bob Notte, the same thing all over again. He said the question is, will the resignation of Milton Buck clean up public housing for Newark. Did the removal of Sivoiella or Notte clean up public housing. He noted this matter has to be dealt with by thinking men and women who are interested in the welfare of the people and not interested in the applause of the crowd. He remarked there was no one on this Council or anywhere else more concerned or serious than he is relative to public housing. He said he thinks as they continue to move in a direction that can bring a response that will actually make a difference in the lifestyle of people than he thinks they are kidding themselves sometimes by merely calling for the removal of a person. He stated that Milton Buck did not walk over to public housing, he was sent there. A Board of Commissioners confirmed him. The Board of Commissioners was voted on by this Council which means they ratified the Board Members who are there. He said it is true there are persons who are holdovers and that there have not been any new appointments lately but all of them are in this together. He commented there is no sense in isolating one person and saying this individual is the total blame for everything. He noted they are all in the same boat now and all of them have an equal responsibility for safe, decent and sanitary housing in the City of Newark.

Councilman Carrino said the Housing Commissioners do nothing more than follow the policies of the Executive Director. He said the operation of the Housing Authority rests with one person. The person who sits at the head of 57 Sussex Avenue.

Councilman James said there is nothing sacred about being appointed. He noted when they were campaigning they signed a pledge to the tenants in public housing that they would support them, stand up for them and be their eyes on the Council. He said speaking for himself he will stand firm on his commitment to the tenants and to the document he signed. He stated Mr. Buck does a great job in other areas but in public housing he has been insensitive, ineffective and as President Grant stated inaccessible and lacking experience.

President Grant stated when the press attends their meetings, for lack of knowing who each Council person is, they write a quote and put a name next to it. He said if they were to listen to the tapes of the pre-meeting conference, they would find he did not make such a statement relative to Judge Buck.

Councilman Rice said he is concerned in terms of his interaction with the Housing Authority and the lack of responsibility. He said the problem is responsibility and the Housing Authority, in its present state, is too much responsibility for Mr. Buck.

Councilman Branch stated from 1962 until 1967 public housing was a fine place to live, but since 1967 it has deteriorated and has had an impact on the tenants. He said there should be an investigation of all of the projects in order to give an accurate report. He stated he is in favor of improving the conditions of public housing.

Councilman Carrino stated that Columbus Homes had been renovated at a cost of \$12 million. He noted that Columbus Homes looks the same as it did two years ago and the conditions are ten times worse. He stated an investigation is not needed at Columbus Homes to find out something is wrong.

Councilman Branch stated there was a black contractor at Columbus Homes and as fast as that man brought materials in, the faster they were taken. He said those men were robbed blind. He said those things needed to be stated as wrong, but they should not tell one thing and not the rest.

Councilman Rice stated everything they do in government does not require money. He said they have vacancies coming up because many seniors are moving to St. Mary's Villa. These people cannot move into another apartment that is already empty. When they called those under Director Buck to request why this transfer had not been made since it had been authorized, they said they had to report to Mr. Buck. He noted that Mr. Blue had worked very closely with him but he has to get authority from Mr. Buck. He stated the action of the Executive Director of the Housing Authority has not proven to be the actions of a responsible person.

Councilman Tucker stated the black contractor cannot be blamed as he could not get any security, but the net result is that Mr. Buck is the head of the agency and had the responsibility to rectify those deplorable conditions. He noted safe, decent and sanitary housing rests with the Executive Director of Public Housing. Everyone knows that public housing today for the most part is not safe, sanitary nor decent and that is an indictment of Mr. Buck because he is at the helm of the Housing Authority.

Councilman Branch said the other side of the coin has to come out also. He said it should be clear to everyone that there is thieving and if the contractor has been affected by it then there is an impact on the Federal Government. He said he goes to the project every day and most certainly changes have to be made and the man at the top is responsible for making those changes.

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman James and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani.

No: President Grant.

Not Voting: Councilman Branch.

Councilman Tucker requested the City Clerk to read the motion of separation.

7-M-a.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THE CORPORATION COUNSEL TO PREPARE THE APPROPRIATE ORDINANCES FOR THE NEXT MUNICIPAL COUNCIL MEETING OF JUNE 15, 1983, DIVESTING THE HOUSING AUTHORITY OF THE CITY OF NEWARK OF ITS SLUM CLEARANCE AND URBAN REDEVELOPMENT POWERS, FUNCTIONS AND ACTIVITIES IN CONNECTION WITH FUTURE REDEVELOPMENT PROJECTS WHICH HAVE NOT PROGRESSED BEYOND PRELIMINARY STUDY; AND, FURTHER, DESIGNATING THE COMMUNITY DEVELOPMENT ADMINISTRATION IN THE OFFICE OF THE MAYOR AS THE APPROPRIATE AGENCY TO CARRY ON FUTURE SLUM CLEARANCE AND URBAN REDEVELOPMENT ACTIVITIES was made by Councilman Tucker, seconded by Councilman Martinez.

Councilman Carrino wanted to know if this had already been done.

Councilman Tucker said the Council designated the Newark Economic Development Administration as the designating unit for redevelopment activities. He mentioned the Corporation Counsel sent a legal opinion which indicated that the Newark Economic Development Corporation was not structured, and the Council would have to create a new agency. He stated that the Mayor was not of the opinion to appoint anyone to the agency. If the Mayor was not going to appoint a new agency the net result would be that there would not be any point in fact of law. He noted the other option would be to designate a municipal department, which would mean that redevelopment activities would continue with Council Members as the Commissioners.

Councilman Carrino questioned the passing of the motion. He wanted to know if it meant the Corporation Counsel would be mandated to submit the split under the form of an ordinance or a resolution by the next Council meeting.

President Grant explained that the ordinance was directing the City Clerk to communicate with the Corporation Counsel for the preparation of the necessary ordinance for the divesting and the splitting of the Housing Authority. He stated this was not an action which splits the Housing Authority. It was an action which directs the City Clerk to request the Corporation Counsel to prepare the necessary documents so that at the next public meeting the documentation would be on hand.

Councilman Tucker requested an amendment be added so that the Corporation Counsel understands the actual direction. He indicated that the following wording should be inserted in the motion "advising the Corporation Council based on the action of this motion, the Newark City Council is directing the Corporation Counsel to prepare the appropriate ordinances."

President Grant asked Joanne Johnson, Assistant Corporation Counsel, if it was her understanding that the Newark Municipal Council had the authority to direct a department head, or if it was the Mayor who had the directorial power.

Ms. Joanne Johnson, Assistant Corporation Counsel said she believed it would be a request from the Council rather than a demand.

Councilman Rice asked Ms. Johnson if the law stated that the Council could not direct a department head.

Ms. Johnson replied she was not prepared to reply if in fact it was a law. She stated it was correct to say that it has been a policy if it was a request.

Councilman Carrino asked City Clerk D'Ascensio who gave the Housing Authority the authority to become the redevelopment agency aside from public housing agencies.

City Clerk D'Ascensio replied that it was by affirmative action of the Council availing themselves of the right which was given to them by the State.

Councilman Carrino felt if it was the Council who gave them the right then he did not think the Council should request anything. He felt the Council could demand that they revert back to the City of Newark.

City Clerk D'Ascensio said that was a legal question which the Law Department should be able to answer.

Councilman Tucker indicated there were two statutory offices that the Council could direct, the City Clerk's Office and the Law Department. Any other department would come under the supervision of the Mayor. The Corporation Counsel was in a position where he could take directions from the Mayor and the City Council.

President Grant suggested that whatever was proper to use, request/direct, let the Corporation Counsel be guided by that.

May 18, 1983

Councilman Martinez said the most important issue was that it was going to be on the next Council agenda. He suggested the wording "it was the intent of the Newark City Council that this ordinance will be available on the calendar for discussion and for vote." be added to the motion.

Councilman Rice said that would add to the weight of this motion. He felt the word "direct" should be placed in the motion.

Councilman James said directions were generally made by the Council themselves.

Councilman Rice stated the language should be placed in the ordinance as stated and then it should be tested in court.

Councilman Tucker requested the City Clerk to have the ordinance on the June 1st calendar.

Councilman James said the separation of urban renewal and redevelopment rehabilitation was producing more efficiency in the City of Newark. He felt the removal of this from N.R.H.A. and the placement of it under the Council was a step in placing all activities under "one umbrella."

President Grant asked the City Clerk to read the text so everyone could get a clear interpretation of what was being said.

A MOTION DIRECTING THE CORPORATION COUNSEL TO PREPARE THE APPROPRIATE ORDINANCES FOR THE NEXT MUNICIPAL COUNCIL MEETING OF JUNE 1, 1983 DIVESTING THE HOUSING AUTHORITY OF THE CITY OF NEWARK OF ITS SLUM CLEARANCE AND URBAN REDEVELOPMENT POWERS, FUNCTIONS AND ACTIVITIES IN CONNECTION WITH FUTURE REDEVELOPMENT PROJECTS AND REDEVELOPMENT PROJECTS WHICH HAVE NOT PROGRESSED BEYOND PRELIMINARY STUDY; AND, FURTHER, DESIGNATING THE COMMUNITY DEVELOPMENT ADMINISTRATION IN THE OFFICE OF THE MAYOR AS THE APPROPRIATE AGENCY TO CARRY ON FUTURE SLUM CLEARANCE AND URBAN REDEVELOPMENT ACTIVITY was made by Councilman Tucker, seconded by Councilman Martinez and declared adopted by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant stated for the record that this motion did not at this time separate the two bodies. He said it makes a direction to the Corporation Counsel to prepare such legislation.

A motion to change the order of business and consider Motion 7-M-b at this time was made by Councilman Carrino, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A MOTION REQUESTING THE BUSINESS ADMINISTRATOR TO INVESTIGATE WHETHER HAROLD EDWARDS WAS ACTING IN HIS OFFICIAL CAPACITY AS COORDINATOR OF THE "LOVE NEWARK -- KEEP IT CLEAN" CAMPAIGN WHEN HE INTRODUCED TWO CANDIDATES FOR STATE ASSEMBLY NOMINATIONS AT A CAMPAIGN APPEARANCE ON MAY 17, 1983 AT MAPLE AVENUE SCHOOL ANNEX was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani.

No: President Grant.

Not Voting: Councilman Branch.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE NEWARK MUNICIPAL COUNCIL AND ESTABLISHING SALARIES THEREFOR," (6-S & F-f) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Office of the Newark Municipal Council and establishing salaries therefor," (6-S & F-f) adopted May 4, 1977, as amended and supplemented, be amended to create the following positions, minimum and maximum annual salaries, as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Government Operations Specialist (35 Hours)	1/1/83 1/1/84	\$14,147.50 14,854.87	\$14,147.50 14,854.87
Senior Government Operations Specialist (35 Hours)	1/1/83 1/1/84	16,976.95 17,825.79	16,976.95 17,825.79
Principal Government Operations Specialist (35 Hours)	1/1/83 1/1/84	20,578.16 21,607.06	20,578.16 21,607.06

Section 2. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, annual minimum salary and annual maximum salary ranges therefor, which are inconsistent herewith as hereinabove set forth, are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. F. D. RANDOLPH, 44 LONGFELLOW AVENUE, NEWARK, NEW JERSEY requested to know the salaries relating to this ordinance.

President Grant advised this was a change in titles only - no dollar change whatsoever.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE AMENDING SHEET #1 OF THE ZONING DISTRICT MAP OF TITLE 27, ZONING (R.O. 27-2-2) OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED, TO CHANGE BLOCKS 813, 845, 846, 849 AND 849A FROM A FIRST INDUSTRIAL ZONED DISTRICT TO A SECOND BUSINESS ZONED DISTRICT, AND BLOCK 844 FROM A SECOND INDUSTRIAL ZONED DISTRICT TO A SECOND BUSINESS ZONED DISTRICT.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. The sheet of the Zoning District Map of Title 27, Zoning be amended so that all those certain tracts of land designated as City Tax Blocks 813, 845, 846, 849 and 849A from a First Industrial Zoned District to a Second Business Zoned District; and City Tax Block 844 from a Second Industrial Zoned District to a Second Business Zoned District on the official Tax Map and Tax Duplicate of the City of Newark (1978) is hereby changed accordingly.

Section 2. This Ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing on the ordinance, as advertised was made by Councilman Martinez, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to amend this ordinance by changing the entire block to a portion of Block 813 to be changed as noted was made by Councilman Martinez, seconded by Councilwoman Villani.

Councilman Martinez requested the City Clerk to give a description of the location.

City Clerk D'Ascensio said it is the northerly end of Block 813 which is Coeyman Street, Mount Prospect Avenue, Clifton Avenue, its in the North Ward up near the railroad and goes up to Tiffany Boulevard.

The motion was declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk stated that the ordinance, as amended, will be advertised in accordance with law and a public hearing will be held on the amendment to the ordinance, and the ordinance, as amended, will be considered for further action on June 1, 1983.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE APPROVING THE REDEVELOPMENT PLAN AND THE FEASIBILITY OF RELOCATION FOR THE U. S. 1 AND 9 COMMERCIAL/INDUSTRIAL PLAZA AREA CITY TAX BLOCK 5088, LOT 76.

WHEREAS, the Central Planning Board of the City of Newark, N.J. has considered and did approve by resolution on April 4, 1983, a copy of which is annexed hereto, a Redevelopment Plan for the U.S. 1 and 9 Commercial/Industrial Plaza Area, City Block 5088, Lot 76 (hereafter called "Area"); and

WHEREAS, said Redevelopment Plan complies with the requirements of all applicable state and federal statutes and regulations promulgated thereunder; and

WHEREAS, the Central Planning Board, City of Newark, New Jersey has submitted to the Municipal Council, City of Newark, N.J. its resolution, certification, and recommendation respecting the Redevelopment Plan for the area and the Municipal Council has duly considered the Central Planning Board's Resolution, Certification and Recommendation; and

WHEREAS, the Municipal Council is cognizant of the conditions that are imposed in the undertaking and carrying out of redevelopment projects with Federal financial assistance under Title I, including those prohibiting discrimination because of race, color, creed, or national origin.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF NEWARK, NEW JERSEY:

Section 1. That it is hereby found and determined that the Urban Renewal Plan conforms to the Master Plan of the City of Newark.

Section 2. That it is hereby found and determined that the redevelopment plan for the Area gives due consideration to the provisions of adequate park and recreational areas and facilities, as may be desirable for the neighborhood improvement with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan.

Section 3. That it is hereby found and determined that the Redevelopment Plan for the Area will afford maximum opportunity consistent with the sound needs of the locality as a whole, for the redevelopment of the area by private enterprise.

Section 4. That in order to facilitate the implementation of the Redevelopment Plan for the Area it is found and determined that certain official action must be taken by this Body and, accordingly, this Body hereby (a) pledges its cooperation in helping to carry out such Redevelopment Plan; (b) requests the various officials, department, boards, and agencies of the City of Newark having administrative responsibility in the premises to cooperate to such end and to exercise their respective functions and powers in a manner consistent with said Plan, and take appropriate action upon proposals and measures designed to effectuate said Plan.

Section 5. That development activity shall only be related to City Block 5088, Lot 76, and any analysis of surrounding areas contained in the Redevelopment Plan shall not be construed to mean that the City of Newark intends to develop such surrounding areas.

Section 6. That the Redevelopment Plan for the Area having been duly

reviewed and considered is hereby approved, and the City Clerk be and is hereby directed to file a copy of the Redevelopment Plan with the minutes of this meeting.

Section 7. That this Ordinance shall take effect upon final passage and publication in accordance with law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. RON COLLINS, 12 ABINGTON AVENUE, NEWARK, NEW JERSEY wanted to know if the area in question was the Anheuser Busch-Airport International Plaza area and if that was the area in question what redevelopment was planned.

Councilman Martinez said this is acres of land that have been abandoned for over 60 years and has never been used by the City of Newark. He said it is a designated truck stop for motel, truck washing, truck servicing, diesel, gas and so on consisting of about \$15 million project and about 500 jobs. He said it is not in the Anheuser Busch area but it is not far from there.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:
Yes: Councilmen Branch, Carrino, James, Payne, Rice, Tucker, Villani, President Grant.

Not Voting: Councilman Martinez.

President Grant: The yeses are eight, the noes are none and one not voting. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-PH, S & F-i.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF POLICE (NON-UNIFORMED) AND ESTABLISHING SALARIES THEREFOR," (6-S & F-k) ADOPTED MAY 4, 1977 AND AMENDMENTS THERETO. (TO CREATE THE TITLE AND SALARY RANGE FOR CRIME ANALYST)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 1. of an ordinance entitled, "An ordinance creating positions in the Department of Police (Non-Uniformed) and establishing salaries therefor," (6S&Fk) adopted May 4, 1977 as amended and supplemented be supplemented to create the title and salary range for crime analyst, as follows to wit:

<u>POSITION</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Crime Analyst 153955 (40 Hrs.)	\$ 18,940.00	\$ 23,021.55

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum salary and annual maximum salary therefor, which are inconsistent herewith are hereby repealed.

May 18, 1983

SECTION 3. This ordinance shall take effect upon final and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

President Grant stated the amount of 15.7 increase has been reduced to 10% by the Council.

MR. F. D. RANDOLPH, JR., 44 LONGFELLOW AVENUE, NEWARK, NEW JERSEY requested to know what this Crime Analyst does. He also noted that this title was previously funded under SLEPA and now it will be funded through taxpayers' dollars.

Councilman Payne responded this particular position is a part of the Director of Police Department's operation that follows trends of crime. In other words certain types of crimes that are being created and at what time they are being created. He said they have an area where this is plotted on by computers and also physically by a map which has the districts set up in precincts. This is to continue, because after the information is gathered, the analyst's position is to evaluate it and to find out what the trends are, what the new modes of crime happened to be at this particular time. It is now to be funded under City funds because an analyst is a very important position in the Police Department. The information serves no useful purpose if there is no one who is following it up and evaluating it and getting it to its proper departments.

Councilman Rice said when he was in the Police Department he worked with this particular person and this is the person who gives the statistics when they talk beyond other things. They do the breakdowns in terms of crime in the area including the West Ward as the crime relates to another particular ward, in terms of transition. The position has been found to be very crucial to the needs of the Police Department in terms of deployment, etc. To his knowledge this position has been funded under SLEPA for at least 5 years. At that time across the nation they started to bring in analysts to try to statistically calculate crime ratios in the movement of the personnel because of these stringent cutbacks.

No one else appearing, a motion to close the hearing on the ordinance, as advertised, was made by Councilman Carrino, seconded by Councilman Rice, and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Villani, President Grant.

A motion to amend this ordinance by establishing the salary at a range of \$17,915.04 to \$21,773.66 was made by Councilman Carrino, seconded by Councilman Rice.

Councilman Tucker said at the pre-meeting conference, the Police Director indicated that the person was covered under SLEPA, but for a period of 18 months they were covered under another grant period. He said the Police Director was to submit documentation other than this and if they were not in receipt of that documentation, the Council would revert back to the original 5%.

City Clerk D'Ascensio advised that during the pre-meeting conference there was an order to reduce it by 5% making it a 10% increase.

Councilman Tucker said the Police Director had indicated he was not familiar with whether or not that salary level was the same that the Chief Accountant had indicated to us based on SLEPA. He said the Police Director was to contact Mr. Banker. He questioned if the Police Director had followed through on this.

Chief Accountant Fitzsimons said he had not spoken to the Police Director but had contacted the Business Office and the person is not making \$19,736. and some cents and by adding the 10% would bring the maximum up to \$21,000. She was not making the \$23,000.

The motion to amend this ordinance was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk stated that the ordinance, as amended, will be advertised in accordance with law and a public hearing will be held on the amendment to the ordinance, and the ordinance, as amended, will be considered for further action on June 1, 1983.

ORDINANCES ON SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on second reading and final passage.

6-S & F-j.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. It is now before you on second reading and final passage:

AN ORDINANCE TO AMEND TITLE 8, BUSINESS AND OCCUPATIONS, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED BY ADDING A NEW SECTION. (LICENSING AND REGULATING TIRE REPAIR SHOPS)

(Copy of ordinance and correspondence submitted to each Member of the Council)
(Public Hearing Closed)

A motion to adopt the ordinance on second reading and final passage was made by Councilman Carrino, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. It is now before you on second reading and final passage:

A BOND ORDINANCE PROVIDING FOR VARIOUS SCHOOL IMPROVEMENTS IN AND BY THE CITY OF NEWARK APPROPRIATING \$9,088,000. THEREFOR AND AUTHORIZING THE ISSUANCE OF AN AMOUNT NOT TO EXCEED \$9,088,000. OF QUALIFIED SCHOOL BONDS AND TEMPORARY NOTES OR LOAN BONDS IN ANTICIPATION OF THE ISSUANCE OF SAID BONDS TO FINANCE THE COST THEREOF.

(Copy of ordinance and correspondence submitted to each Member of the Council)
(Public Hearing Closed)

(Mr. John B. Frohling, Frohling and Hanley met with the Council April 19, 1983)

A motion to defer action on the ordinance awaiting approval of the Local Finance Board on the required Debt Statement and directing the City Clerk to communicate with the Business Administrator requesting an immediate meeting with the members of the Capital Improvement Committee on the deletion of the laboratories for University High in the sum of \$100,000.; further requesting that immediate steps be taken to implement the inclusion of this \$100,000. for laboratories so that University High will have a Biology, Physics and Chemistry laboratory was made by Councilman Rice, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

HEARINGS OF CITIZENS.6-HC-a.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY addressed the Council with respect to all levels of government.

6-HC-b.

MS. JESTINE LUCAS, 863 SOUTH 17TH STREET, NEWARK, NEW JERSEY addressed the Municipal Council with respect to the sample ballots in the April 5, 1983 election, the decrease of bus services in the City and the campaign promises of cleaning the City. She noted that the sample ballots were very confusing, that many people would be losing their jobs because of the decrease of the bus service and that money should be allocated to clean up our city.

May 18, 1983

Councilman James said he hoped the appropriate authority would give clarification on the question of the ballot which was confusing to the public. He noted a ballot should be clear and concise for the public consumption. On the question of decreasing bus services, he said Members of this Council have appeared at PUC trying to fight the continuing decreasing and limited availability of busses for our city. He said those who live in the South Ward know how curtailment in the 8, 49, 48 have hindered movement from the South Ward to the downtown area and throughout our entire City. He noted Ms. Lucas's concern about cleanliness is a commendable one. He said he attended a meeting of the South District Police Community Relations Council and at that meeting some people said "Don't say anything bad, only talk about the good" but when you walk out and see garbage lined up around the precinct and abandoned buildings, it looks like we should start there with a clean-up program.

Councilman James commended Ms. Lucas and her husband for their continued involvement in the City and for their concern for a better Newark. He said all too often they do not recognize the citizens who continue to be a positive force in the City. They have often said that about Mr. and Mrs. Henderson and Ms. Henry and others who continue to be a positive force in the City. He thanked them for bringing their concerns to the Council and hoped they could meet the challenge.

Councilman Carrino said in the North Ward they have submitted petitions containing hundreds of names for the 112, 6. It has fallen on deaf ears. They have gone to the public hearings and they asked the legislators to get involved in it and they advised them they did not have any influence or power. At a public hearing held in City Hall, some of the Councilmen went on record stating they did not want to see the elimination of the busses especially since they started a new line from Sayreville to New York City so people from Middlesex County can go to work in New York easily and from Passaic County to Willowbrook Mall so people from Passaic County can go shopping. People talk about the downtown area of Newark staying alive and 4 of the 6 bus lines they cut in the City of Newark all led to downtown Newark. He said maybe the answer is for the entire City of Newark to sign a petition condemning New Jersey Transit. Several years ago private companies ran the bus lines. If they made money they stayed in business. If they lost money they went out of business and the State got the grand idea to go into public transportation and bought up all these bus companies. The State said they could do a better job than the private companies and they have not even taken over for three years and they are telling us they are losing \$400 million a year. They said they have to cut lines, lay off people. He said we are stuck with a white elephant.

/6-HC-C.

MR. FRANK HURTZ, 402 MOUNT PROSPECT AVENUE, NEWARK, NEW JERSEY, thanked the Council for sending him the legal opinion in regard to the City's claim to be tax exempt. Mr. Hurtz also advised the Council of a phone call he had received from a youngster in the 11th grade looking for a job who could not even pronounce the word "Coalition." He stated he could not express his feelings of how he felt when he looked at the accomplishments of the Newark Board of Education, of which you have all received a copy. He said it was a litany of accomplishments and it was a joke, a farce, an insult to any rational thinking human being. He said it was a fraud perpetrated on a beautiful city that is slowly dying. He said he hoped that the Municipal Council would take into consideration his request that the Council draft an ordinance requiring the Board of Education submit to the Council an annual report. He said he would like to recommend for Council's consideration the possibility of establishing a Citizen's Task Force to stay on top of what is happening with the Board of Education. He opined that the greatest resource this City has is its people.

Councilman Payne said he would also like to see an annual report from the Board of Education. He said he would be interested to see what the reading levels are in this City. He said he would be curious to know what is done with \$220 million every single year and you can't get a youngster to read "Coalition" in the eleventh grade. He said he has been accused of using politics of the schools as an issue, but he said he thinks there has been a conspiracy of silence. He said we do our youngsters a disservice to give them a diploma and they are unable to fill out an application because they cannot read. He opined that is probably one of the reasons there is chaos in the streets. He said they have a responsibility, they have an obligation. He noted he went to the Board of Education meetings years ago to fight for the first black principal in Newark Schools, to fight for a black to sit on the Board of Education because there were none and now they have a

May 18, 1983

predominantly black board, a predominantly board of principals that are minorities and they look at what the results are and his concern is that \$2300. they spend per youngsters, the \$220 million a year, that they start having some accountability and start having people held responsible and if they are not doing the job they should be fired whether you are appointed or elected. This whole question is a No. 1 issue and he is going to see they get their money's worth for what they are spending.

Councilman Tucker said they can pass an ordinance and request the Board of Education for an annual report, but it would not be worth the paper it is written on. He said at a previous meeting he informed that under the N.J. State Statute the Board of Education is supposed to report to the Commissioner of Education on an annual basis. He said he has written to the Commissioner and has received a copy of the 1981 and 1982 educational report. He said if Mr. Hurtz would like a copy he would send him one, but he said the kind of reports the Board of Education has submitted to the Commissioner of Education for the State of New Jersey, showed nothing in regard to any particular overall progress. The Commissioner's Office has indicated that the Board has not fully complied with the Statute but it is important to note that when you ask the Commissioner or his staff what they have done to insure that the Board complies you hear a pregnant pause - nothing happens. He opined the Commissioner of Education is not doing what he is getting paid to do and that is to insure that the Board of Education submits their annual report which is quantifiable to the degree where it shows reading levels, math levels in elementary and secondary schools in the City of Newark. He said there is nothing in those reports that you can evaluate.

MR. MURRAY EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY addressed the Municipal Council with respect to his request to the Council for a resolution declaring a moratorium on the expansion of drug and criminal rehabilitation activity in the Lincoln Park Historic District. He asked if there was one councilman who would write and introduce this resolution for discussion and a vote by the Council.

Councilman Martinez said he would be glad to draft a resolution for discussion and requested that a resolution be prepared for the next Council meeting.

Councilman Martinez stated that Integrity, C.U.R.A and Odyssey rehabilitated that community when it was a slum. He said Mr. Edson was not talking about the abolition of expansion. What Mr. Edson originally talked to this Council about was the elimination of those agencies. He said Mr. Edson came to this Council to get rid of Integrity C.U.R.A. and the other drug rehabilitation program and also to stop expansion. He said he would not support that Integrity or C.U.R.A., the only bi-lingual drug rehabilitation program in the City, be thrown out of that neighborhood and put someplace else. He noted if they talked about putting them in any of the wards, no one would want them, so what they are really in effect saying is throw them out of the City. Councilman Tucker requested that the City Clerk send Mr. Edson a copy of the minutes dealing with the Uniform Construction Code.

Councilman Rice stated he has no problem dealing with a resolution limiting expansion of some of these facilities. He said he understood Mr. Edson's concern about the number of facilities. He noted they have faced that problem in the West Ward and he is very adamant about a fair share.

Councilman Payne said the Council at some point should have this as a matter on the agenda so they can talk about the problem in the City. The drug problem is not being reduced in our City and eventually there is going to be a request for the servicing of people who are afflicted by drug or alcoholism. He said he has passed that area daily and he has seen the participants in those programs in orderly exercise calistenics in the morning. They go about their work. He said the only real negative physical sight that is seen are other people who happen to come into the area and sit around drinking wine on the benches. They keep talking about how bad that area is and he believes if a person was unaware those facilities were drug rehabilitation facilities, it would be very difficult to make a determination that that was being housed in those facilities. He said they have a problem that has to be addressed and the answer is there can be no more anywhere. They all know no one wants it, but all he is saying is that it appears to him the programs in that area are well run and the negative effect seems to come from other areas.

REVEREND D. F. RANDOLPH, JR., 44 LONGFELLOW AVENUE, NEWARK, NEW JERSEY addressed the Municipal Council with respect to the tax rate. He said the tax rate should be \$10.15. He also spoke on the loitering laws. He said he detested the fact that Governor Kean is given an opportunity to pick 3 members of a Tax Study Commission that is going to resolve issues and what the tax rate should be in the City of Newark and the Council doesn't have one. He spoke about the loss of services in the City and the unavailability of the City Officials. He said he has talked to many people and they are concerned there is a destruction of the American Dream of Home-ownership. He said he looks at two things, that you are forcing people to have one thing on their minds and that is there is going to be no taxation without proper and just representation. He said you might be pushing people into a Newark boycott. He said the other side is that the Council has and the people have within their own representation the power to recall. He opined it is time now for people to be recalled. It is time for the City of Newark to start getting ratables and to stop just taxing the ordinary middle class. He said there are ordinances that do not allow development of ratables because the minimum lot size is 50 by 100. He would like to see this changed.

Councilman Rice commended Mr. Randolph and said it makes him feel good to see members of his community who are concerned to come before the Council. He said he agreed with the comments of Mr. Randolph. He said he hoped the Council would stay aware of these problems and continue to collectively impact on State as well as local elected officials and administrators to make these changes. He said the West Ward as it stands at present is probably faced with one of the most serious housing problems that the City has had since the 60's. He noted that within the last 5 years the majority of homeowners who purchased homes in the City of Newark purchased them in the Vailsburg community, but they purchased them at interest rates of 14½ to 17½ percent. Because of the economics today these people are losing those homes. He said unless they can come up with a system, the banks and the Federal Government are going to allow those properties to sit for a year or two and the vandals will tear them down overnight. He said they will be faced with the first opportunity to have a slum overnight.

Councilman Martinez said he did not think there was one Council Member present who would not have voted for \$10.15 tax rate if they could have found \$14 million because that is what it would take to bring the tax rate from \$11.58 to \$10.15. He noted there is a strong loitering law and noise ordinance on the books of the City of Newark. He said with reference to the Tax Study Commission that would come to Newark to study tax rate without giving the Council the opportunity to vote on the tax rate that is not true. The Tax Study Commission would be formed for the entire State of New Jersey to form alternatives on how to get real property valued from all of the cities within the State of New Jersey and different forms of property taxation. The tax rate would still be done by the Mayor and the Council of the City of Newark. He said he does not particularly welcome a Tax Study Commission unless they were to get the kind of taxation that would be fair for the City of Newark. He said the reason this Council was able to do away with re-evaluation was because Governor Byrne failed to appoint that Tax Study Commission. He also noted that the \$5 million returned by the Housing Authority would have nothing to do with the tax rate of the City of Newark. Councilman Martinez also said the Council cut over \$16 million or the tax rate would have been \$13.06.

Councilman Carrino said the State legislature changed the law from Title 2A to Title 2C two years ago and the new law says if there is a group of smaller than five you can make as much noise as you want and hang on the corner without violating the laws. It also said you can drink on the corner, you can gamble on the corner as long as no one is taking a cut and they almost said that you could have sex with a 13 year old girl if she said okay, but they found there was so much controversy in that, that they cut it out at the last minute. The new law that was changed in Trenton is the law that governs us and the City's ordinances are not legal any more.

Councilman James said he attended a meeting in the West Ward Community at Councilman Rice's headquarters when the West District Police Director stated he could not stop people from loitering or do anything with them. He said no one at that meeting agreed with him. He said he told him that when he walked in Irvington he was stopped and arrested and the only thing that saved him was he told them Judge Hazelwood was his father and they allowed him to go on. He said he also brought it to his attention that when a woman of color gave a party in West Orange and several residents from Newark attempted to get to West Orange one-half of them were arrested for walking in West Orange trying to reach her party. He said he indicated there seemed to be a dual standard in Newark and the suburban community. He said he would be willing to explore how they could lobby to put more teeth into this loitering question because of the downgrading of criminal acts in the City of Newark. He said if you break in to someone's house in Newark it is not considered the same as if you break into someone's house in West Orange. They consider that it is expected in Newark and they expect you to do it more often, so it is downgraded as a lesser offense. If you break into a house in West Orange, they did not expect you to do that, you had no business being there and it is considered a heavier criminal activity. He said that is highly discriminatory and he would hope the members presently on leave from the Police Department would join him in strengthening the teeth in that ordinance to bring about some greater concern.

Councilman Rice said one thing needs to be made clear. He said the City of Newark does not have a loitering ordinance that can really effectuate the type of removal they had prior to the New Jersey State Supreme Court decision. He said what the 2-C does is remove, although they have it in writing on their books, the effect of the City's Ordinance. He said it says unless you are interfering with Police Officers or there are some other grounds that can be found in 2-C to remove a person, the person or group of persons has a personal right to stand on the corner. Before that law they could be arrested for loitering if certain conditions were met. There is a law that deals with the drinking problem on the streets and that is the law he has asked the Police Director to attempt to enforce. He said he has found out that they can appeal to the State Legislators to create a loitering statute at the State Level that can be enforced in Newark. He said they are going to have to go collectively to the State and impact on the State Legislators. He said what is happening in the suburbs versus Newark is certainly discriminatory, but in the judicial system it is legal, because they call a lot of it prosecutory discretion and unfortunately that discretion is used and looked at differently than it is in the City of Newark.

A motion to permit Ms. Arlene Henry and Mr. William Manns to be heard under Hearings of Citizens was made by Councilman James, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-f.

MS. ARLENE HENRY, 603 ELIZABETH AVENUE, NEWARK, NEW JERSEY, addressed the Council with respect to firing many people who are not doing their jobs. She noted the City of Newark needs a Woman Sanitation Director and that she was ready for the job. She said she would keep the City clean. She suggested that if the City was going to have the Summer Youth Employment Program this summer, that these youngsters be used to keep the streets clean instead of the Sanitation employees. She also suggested getting rid of the Office of Real Property, and advised there was no need for a Crime Analyst in the Police Department. She stated to the Council they should make a motion to extend the length of time to speak to 10 minutes.

6-HC-g.

MR. WILLIAM D. MANNS, JR., 260 IRVINE TURNER BOULEVARD, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the fact he disagreed with the motion with reference to Harold Edwards. He expressed his concerns about comments made by the South Ward Councilman. He advised that at the meeting referred to Mr. Edwards had not arrived until after Mr. Manns had spoken and was leaving.

May 18, 1983

Councilman James requested a procedural point of information with reference to the policy that all issues be addressed to the Council rather than one individual.

President Grant responded the procedure of this Council has been to address the entire Council as opposed to one particular member of the Council.

Mr. Manns continued that his presence at Maple Avenue School came at the invitation of someone other than Mr. Edwards and that Mr. Manns' appearance was not occasioned by him.

Councilman James said there was a flyer distributed and a question was put forth if it was political and if their Clean City Program was becoming involved in politics. He said that the Councilman from the South Ward did not involve himself. Councilman James stated he was one of the ones that fashioned the words of simply asking the Business Administrator if the Clean City Program was involved in any political nature. He said the motion was merely a question. He said the Council's concern about the cleanliness of this City is legitimate. He said their concern that their "Love Newark Program" does not become involved politically is a legitimate concern. He said this body should be commended upon being in receipt of that and it could be for any person running for public office, simply said is this program involved. He said that a question being asked is no condemnation. It was brought to the Council's attention by a community person and rather than make a condemnation, this body asked a question.

Councilman Martinez stated as the person who seconded the motion he concurred with Councilman James. He said they not only have the right but the obligation to ask that question and whatever was determined from the question they will be prepared to accept that final answer.

Ordinance amending Title 2, Chapter 3, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented.

Be it ordained by the Municipal Council of the City of Newark, New Jersey:

Section 1. Title 2, Administration; Chapter 3, Office of the City Clerk of the Revised Ordinances of the City of Newark, New Jersey, 1966, as Amended and Supplemented, be and the same is hereby further amended and supplemented by adding thereto the following:

2:3-2.1 Deputy City Clerk

(a) Position created; compensation.

The position of deputy city clerk, in the Office of the City Clerk, at an annual salary to be fixed by ordinance of the Municipal Council, is hereby created.

(b) Appointment; term.

(b.1) The Municipal Council shall appoint a deputy city clerk and who shall, prior to his appointment, have been qualified by training and experience to perform the duties of the office.

(b.2) The deputy city clerk shall serve for a term to be fixed by the Municipal Council at the time of appointment, but in no event shall said term be equal to or longer than the term of the city clerk, if when the deputy city clerk is initially appointed the city clerk is serving under his initial appointment of 5 years as provided for in Revised Ordinance 2:3-1 of the City of Newark, New Jersey.

(c) Powers and Duties, generally.

(c.1) The deputy city clerk shall perform all such duties as may be directed or prescribed by the Municipal Council and the city clerk, but the duties of the deputy city clerk shall not include any of the duties of the executive or administrative branches of the municipal government as provided for by law.

(c.2) The deputy city clerk shall have all the powers and shall perform all the duties of the city clerk during such times and for such specific periods as the city clerk shall be absent.

Section 2. The initial compensation for the position of deputy city clerk shall be an annual sum of \$42,500.00, which amount may be amended only by ordinance of the Municipal Council.

Section 3. The hereinabove created position is to be considered as in the managerial or exempt class of positions with no standard hours of work. The incumbent employed in said position shall be responsible for the completion of his assigned duties and shall not be entitled to overtime compensation or to any accumulation of compensatory time. Only where necessary for the determination of vacation or sick pay, or as necessary to meet the requirements of a computerized payroll system, the hereinabove noted position may be considered on the basis of a thirty-seven and one-half hour work week.

Section 4. If any section, sentence, clause, phrase or portion of this ordinance is for any reason held invalid of unconstitutional by any court or government agency of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions hereof.

Section 5. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Payne said they have asked that the \$100,000. be included in this bond issue for laboratories at University High. He does not understand why this has not been done.

President Grant informed the Council that he had met with Mayor Gibson and Assistant Business Administrator Banker. The Mayor directed Assistant Business Administrator Banker to prepare the necessary legislation for submission to this Body.

A motion to permit the television cameras which are in the balcony to film from the ground floor was made by President Grant, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

HEARINGS OF CITIZENS.

6-HC-a.

MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, noted he addressed the Municipal Council at their September 1, 1982 meeting with respect to the operation of the Newark Housing Authority. He stated at that time that the fundamental reason for the deplorable conditions of housing is the irresponsibility or lack of concern of Members of the Authority, indifferent and or incompetent

management, less than knowledgeable supervision of the work force and lack of understanding of the elements of the routine maintenance demanded by these projects and all of these will persist regardless of the amount of funding. The speaker felt without an organizational chart, nobody knows what is going on. The speaker opined in order to have a successful management, Administration has to plan, organize, delegate and supervise. If an Administrator omits any of these, failure is certain. He said he sees no evidence these requirements have ever been met in this instance and the results are obvious. He stated the survey now under way will certainly define the problem clearly and make equally clear requirements for solutions. He hoped that it will offer viable options and that one of them would be what he suggested eight months ago, namely, to employ competent real estate management firms to manage public housing in the same manner as any other apartment complex removing this responsibility from the Housing Authority.

Councilman Tucker said the Council had adopted an ordinance which divests the Housing Authority of its urban renewal responsibility and places that responsibility in the Community Development Administration/Mayor's Policy and Development Office. He agreed with Mr. Henderson when he related to the fact the Housing Authority administratively leaves a great deal to be desired. He thinks those concerns are shared by this Council, the tenants of public housing and to a certain degree by representatives of the Federal Government. He noted the Housing Commissioners voted affirmatively on a "vote of confidence" for Mr. Buck and his administration. The Mayor has clearly indicated that Mr. Buck has done a fine job. The majority of this Council is clearly of the opinion that Mr. Buck has not done a fine job and there is a need for many changes. He said the tenants met with the Mayor who reiterated to them that Mr. Buck is a fine man and the Administration of the Housing Authority would not change. Councilman Tucker opined that what the Mayor was saying to every person living in public housing and to the vast majority of the citizens of the City of Newark was that regardless of whether a person performs adequately or not, based on the Mayor's commitment, that person will stay. He commented that this Council had done what they could through legislation and would continue to move affirmatively to resolve some of the problems. He said he would continue to make it his business to at least insure that the \$52 million would be utilized in an effective way for the tenants of public housing.

Councilman Rice stated his vote was a vote to the people indicating that he recognized that they can no longer stand still and deal with the problems of the City of Newark. He thinks what is taking place presently with the Housing Authority is a clear example of the position that the Council is now going to take as a Body in order to continue to progress in the the City of Newark. The Police Department and other entities of the City of Newark have a mandate and a responsibility to serve the citizens. Directors and Administrators need to take note that they can no longer stand still. He thinks when it comes to the public, those who are elected have a very serious responsibility to the citizens and those responsibilities are no different in degree to those who are appointed as Administrators by elected officials. The vote from the West Ward represents disenchantment with some of the leadership in the City of Newark.

Councilman James said he certainly appreciated the speaker's remarks and he wanted to concur that he personally is somewhat shameful of the conditions of public housing. The only reason there is movement today is because the tenants themselves are crying out loud and as long as they continue to cry out loud politicians will do things. If the tenants become complacent and accept those things, politicians will simply honor them every four years with a visit for their votes. He heard this morning that they are going to send 50 maintenance people over there and wave a "magic wand" over all of the problems. He thinks it is a more serious problem they are addressing and they lack the expertise to do the job. He thinks they should bring experts in who have a track record of dealing with problems, who have a track record of solving problems, who can really be innovative and creative in the many administrative problems that are addressing the City. They need to get the best person to do the job. Mr. Buck and the present Administration cannot do the job, as they are paying a firm \$400,000. to tell them what to do. They are spending a million dollars to tell \$60,000. executives what to do and they all sit here and say "they are doing a great job." They do not know the job and that is why they cannot do the job.

Councilman Carrino said unfortunately no one knows whether splitting the Housing Authority will improve the quality of life of Newark residents living in public housing or improve the operation of the Housing Authority. He opined the underlying factor is they had to take alternate and drastic actions to correct something that could have been corrected easily by having the proper people run

those agencies.

6-HC-b. MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to Reaganomics.

6-HC-d. MR. ROBERT BLAKELY, 28 BRANFORD PLACE, NEWARK, NEW JERSEY, addressed the Municipal Council on behalf of the Ethos Trading and Merchandising Corporation. The speaker noted for five years they have been trying to establish the Central Station Mall and Market place on the Central Railroad Property which is City-owned. He requested the Council do whatever they can to help them get this property so they could turn it into something everyone could be proud of.

President Grant said the speaker mentioned that his project had the endorsement of Councilman Martinez and Councilwoman Villani. He did not think there is any Council person who has not been apprised of what Mr. Blakely is trying to do. During the era he sat on the Real Estate Commission, Mr. Blakely appeared before the Commission and there was always a bottom line question "Where will the dollars come from?" to finance such a tremendous undertaking. He thinks it is a tremendous task and something that Newark needs. He asked him to produce financial statements for his proposal to the City so they can seriously consider it. All City-owned property has to be properly advertised and bid on. He may or may not be the successful bidder. The speaker's proposal should identify the number of dollars needed. He thinks they were talking in excess of \$15 to \$20 million to properly rehabilitate this property. He questioned the speaker whether he had commitments from lending institutions.

Mr. Blakely responded from time to time banks have made commitments but due to the delays of the Real Estate Commission, have always withdrawn them. He said at the present time the Midlantic Bank is the lead bank and has given them a temporary commitment but they must get some kind of hold on the property.

President Grant noted a few years ago Mr. Blakely was given explicit information on how to go about getting a hold on the property. He should appear before the Commission, present his ideas and come up with a sound proposal, then ask for a hold on the property. In the meantime he should be out seeking the necessary funding for his venture.

Mr. Blakely advised the Council he has already submitted a proposal to the Real Estate Commission.

6-HC-e. MR. DAVID H. KERR, PRESIDENT OF THE INTEGRITY HOUSE, 103 LINCOLN PARK, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to a proposed resolution barring their program expansion at Lincoln Park. The Integrity program has been at this location for 15 years.

Councilman Carrino informed the speaker that there is no resolution before the Council condemning his expansion.

Mr. Kerr noted there has been one resident of Lincoln Park who has not spoken favorably about them. The speaker highlighted on the positive aspects of his Program and what they have done for the community.

Councilman Rice questioned whether or not Mr. Kerr believed in fair share. From his observation when he was a Police Officer and assigned to that area for 6½ years Integrity House had developed a relationship in a program that has been helpful but the question is "Where is the Limit?" He said they recognize their responsibilities and know the residents of Integrity House are being treated. He wondered if the speaker ever thought about limits where there can be some harmony, where there is an acceptance of a social community, a treatment program with the people in that community.

Mr. Kerr opined neighborhoods should work together and have an understanding of everyone's needs and work towards that. He stated Integrity House is not expanding their program and have not expanded it in years. He said what Mr. Edson considers expansion is when they have to renovate for the State life safety code. He said if they did not renovate the State would not license them.

Councilman James thanked the speaker for his appearance. He noted that Mr. Edson has appeared before Council several times attacking Integrity and other

Drug Rehabilitation Centers in the Lincoln Park area. He said this evening the speaker comes and indirectly attacks Mr. Edson's credibility. He said the most important role for both of these citizens and for other individuals of that neighborhood is to come together in the community.

Councilman Tucker said he secured that building in Lincoln Park for Integrity. He opined they should look back at what that area was before these programs came. It was dilapidated, completely run down and people were giving their buildings away because they did not want to live in that area. The Lincoln Park area was cleaned up by the participants of these drug rehabilitation programs. Mr. Edson has clearly indicated that the drug programs are messing up his neighborhood. He noted that upon inspection of the properties owned by C.U.R.A. and Integrity, they may find the drug programs are keeping their properties a lot better than the new people who have moved there. He said it is not fair to listen to only one side of the story. He said he takes major exception to the Executive Director of Symphony Hall reproducing Mr. Edson's papers criticizing Integrity. He does not deny the fact that the area around Lincoln Park has a higher concentration of drug rehabilitation programs than any other area in the City. He thinks it is important also to know that most of the anti-social deviant behavior does not come from the residents of the drug rehabilitation programs. He said Integrity, C.U.R.A. and the other drug rehabilitation programs were there and started the redevelopment process of Lincoln Park and Mr. Edson came after that process was completed. Now it is Mr. Edson's opinion to get rid of the programs which started the rehabilitation process and have Integrity give the building to him so he can sell them and make it into a purely residential community. He does not believe Integrity should take the brunt of any kind of overall criticism indicating they are running the neighborhood down. From his standpoint and that of a large percentage of people who frequent that neighborhood constantly, Integrity has been one of the most stabilized portions that the Lincoln Park Area has had for a number of years. He reiterated that he is not going to accept all the negative criticism and that they have to get rid of the drug programs for Mr. Edson.

Councilman Carrino said he is not an advocate of drug rehabilitation centers but the fact remains that Integrity and C.U.R.A. have stabilized that area. He noted in the North Ward they have Renaissance, which is located on Norfolk Street, a dilapidated area. This building stands out. It is fenced in and the residents clean the street every morning. He thinks it is incumbent upon them as the City Government to meet with the residents of this area and with the people from Integrity and try to satisfy the needs of all the community. He does not think the Lincoln Park Area should be expanded to become a drug rehabilitation center. He does not think Mr. Edson has the right to just move them out. He said anyone who knows anything about Newark knows that Lincoln Park is better off now than it was 10 years ago.

Councilman Rice said he did not want Mr. Kerr to think they did not recognize the work of Integrity nor that he did not remember what Lincoln Park looked like before Integrity got there. He said once again the bottom line is "What are the limits?" He opined it would be nice once in a while to treat some people to fresh air in the suburban communities.

Councilman Tucker, through the Chair, requested the City Clerk to communicate with Chairman of The Board Hines, Symphony Hall Corporation, expressing Council's concern that Symphony Hall has provided a free duplicating service for one of the protagonists in these neighborhood disputes; further the Council Members noted that Symphony Hall is owned and supported by the City of Newark; further the Council requested that Symphony Hall not use public funds and facilities for private purposes, and particularly not for those which create or aggravate dissension in the neighborhood, such as the reproduction of leaflets for outside organizations or individuals.

6-HC-e.

MS. DIANE STERNER, 23 BROADWAY, NEWARK, NEW JERSEY, addressed the Municipal Council representing the Coalition of tenants and community groups which have been meeting to look at options for tenants in City-owned buildings, particularly with regard to "Tenant Interim Leasing Program". They have been waiting for Bill A-1312 to pass through the Legislature and was conditionally vetoed by Governor Kean but they can still have this program in Newark with a few changes or revisions. The speaker questioned Council whether this can be discussed at their next special conference.

Councilman Tucker said he supports the whole question of tenant leasing but would like to be more knowledgeable of what the bill implies. The Council adopted a Motion endorsing the Bill by the Governor but he was not knowledgeable that there was a conditional veto on that bill. They also sent a letter to the Corporation Counsel to give them a "layman's" understanding of the implications of that bill and also the possible use of that Bill in the City of Newark. He believes if they want to meet with them, they should have representatives from the Law Department to advise them what they are proposing that they can technically do.

Councilman Payne felt this was not the place or time to discuss proposals. He thinks whatever information is available should be forwarded to the Council and when the proper time is available the Council President will schedule this item for discussion at a special conference. He has stated in the pre-meeting conferences that the history of tenant management is dismal. They have a tremendous rate of abandonment in the City and that is also bad. Once the City takes over a building, they vacate the premises. If the speaker has a proposal, the Council will be willing to listen.

Councilman James said he supports the concerns expressed by Councilman Payne that a proposal be submitted and at a special conference they will be in a position to deliberate.

Councilman Martinez said he thinks Ms. Sterner's question was will the Council endorse the Committee to have a meeting with the Council.

President Grant said it seems to him that they are getting "overmet" He has met with the group and other Council members have also met with the group. The bottom line is that the Council supports the efforts. Right now there is legislation on the Governor's desk which he vetoed. What the speaker will have to do is find enough votes to override his veto and certainly the City cannot move in its absence of that legislation. While it is a noble project and they would certainly like to see certain things accomplished in that area, he doesn't believe in just meeting. If they are going to accomplish something, fine.

Ms. Sterner said the City of Newark does not need the State Bill. They can still pass a leasing ordinance.

President Grant replied right now it is in the works of Administration and questioned if the speaker met with Office of Real Property.

Councilman Tucker said he was involved in the tenant lease thing a few years ago. What the City can do right now is basically just lease. It is important to note that if they lease a building to tenants with a net lease which means they would have to pay county taxes, gas and electric and rehabilitate that building. If someone comes along and bids on that building, the City is obligated to sell the building, not to the tenants, but to the highest responsible bidder. He believes that they have to get something through the State that says "will protect an investment of tenants of rehabilitating a building". If they don't get that, anything they do above and beyond that is a gamble and the City will not be in a position to help. He thinks maybe what they can do, whatever Council members who are interested, have a Committee formed and meet with them and figure out what to do.

President Grant stated there is a Committee that has been formed by the Walnut Street Tenant Association which he has attended one of their meetings with Councilman Martinez. He questioned the speaker whether she resided at 30 Walnut Street.

The speaker replied she does not live on Walnut Street but in Verona.

Councilman Carrino said he asked Ms. Sterner to send a copy of their proposed ordinance to the Law Department. He has not seen a written response from the Law Department because some of the concerns he had built into their ordinance seemed to him would be illegal or beyond the scope of their authority. He hoped the Law Department would give them a legal opinion as soon as possible.

Councilman Tucker said they had requested a legal opinion on the Bill.

June 1, 1983

1535

Councilman Carrino requested through the Chair, that they receive a legal opinion from the Law Department on the ordinance before they even consider acting on it because as Councilman Tucker stated, there is no sense in introducing an ordinance that has no effect as far as the State is concerned. More importantly, the City's Corporation Counsel would deem it to be illegal.

Councilman James said their Law Department on housing matters is the worst in the United States of America. With respect to Homesteading, Corporation Counsel Teare indicated that they can't give out property by lottery but they are doing it in four or five cities in America. When he read the proposal and at the time it stated the property would be given to a group. He felt that was the weakest point. He suggested they pay the taxes. What do they derive from properties, taxes. If they pay the taxes for that calendar year, in his opinion the proposal is strengthened because then they have the option of maintaining, improving, bringing it up to code standards and more importantly providing viable housing. He believes they should give it some legal scrutiny and come up with some conclusions as opposed to 9 individual meetings.

Councilman Branch said that going through the proposal there are a number of things that commits the City to do in order to redeem their property and felt it is something the Law Department should check into. He believes the tenants should be about trying to secure property as long as it is done legally and properly.

President Grant said what he will do is appoint a Housing Committee and charge them as part of that responsibility to meet with groups such as 30 Walnut Street along with other tenant groups in the City who are interested in implementing such a lease arrangement in the City.

A motion to permit Ms. Lois Hill to be heard under "Hearings of Citizens" was made by Councilman Rice, seconded by Councilman Martinez and declared adopted by President Grant by the following vote:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Absent During Roll Call: Councilman James.

MS. LOIS HILL, 319 SMITH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the police situation in the City of Newark. The speaker noted that it is within the Mayor's power to appoint as many police officers as he desires but the Council can fight for those things and come together as a unit and overturn some of those decisions. The speaker questioned what they are planning to do.

Councilman Rice said that he is glad to see Ms. Hill today and she represents a large and active community group that has been struggling with the problems of the West Ward community, particularly the Vailsburg community for quite some time. He has attended several meetings and the Council she refers to consists of over 33 Block Associations. The last meeting he attended, it was his understanding the Mayor was invited with respect to some of the problems faced in the West Ward community, particularly the police issue. The Mayor was not in attendance and the representatives of the Mayor's Office indicated they would host the meeting for the Mayor. It is also his understanding that in the past, aides or assistants to the Council, may have responded to the community, if he is wrong, he stands to be corrected and they were not able to answer questions. The other concern of the community was what kind of powers this Council had if the Mayor is not going to respond to the needs of the community, what can the Council do to change some of the directions. He pointed out to the speaker what this Council can do for example, the Housing Authority. The Housing Authority Director is an appointee of Administration and legally they can't tell them what to do what they can adopt legislation to make changes and the same is true for the Police Department. The Police Director is appointed by the Mayor and this Council can act in various ways to make management more responsible and that holds true for all the other Departments.

Ms. Hill pointed out that she was not talking about the Vailsburg Area only, but the City of Newark as a whole. They are ready to organize the South and West Wards as one body and they have over 30 Block Associations active. By organizing together they have power and if they can't get the support of the Council they will do it other ways with their legal counsels.
